PRELIMINARY

Title

1. These regulations may be cited as the Local Government (Compensation) Regulations (Northern Ireland) 1967.

Interpretation

2.—(1) In these regulations, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“accrued pension”, in relation to a pensionable officer who has suffered loss of employment, means

(a) if his last relevant pension scheme provided benefits in which he had a right to participate, the pension to which he would have become entitled in respect of his pensionable service according to

(a) 1966. c. 38 (N.I.).

the method of calculation, modified where necessary in accordance with regulation 18(2), prescribed by that scheme if, at the date on which he ceased to be subject to that scheme, he had attained normal retiring age and complied with any requirement of that scheme as to a minimum period of qualifying service or contribution and completed any additional contributory payments or payments in respect of added years which he was in the course of making; and

(b) in any other case, such portion of the pension (if any) of which he had reasonable expectations as the compensating authority consider equitable, having regard to his age, the length of his employment at the date of loss and all the other circumstances of the case;

“accrued retiring allowance”, in relation to a pensionable officer who has suffered loss of employment, means—

(a) if his last relevant pension scheme provided benefits in which he had a right to participate, any lump sum payment to which he would have become entitled in respect of his pensionable service according to the method of calculation, modified where necessary in accordance with regulation 18(2), prescribed by that scheme, if, at the date on which he ceased to be subject to that scheme, he had attained normal retiring age and complied with any requirement of that scheme as to a minimum period of qualifying service or contribution and completed any additional contributory payments or payments in respect of added years which he was in the course of making; and

(b) in any other case, such portion of the lump sum payment (if any) of which he had reasonable expectations as the compensating authority consider equitable, having regard to his age, the length of his employment at the date of loss and all the other circumstances of the case;

“accrued incapacity pension” and “accrued incapacity retiring allowance” have the same respective meanings as “accrued pension” and “accrued retiring allowance” except that the reference to a person’s attaining normal retiring age shall be construed as a reference to his becoming incapable of discharging efficiently the duties of his employment by reason of permanent ill-health or infirmity of mind or body;

- (f) he has not, subject to paragraph (3), been offered any reasonably comparable employment under the Crown or in the service of a local authority.

(2) In ascertaining for the purposes of this regulation whether a person has been offered employment which is reasonably comparable with the employment which he has lost, no account shall be taken of the fact that the duties of the employment offered are in relation to a different service from that in connection with which his employment was held or are duties which involve a transfer of his employment from one place to another within Northern Ireland.

(2) For the purposes of this regulation the weekly rate of a person's net emoluments shall be deemed to be seven three hundred and sixty-fifths of those emoluments.

Period for payment of resettlement compensation

8. Subject to the provisions of these regulations, resettlement compensation shall be payable to a person only in respect of the period of thirteen weeks next succeeding the week in which he lost the employment in respect of which his claim has been made or, in the case of a person who has attained the age of forty-five years, the said thirteen weeks and one additional week for every year

Long-term compensation

11. The compensating authority shall, subject to the provisions of these regulations, pay long-term compensation to any person to whom these regulations apply and who satisfies the conditions set out in regulation 12.

Conditions for payment of long-term compensation

12.—(1) Without prejudice to any other requirement of these regulations, the conditions for the payment of long-term compensation to any person are that—

- (a) he has suffered loss of employment or loss or diminution of emoluments attributable to the provisions of any such Order as is mentioned in regulation 4 not later than ten years after the material date;
- (b) he had not, save as is provided in regulation 28, at the date of the loss or diminution attained normal retiring age;
- (c) he has been for a period of not less than eight years immediately before the material date continuously engaged (without a break of more than twelve months at any one time) for the whole or part of his time in relevant employment;
- (d) he has made a claim for such compensation in accordance with the provisions of part VII not later than two years after the loss or diminution which is the cause of the claim or two years after the coming into operation of these regulations, whichever is the later; and
- (e) if the cause of the claim for compensation is loss of employment—

- (i) the loss has occurred for some reason other than misconduct or incapacity to perform such duties as immediately before the loss he was performing or might reasonably have been required to perform; and
- (ii) he has not been offered any reasonably comparable employment under the Crown or in the service of a local authority.

(2) Regulation 6(2) and (3) (which relate to offers of employment) shall apply for the purposes of this regulation in ascertaining whether a person has been offered reasonably comparable employment.

(3) Claims for long-term compensation for loss of employment shall in all respects be treated as claims for such compensation for the loss of emoluments occasioned thereby and the provisions of these regulations shall apply to all such claims accordingly.

Factors to be considered in determining payment of long-term compensation

13.—(1) For the purpose of determining whether long-term compensation for loss or diminution of emoluments should be paid to any person, and, if so, the amount of the compensation (subject to the limits set out in these regulations) the compensating authority shall have regard to such of the following factors as may be relevant, that is to say—

- (a) the conditions upon which the person held the employment which he has lost, including in particular its security of tenure, whether by law or practice;
- (b) the emoluments and other conditions, including security of tenure, whether by law or practice, of any work or employment undertaken by the person as a result of the loss of employment;
- (c) the extent to which he has sought suitable employment and the emoluments which he might have acquired by accepting other suitable employment offered to him;
- (d) all the other circumstances of his case:

Provided that no account shall be taken of the fact that he entered the employment which he has lost or the emoluments of which have been diminished after proceedings had been commenced under the Act with a view to the abolition of the authority by whom he was employed or the alteration of its area or status.

(2) In ascertaining for the purposes of paragraph (1)(c) whether a person has been offered suitable employment, regulation 6(2) and (3) shall apply as they apply for the purpose of ascertaining whether employment is reasonably comparable with employment which has been lost.

Amount of long-term compensation payable for loss of emoluments

14.—(1) Long-term compensation for loss of emoluments shall, subject to the provisions of these regulations, be payable until the normal retiring age or death of a person to whom it is payable, whichever first occurs, and shall not exceed a maximum annual sum calculated in accordance with the provisions of paragraphs (2) to (4).

