2.—(1) In these Regulations—

“animal” means a ruminating animal (and for the purposes of these Regulations all camelids are considered to be ruminating animals), and “carcase”, “embryo”, “ovum” and “semen” mean the carcase, embryo, ovum and semen of such an animal;

“confirmation of the disease” means a declaration by the Department that the bluetongue virus is circulating in a specific area;

“control zone” means a zone referred to in regulation 9;

“the Department” means the Department of Agriculture and Rural Development;

“the Directive” means Commission Directive [2000/75/EC](#) laying down specific provisions for the control and eradication of bluetongue [^{F1}, as last amended by Commission Regulation (EU) 2018/415];

“the Regulation” means Commission Regulation 1266/2007 on implementing rules for Council Directive [2000/75/EC](#) as regards the control, monitoring, surveillance and restrictions on movements of certain animals of susceptible species in relation to bluetongue [^{F2}, as last amended by Commission Implementing Regulation (EU) No 456/2012];

“the disease” means bluetongue;

“diseased” means affected with the disease;

“Divisional Veterinary Officer” means a Divisional Veterinary Officer of the Department appointed for the time being by the Department to receive information about animals or carcasses diseased or suspected of being diseased for the area in which such animals or carcasses are situated;

[^{F3}“inactivated vaccines” means vaccines that are not live attenuated vaccines;]

“infected premises” means premises on which the existence of bluetongue has been confirmed;

“inspector” means an inspector appointed as such by the Department for the purpose of these Regulations and, unless the context otherwise requires, includes a veterinary inspector;

“keeper” means any natural or legal person having ownership of, or charged with keeping animals, whether or not for financial reward;

[^{F4}“live attenuated vaccines” means vaccines which are produced by adapting bluetongue virus field isolates through serial passages in tissue culture or in embryonated hens’ eggs;]

“midge” means an insect of the genus *Culicoides*;

“premises” includes any place;

“sentinel animal” means an animal that does not have antibodies to the bluetongue virus when first introduced or retained at the premises and is used for surveillance for the bluetongue virus;

“vaccine” means vaccine against bluetongue virus; and

“veterinary inspector” means a person appointed as such by the Department for the purposes of these Regulations.

(2) Any authorisation, licence, notice or direction under these Regulations must be in writing, may be subject to conditions and may be amended, suspended or revoked by notice in writing at any time.

(3) The Interpretation Act (Northern Ireland) 1954(1) shall apply to these Regulations as it applies to an Act of the Northern Ireland Assembly.
