

## SCHEDULE 5

### Particulars to be entered in the radiation passbook

10. In respect of services performed by the classified outside worker—
  - (a) the name and address of the employer responsible for the controlled area;
  - (b) the period covered by the performance of the services;
  - (c) the following estimated dose information, as appropriate—
    - (i) an estimate of any whole body effective dose in mSv received by the classified outside worker;
    - (ii) in the event of non-uniform exposure, an estimate of the equivalent dose in mSv to organs and tissues as appropriate; and
    - (iii) in the event of internal contamination, an estimate of the activity taken in or the committed dose.