(2) The said maximum annual sum shall, subject as hereinafter provided, be the aggregate of the following sums, namely—

- (a) for every year of the person's reckonable service, one sixtieth of the net emoluments which he has lost; and
- (b) in the case of a person who has attained the age of forty years at the date of the loss, a sum calculated in accordance with the provisions of paragraph (3) appropriate to his age at that date,

but the said maximum annual sum shall in no case exceed two thirds of the net emoluments which the person has lost.

(3) The sum referred to in paragraph (2)(b) shall be—

(a) in the case of a person who has attained the age of forty years but has not attained the age of fifty years at the date of the loss, the following fraction of the net emoluments he has lost—

(i) where his reckonable service is less than ten years, one sixtieth for each year of such service after attaining the age of forty years; or

(ii) where his reckonable service amounts to ten years but is less than fifteen years, one sixtieth for each year of such service after attaining the age of forty years and one additional sixtieth; or

(iii) where his reckonable service amounts to fifteen years but is less than twenty years, one sixtieth for each year of such service after attaining the age of forty years and two additional sixtieths; or

(iv) where his reckonable service amounts to twenty years or more, one sixtieth for each year of such service after attaining the age of forty years and three additional sixtieths;

but the sum so calculated shall not in any case exceed one sixth of the said net emoluments;

(b) in the case of a person who has attained the age of fifty years but has not attained the age of sixty years at the date of the loss, one sixtieth of the said net emoluments for each year of his reckonable service after attaining the age of forty years, up to a maximum of fifteen such years; and

(c) in the case of a person who has attained the age of sixty years at the date of the loss, one sixtieth of the said net emoluments for each year of his reckonable service after attaining the age of forty-five years.

(4) Where a person has become entitled (whether immediately or prospectively on attaining some greater age) to a superannuation benefit by way of annual amounts under a pension scheme associated with the employment which he has lost, the maximum annual sum referred to in paragraph (1) shall be the maximum sum calculated under paragraphs (2) and (3) as if he had not become so entitled.

(5) Where long-term compensation is payable in respect of any period and resettlement compensation has also been paid in respect of that period, the long-term compensation shall be limited to the amount (if any) by which it exceeds the resettlement compensation paid as aforesaid.

(6) Long-term compensation shall be payable to a person at intervals equivalent to those at which the emoluments of his employment were previously paid or at such other intervals as may be agreed between the person and the compensating authority.

Long-term compensation for diminution of emoluments

15. Long-term compensation for diminution of emoluments in respect of any employment shall, subject to the provisions of these regulations, be awarded and paid in accordance with the following provisions:—

(a) the compensation shall consist of an annual sum which shall be payable to a person at intervals equivalent to those at which the emoluments of his employment are or were previously paid or at such other intervals as may be agreed between the person and the compensating authority, and shall, subject to the provisions of these regulations, be payable until normal retiring age or death, whichever first occurs; and

- (b) the said annual sum shall not exceed the maximum annual sum which could have been awarded under regulation 14 if the person had suffered loss of employment and of emoluments equivalent to the amount of the diminution:

Provided that no compensation shall be payable if the emoluments have been diminished by less than $2\frac{1}{2}$ per cent.

Date from which long-term compensation is to be payable

16.—(1) Long-term compensation shall be payable with effect from the date of the claim or from any earlier date permitted by the succeeding provisions of this regulation.

(2) Where a claim for long-term compensation is duly made within thirteen weeks of the occurrence of the loss or diminution which is the subject of the claim, the award shall be made retrospective to the date on which the loss or diminution occurred.

(3) Where a claim for long-term compensation is made after the expiry of the period mentioned in paragraph (2), the award may at the discretion of the compensating authority be made retrospective to a date not earlier than thirteen weeks prior to the date on which the claim was made:

Provided that if the compensating authority are satisfied that the failure to make the claim within the period mentioned in paragraph (2) was due to ill-health or other circumstances beyond the claimant's control, the award may be made retrospective to a date not earlier than that on which the loss or diminution occurred.

PART V

RETIREMENT COMPENSATION AND PAYMENTS ON DEATH

Entitlement to retirement compensation and other payments

17.—(1) The compensating authority shall, subject to the provisions of these regulations, pay retirement compensation to any person to whom this part applies, and shall make the other payments for which provision is made in regulations 25 to 29.

(2) Save as is provided in regulation 28, this part applies to a pensionable officer who satisfies the conditions set out in regulation 12.

(3) Regulation 13 shall apply in relation to retirement compensation as it applies in relation to long-term compensation.

Additional factors governing payment of retirement compensation

18.—(1) Where retirement compensation is payable under any one of regulations 19, 20, 21 and 22, such compensation shall not be payable under any other of those regulations.

(2) If the person has attained the age of forty years at the date on which he lost his employment or suffered a diminution of his emoluments, the compensating authority, in calculating the amount of the retirement compensation payable to him, shall credit him with additional years of service or an additional period of contribution on the following basis, namely—

- (a) two years, whether or not he has completed any years of service after attaining the age of forty years, and
- (b) two years for each of the first four completed years of his reckonable service between the date when he attained the age of forty years and the date of the loss or diminution, and

(c) one year for each such year of service after the fourth, but the additional years of service or period of contribution so credited shall not exceed the shortest of the following periods, namely—

- (i) such number of years as, when added to his pensionable service, would amount to the maximum period of such service which would have been reckonable by him had he continued in his employment until attaining normal retiring age, or
- (ii) the number of years of his reckonable service, or
- (iii) fifteen years;

and in calculating the amount of any retirement compensation payable to the person any period so added shall be aggregated with any years of service or period of contribution entailing reduction of the relevant pension or retiring allowance because of a retirement pension payable under section 29 of the National Insurance Act (Northern Ireland) 1966(a).

(3) When retirement compensation is awarded, or when an award is reviewed under regulation 34, the additional compensation payable in consequence of any years of service or period of contribution credited to a person under paragraph (2) may be reduced or withheld to such extent as the compensating authority may think reasonable having regard to the pension scheme (if any) associated with any further employment obtained by him.

