Citation, commencement and interpretation

1.—(1) These Regulations may be cited as the Planning (Listed Buildings) Regulations (Northern Ireland) 2015 and shall come into operation on 1st April 2015.

(2) In these Regulations—

“appropriate council” means the council for the district in which building is situated;

“council” means a district council;

“electronic communication” has the meaning assigned to it by section 4 of the Electronic Communication Act (Northern Ireland) 2001 ^{M2}; any reference to a section is a reference to a section of the Planning Act (Northern Ireland) 2011.

(3) In these Regulations, and in relation to the use of electronic communications for any purpose of these Regulations which is capable of being carried out electronically—

(a) the expression “address” includes any number or address used for the purpose of such communications, except that where these Regulations impose any obligation on any person to provide a name and address to any other person, the obligation is not fulfilled unless the person on whom it is imposed provides a postal address;

(b) references to plans, notices or other documents or to copies of such things include references to such documents or copies of them in electronic form.

Status: Point in time view as at 09/05/2016.

Changes to legislation: There are currently no known outstanding effects for the The Planning (Listed Buildings) Regulations (Northern Ireland) 2015. (See end of Document for details)

(4) Paragraphs (5) to (8) apply where an electronic communication is used by a person for the purpose of fulfilling any requirement in these Regulations to give or send any plan, notice or other document to any other person (“the recipient”).

(5) The requirement must be taken to be fulfilled where the plan, notice or other document transmitted by means of electronic communication is—

- (a) capable of being accessed by the recipient;
- (b) legible in all material respects; and
- (c) sufficiently permanent to be used for subsequent reference.

(6) In paragraph (5), “legible in all material respects” means that the information contained in the notice or document is available to the recipient to no lesser extent than it would be if sent or given by means of a document in printed form.

(7) Where the electronic communication is received by the recipient outside the recipient's business hours, it must be taken to have been received on the next working day; and for this purpose “working day” means a day which is not a Saturday, Sunday or a public holiday.

(8) A requirement in these Regulations that any document should be in writing is fulfilled where that document meets the criteria in paragraph (5).

(3) The application must be accompanied by a further copy of such plans and drawings as are necessary to describe the works to which it relates.

(4) Regulations 4 to 9 apply in relation to an application under this regulation as they apply in relation to an application for listed building consent under regulation 2, but the reference in regulation 6(2) to “regulation 2(2)(a) and (b) and (3)” shall apply as if there were substituted a reference to “regulation 10(2)(a) to (c) and (3)”.

Applications to the Department for consent to execute works without compliance with conditions previously attached

11.—(1) Where an application under section 95 is required to be made to the Department, [F²regulations 4 to 6, 7(1)] and 10(1), (2) and (3) shall apply to that application and references to a council shall be construed as a reference to the Department.

- (a) the planning appeals commission; or
- (b) a person appointed by the Department for the purpose.

(5) In determining an application under section 95 the Department must, where any inquiry or hearing is held, take into account any report of the planning appeals commission or a person appointed by the Department for the purposes of the inquiry or hearing, as the case may be.

(6) The decision of the Department on an application under section 95 shall be final.

NOTICE THAT A BUILDING HAS BECOME LISTED

Planning Act (Northern Ireland) 2011
Buildings of special architectural or historic interest

To:

NOTICE IS HEREBY GIVEN that the building known as _____ situated at _____ has been included in the list of buildings of special architectural or historic interest in that area, compiled by the Department of the Environment under section 80 of the Planning Act (Northern Ireland) 2011 on _____

Dated _____

Authorized Officer

NOTE

Listing of buildings of special architectural or historic interest

The above notice is addressed to you as owner or occupier of the building named, which has been included in one of the lists of buildings of special architectural or historic interest prepared under section 80 of the Planning Act (Northern Ireland) 2011 ("the Act") by the Department of the Environment ("the Department"). The lists are compiled by the Department as a statutory duty, on the advice of a committee of people including architects and historians interested in historic buildings – the Historic Buildings Council.

This notice does not call for any action on your part unless you propose at any time to demolish the building or to do any works (either to the exterior or to the interior) which would affect its character. In that event you will need to seek "listed building consent", that is to say, the consent of the council to the work you wish to do. Certain buildings are exempt from this requirement, notably ecclesiastical buildings in use for the time being for ecclesiastical purposes.

You should however note that it is an offence under section 85(1) of the Act to carry out any of those works without obtaining listed building consent. It is also an offence under section 85(5) to fail to comply with any condition attached to a listed building consent. A conviction for an offence could result in a fine, imprisonment or both.

Where works which are urgently necessary in the interests of safety or of health or for the preservation of the buildings are carried out without consent it is a defence to prove that—
(a) it was not practicable to secure safety or health or the preservation of the building by works of repair or works for affording temporary support or shelter;

(b) the works carried out were limited to the minimum measures immediately necessary; and
(c) notice in writing justifying in detail the carrying out of works was given to the council as soon as reasonably practicable (section 85(7) of the Act).

Your attention is drawn to section 80(7) of the Act which provides that objects or structures described in that section within the curtilage of a listed building are entitled to the same protection as the building.

There is no right of appeal as such against the listing of a building but if the council should refuse consent for the carrying out of any proposed works, or grant it subject to condition, section 96 of the Act provides a right of appeal to the Planning Appeals Commission. You are not precluded at any time from writing to the Department claiming that the building should cease to be listed on the ground that it is not in fact of special architectural or historic interest, and any such claim, with the evidence supporting it, will be carefully considered.

If at any time you propose to take any action which may affect the character of your building, you should refer to the provisions of Chapter 1 Part 4 of the Act and the Planning (Listed Buildings) Regulations (Northern Ireland) 2015. Further details can be obtained from your council.

Regulation 2 sets out how an application for listed building consent must be made and the information which an applicant must provide.

Regulation 3 sets out how an application for approval of the council [or, as the case may be, the Department] required by a condition imposed on the grant of listed building consent must be made and the information which an applicant must provide.

Regulation 4 deals with design and access statements.

Regulation 5 provides for notification to owners under section 42 of the Act and also for related certificates that such notification has or cannot be carried out.

Regulation 6(1) specifies consultation requirements in relation to applications for listed building consent and requires councils to take account of responses received. Regulation 6(2) specifies the period of time within which the Department should respond to a consultation under regulation 6(1).

Regulation 8(1) requires councils, in determining an application for listed building consent, to take account of responses received within 14 days from the date on which the notice is first published in a newspaper, or 14 days from the date of publication on the council website (where the council maintain one), whichever is the later date.

Regulation 8(2) requires councils, in determining an application for listed building consent, to take account of any representation made by the owner of the building (where the applicant is not the owner) and (where the owner makes a representation) to notify them of their decision.

Regulation 9(1) specifies the period of time within which the council should determine applications.

Regulation 9(2) specifies the period of time within which councils should determine applications for approval required by a condition imposed on the grant of listed building consent.

Regulation 9(3) requires councils [or, as the case may be, the Department] to give reasons where they refuse an application:

- for listed building consent, or grant consent subject to conditions;
