The Construction (Design and Management)
Regulations (Northern Ireland) 2007

PART 4

DUTIES RELATING TO HEALTH AND SAFETY ON CONSTRUCTION SITES

Lighting

43.—(1) Every place of work and approach thereto and every traffic route shall be provided with suitable and sufficient lighting, which shall be, so far as is reasonably practicable, by natural light.

(2) The colour of any artificial lighting provided shall not adversely affect or change the perception of any sign or signal provided for the purposes of health and safety.

(3) Without prejudice to paragraph (1), suitable and sufficient secondary lighting shall be provided in any place where there would be a risk to the health or safety of any person in the event of failure of primary artificial lighting.