(4) If under his last relevant pension scheme the amount of any benefit to which a person might have become entitled could have been increased at the discretion of the authority administering the pension scheme or of any other body, the compensating authority may increase, to an extent not exceeding that to which his accrued pension, accrued retiring allowance, accrued incapacity pension or accrued incapacity retiring allowance might have been increased or supplemented, the corresponding component of any retirement compensation payable to him; and in this connection the compensating authority shall have regard to the terms of any relevant resolutions of the authority or body with regard to the increase of benefits and to the provisions of any enactment protecting the interests of that person.

(5) If under his last relevant pension scheme a person would have been entitled to surrender a proportion of any pension which might have become payable to him in favour of his spouse or any dependant, then, if he so desires and informs the compensating authority by notice in writing accordingly within one month after becoming entitled to retirement compensation under these regulations, he may surrender a proportion of so much of the said compensation as is payable by way of an annual sum on the like terms and conditions and in consideration of the like payments by the compensating authority as if the said annual sum were a pension to which he had become entitled under the said pension scheme.

(6) In calculating for the purposes of regulation 19, 20 or 21 the amount of the annual sum which is equal to a person's accrued pension, no account shall be taken of any reduction falling to be made in that pension by reason of the provisions of any Act relating to National Insurance until the person reaches the age at which under his last relevant pension scheme the pension would have been so reduced.

(7) In paragraph (2) the expression "reckonable service" includes any period of employment of which account has been taken or is required to be taken in calculating the amount of any superannuation benefit to which a person has become entitled under a pension scheme associated with the employment

which he has lost or, as the case may be, the employment in which his emoluments were diminished.

Retirement compensation for loss of emoluments payable to pensionable officer on attainment of normal retiring age

19. Subject to the provisions of these regulations, when a person to whom this part applies reaches normal retiring age, the retirement compensation payable to him for loss of emoluments shall be—

- (a) an annual sum equal to the amount of his accrued pension, and
- (b) a lump sum equal to the amount of his accrued retiring allowance (if any).

Retirement compensation payable to pensionable officer on his becoming incapacitated or reaching minimum pensionable age

20.—(1) Where a person to whom this part of these regulations applies and who has suffered loss of employment, before attaining what would have been his normal retiring age—

- (a) becomes incapacitated in circumstances in which, if he had continued in the employment which he has lost, he would have become entitled to a pension under his last relevant pension scheme; or
- (b) attains the age which, had he continued to serve in the employment which he has lost, would have been his minimum pensionable age,

he shall be entitled on the happening of either event to claim, in lieu of any compensation to which he would otherwise be entitled under these regulations—

- (i) in the case mentioned in sub-paragraph (a), an annual sum equal to the amount of his accrued incapacity pension, and a lump sum equal to the amount of his accrued incapacity retiring allowance (if any), and
- (ii) in the case mentioned in sub-paragraph (b), an annual sum equal to the amount of his accrued pension and a lump sum equal to the amount of his accrued retiring allowance (if any),

subject however to the conditions specified in paragraph (5).

(2) On receipt of a claim under paragraph (1) the compensating authority shall consider whether the claimant is a person to whom that paragraph applies, and within thirteen weeks after the date of the receipt of the claim—

- (a) if they are satisfied that he is not such a person, they shall notify him in writing accordingly; or
- (b) if they are satisfied that he is such a person, they shall assess the amount of compensation payable to him and notify him in writing accordingly, and any such notification shall, for the purposes of these regulations, be deemed to be a notification by the authority of a decision on a claim for compensation.

(3) A compensating authority may require any person who makes a claim under paragraph (1)(a) to submit himself to a medical examination by a registered medical practitioner selected by that authority, and if they do so, they shall also offer the person an opportunity of submitting a report from his own medical adviser as a result of an examination by him, and the authority shall take that report into consideration together with the report of the medical practitioner selected by them.

(4) If a person wishes to receive compensation under this regulation, he shall so inform the compensating authority in writing within one month from the receipt of a notification under paragraph (2) or, where the claim has been the subject of an appeal, from the decision of the tribunal thereon; and the

compensation shall be payable as from the date on which the compensating authority received the claim.

(5) The calculation of compensation under this regulation shall be subject to the following conditions—

- (a) where the compensating authority, by virtue of regulation 18, have credited the person with additional years of service or an additional period of contribution, no account shall be taken of any additional years or period beyond the number of years which he could have served, had he not lost his employment, before the date on which the claim was received by the compensating authority; and
- (b) if, by reason of any provision of the relevant pension scheme for a minimum benefit, the amount of any such pension or retiring allowance is in excess of that attributable to the person's actual service, no account shall be taken of any such additional years or period except to the extent (if any) by which they exceed the number of years represented by the difference between his actual service and the period by reference to which the minimum benefit has been calculated; and
- (c) if the number of years by reference to which an accrued incapacity pension or accrued incapacity retiring allowance is to be calculated is less than any minimum number of years of qualifying service prescribed by the relevant pension scheme, the amount of such pension or retiring allowance shall, notwithstanding any minimum benefit prescribed by the pension scheme, not exceed such proportion of such minimum benefit as the number of years of pensionable service bears to the minimum number of years of qualifying service.

Option to take retirement compensation prematurely

21.—(1) If a person to whom this part applies has suffered loss of employment after attaining the age of fifty years and so requests the compensating authority by notice in writing, he shall be entitled as from the date on which the compensating authority receive such notice, to an annual sum equal to the amount of his accrued pension and a lump sum equal to the amount of his accrued retiring allowance (if any), and in that event he shall not be entitled to receive any further payment of long-term compensation after that date:

Provided that—

- (i) in calculating the amount of the compensation payable to a person who has given such notice as aforesaid no account shall be taken of any additional years of service or period of contribution credited to him under regulation 18; and
- (ii) where the person has claimed long-term compensation the said notice shall be given not later than two years after the determination of the claim or, where the determination has been reviewed under regulation 34(3), not later than two years after the review.

(2) Regulation 20(2) shall apply in relation to a notice given under the last foregoing paragraph as it applies to a claim made under paragraph (1) of that regulation.

(3) Where an annual sum is payable under this regulation in respect of any period and resettlement compensation is also payable in respect of that period, the said annual sum shall be limited to the amount (if any) by which it exceeds the resettlement compensation payable as aforesaid.

