

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

## SCHEDULE 11

Public information where alert or information thresholds are exceeded

### PART 2

Alert and information thresholds for ozone

6. Information provided under this Schedule shall also include—
  - (a) information on preventive action to reduce pollution or exposure to it;
  - (b) an indication of main source sectors; and
  - (c) recommendations for action to reduce emissions.
