

1971. No. 229

[C]

POISONS

REGULATIONS, DATED 26TH JULY 1971, MADE BY THE MINISTER OF HOME AFFAIRS UNDER SECTION 32 OF THE MEDICINES, PHARMACY AND POISONS ACT (NORTHERN IRELAND) 1945(a).

ARRANGEMENT OF REGULATIONS

1. Citation, commencement and revocation.
2. Interpretation.
3. Metric system and imperial system.

APPLICATION AND RELAXATION OF PART III OF THE ACT

4. Restriction of sales from retail business premises.
5. Extension of labelling provisions and relaxation with respect to poisons in the Second Schedule and consignments to Great Britain.
6. Limitation of section 27(2) to certain substances.
7. Extension of section 27(2) to sales wholesale, etc., and relaxation of the said subsection.
8. Relaxation of section 28(3) in the case of certain medicines.
9. General exemption of section 28 transactions.
10. Exemption from the provisions applying solely to the First Schedule.
11. Complete exemption for articles and substances in the Third Schedule.

ADDITIONAL RESTRICTIONS ON THE SALE OF POISONS

12. Additional restriction of sale of poisons in the Fourth Schedule.
13. Additional restriction of sales by authorised sellers of poisons.
14. Restriction of sales by registered sellers of Part II poisons.
15. Requirement as to colouring in certain cases.
- 15A. Restriction of sales of Part I poisons to shopkeepers.
16. Restriction of sale of strychnine and certain other substances.

SUPPLEMENTARY PROVISIONS WITH RESPECT TO LABELLING AND CONTAINERS

17. Manner of labelling containers.
18. Labelling of name of poison.
19. Labelling of particulars as to proportion of the poison.
20. Indication of character of the poison.
21. Special cautions in the case of certain articles.
22. Name of seller and address of premises.
23. Form of containers.

STORAGE AND TRANSPORT

24. Storage of poisons.
25. Transport of poisons.
26. Special provisions with respect to the transport of poisons in the Eighth Schedule.

SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS

27. Supply of medicines to out-patients from certain hospitals.
28. Supply of medicines for use in hospitals, etc.
29. Storage of poisons in institutions.

SALE OF POISONS INCLUDED IN PART II OF THE POISONS SCHEDULE
BY REGISTERED SELLERS

30. Form of application to a local authority for registration (Ninth Schedule).
31. Fees to be paid by registered sellers.
32. Form of register (Tenth Schedule).

MISCELLANEOUS

33. Manufacture of pharmaceutical preparations.
34. Certificates of persons to whom poisons may be sold (Eleventh Schedule).
35. Form of record of sales (Twelfth Schedule).
36. Preservation of records.

SCHEDULES

First Schedule

Substances falling within the Poisons Schedule to which special restrictions apply.

Second Schedule

Poisons exempted from labelling provisions when sold or supplied in certain circumstances.

Third Schedule

Articles exempted from the provisions of the Act and of these Regulations.

Fourth Schedule

Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist or registered veterinary surgeon or registered veterinary practitioner or on the order of a certified midwife in accordance with the directions laid down.

Fifth Schedule

PART A Form to which the substances specified are restricted when sold by listed sellers of Part II poisons.

PART B Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business.

Sixth Schedule

Statement of particulars as to proportions of the poison in certain cases.

Seventh Schedule

Indication of character prescribed for the purpose of section 27(1)(d)(iii) of the Act.

Eighth Schedule

Poisons required to be specially labelled for transport.

Ninth Schedule

Form of application in pursuance of section 30 of the Act.

Tenth Schedule

Form of register to be kept by local authorities in pursuance of section 30 of the Act.

Eleventh Schedule

Certificate required for the purchase of a Poison.

Twelfth Schedule

Form of entry required to be made in the book to be kept by sellers of Poisons in accordance with section 27(2)(b) of the Act.

Thirteenth Schedule

Restriction of sale and supply of strychnine and certain other substances.

