

EXPLANATORY MEMORANDUM

The Health Protection (Coronavirus, Restrictions) (No. 2) (Amendment No. 5) Regulations (Northern Ireland) 2021

S.R. 2021 No. 46

1. Introduction

- 1.1 This explanatory memorandum has been prepared by the Department of Health and is laid before the Northern Ireland Assembly to accompany the Health Protection (Coronavirus, Restrictions) (No. 2) (Amendment No. 5) Regulations (Northern Ireland) 2021.
- 1.2 The Statutory Rule is made under sections 25C(1), (3)(c), (4)(d) and 25F(2) of the Public Health Act (Northern Ireland) 1967 (“the 1967 Act”) and is subject to the emergency procedure under section 25Q of that Act.

2. Purpose of the Regulations

- 2.1 The Rule amends the Health Protection (Coronavirus, Restrictions) (No. 2) Regulations (Northern Ireland) 2020 (“the principal regulations”).
- 2.2 The Rule amends regulation 3 of the principal regulations to extend the period by which the Department of Health must review the need for restrictions and requirements imposed by these Regulations to on or before 18 March 2021. The Rule permits click and collect to operate for non-essential retail businesses, such as a shop which sells baby equipment, clothing, footwear or electrical goods, if payments are completed at time of order, either online, phone, text or post, with no cash transactions permitted. The Regulations also enable Government Departments to use Nightingale Courts, increases number of persons limit on outdoor gatherings from 6 to 10, from no more than 2 households, for the purpose of socialising which is not a sporting event and permits a customer’s carer to accompany them to pick up a Motability vehicle.

3. Matters of special interest to the Northern Ireland Assembly

- 3.1 The Statutory Rule is made under the emergency procedure set out in section 25Q of the 1967 Act. The Regulations are made without a draft having been laid before, and approved by a resolution of, the Assembly. The Department of Health is of the opinion that, by reason of urgency, it is necessary to make these Regulations without a draft being so laid and approved so that public health measures can be introduced, amended or withdrawn in response to the latest risk assessment associated with the incidence and spread of coronavirus disease.
- 3.2 The paragraphs 1, 2, 4 and 8 of Regulation 2 of the Statutory Rule came into operation at on 1st March 2021 and paragraphs 3, 5, 6, 7 and 9 of Regulation 2 of the Statutory Rule come into operation on 8 March 2021. The Rule is available on the Department of Health website. The Regulations cease to have effect at the end of the period of 28 days beginning with the day on which the Statutory Rule is made unless, during that period, the Statutory Rule is approved by a resolution of the Assembly.

4. Legislative Context

- 4.1 The 1967 Act and regulations made under it provide a legislative framework for health protection in Northern Ireland.
- 4.2 Part 1A of the 1967 Act, as inserted by the Coronavirus Act 2020 (“the 2020 Act”), provides a legal basis to protect the public from threats arising from infectious disease or contamination with coronavirus, and includes powers to impose restrictions or requirements on people, and in relation to things and premises, for use in rare circumstances where voluntary cooperation cannot be obtained. Overall, Part 1A of the 1967 Act sets out a framework for health protection which requires much of the detailed provisions to be delivered through regulations.
- 4.3 Section 25C of the 1967 Act provides a power for the Department of Health to make regulations to prevent, protect against, control or provide a public health response to the incidence or spread of infection or contamination with coronavirus in Northern Ireland. The threat can come from outside Northern Ireland.
- 4.4 These Regulations are made under section 25C to enable public health measures to be introduced, amended or withdrawn in respect of the public health risks posed by the incidence and spread of coronavirus disease.

