

## SCHEDULE 4

### Exceptions

## PART 3

### Certifying seed that does not fully comply with these Regulations

#### **Seed not finally certified, harvested in the United Kingdom, elsewhere than in Northern Ireland**

16.—(1) Seed—

- (a) that has been produced directly from officially certified basic seed or certified seed of the first generation under the Directive specified in Schedule 2; and
- (b) that has been harvested in the United Kingdom, elsewhere than in Northern Ireland;

may be certified if the seed has undergone field inspection and has been found to satisfy the crop conditions specified in Schedule 2 for that category of seed and if official examination has shown that the conditions for seed of that category are satisfied.