Fourteenth Schedule

Substances in which poison is exempted by Regulation 6 from section 27(2) of the Act.

Fifteenth Schedule

Poisons required to be coloured in certain cases.

Sixteenth Schedule

Substances which may be sold by licensed hatcheries and the purpose for which they may be sold.

I, the Right Honourable Brian Faulkner, D.L., Minister of Home Affairs for Northern Ireland, in exercise of the powers vested in me by sections thirty and thirty-two of the Medicines, Pharmacy and Poisons Act (Northern Ireland) 1945 do hereby make the following Regulations:—

Citation, commencement and revocation

1.—(1) These Regulations may be cited as the Poisons Regulations (Northern Ireland) 1971.

(2) These Regulations shall come into operation on 1st September 1971.

(3) The Poisons Regulations (Northern Ireland) 1969(b) are hereby revoked.

Interpretation

2.—(1) In these Regulations, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“the Act” means the Medicines, Pharmacy and Poisons Act (Northern Ireland) 1945;

“animal” includes poultry;

“antimonial poisons” means chlorides of antimony, antimonates, antimonites and organic compounds of antimony;

“arsenical poisons” means halides of arsenic, oxides of arsenic, sulphides of arsenic, arsenates, arsenites, copper acetoarsenites, sodium thioarsenates, and organic compounds of arsenic;

“food” includes a beverage;

“medicine for the internal treatment of human ailments” includes any medicine to be administered by hypodermic injection but does not include any mouth-wash, eye-drops, eye-lotion, ear-drops, douche or similar article;

“registered seller” means a person entitled, subject to the provisions of the Act and of these Regulations, to sell poisons included in Part II of the Poisons Schedule by virtue of being registered by a local authority in pursuance of section 30 of the Act;

“sale exempted by section 29 of the Act” means a sale made in such circumstances as to be entitled, except as provided by these Regulations, to exemption under section 29 of the Act from the foregoing provisions of Part III of the Act;

“transaction exempted by section 28 of the Act” means the supply of a medicine in such circumstances as to be entitled to exemption under section 28 of the Act from the provisions of section 27 of the Act.

(2) Any reference in the Schedules to these Regulations to the percentage of a poison contained in any substance or preparation shall, unless otherwise expressly provided, be construed in the following manner, that is to say, a reference to a substance or preparation containing one per cent. of any poison means—

- (a) in the case of a solid, that one gramme of the poison is contained in every hundred grammes of the substance or preparation;
- (b) in the case of a liquid, that one millilitre of the poison, or, if the poison itself is a solid, one gramme of the poison, is contained in every hundred millilitres of the substance or preparation;

and so in proportion for any greater or less percentage.

(3) Any reference in these Regulations to the British Pharmacopoeia (except in a context which specifies a particular edition thereof), the British Pharmaceutical Codex, the British National Formulary, the British Veterinary Codex, or the name published by the General Medical Council as the approved name of a poison shall be construed as a reference to the edition or publication having effect on the date on which these Regulations were made, together with any amendments made thereto before that date.

Metric system and imperial system

3.—(1) For the purposes of these Regulations a poison shall not be regarded as sold, issued or supplied otherwise than in accordance with a prescription or other order by reason only that the prescription or order specifies a quantity of the poison in terms of the imperial system and the quantity sold, issued or supplied, is the equivalent of that amount in the metric system, or by reason only that the prescription or order specifies a quantity of the poison in terms of the metric system and the quantity sold, issued or supplied is the equivalent of that amount in the imperial system.

(2) In the case of a poison which is a drug within the meaning of the Weights and Measures (Equivalents for dealings with drugs) Regulations 1970(c) the quantity of the poison in the metric system which is the equivalent of a particular quantity in the imperial system shall, for the purposes of these Regulations, be deemed to be the appropriate equivalent quantity ascertained in accordance with the provisions of those Regulations.

