

## SCHEDULE 2

### MEASURES THAT APPLY IN AN INFECTED AREA ESTABLISHED UNDER ARTICLE 14

## PART II

### MEASURES THAT APPLY IN THE INFECTED AREA

#### **Contact with feral pigs**

9. Any person who shoots or finds the carcass of a feral pig, shall immediately inform the appropriate Divisional Veterinary Officer. If that person has shot the pig he shall keep the carcass for at least 24 hours and make it available to the Divisional Veterinary Officer for any sampling or testing which the Divisional Veterinary Officer may consider appropriate.