Retirement compensation for diminution of emoluments

22. Regulations 19 and 20 shall apply to a person to whom this part applies and who has suffered a diminution of his emoluments, as if he had

suffered loss of employment and of emoluments equivalent to the amount of the diminution:

Provided that no compensation shall be payable—

- (i) if the emoluments have been diminished by less than $2\frac{1}{2}$ per cent.; or
- (ii) if the person had continued to pay superannuation contributions as if his emoluments had not been diminished.

Superannuation contributions

23.—(1) A person entitled to retirement compensation under regulation 19, 20 or 21 shall pay to the compensating authority an amount equal to any sum which was paid to him by way of return of superannuation contributions, including any interest, after ceasing to be employed, and the compensating authority may at his request repay that amount to him at any time before he becomes entitled as aforesaid, but if that amount is not paid to the compensating authority, or is repaid by them to the person, the compensation shall be reduced by an annual amount the capital value of which is equal to the amount of the said superannuation contributions.

(2) For the purposes of this regulation the expression “superannuation contributions” shall include payments made by the person in respect of added years and any additional contributory payments made by him.

(3) Any sums paid to a compensating authority under this regulation in respect of returned contributions shall, except in so far as they are repaid to the officers concerned, be applied for the payment of compensation which the authority is liable to pay under this part.

Retirement compensation of claimant who obtains further pensionable employment

24.—(1) Where a person to whom this part applies, after suffering loss of employment or diminution of emoluments, enters employment in which he is subject to a pension scheme and thereafter becomes entitled to reckon for the purposes of that scheme any service or period of contribution which falls to be taken into account for the purpose of assessing the amount of any retirement compensation payable to him, his entitlement to retirement compensation shall be reviewed and no retirement compensation shall be payable in respect of such service or period unless the annual rate of the emoluments to which he was entitled immediately before such loss or diminution exceeds the annual rate on entry of the emoluments of the new employment by more than $2\frac{1}{2}$ per cent. of such first mentioned emoluments, and any retirement compensation so payable to him shall, in so far as it is calculated by reference to remuneration, be calculated by reference to the difference between the said annual rates:

Provided that this paragraph shall not operate to increase the amount of any retirement compensation payable in respect of diminution of emoluments beyond the amount which would have been payable if the person had attained normal retiring age immediately before he ceased to hold the employment in which he suffered the diminution of emoluments.

(2) No retirement compensation shall be payable in the circumstances mentioned in paragraph (1) if the person has continued to pay superannuation contributions as if his emoluments had not been diminished.

Compensation payable to the widow or dependants of a claimant

25.—(1) Payments in accordance with this regulation and regulations 26 and 27 shall be made to or for the benefit of the widow, child or other dependant or to the personal representatives of a person to whom this part applies,

(2) If the widow, child or other dependant of the person might have become entitled to a pension under his last relevant pension scheme, the widow, child or other dependant, as the case may be, shall be entitled to receive an annual sum equal to the prescribed proportion of any retirement compensation by way of annual amounts payable to the person under regulation 19, 20 or 21 immediately before his death or, if he dies before becoming entitled to receive compensation under any of those regulations, the prescribed proportion of the compensation by way of annual amounts which he would have received under regulation 20 had he become entitled thereto immediately before his death:

Provided that—

- (i) where any retirement compensation has been surrendered under regulation 18(5) or compounded under regulation 35 any sum payable under this regulation shall be calculated as if such surrender or compounding had not taken place;
- (ii) where the pension scheme provides for payment of the pension to any person on behalf of a child or other dependant, any annual sum payable as aforesaid to a child or other dependant shall be paid to that person on behalf of the child or dependant in the like manner and for the like period as is provided in the pension scheme;
- (iii) in calculating the sum payable as aforesaid, it shall be assumed that the retirement compensation payable, or which would have been payable, to a person under regulation 19, 20 or 21 had been such sum as would have been payable if the accrued pension or accrued incapacity pension had not been reduced by reason of the provisions of any Act relating to National Insurance.

(3) Any annual sum payable to or for the benefit of a widow, child or other dependant under this regulation shall cease to be payable in any circumstances in which a corresponding pension under the pension scheme referred to in paragraph (2) would have ceased to be payable.

(4) Except where the compensation has been reduced under regulation 23, compensation payable under this regulation and regulation 26 shall in the aggregate be reduced by an amount the capital value whereof is equal to the amount of any superannuation contributions (as defined in regulation 23(2)) returned to the person in respect of whom the compensation is payable and either not paid to the compensating authority or repaid to him by the compensating authority, the compensation under each such regulation being reduced in proportion to the capital value of each amount.

(5) This regulation shall apply in the case of a person who has suffered a diminution of emoluments with the substitution of references to diminution of emoluments for reference to loss of employment, and the annual sum payable to a widow, child or other dependant of such a person shall be calculated as if he had lost emoluments equivalent to the amount of the diminution:

Provided that no sum shall be payable under this paragraph—

- (i) if the emoluments have been diminished by less than $2\frac{1}{2}$ per cent.; or
- (ii) if the person had continued to pay superannuation contributions as if his emoluments had not been diminished.

(6) In this regulation "prescribed proportion" means the proportion which, under the relevant pension scheme, the pension payable to the widow, child or other dependant of any person, as the case may be, bears to the person's pension.

Compensation where death gratuity would have been payable

26.—(1) If the widow or the personal representatives of a person to whom this part applies might have become entitled to a death gratuity under his last

relevant pension scheme, she or they, as the case may be, shall be entitled to receive a sum calculated in accordance with the provisions of regulation 25(4) and paragraph (2) of this regulation.

(2) The amount of the sum referred to in paragraph (1) shall be ascertained in accordance with the method of calculation prescribed by the last relevant pension scheme for the ascertainment of death gratuity as if the person had died immediately before losing his employment, subject to the following modifications—

- (a) except where the person had been in receipt of retirement compensation under regulation 21, account shall be taken of any additional years of service or period of contribution credited to him under regulation 18(2)—
 - (i) in the case of a person who had been in receipt of retirement compensation under regulation 20, to the extent of the period between the loss of employment and the date of the claim made under that regulation; and
 - (ii) in any other case, to the extent of the period between the loss of employment and the person's death;
- (b) if the number of years of the person's service or period of contribution is less than the minimum number of years of qualifying service or period prescribed by the pension scheme for the receipt of a death gratuity, the said sum shall not exceed such proportion of the death gratuity calculated as aforesaid as the number of years of the person's pensionable service or period of contribution bears to the minimum number of years of qualifying service or period prescribed by the pension scheme; and
- (c) there shall be deducted from such sum the amount of any retirement compensation paid to the person under regulation 19, 20 or 21 or where any part of the compensation has been surrendered under regulation 18(5), the amount which would have been so paid but for any such surrender.