APPLICATION AND RELAXATION OF PART III OF THE ACT

Restriction of sales from retail business premises

4. It shall not be lawful for any person to sell poisons on any premises used for or in connection with his retail business, notwithstanding that the sale is exempted by section 29 of the Act, unless he complies with the provisions of paragraph (a) or paragraph (b), as the case may be, of section 27(1) of the Act.

Provided that the substances included in the Sixteenth Schedule may be sold by retail, for the purposes shown in that Schedule, from premises licensed under the Poultry Improvement Act (Northern Ireland) 1968(d).

Extension of labelling provisions and relaxation with respect to poisons in the Second Schedule and consignments to Great Britain

5.—(1) Subject as hereinafter provided, the provisions of section 27(1)(a) of the Act and of Regulations 17 to 22 (which provisions relate to the labelling of poisons) shall apply to sales exempted by section 29 of the Act other than sales of poisons to be exported to purchasers outside the United Kingdom) and shall also apply to the supply of poisons (otherwise than on sale) in like manner as if references in the said provisions to the sale and the seller of poisons included references to the supply and the supplier of poisons respectively.

(2) The said provisions, except the provisions of Regulation 21 and of section 27(1)(d)(iv) of the Act as modified by Regulation 22 shall not apply to the sale or supply of any of the poisons included in the Second Schedule to a person who:—

(a) carries on a business in the course of which poisons are regularly sold by way of wholesale dealing or are regularly used in the manufacture of other articles; and

(b) requires the poison for the purposes of that business;

if the outside of the package in which the poison is sold or supplied is labelled conspicuously with words indicating the dangerous properties of the poison.

(3) The provisions of section 27(1)(d)(iii) of the Act and of Regulation 20 shall not apply to sales exempted by section 29 of the Act of any of the poisons included in Part B of the Fourth Schedule.

(4) The said provisions shall not apply to the sale or supply of poisons to be consigned to purchasers in Great Britain if the poisons are labelled in accordance with the corresponding provisions of the law in force in Great Britain relating to the labelling of poisons.

Limitation of section 27(2) to certain substances

6. The provisions of section 27(2) of the Act (which makes provisions as to persons to whom poisons may be sold and to the keeping of records of sales) shall apply with respect to all substances included in the First Schedule whether or not the poison sold is a poison included in Part I of the Poisons Schedule, and shall not apply with respect to any other substance:

Provided that—

(1) paragraph (a) of the said section 27(2) of the Act shall, in its application to sales by persons registered to sell Part III poisons, be deemed to be satisfied if the person to whom the poison is sold is known by the person in charge of the premises on which the poison is sold or of the department of the business in which the sale is effected to be a person to whom the poison may properly be sold; and

- (2) the provisions of the said section 27(2) of the Act shall not apply, so far as the poison specified in the first column of the Fourteenth Schedule is concerned, to sales of substances specified in the second column of that Schedule.

Extension of section 27(2) to sales wholesale, etc., and relaxation of the said subsection

7.—(1) The provisions of section 27(2) as modified by Regulation 6 shall apply to sales exempted by section 29 of the Act, except sales of poisons to be exported to purchasers outside the United Kingdom; and shall also apply to the supply in the form of a commercial sample, otherwise than on sale, of any substance included in the First Schedule in like manner as if references in the said provisions to the sale and seller of poisons respectively included references to the supply and the supplier of poisons in the form of commercial samples:

Provided that the said provisions shall not apply to the sale or supply of any article by the manufacturer thereof or by a person carrying on a business in the course of which poisons are regularly sold by way of wholesale dealing if:—

- (a) the article is sold or supplied to a person carrying on a business in the course of which poisons are regularly sold or are regularly used in the manufacture of other articles, and
- (b) the seller or supplier is reasonably satisfied that the purchaser requires the articles for the purpose of that business.

(2) Paragraph (a) of the said section 27(2) shall, in its application to sales exempted by section 29 of the Act and to the supply in the form of commercial samples of substances included in the First Schedule, be deemed to be satisfied if the person to whom the poison or sample is sold or supplied is known by the person in charge of the department of the business through which the sale or supply is effected to be a person to whom the poison or sample may properly be sold or supplied.

