MEASURES THAT APPLY IN PROTECTION AND SURVEILLANCE ZONES

PART I

MEASURES THAT APPLY IN A PROTECTION ZONE

Movement restrictions

3. A person shall not move out of the protection zone any vehicle which has been used to transport pigs within the zone, unless –

- (a) it has been cleansed and disinfected and, if necessary, an acaricide is applied under the direction and supervision of an inspector; and
- (b) the movement has been licensed by an inspector; or
- (c) it has been driven through the zone without being loaded or unloaded.