(3) For the purpose of calculating such death gratuity, an annual sum payable to or for the benefit of a widow, child or other dependant under regulation 25 shall be deemed to be a pension payable to or for the benefit of the widow, child or dependant, as the case may be.

(4) This regulation shall apply in the case of a person who has suffered a diminution of emoluments with the substitution of references to diminution of emoluments for references to loss of employment, and the sum payable to the widow or personal representatives of such a person shall be calculated as if he had lost emoluments equivalent to the amount of the diminution:

Provided that no sum shall be payable under this paragraph—

- (i) if the emoluments have been diminished by less than $2\frac{1}{2}$ per cent.; or
- (ii) if the person had continued to pay superannuation contributions as if his emoluments had not been diminished.

Balances payable to claimant's widow or personal representatives

27.—(1) If no annual sum is payable to the widow, child or other dependant of any person under regulation 25 and no sum is payable under regulation 26 and the person dies before he has received in the aggregate by way of retirement compensation a sum equivalent to the amount of any contributions repaid by him under regulation 23, together with compound interest thereon calculated at the rate of $2\frac{1}{2}$ per cent. per annum with yearly rests up to the date of his death as from the 1st April following the year in which the amount was paid there shall be paid to his personal representatives the difference between the

aggregate amount received by way of retirement compensation as aforesaid and the said equivalent sum.

(2) If an annual sum becomes payable to a widow under regulation 25 and on her re-marriage or death the sum ceases to be payable and any sum payable to a child or other dependant under the regulation has ceased to be payable, and if the aggregate amount of the payments which were made to her as aforesaid to her husband by way of retirement compensation and to the widow or personal representatives under regulation 26 is less than a sum equivalent to the amount which would have been payable to the personal representatives under that regulation if no annual sum had been payable under regulation 25, there shall be paid to her or her personal representatives the difference between such aggregate amount and the said equivalent sum.

(3) For the purposes of this regulation a person who has surrendered any part of his retirement compensation under regulation 18(5) shall be deemed to have received during any period the amount of compensation for that period which he would have received but for any such surrender.

Compensation payable to non-pensionable officer on reaching retiring age

28.—(1) Where a person who is not a pensionable officer is receiving long-term compensation for loss of employment and attains normal retiring age, the compensating authority may, if satisfied that the person would but for the loss have continued in the employment he has lost for a substantial period beyond that age, continue to pay compensation to him for the remainder of his life at half its former rate.

(2) Where a person who is not a pensionable officer suffers loss of employment on or after attaining normal retiring age, the compensating authority may, if satisfied that the person would in the normal course have continued in the employment he has lost for a further substantial period, pay compensation to him for the remainder of his life at half the rate to which he would have been entitled under regulation 14 had he not attained normal retiring age at the date on which he lost his employment.

Persons subject to policy schemes

29.—(1) Regulations 19, 20, 21, 22 and 26 shall not apply to a person (in this regulation referred to as a "policy scheme participant") who had been participating in a scheme associated with his employment for providing superannuation benefits by means of contracts or policies of insurance, and who, after the loss of his employment or the diminution of his emoluments, continued to participate in that scheme, or became entitled to a benefit or prospective benefit thereunder other than a return of contributions.

(2) If a policy scheme participant has lost his employment, the compensating authority may, if the relevant scheme so permits, make such payments to or in respect of him, whether by way of the payment of premiums or otherwise, as are actuarially equivalent to the amounts by which his retirement compensation might have been increased under regulation 18(2) or (4) had he been a person to whom regulation 19, 20, or 21 applied.

(3) If a policy scheme participant has suffered a diminution of his emoluments, the compensating authority may, if the relevant scheme so permits, make such payments to or in respect of him, whether by way of the payment of premiums or otherwise, as will secure to him the like benefits as if his emoluments had not been diminished.

(4) If a policy scheme participant becomes entitled to a benefit under such a scheme as is mentioned in paragraph (1) before reaching normal

retiring age, the compensating authority may reduce any long-term compensation payable to him by the amount of such benefit.

Intervals for payment of compensation under part V

30. Any compensation awarded as an annual sum under this part to or in respect of any person shall be payable at intervals equivalent to those at which the corresponding benefit would have been payable under the person's last relevant pension scheme or at such other intervals as may be agreed between the person entitled to receive the compensation and the compensating authority.

PART VI

ADJUSTMENT, REVIEW AND COMPOUNDING OF COMPENSATION

Adjustment of compensation where superannuation benefit is also payable

31.—(1) Where any period of service of which account was taken in calculating the amount of any compensation payable under part IV or V is subsequently taken into account for the purpose of calculating the amount of any superannuation benefit payable to or in respect of the person in accordance with a pension scheme associated with any employment undertaken subsequent to the loss of employment or diminution of emoluments which was the subject of the claim for compensation, the compensating authority may in accordance with this regulation withhold or reduce the compensation payable in respect of any period for which such superannuation benefit is being received.

(2) If the part of any superannuation benefit by way of annual amounts which is attributable to a period of service mentioned in paragraph (1) equals or exceeds the part of any compensation by way of annual amounts which is attributable to the same period, that part of the compensation may be withheld, or if such part of the superannuation benefit is less than such part of the compensation, the compensation may be reduced by an amount not exceeding such part of the superannuation benefit.

(3) In the case of a death gratuity payable in respect of any person, the sum payable under regulation 26 may be reduced by an amount not greater than the proportion of the death gratuity which the period of service mentioned in paragraph (1) bears to the total period of service of which account was taken in the calculation of the death gratuity.