(3) So much of paragraph (b) of the said section 27(2) as requires an entry in a book to be signed by the purchaser of a poison shall not, as respects the sale of a poison to a person for the purpose of his trade, business or profession, apply if the following requirements are satisfied:—

- (a) the seller must obtain before the completion of the sale an order in writing signed by the purchaser stating his name and address, trade, business or profession, and the following particulars in regard to the article to be purchased, that is to say, the name, the purpose for which it is required and the total quantity to be purchased, or, in the case of an article packed in ampoules, either the said total quantity or the total quantity intended to be administered or injected;
- (b) the seller must be reasonably satisfied that the signature is that of the person purporting to have signed the order, and that that person carries on the trade, business or profession stated in the order, being one in which the poison to be purchased is used;
- (c) the seller must insert in the entry prescribed by Regulation 35 the words "signed order" and a reference number by which the order can be identified:

Provided that where a person represents that he urgently requires a poison for the purpose of his trade, business or profession, the seller may, if he is reasonably satisfied that the person so requires the poison and is by reason of some emergency unable before delivery either to furnish to the seller an order in writing duly signed or to attend and sign the entry in the book, deliver the poison to the purchaser on an undertaking by the purchaser to furnish such an order within the twenty-four hours next following.

If any purchaser by whom any such undertaking has been given fails to deliver to the seller a signed order in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Regulation.

(4) Where the seller of a poison is reasonably satisfied that the poison is required for the purpose of medical, dental or veterinary treatment, there shall not apply:—

- (a) in the case of a sale to a hospital, infirmary, dispensary or clinic, such of the provisions of this Regulation as require the purchaser to state his trade, business or profession and the seller to be satisfied with respect thereto;
- (b) in the case of a sale of the poison not being a poison to which the Dangerous Drugs Act 1965(e) applies to a duly qualified medical practitioner, registered dentist or registered veterinary surgeon or registered veterinary practitioner or to a hospital, infirmary, dispensary or clinic, such of the provisions of this Regulation as require the purchaser to state the purpose for which the poison is required.

Relaxation of section 28(3) in the case of certain medicines

8. The requirements mentioned in section 28(3) of the Act (which require particulars of medicines supplied or dispensed under that section to be entered in a book) need not be satisfied in the case of:—

- (a) any medicine, not being a substance included in the First Schedule, which is supplied by:—
 - (i) a duly qualified medical practitioner for the purposes of medical treatment, or
 - (ii) an authorised seller of poisons on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist; or
- (b) any medicine, notwithstanding that it is a substance included in the First Schedule, which is supplied on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist upon a form issued by a local authority (whether a local authority as defined in the Act or not) for use in connection with a health service of that authority, provided that the following requirements are complied with:—
 - (i) the prescription or a true copy thereof must be kept upon the premises upon which the medicine was dispensed for a period of at least two years in such a manner as to be readily available for inspection; and
 - (ii) the prescription or copy must bear on it particulars of the date of dispensing the ingredients and quantity of the medicine supplied and the name of the person by whom, the name and address of the person to whom, and the date on which the prescription was given; or
- (c) any medicine, notwithstanding that it is a substance included in the First Schedule, which is supplied on and in accordance with a prescription given by a registered dentist under and in accordance with the National Health Service Act 1946(f), the National Health Service (Scotland) Act 1947(g), the Health Services Act (Northern Ireland) 1948(h) or the National Health Service (Isle of Man) Act 1948.

(e) 1965, c. 15.

(f) 9 & 10 Geo. 6. c. 81.

(g) 10 & 11 Geo. 6. c. 27.

(h) 1948, c. 3.

General exemption of section 28 transactions

9. Nothing in these Regulations shall apply, except as expressly provided therein, to transactions exempted by section 28 of the Act.

