- (b) the course was provided by an institution in the Republic of Ireland and the student was funded under previous regulations for some or all of the academic years during which the student attended or undertook the course; or
- (c) any scholarship, exhibition, bursary, grant, allowance or award of any description which was paid in respect of the student attending or, in the case of a compressed degree course or a designated distance learning course, undertaking the course to defray fees was from public funds or funds attributable to public funds.

(3) The conditions are—

- (a) the course was provided at a publicly funded institution whether or not in the United Kingdom for some or all of the academic years during which the student attended or undertook the course; or
- (b) any scholarship, exhibition, bursary, grant, allowance or award of any description which was paid in respect of the student's attending or, in the case of a compressed degree course or a designated distance learning course, undertaking the course to defray fees was from public funds or funds attributable to public funds.

(4) A course which would otherwise be a previous course will not be treated as such if—

- (a) the current course is a course for the initial training of teachers;

- (a) each academic year that the student completed on a previous course is counted; and
- (b) an academic year of a previous course that the student began or ceased to attend part of the way through the year is counted as one academic year on a previous course.

(8) For the purpose of determining PC in the formulae in regulations 23 and 30, where the student began the current course before 1st September 2009, an academic year of a previous course is not to be counted as a year spent on a previous course if—

- (a) the student did not qualify for fee support for that year other than because the academic year was a bursary year or an Erasmus year; and

(6) When assessing an application for support in respect of an academic year of a designated course, the Department must allocate a fee loan from the standard entitlement first to the final standard academic year of the course and then to each preceding standard academic year in turn until the standard entitlement is exhausted or a fee loan has been allocated to each standard academic year of the course.

(2) Subject to paragraph (3), the Department may pay support under Part 5 at such times as the Department considers appropriate.

(3) An academic authority is required to send an attendance confirmation to the Department.

(4) The Department must not pay the first instalment or, where it has been determined not to pay support under Part 5 by instalments, make any payment of support under that Part to the eligible student before the Department has received the attendance confirmation unless an exception applies.

(5) An exception applies if—

- (a) a disabled students' allowance is payable in which case that particular grant may be paid before the Department has received an attendance confirmation; or
- (b) the Department has determined that owing to exceptional circumstances it would be appropriate to make a payment without receiving an attendance confirmation.

student must provide the Department with particulars of a bank or building society account in the United Kingdom into which payments may be made by electronic transfer.

(7) Where a final assessment cannot be made on the basis of the information provided by the student, the Department may make a provisional assessment and payment of support under Part 5.

(8) Subject to paragraph (9), no support under Part 5 is due in respect of any day of an academic year on which the eligible student is a prisoner, unless in the opinion of the Department it would be appropriate in all the circumstances for support to be paid in respect of that day.

(9) Paragraph (8) does not apply in respect of disabled student's allowance.

(10) In deciding whether it would be appropriate for support to be due under paragraph (8) the circumstances to which the Department must have regard include the financial hardship not paying the support would cause and whether not paying the support would affect the student's ability to continue the course.

(11) No support under Part 5 in respect of the current course is due in respect of any payment period beginning after an eligible student's period of eligibility terminates.

(12) Where an eligible student's period of eligibility terminates on or after the relevant date, the Department must determine—

(a) the amount of each grant for living and other costs for which the student qualifies that would be payable in respect of the relevant payment period if the eligible student's period of eligibility had not terminated (the "full amount"); and

(b) how much of the full amount is due in respect of the period which runs from the first day of the relevant payment period up to and including the day on which the eligible student's period of eligibility terminated (the "partial amount").

(13) In this regulation, the "relevant date" is the date on which the first term of the academic year in question actually begins.

(14) If the Department has made a payment of grant for living and other costs in respect of the relevant payment period before the point in that period at which the eligible student's period of eligibility terminated and that payment exceeds the partial amount of that grant—

(a) the Department may treat the excess as an overpayment of that grant; or

(b) if the Department considers that it is appropriate to do so the Department may extend the student's period of eligibility in respect of that grant until the end of the relevant payment period and determine that the full amount of that grant is due in respect of that payment period.

(15) Subject to paragraph (16), if a payment of a grant for living and other costs in respect of the relevant payment period is due to be made or is made after the eligible student's period of eligibility has terminated, the amount of that grant due is the partial amount unless the Department considers it appropriate to extend the period of eligibility in respect of that grant until the end of the relevant payment period and to determine that the full amount of that grant is due in respect of that payment period.

(16) Paragraph (15) does not apply to a payment of the disabled students' allowance in respect of specialist equipment.

(17) No support under Part 5 is due in respect of a payment period during any part of which an eligible student is absent from the course, unless in the opinion of the Department it would be appropriate in all the circumstances for support to be paid in respect of the period of absence.

(18) In deciding whether it would be appropriate for support to be due under paragraph (17) the circumstances to which the Department must have regard include the reasons for the student's absence, the length of the absence and the financial hardship which not paying the support would cause.

(19) An eligible student is not to be considered absent from the course if the student is unable to attend due to illness and the student's absence has not exceeded 60 days.

(20) Where, after the Department has made any payment of support under Part 5 or Part 6, the Department makes a determination of the amount of a grant for living and other costs for which the student qualifies either for the first time or by way of revision of a provisional or other determination of that amount—

- (a) if the determination increases the amount of that grant for which the student qualifies the Department must pay the additional amount in such instalments (if any) and at such times as the Department considers appropriate;
- (b) if the determination decreases the amount of that grant for which the student qualifies the Department must subtract the amount of the decrease from the amount of that grant which remains to be paid;
- (c) if the amount of the decrease is greater than the amount of that grant remaining to be paid the latter amount is reduced to nil and the balance subtracted from any other bursary or grant for living and other costs for which the student qualifies in respect of the academic year;
- (d) any remaining overpayment is recoverable in accordance with Chapter 5 of this Part.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are based on the Education (Student Support) Regulations (Northern Ireland) 2009 (the "2009 Regulations"). Differences of substance between the 2009 Regulations and these Regulations, including increases in rates of grants and loans, are described below.

These Regulations revoke, from 1st September 2010, the 2009 Regulations subject to savings and transitional provisions the extent of which are set out in regulation 4.

Regulations 109 and 126 provide that part-time and full-time distance learning students who transfer to the current course on or after 1st September 2009 from a course beginning before 1st September 2009 will not be prevented from qualifying for support because the course leads to an equivalent or lower qualification.

Regulations 109 and 126 also remove restrictions on part-time and full-time distance learning students who wish to top-up to a higher level qualification. Students who already hold a lower level qualification such as a foundation degree or ordinary degree will be eligible to apply for support to top-up their qualification to an honours degree on a part-time or full-time distance learning course regardless of any break in study or change in course subject and regardless of whether the top-up course is at the same or different institution.

Paragraphs 2 and 3 of Schedule 1 make changes to regulations 112 and 129 of the 2009 Regulations so that part-time or full-time distance learning students who transfer to the current course on or after 1st September 2009 from a part-time or full-time distance learning course which began before 1st September 2009 are not prevented from qualifying for support because the course leads to an equivalent or lower qualification.

Apart from increases to amounts in line with inflation, the income thresholds and assessments of loans for living costs and maintenance grants are not changed.

An impact assessment has not been produced for this instrument as it has no impact on the costs of business, charities or voluntary bodies. The impact on the public sector is minimal.
