### RESTOCKING OF PREMISES

#### PART II

##### RESTOCKING OF PREMISES IN A VACCINATION ZONE

6. Instead of restocking in accordance with paragraphs 2 to 5, premises in a vaccination zone may be restocked if the following conditions are satisfied—

- (a) an inspector of the Department has, within the 24 hours prior to introduction, carried out a clinical examination on every susceptible animal on the premises supplying an animal to be introduced without having identified signs of the disease;
- (b) no animal to be introduced has come from a protection or surveillance zone;
- (c) every animal to be introduced has been tested for antibodies against the disease by an inspector after the end of its incubation period with negative results or a serological survey shall have been completed on the animals to be introduced with negative results.
