- (2) An official document must be in writing, and must specify—
 - (a) the address of the premises to which it relates;
 - (b) the name of the occupier; and
 - (c) the purpose for which it is granted.
- (3) An official document may be made subject to such conditions as are necessary to—
 - (a) ensure that the provisions of the EU TSE Regulation and these Regulations will be complied with; or
 - (b) protect public or animal health.
- (4) If the Department refuses to grant an official document, or grants one subject to conditions, it must—
 - (a) give its reasons in writing; and
 - (b) explain that the applicant has the right to make written representations to a person appointed by the Department.
- (5) The appeals procedure in regulation 11 then applies.

Occupier's duty

8. The occupier of any premises approved, authorised, licensed or registered under these Regulations commits an offence if they do not ensure that—

- (a) the premises are maintained and operated in accordance with—
 - (i) any condition of the approval, authorisation, licence or registration;
 - (ii) the requirements of the EU TSE Regulation and these Regulations; and
- (b) any person employed by them, and any person permitted to enter the premises, complies with those conditions and requirements.

9.—(1) The Department may suspend or amend an official document if—

- (a) any of the conditions under which it was granted are not fulfilled; or
- (b) it is satisfied that the provisions of the EU TSE Regulation or of these Regulations are not being complied with.

(2) The Department may amend an official document if the Department considers it necessary in the light of technical or scientific developments.

(3) A suspension or amendment under this regulation—

- (a) may have immediate effect if the Department considers it necessary for the protection of public or animal health;

- (c) give the reasons; and
- (d) explain that the person who has been notified has the right to make written representations to a person appointed by the Department.

(5) The appeals procedure in regulation 11 then applies.

(6) If the suspension or amendment under this regulation does not have immediate effect and representations are made under regulation 11, it must not have effect until the final determination of the appeal by the Department unless the Department considers that it is necessary for the protection of public or animal health for the amendment or suspension to have effect before then.

Revocations of official documents

10.—(1) The Department may revoke an official document if it is satisfied that the premises to which it relates will not be operated in accordance with the EU TSE Regulation or these Regulations, and if—

(2) The Department may make written submissions to the appointed person concerning its decision.

(3) The appointed person must then report in writing to the Department which must make a final determination in relation to the decision to which the report relates.

(4) That final determination may affirm, vary or revoke the decision to which the report relates.

(5) The Department must give to the appellant written notification of its final determination and the reasons for it.

(6) Unless the Department determines that action under these Regulations must be taken immediately due to a risk to public health or human health or welfare, no action may be taken by the Department to kill any animal or destroy any thing under these Regulations until—

- (a) the 21 day period has expired without any appeal being lodged;
- (b) if there is an appeal, that appeal is determined or withdrawn.

(7) A person who is aggrieved by the final determination of the Department under paragraph (5) may, within 21 days of the issuing of the notification of the determination, appeal against that determination to a court of summary jurisdiction.

Valuations

(2) The value of anything for the purposes of these Regulations must be initially assessed by the Department and notified, in writing, to the owner. Value must be determined by agreement between the owner and the Department and that agreement must be final and binding on both the owner and the Department.

(3) If the owner and the Department fail to agree the value, the owner must select a valuer (“the nominated valuer”) from a list of approved valuers provided by the Department and notify the Department of the name and address of the nominated valuer within 2 working days of receipt of the list.

(4) The owner must, within 5 working days of notification to the Department under paragraph (3), arrange for the nominated valuer to determine the value of the thing in question and must be liable for any fees or other expenses incurred by the valuer in carrying out the valuation.

(5) The nominated valuer must carry out the valuation within 5 working days of appointment and give to the owner and the Department a statement in writing of that valuation.

(6) The valuation is binding on both the owner and the Department.

(a) admission has been refused, or a refusal is expected, and (in either case) notice to apply for a warrant has been given to the occupier;

(b) asking for admission, or the giving of such a notice, would defeat the object of the entry;

(c) the case is one of urgency; or

the lay magistrate may by a signed warrant authorise inspectors to enter the premises, if need be by reasonable force.

(7) A warrant under this regulation is valid for one month.
