
STATUTORY RULES OF NORTHERN IRELAND

2016 No. 54

The Animals and Animal Products (Examination
for Residues and Maximum Residue Limits)
Regulations (Northern Ireland) 2016

PART 2

Prohibitions and Exceptions

Prohibition on possession of beta-agonists

4. A person, other than a veterinary surgeon, shall not possess, on a farm, any veterinary medicinal product containing a beta-agonist which is authorised to be used for induction purposes in the treatment of tocolysis.