5. Policy background

- 5.1 The temporary modifications to the 1967 Act made by the Coronavirus Act 2020 provide regulation making powers that were previously not available in Northern Ireland.
- 5.2 The Prime Minister addressed the nation on 23 March 2020 to announce the need for further restrictions to be underpinned by legislation. The principle Regulations provided for a range of restrictions and closures, as well as requiring persons to stay home by prohibiting people from leaving the place where they live except for limited purposes (such as shopping for basic necessities, exercise, to seek medical assistance or to provide care or assistance) and banning public gatherings of more than two people. A series of 29 Amendment Regulations were subsequently made, gradually easing the restrictions and closures and/ or imposing additional restrictions where considered necessary.
- 5.3 Regulation 2 of the Health Protection (Coronavirus, Restrictions) (No. 2) Regulations (Northern Ireland) 2020 revokes the Health Protection (Coronavirus, Restrictions) Regulations (Northern Ireland) 2020 (as amended). Regulation 3 sets out the duty to review the need for restrictions or requirements. Regulation 4 provides a requirement to close certain businesses and premises specified in the Schedule. Regulations 5 and 6 provide restrictions on gatherings, including specific restrictions on gatherings in private premises. Regulation 6B defines Enforcement officers and premises improvement notices. Regulation 6C outlines restrictions on movement away from home without a reasonable excuse. Regulations 7 to 14 provide for enforcement, offences and fixed penalties. Regulation 15 provides for the regulations to expire after 6 months.
- 5.4 The Health Protection (Coronavirus, Restrictions) (No. 2) Regulations (Northern Ireland) 2020 are critical for the Executive to take all reasonable steps to prevent the community transmission of coronavirus disease where possible. It is also

essential that the Executive retains public trust in its public health protection measures. This level of trust continues to be critical to ensuring that the public continues to engage and comply with interventions designed to protect individuals and communities during the period of transmission of the virus within Northern Ireland.

5.5 There has been a progressive rise in COVID-19 cases since early July, and recently there has been a further acceleration. Any approach to apply enhanced restrictions needs to be appropriate, proportionate and only applied for as long as is necessary. Further restrictions on domestic settings, on both indoor and outdoor gatherings in general as well as restrictions on movement away from the home were introduced to reduce the interactions between individuals, and hence to decrease transmission of the virus. These regulations make a number of minor amendments to those regulations to ensure clarity and ensure Executive policy is fully effected. In addition new powers of enforcement have been introduced.

5.6 The Statutory Rule amends the principal regulations, as follows:

- a) Regulation 2(2) extends the period by which the Department of Health must review the need for restrictions and requirements imposed by these Regulations to on or before 18 March 2021;
- b) Regulation 2(4) permits a customer's carer to accompany them to pick up a Motability vehicle;
- c) Regulation 2(5) permits click and collect to operate for non-essential retail businesses such as a shop which sells baby equipment, clothing, footwear or electrical goods if payments are completed at time of order, either online, phone, text or post, with no cash transactions permitted;
- d) Regulation 2(7) increases number of persons limit on outdoor gatherings from 6 to 10, from no more than 2 households, for the purpose of socialising which is not a sporting event.

6. Consultation

6.1 Given the rapidly evolving global situation regarding the spread of coronavirus disease there has been no public consultation in relation to this Statutory Rule.

7. Equality impact

7.1 Given the rapidly evolving global situation regarding the spread of coronavirus disease there has been no assessment of equality impacts in relation to this Statutory Rule.

7.2 The public health restrictions and requirements introduced by the principal Regulations are part of a range of measures designed to assist and support efforts to protect the population of Northern Ireland by seeking to limit the spread of coronavirus disease.

8. Regulatory impact

- 8.1 Given the rapidly evolving global situation regarding the spread of coronavirus disease there has been no assessment of regulatory impacts in relation to this Statutory Rule.

9. Financial implications

- 9.1 Given the rapidly evolving global situation regarding the spread of coronavirus disease there has been no assessment of the financial impacts in relation to this Statutory Rule.

10. Section 24 of the Northern Ireland Act 1998

- 10.1 The Department of Health has considered section 24 of the Northern Ireland Act 1998 and is satisfied that these Regulations are not incompatible with any of the Convention rights; are not incompatible with Community law; do not discriminate against a person or class of person on the grounds of religious belief or political opinion; and do not modify an enactment in breach of section 7 of the Northern Ireland Act 1998.

11. EU implications

- 11.1 There are unlikely to be any EU implications.
- 11.2 This Statutory Rule does not relate to withdrawal from the European Union / trigger the statement requirements under the European Union (Withdrawal) Act.

12. Parity or Replicatory Measure

- 12.1 Not applicable.

13. Additional information

- 13.1 Not applicable
