WAGES COUNCILS

Wages Regulation (Brush and Broom)

Order, dated 22nd March, 1962, made by the Ministry of Labour and National Insurance under the Wages Councils Act (Northern Ireland), 1945.

The Ministry of Labour and National Insurance, in exercise of the powers conferred on it by Section 10 of the Wages Councils Act (Northern Ireland), 1945(a), hereby makes the following Order to give effect to wages regulation proposals received from the Brush and Broom Wages Council (Northern Ireland):—

Citation

1. This Order may be cited as the Brush and Broom Wages Regulation Order (Northern Ireland), 1962.

Commencement

2. The wages regulation proposals set out in the Schedule shall come into operation on the specified date and on the day immediately preceding that date the Brush and Broom Wages Council (Northern Ireland) Wages Regulation Order, 1948(b), and Part I of the Schedule to the Brush and Broom Wages Regulation (Amendment) Order (Northern Ireland), 1960(c), shall cease to have effect.

Interpretation

3. In this Order the expression "the specified date" means the 2nd day of April, 1962, provided that where, as respects any worker who is paid wages at intervals not exceeding seven days, that date does not correspond with the beginning of the period for which the wages are paid, the expression "the specified date" means, as respects that worker, the beginning of the next such period following that date.

Sealed with the Official Seal of the Ministry of Labour and National Insurance for Northern Ireland this twenty-second day of March, nineteen hundred and sixty-two.

(L.S.)

W. Slinger,

Assistant Secretary.

(b) On Sunday or a customary holiday—

(c) On Saturday—
For all time worked after mid-day Double Time

B. Workers employed on piece work:

Workers employed on piece work are entitled to receive, in respect of each hour of overtime worked, in addition to the general minimum piece rates applicable or, where no such general minimum piece rates have been fixed, in addition to piece rates, each of which would yield, in the circumstances of the case, to an ordinary worker, at least the same amount of money as the appropriate piece work basis time rate

an amount equivalent to one-quarter, one-half or the whole of the

appropriate piece work basis time rate

according as the overtime payable under the provisions of sub-paragraph A, if the worker has been employed on time work, would have been equivalent to time-and-a-quarter, time-and-a-half; or double time, respectively.

Paragraph 12.

The expression "customary holiday" means-

- (1) Christmas Day (or, if Christmas Day falls on a Sunday, such other weekday as may be appointed by national proclamation or, if none is so appointed, the next following Tuesday), Boxing Day, Easter Monday, Easter Tuesday, and two other days (being days on which the worker normally works) in the course of a calendar year to be fixed by the employer and notified to the worker not less than three weeks before the holiday;
- or (2) a day substituted by the employer for any one of the said days, being a day recognised by local custom as a day of holiday in substitution for the said day.

Paragraph 13.

For the purpose of paragraph 11 the expressions "time-and-a-quarter", "time-and-a-half", and "double time" mean respectively, one-and-a-quarter times, one-and-a-half times, and twice the amount of the general minimum time rate otherwise applicable.

GENERAL

Application of Statutory Minimum Remuneration to Piece Workers

Paragraph 14.

In the case of male or female workers employed on piece work for which no general minimum piece rates have been fixed, each piece rate paid must be such as will yield, in the circumstances of the case, to an ordinary worker, at least the same amount of money as the appropriate piece work basis time rate. In determining whether any piece rate satisfies the foregoing condition regard will be had only to the earnings of ordinary workers, that is, workers of ordinary skill and experience in the class of work in question and not to the earnings of workers of less than ordinary skill and experience, for example, juvenile and infirm workers.

EMPLOYMENT OF JUVENILE WORKERS ON PIECE WORK

Paragraph 15.

An employer will, in any case where a learner or other juvenile worker is employed on piece work during the first twelve months of his employment in the trade, be deemed to pay wages at less than the minimum rate unless he shows that such worker has received in respect of his employment on piece work in each week during that period, at least the same amount of money as such worker would have been entitled to receive if employed on time work.

An employer will, in any case where any such worker is so employed at any time subsequent to the first twelve months of his employment in the trade, be deemed to pay wages at less than the minimum rate unless he shows that such worker has, in respect of his employment on piece work, been paid at piece rates which would yield, in the circumstances of the case, to an ordinary worker (not being a juvenile worker) at least the same amount of money as the appropriate piece work basis time rate.

WAITING TIME

Paragraph 16.

- (1) A worker is entitled to payment of statutory minimum remuneration as aforesaid during all the time during which he is present on the premises of his employer, unless he is present thereon in any of the following circumstances, that is to say:—
 - (a) without the employer's consent, express or implied;
 - (b) for some purpose unconnected with his work and other than that of waiting for work to be given to him to perform;
 - (c) by reason only of the fact that he is resident thereon; or
 - (d) during normal meal times in a room or place in which no work is being done and is not waiting for work to be given to him to perform.
- (2) The statutory minimum remuneration payable under sub-paragraph (1) to a piece worker when not engaged on piece work shall be that which would be payable if he were a time worker.

DEFINITIONS

Paragraph 17.

A "female pan hand" is a female worker of any age who is employed in pan setting, that is to say, the making or setting by hand of a pan knot or both such making and setting with or without the operations of boring and trimming or either of them.

Paragraph 18.

An "out-worker" is a worker who works in his own home or in any other place which is not under the control or management of the employer.

APPLICABILITY OF STATUTORY MINIMUM REMUNERATION

Paragraph 19.

The statutory minimum remuneration aforesaid applies, subject to the provisions of the Wages Councils Act (Northern Ireland), 1945, to workers in relation to whom the Brush and Broom Wages Council (Northern Ireland) operates, that is to say, workers employed in Northern Ireland in the trade specified in the Schedule to the Trade Boards (Brush and Broom Trade, Northern Ireland) (Constitution, Proceedings and Meetings) Regulations, 1924(a), dated 28th August, 1924, namely:—

The manufacture of brushes (other than feather brushes) or brooms, including the following operations, where all or any of them are carried on in association with or in conjunction with the manufacture of such brushes or brooms:—

- (a) the drafting, dressing or mixing of bass, whisk, or similar fibres or animal bristles or hair and the working of wood, bone, ivory, or celluloid;
- (b) all finishing, warehousing, packing or other operations incidental to or appertaining to the manufacture of such brushes or brooms,

but excluding the following operations:-

the sawing and turning of wood as a preliminary operation to the manufacture of such brushes or brooms; the making of metal parts and the mounting of brushes with metal or tortoise-shell backs.
