EXPLANATORY NOTE

(This note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the National Insurance (Industrial Injuries) (Benefit) Regulations (Northern Ireland) 1948 so as to give effect to certain provisions of the National Insurance (No. 2) Act (Northern Ireland) 1966. Regulation 2 extends the period during which a widow's pension is payable at a rate higher than the standard rate from 13 weeks immediately following the husband's death to 26 weeks except in cases of death more than 13 weeks before 5th October (when the relevant provision of the Act comes into operation) and regulation 3 makes a transitional provision to enable awards to be made in the 13 weeks before that date for the 26 week period. Regulation 4 revokes provisions which are no longer necessary because similar provisions in the National Insurance (Unemployment and Sickness Benefit) Regulations (Northern Ireland) 1961 are applied to injury benefit by the Act, and makes consequential amendments.
