
STATUTORY RULES OF NORTHERN IRELAND

2007 No. 68

**The Avian Influenza and Influenza of Avian Origin
in Mammals Regulations (Northern Ireland) 2007**

PART VIII

**GENERAL MEASURES ON SUSPICION OR
CONFIRMATION OF AVIAN INFLUENZA**

Poultry moved to premises outside a controlled zone other than for slaughter

64.—(1) The occupier of any premises not in a protection or surveillance zone to which day-old chicks are moved must ensure that they are not moved off the premises for at least 21 days from the date they arrive there if those chicks were—

- (a) hatched from eggs originating in a protection and surveillance zone or from eggs which have come into contact with such eggs; and
- (b) moved from a designated hatchery in a protection and surveillance zone.

(2) The occupier of any premises not in a protection or surveillance zone to which ready-to-lay poultry from a protection or surveillance zone are moved must ensure that they are not moved off the premises for at least 21 days from the date they arrived there.

(3) The occupier of any premises outside a low pathogenic avian influenza restricted zone to which poultry are moved from such a zone must ensure that poultry other than day-old chicks hatched from eggs originating outside the zone are not moved off the premises for at least 21 days from the date they arrived there.

(4) The occupier of any premises to which any thing is moved under this regulation must, for at least 21 days from the date the thing was moved to the premises, make the following daily records—

- (a) the number or approximate number of poultry on the premises;
- (b) the number of poultry falling ill on the premises;
- (c) the number of poultry dying on the premises;
- (d) the amount of feed and, where possible, water being consumed by any poultry on the premises;
- (e) details of any egg production on the premises.

(5) Records made under paragraph (4) must be kept for at least 6 weeks from the date the last record was made.

(6) The Department must ensure that such veterinary inquiries as it considers necessary to monitor for avian influenza take place at the premises to which things are moved.

Status: Point in time view as at 14/12/2019.

Changes to legislation: There are currently no known outstanding effects for the *The Avian Influenza and Influenza of Avian Origin in Mammals Regulations (Northern Ireland) 2007, Section 64.* (See end of Document for details)