(4) In addition to any reduction authorised by paragraph (2) or (3) if, in the circumstances mentioned in paragraph (1), compensation by way of annual amounts is attributable in part to any provision of the relevant pension scheme for a minimum benefit, the compensation may be reduced by an amount not exceeding that part.

(5) Where any additional years of service or period of contribution have been credited to a person under regulation 18(2), if the number of such years or such period is equal to or less than the period spent in the subsequent employment mentioned in paragraph (1), the compensation by way of annual amounts may be reduced (in addition to any other reduction authorised by this regulation) by an amount not exceeding that attributable to the additional years or period so credited or, if the number of such years or such period is greater than the period spent in the subsequent employment, by such proportion of that amount as the period spent in the subsequent employment bears to the number of additional years or the period so credited.

(6) Where compensation has been calculated in accordance with regulation 24, the provisions of this regulation shall apply only in relation to such part (if any) of the superannuation benefit as is attributable to annual emoluments in excess of those to which the person was entitled on entering the new employment referred to in regulation 24.

(7) Where compensation is payable in respect of diminution of emoluments, the provisions of this regulation shall apply only in relation to such part (if any) of the superannuation benefit as is attributable to annual emoluments in excess of those to which the person was entitled immediately prior to the diminution.

Reduction of compensation in certain cases

32.—(1) If under a person's last relevant pension scheme any benefit for which the scheme provided would have been subject to reduction or suspension on his taking up other specified employment, any retirement compensation to which he is entitled for loss of employment or diminution of emoluments shall, where such employment is taken up, be reduced or suspended in the like manner and to the like extent:

Provided that in calculating the amount of the reduction there shall be aggregated with the emoluments of the employment taken up the amount of any superannuation benefit by way of annual amounts payable to the person under a pension scheme associated with the employment which he has lost or, as the case may be, the employment in which the emoluments were diminished.

(2) There shall be deducted from the retirement compensation payable to any person any additional contributory payments remaining unpaid at the date when he suffered loss of employment; and any such payments not recovered at the date of his death shall be deducted from any compensation payable in respect of that person under regulation 25, 26 or 27.

(3) Where a person is entitled to compensation under these regulations and the circumstances are such that he is also entitled to—

- (a) a redundancy payment under the Contracts of Employment and Redundancy Payments Act (Northern Ireland) 1965(a), or
- (b) any similar payment in consequence of the loss of his employment under any contract or arrangement with the authority by whom he was employed (other than payments by way of a return of contributions under a pension scheme), or
- (c) any payment under or by virtue of the provisions of any enactment relating to the reinstatement in civil employment of persons who have been in the service of the Crown,

the compensation which would, apart from this regulation, become due to the person, whether by instalments or lump sum or both, shall in the aggregate be reduced by the amount of the payments referred to in this paragraph.

(4) Where compensation under these regulations is payable to or in respect of any person, and that person or his widow, child or other dependant or his personal representatives is or are also entitled (whether immediately or on the person's attaining some greater age) to a superannuation benefit under a pension scheme associated with the employment which he has lost—

- (a) any instalment of such compensation which is payable in respect of any period shall be reduced by the amount of the instalment of such superannuation benefit which is payable in respect of the same period; and

(a) 1965. c. 19 (N.I.).

(b) any such compensation which is payable as a lump sum shall be reduced by the amount of any lump sum superannuation benefit.

(5) For the purposes of paragraph (4) no account shall be taken of any sum payable in consequence of the surrender by any person of part of his superannuation benefit under any provision in that behalf in the relevant pension scheme with a view to obtaining or increasing allowances for his widow, child or other dependant; and the person shall be deemed to have received during any period the amount of superannuation benefit which he would have received but for any such surrender.

(6) Where in any week a person is entitled to long-term compensation for loss or diminution of emoluments and is also entitled to unemployment, sickness or injury benefit under any Act relating to National Insurance, other than a benefit claimable by him in respect of a dependant, there shall be deducted from the long-term compensation payable for that week a sum equal to the amount by which the aggregate of such National Insurance benefit claimable in respect of that week and the weekly rate at which the long-term compensation would be payable but for this regulation exceeds two thirds of the weekly rate of the net emoluments of the employment which he has lost or in which the emoluments have been diminished:

Provided that this paragraph shall not apply in relation to any such sickness or injury benefit in so far as an equivalent sum is deducted from the emoluments of his current employment.

(7) In paragraph (6) the expression "weekly rate" means seven three hundred and sixty-fifths of the relevant annual rate.

Notification of change of circumstances

33. Where—

- (a) a pensionable officer after suffering loss of employment or diminution of emoluments enters any employment referred to in regulation 24 or becomes entitled to any superannuation benefit on ceasing to hold such employment, or
- (b) a person entitled to long-term compensation enters employment the remuneration whereof is payable out of public funds, or ceases to hold such employment, or receives any increase in his remuneration in such employment, or
- (c) a person entitled to retirement compensation enters employment in which the compensation is subject to reduction or suspension under regulation 32, or ceases to hold such employment, or receives any increase in his remuneration in such employment, or
- (d) a person entitled to long-term compensation starts to receive any benefit, any increase in benefit or any further benefit under any Act relating to National Insurance,

he shall forthwith inform the compensating authority in writing of that fact.

Review of awards of long-term or retirement compensation

34.—(1) The compensating authority shall, within a period of two years after the date on which any decision on a claim for long-term or retirement compensation for loss of employment (other than compensation payable under regulation 21) is notified to a claimant under regulation 36, or within such longer period as is specified by the subsequent provisions of this regulation, and at intervals of not more than six months, review their decision or, where the claim has been the subject of an appeal the decision of the tribunal, and

these regulations shall apply in relation to any such review as they apply in relation to the initial determination of the claim; and on such review, in the light of any material change in the circumstances of the case, compensation may be awarded, or compensation previously awarded may be increased, reduced or discontinued, subject to the limits set out in these regulations.

(2) The person to whom the decision relates may require the compensating authority to carry out the review mentioned in paragraph (1) at any time within the period of two years mentioned in that paragraph if he considers that there has been a change in the circumstances of his case which is material for the purposes of these regulations.

