- (c) the other requirements specified in relation to that kind of WEEE in Table 11B are met;
- (d) the WEEE is stored in such a manner that is environmentally sound reuse or recycling is not hindered;
- (e) no WEEE is stored at that place for more than 12 months.

(4) Paragraphs (1), (2) and (3) only apply to the carrying on of an activity at a place if the person responsible for the management of that place has established administrative arrangements to ensure that—

- (a) WEEE accepted at that place is of a kind described in Table 11A or 11B, as the case may be; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(b) no waste is accepted at that place in such a quantity as would cause there to be breach of any of the conditions of the exemption.

(5) For the purposes of this paragraph, the storage and treatment limits specified in Tables 11A and 11B are overall limits that apply to all waste falling within the 6-digit code or codes specified in those tables.

50.—(1) The secure storage at any place of WEEE of a kind described in Tables 11C if—

- (a) the WEEE is stored for the purpose of its recovery elsewhere;
- (b) the total quantity of any particular kind of WEEE stored at the site at any time does not exceed the storage limit specified in relation to that kind of WEEE in Table 11C;
- (c) the total duration that any particular kind of WEEE is stored for does not exceed the duration limits specified in relation to that kind of WEEE in Table 11C;
- (d) the type of containment specified in relation to that kind of WEEE in Table 11C is met; and
- (e) the WEEE is stored on such a manner that its environmentally sound reuse or recycling is not hindered.