Exemption from the provisions applying solely to the First Schedule

10. Such of the provisions of these Regulations, and of Part III of the Act as modified by these Regulations, as apply solely with respect to the substances included in the First Schedule, shall not apply with respect to:—

- (a) machine-spread plasters; or
- (b) surgical dressings; or
- (c) articles containing barium carbonate or zinc phosphide and prepared for the destruction of rats or mice; or
- (d) corn paints in which the only poison is a poison included in the Poisons Schedule under the heading of "Cannabis".

Complete exemption for articles and substances in the Third Schedule

11. Nothing in Part III of the Act or these Regulations shall apply:—

- (a) with respect to any article included in Group I of the Third Schedule, or
- (b) so far as any poison specified in the first column of Group II of that Schedule is concerned, with respect to any of the articles or substances specified in the second column opposite the description of the poison.

ADDITIONAL RESTRICTIONS ON THE SALE OF POISONS

Additional restrictions of sale of poisons in Fourth Schedule

12.—(1) It shall not be lawful to sell any poison included in the Fourth Schedule except on and in accordance with a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner or, so far as the poisons specified in Part C of the Fourth Schedule are concerned, also on the order of a certified midwife in the form prescribed:

Provided that where an authorised seller of poisons is reasonably satisfied that a person ordering any such poison is a duly qualified medical practitioner who is by reason of some emergency unable to furnish such a prescription immediately, he may, notwithstanding that no such prescription has been given, if the said person undertakes to furnish him within twenty-four hours next following with such a prescription, deliver the poison ordered in accordance with the directions of the said person, so, however, that notwithstanding anything in any such directions, the supply shall not be repeated unless such a prescription has been given.

If any person by whom any such undertaking has been given fails to deliver to the seller a prescription in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso, makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Regulation.

(2) This Regulation shall apply to the sale of any such poison, notwithstanding that it is a transaction exempted by section 28 of the Act but, except as provided in paragraph (2A), shall not apply to any sale exempted by section 29 of the Act.

(2A) This Regulation shall apply to the sale of any of the following poisons—

Androgenic, oestrogenic and progestational substances the following:—

Benzoestrol

Derivatives of stilbene, dibenzyl or naphthalene, with oestrogenic activity, their esters

Steroid compounds with androgenic or oestrogenic or progestational activity, their esters.

to such a person as is referred to in section 29(5)(a)(i) of the Act.

(3) For the purpose of this Regulation a prescription shall:—

(a) in the case of a poison included in Part A or Part B of the Fourth Schedule:—

- (i) be in writing and be signed by the person giving it with his usual signature and be dated by him;
- (ii) when the medicine is packed otherwise than in ampoules, indicate, except in the case of a preparation contained in the British National Formulary, the total amount to be supplied;
- (iii) when the medicine is packed in ampoules, indicate, except in the case of a preparation contained in the British National Formulary, either the total amount to be supplied or the total amount intended to be administered or injected; and

(b) in the case of any poison included in Part A of the Fourth Schedule shall:—

- (i) except in the case of a health prescription, specify the address of the person giving it;
- (ii) specify the name and address of the person for whose treatment it is given or, if the prescription is given by a veterinary surgeon or practitioner, of the person to whom the medicine is to be delivered;
- (iii) have written thereon, if given by a dentist, the words "For dental treatment only" or, if given by a veterinary surgeon or practitioner, the words "For animal treatment only";
- (iv) when the medicine is packed otherwise than in ampoules, indicate, except in the case of a preparation which is to be used for external treatment only, the dose to be taken;
- (v) when the medicine is packed in ampoules, indicate in any case, the amount intended to be administered or injected in each dose.