(3) The compensating authority shall carry out a review in accordance with paragraph (1), notwithstanding the expiration of the period mentioned in that paragraph, if—

- (a) the emoluments of employment or work undertaken as a result of the loss of employment had been taken into account in determining the amount of any compensation awarded, and
- (b) such employment or work has been lost or the emoluments thereof reduced otherwise than by reason of misconduct or incapacity to perform such duties as the person might reasonably have been required to perform, and
- (c) the compensating authority are satisfied that such loss or reduction is causing him hardship,

and where any decision is so reviewed, the decision shall be subject to further review in accordance with paragraph (1) as if the review carried out under this paragraph had been the initial determination of the claim.

(4) Paragraphs (1) and (2) shall apply in relation to any decision on a claim for long-term or retirement compensation in respect of diminution of emoluments as they apply in relation to any decision mentioned in the said paragraph (1):

Provided that—

- (i) where the person to whom the decision relates ceases to hold the employment in which his emoluments were diminished, a review shall be held within three months after that date, but no further review shall be held after the expiry of that period, and
- (ii) while that person continues to hold that employment there shall be no limit to the period within which a review may take place.

(5) Notwithstanding anything contained in the foregoing provisions of this regulation, the compensating authority shall review a decision (whether of the authority or the tribunal) on a claim for long-term compensation for loss of employment or diminution of emoluments after the expiration of any period within which a review is required to be made if at any time—

- (a) the person to whom the decision relates is engaged in employment (hereinafter referred to as his "current employment") the remuneration whereof is payable out of public funds and which he has undertaken subsequent to the loss or diminution, and
- (b) the aggregate of the net emoluments of his current employment, any superannuation benefit by way of annual amounts payable to him in respect of the employment which he has lost or the employment in which his emoluments have been diminished and the long-term compensation payable to him exceeds the net emoluments of the employment he has lost or, as the case may be, in which the net emoluments have been diminished.

(6) The compensating authority shall further review any decision reviewed under paragraph (5) whenever the net emoluments of the person's current employment are increased.

(7) If on any review under paragraph (5) or (6) the compensation is reduced, it shall not be reduced below the amount by which the net emoluments of the person's current employment, together with any superannuation benefit by way of annual amounts payable to him in respect of the employment which he has lost or the employment in which his emoluments have been diminished, falls short of the net emoluments of the employment which he has lost or, as the case may be, in which the emoluments have been diminished.

(8) The compensating authority shall give to a person to whom a decision relates not less than fourteen days' notice of any review of that decision to be carried out under this regulation unless the review is carried out at his request.

(9) Nothing in this regulation shall preclude the making of any adjustment of compensation required by regulation 31 or 32.

Compounding of awards

35.—(1) In a case where an annual sum which has been or might be awarded under these regulations does not exceed £39, the compensating authority may, at their discretion, compound their liability in respect thereof by paying a lump sum equivalent to the capital value of the annual sum and if any lump sum payment has been or might be awarded in addition to such annual sum under regulation 19, 20, 21 or 22, the compensating authority may likewise discharge their liability in respect thereof by an immediate payment.

(2) In any other case, if the person who has been awarded long-term or retirement compensation requests them to do so, the compensating authority may, after having regard to the state of health of that person and the other circumstances of the case, compound up to one quarter of their liability to make payments under the award (other than payments to a widow, child or other dependant under regulation 25) by the payment of an equivalent amount as a lump sum or, where any compensation has been awarded as a lump sum, by increasing that compensation to such equivalent amount; and in calculating for this purpose the liability of the authority to make such payments, account shall be taken of the annual value of lump sum payments of compensation.

(3) The making of a composition under paragraph (2) in relation to an award of long-term or retirement compensation shall not prevent the subsequent making of a composition under paragraph (1) in relation to that award, but, subject as aforesaid, not more than one composition may be made in relation to any award.

PART VII

PROCEDURE AND MISCELLANEOUS

Procedure on making claims

36.—(1) Every claim for compensation under these regulations and every request for a review of an award of long-term or retirement compensation shall be made in accordance with this regulation.

(2) Every such claim and request shall be made to the compensating authority in a form approved by the Ministry, and shall state whether any other claim for compensation has been made by the claimant under these regulations.

(3) Resettlement compensation shall be claimed separately from any other form of compensation claimable under these regulations.

(4) The compensating authority shall consider any such claim or request in accordance with the relevant provisions of these regulations and shall notify the person making the claim or request in writing of their decision—

(a) in the case of a claim for resettlement compensation, not later than one month after the receipt of the claim, and

(b) in the case of a claim for, or request for the review of an award of, compensation under part IV or V, not later than thirteen weeks after the receipt of the claim or request, and

(c) in any other case, as soon as possible after the decision;

but the decision of a compensating authority shall not be invalidated by reason of the fact that notice of the decision is given after the expiry of the period mentioned in this paragraph.

(5) Every notification of a decision by the compensating authority (whether granting or refusing compensation or reviewing an award, or otherwise affecting any compensation under these regulations) shall contain a statement—

(a) giving reasons for the decision;

(b) showing how any compensation has been calculated and, in particular, if the amount is less than the maximum which could have been awarded under these regulations, showing the factors taken into account in awarding that amount; and

(c) directing the attention of the claimant to his right under regulation 43, if he is aggrieved by the decision, to institute proceedings before a tribunal and giving him the address to which the application instituting such proceedings should be sent.

(6) No claim for compensation shall be invalid solely because it was not made within the time laid down by these regulations.

Claimant to furnish information

37.—(1) Any person claiming or receiving compensation or whose award of compensation is being reviewed shall furnish all such information as the compensating authority may at any time reasonably require; and he shall verify the same in any such manner, including the production of books or of original documents in his possession or control, as may be reasonably so required.

(2) Any such person shall, on receipt of reasonable notice, present himself for interview at any such place as the compensating authority may reasonably require; and any person who attends for interview may, if he so desires, be represented by his advisor.

Procedure on death of claimant

38.—(1) In the event of the death of a claimant or of a person who, if he had survived, could have been a claimant, a claim for compensation under these regulations may be continued or made, as the case may be, by his personal representatives.

