

SCHEDULE 6

Overall and Specific Migration Testing Using Food Simulants

PART 7

Alternative Fat Tests for Overall and Specific Migration

38. The condition in sub-paragraph (a) of paragraph 1 does not have to be fulfilled if it can be shown on the basis of the result of scientific experiment that the values obtained in either of the tests specified in paragraph 3 are equal to or greater than those obtained in any of the migration tests specified in Part 3.
