## PART IV

## INTERPRETATION OF SCHEDULE

16.—(1) For the purposes of this Schedule, unless the context otherwise requires—

- (a) "provision" means any amount written off or retained by way of providing for depreciation, renewals or diminution in value of assets or retained by way of providing for any known liability of which the amount cannot be determined with substantial accuracy;
- (b) "reserve" does not include any amount written off or retained by way of providing for depreciation, renewals or diminution in value of assets or retained by way of providing for any known liability or any sum set aside for the purpose of its being used to prevent undue fluctuations in charges for taxation;

and in this paragraph "liability" includes all liabilities in respect of expenditure contracted for and all disputed or contingent liabilities.

(2) Where—

- (a) any amount written off or retained by way of providing for depreciation, renewals or diminution in value of assets; or
- (b) any amount retained by way of providing for any known liability;

is in excess of that which in the opinion of the members of the committee of management is reasonably necessary for the purpose, the excess shall be treated for the purposes of this Schedule as a reserve and not as a provision.

17. For the purposes aforesaid, "quoted investment" means an investment as respects which there has been granted a quotation or permission to deal on a stock exchange recognised for the purposes of the Prevention of Fraud (Investments) Act (Northern Ireland) 1940(c) or the Prevention of Fraud (Investments) Act 1958(d), or any stock exchange of repute outside the United Kingdom, and "unquoted investment" shall be construed accordingly.

18. For the purposes aforesaid, "subsidiaries" means subsidiaries which are to be dealt with in the group accounts, and "year of account" in relation to a subsidiary means, where the year of account of the subsidiary does not coincide with that of the society, the year of account of the subsidiary ending with or last before the year of account of the society.

19. For the purposes of paragraph 12, "expenses" includes any sum paid by way of expenses allowance and the estimated money value of any other benefits received by members of the committee of management other than in cash in so far as those sums are benefits and charged to United Kingdom income tax.