(2) Where any such claim is continued or made as aforesaid by personal representatives, the personal representatives shall, as respects any steps to be taken or thing to be done by them in order to continue or make the claim, be deemed for the purpose of these regulations to be the person entitled to claim, but, save as aforesaid, the person in whose right they continue or make the

claim shall be deemed for the purposes of these regulations to be such person, and the relevant provisions of these regulations shall be construed accordingly:

Provided that the compensating authority may in any such case extend the period within which a claim is required to be made by regulation 6 or 12.

Calculation of service

39.—(1) For the purpose of determining the amount of any compensation payable in respect of the loss of an office to which, or of any two or more offices to which in the aggregate, a person devoted substantially the whole of his time, any previous period of part-time employment shall be treated as though it were whole-time employment for a proportionately reduced period.

(2) For the purpose of making any calculation under these regulations in respect of a person's reckonable service, all periods of such service shall be aggregated, and, except where reference is made to completed years of service, if the aggregated service includes a fraction of a year, that fraction shall, if it equals or exceeds six months, be treated as a year, and shall in any other case be disregarded.

Emoluments of part-time employments

40. In ascertaining for the purposes of these regulations whether, and how far, the remuneration of alternative employment falls short of emoluments which have been lost where those emoluments were payable in respect of two or more part-time employments, the remuneration of the alternative employment or of the aggregate of two or more such employments shall be apportioned in the proportion which the emoluments of the part-time employments bore to each other.

Temporary variation of emoluments

41. In calculating for the purposes of these regulations the amount of any emoluments lost, or the amount by which any emoluments have been diminished, and in determining the net emoluments, the accrued pension or the accrued retiring allowance of any person who has suffered such a loss or diminution, no account shall be taken of any increase in the amount of the person's emoluments which is attributable to any temporary allowance made in consequence of any provision of any such Order as is mentioned in regulation 4 and which is made otherwise than in the ordinary course of his employment.

Compensation not assignable

42. Subject to any statutory provision in that behalf, any compensation to which a person becomes entitled under these regulations shall be paid by the compensating authority and shall be payable to, or in trust for, the person who is entitled to receive it, and shall not be assignable:

Provided that, without prejudice to any other right of recovery, any compensation paid in error may be recovered by the compensating authority by deduction from any compensation payable under these regulations.

Right of appeal from decision of compensating authority

43.—(1) Every person who is aggrieved by any decision of the compensating authority with respect to a compensation question or by any failure on the part of the compensating authority to notify him of any such decision within the appropriate time prescribed by these regulations may within thirteen weeks of the notification to him of the decision or the expiry of the prescribed time, as the case may be, institute proceedings for the determination of the question

by a tribunal in accordance with the rules of procedure laid down in the Industrial Tribunals (Employment and Compensation) Regulations (Northern Ireland) 1965(a) and these regulations; and the tribunal shall determine the question accordingly.

(2) For the purposes of any such proceedings a person or persons may be appointed to sit with the tribunal as assessor or assessors.

(3) The compensating authority shall give effect to the decision of a tribunal subject to any modifications that may be required in consequence of any appeal from that decision on a point of law.

EXPLANATORY NOTE

(This note is not part of the Regulations, but is intended to indicate their general purport.)

1. These Regulations made under section 3 of the Local Government Act (Northern Ireland) 1966 provide for the payment of compensation to or in respect of local authority employees who suffer loss of employment or loss or diminution of emoluments which is attributable to a reorganisation of local government brought about by an Order made under section 1 of the Local Government Act (Northern Ireland) 1966.

2. Part I of the Regulations contains definitions. Part II specifies the persons to whom the Regulations apply and the grounds of entitlement to compensation.

3. The compensation payable is—

(a) resettlement compensation for loss of employment (Part III of the Regulations);

(b) long-term compensation for loss of employment or loss or diminution of emoluments (Part IV);

(c) retirement compensation for loss of employment or loss or diminution of emoluments (Part V);

(d) compensation to the widow, child or other dependant and personal representative of a claimant who was a pensionable officer (Part V).

4. Resettlement compensation is payable for a period not exceeding 26 weeks to officers with at least 3 years' service in local government and other relevant employments. The qualifying conditions and factors to be considered are set

(a) S.R. & O. (N.I.) 1965, No. 267.

out in Regulations 6, 8, 9 and 10. The method of calculating the amount of compensation is contained in Regulation 7.

5. Long-term and retirement compensation are payable to officers with at least 8 years' service in local government and other relevant employments. The qualifying and other conditions are set out in Regulations 12 and 13.

6. The method of calculating the maximum amount of long-term compensation is laid down in Regulation 14 (loss of emoluments) and 15 (diminution of emoluments). It is a proportion, not exceeding two thirds, of the net emoluments lost or of the amount by which emoluments have been diminished, as the case may be. This compensation is payable from a date determined under Regulation 16 and can be payable up to normal retiring age.

7. Retirement compensation for loss of employment payable to a pensionable officer is based upon his accrued pension rights (Regulation 19), supplemented in the case of persons aged 40 or over at the date of loss by the addition of notional years of service (Regulation 18). Retirement compensation for diminution of emoluments is an appropriate proportion of that for loss of employment (Regulation 22). In the case of a non-pensionable officer compensation not exceeding one half of the rate of long-term compensation may be paid (Regulation 28) and special provision is made for any persons whose pension arrangements are by way of policies of insurance (Regulation 29). Retirement compensation is ordinarily payable from normal retiring age but in certain circumstances may be put into payment earlier (Regulations 20 and 21).

8. Compensation is payable to the widow, child or other dependant and the personal representative of a claimant who dies where such persons would have benefited under the relevant pension scheme (Regulations 25 to 27).

9. Part VI of the Regulations provides for long-term and retirement compensation to be reviewed and for awards to be varied in the light of changes in circumstances (Regulation 34). It also contains provisions for the adjustment, suspension and compounding of compensation in certain circumstances.

10. Part VII contains provisions relating to the procedure for making claims and notifying decisions and to appeals by claimants who are aggrieved by a decision or the failure of a compensating authority to notify their decision. Appeals lie to a tribunal appointed by the Ministry of Health and Social Services.
