

*Application of Regulations*

3. These Regulations shall apply to all factories in which there is use of a parting material in connection with the making of metal castings.

*Prohibition of the use of certain materials as Parting Materials*

4.—(1) A material shall not be used as a parting material if it is a material containing compounds of silicon calculated as silica to the extent of more than 3 per cent. by weight of the dry material :

Provided that this prohibition shall not prevent the following being used as a parting material, that is to say, natural sand or a substance specified in the Schedule to these Regulations if (in either case) the material does not contain an admixture of any other silica.

(2) Dust or other material deposited from a fettling or blasting process shall not be used as a parting material or as a constituent in a parting material.
