**3. The “21 day Rule”**

- 3.1 This Order was made on 21 June 2018 and comes into operation on 16 July 2018. The 21 day rule has not been breached.

**4. Legislative Background**

- 4.1 The legislation is being made to designate bodies, for the financial year ended 31 March 2018, for the purposes of section 15 of the Government Resources and Accounts Act (Northern Ireland) 2001. The designation enables the Department to require those bodies to provide financial information in relation to that financial year and consequently an Order must be made annually for the relevant accounting period. The Department of Finance intends to pass the information provided by bodies designated in the Schedule to this Order, to HM Treasury for use in the preparation of the Whole of Government Accounts (WGA).

Like departmental resource accounts, WGA will be produced on an accruals basis and will use Generally Accepted Accounting Principles, adapted where necessary for government. These consolidated accounts will show the position of the UK Public Sector as if it were a single entity, by eliminating all significant transactions between public sector entities. The purpose of eliminating such transactions is to remove intra-group transactions that would otherwise misstate the financial position of the single entity i.e. the UK Public Sector.

## **5. Policy background**
