- (b) in any case where income is computed as for the purposes of the Income Tax Acts by virtue of sub-paragraph 7, any sums equivalent to the deduction mentioned in sub-paragraph (a), provided that any sums so deducted shall not exceed the deductions which would be made if the whole of the eligible student’s parent’s income were in fact taxable income for the purposes of the Income Tax Acts;

(6) Where the eligible student's parent satisfies the Department that his income is wholly or mainly derived from the profits of a business or profession carried on by him, then any reference in this Schedule to a preceding financial year shall mean the most recent period of twelve months which ends before the start of the relevant year and in respect of which accounts are kept relating to that business or profession.

(9) Where –

- (a) one of the eligible student's parents dies either before or during the relevant year; and

- (d) where the parent dies during the relevant year, be the aggregate of –

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (i) the appropriate proportion of the household income determined by reference to the income of both parents, being the proportion in respect of that part of the relevant year during which both parents were alive; and

(11) Where the parents do not ordinarily live together for part only of the relevant year, the household income shall be determined by reference to the aggregate of: –

- (a) the appropriate proportion of the household income determined in accordance with sub-paragraph (10), being the proportion in respect of that part of the relevant year for which the parents do not so live together; and

(3) Where an eligible student ceases to have a partner within the meaning of paragraph 1(j) during any relevant year, the household income shall be determined by reference to the eligible student's partner's income under sub-paragraph (1) divided by fifty-two and multiplied by the number of complete weeks after the beginning of that academic year during which that person was still the eligible student's partner within the meaning of paragraph 1(j).

(4) Where an eligible student has more than one partner in any one academic year, the provisions of this paragraph apply in relation to each.

- (i) first in relation to the smallest statutory award (or each such statutory award) to which the contribution may apply, and
 - (ii) then, in increasing order of size, in relation to each remaining statutory award to which the contribution may apply, until the balance of the contribution can be apportioned equally without any part of it remaining or until there remains no part of any statutory award to which the contribution has not been applied.

- (a) the contribution in respect of each eligible student shall be calculated without reference to paragraph 3 but otherwise in accordance with this Schedule and shall be apportioned between each eligible student in accordance with this paragraph;
- (b) there shall then be applied in addition in respect of each eligible student a further contribution of £1 for every complete £12·50 by which the sum calculated under sub-paragraph (c) exceeds £21,475;
- (c) the sum referred to in sub-paragraph (b) shall be the aggregate of any amounts calculated under paragraphs 3, 4 and 6 (where appropriate) with the deduction of the amount (if any) by which the aggregate of the amounts calculated under paragraphs 4 and 6 exceeds £21,475.

(5) Subject to sub-paragraph (6), there shall be added to a parent student's residual income for the purpose of calculating the contribution to his statutory award any sum remaining –

- (b) where a parent student is the parent of more than one eligible student, any sum remaining after the apportionment of the contribution to his children under this paragraph.

(6) Where a parent student has a partner within paragraph 1(k), the sums added to his residual income under sub-paragraph (5) shall be calculated as though the contribution in respect of his children had been assessed with reference to paragraph 6, whether or not the contribution was actually calculated on that basis.

(7) In this paragraph, "household" means all those eligible students in respect of whom a contribution is calculated with reference to the same income under both paragraphs 4 and 6."