(4) The person dispensing the prescription shall comply with the following requirements:—

- (a) the prescription must not be dispensed more than once, unless the prescriber has directed thereon that it may be dispensed a stated number of times or that it may be dispensed at stated intervals;
- (b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals, it must not be dispensed otherwise than in accordance with the direction;
- (c) a prescription which contains a direction that it may be dispensed a stated number of times but no direction as to intervals at which it may be dispensed shall not be dispensed more often than once in three days, and a prescription which contains a direction that it is to be dispensed at stated intervals but no direction as to the number of times that it may be dispensed shall not be dispensed more often than three times;

- (d) at the time of dispensing, or, where a poison has been delivered under the proviso to paragraph (1) on the subsequent receipt of the prescription, there must be noted on the prescription above the signature of the prescriber the name and address of the seller, and the date on which the prescription is dispensed, or, as the case may be, the poison was delivered;
- (e) except in the case of a health prescription or a prescription which may be dispensed again, the prescription must, for a period of two years, be retained and kept on the premises on which it was dispensed in such manner as to be readily available for inspection.
- (5) (a) For the purpose of this Regulation—an order of a certified midwife shall:—
- (i) be in writing and be signed by the person giving it with her usual signature and be dated by her;
 - (ii) specify the address of the person giving it;
 - (iii) indicate the total amount of the poison to be supplied.
- (b) The person supplying the order of a certified midwife shall comply with the following requirements:—
- (i) the order must not be supplied more than once,
 - (ii) at the time of supply there must be noted on the order the name and address of the seller and the date on which it was supplied;
 - (iii) the order must for a period of two years be retained and kept on the premises on which it was supplied and in such manner as to be readily available for inspection.

(6) In this Regulation “health prescription” means a prescription given by a duly qualified medical practitioner or registered dentist under and in accordance with the National Health Service Act 1946, the National Health Service (Scotland) Act 1947, the National Health Service (Isle of Man) Act 1948 or the Health Services Act (Northern Ireland) 1948 or given by a duly qualified medical practitioner upon a form issued by a local authority (whether a local authority as defined in the Act or not) for use in connection with a health service of that authority.

Additional restriction of sales by authorised sellers of poisons

13. It shall not be lawful for any authorised seller of poisons to sell any substance included in the First Schedule, notwithstanding that the substance is a poison included in Part II of the Poisons Schedule, unless the sale is effected by, or under the supervision of, a registered person.

Restriction of sales by registered sellers of Part II poisons

14.—(1) No person shall be entitled by virtue of being a registered seller of Part II poisons to sell:—

- (a) any poison, other than ammonia, except in a closed container as closed by the manufacturer or other person from whom the poison was obtained;
- (b) any substance included in the First Schedule unless the sale is effected by himself or a responsible deputy.

In this paragraph the expression “responsible deputy” means a person nominated as a deputy on the seller’s form of application, as hereinafter prescribed, for entry as a registered seller of Part II poisons, or any person substituted, by notice in writing to the local authority, for a person so nominated, and not more than two deputies shall be nominated at the same time in respect of one set of premises.

(2) No person shall be entitled by virtue of being a registered seller of Part II poisons to sell:—

- (a) any poison included in the first column of Part A of the Fifth Schedule unless the article or substance sold is one of the articles or substances specified against the description of the poison in the second column of that Schedule, and the container of the substance is, in addition to any other direction of the Act or of these Regulations with respect to labelling, labelled clearly with a notice of the special purpose for which the article or substance is intended, and a warning that it is only to be used for that purpose;
- (b) any poison included in Part B of the Fifth Schedule unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture and requires the poison for the purpose of that trade or business.

Requirement as to colouring in certain cases (Fifteenth Schedule)

15. It shall not be lawful to sell any poison included in the Fifteenth Schedule which is intended for use as a weed-killer or in the prevention or treatment of infestation by animals, plants or other living organisms unless there has been added to the poison a dye or other substance which, in the case of a poison included in that Schedule as a poison in solution renders it of a distinctive colour or, in the case of any other poison, renders it of a distinctive colour whether dry or wet or in solution:

Provided that this Regulation shall not apply in the case of:—

- (a) poisons which are themselves of a distinctive colour;
- (b) sheep dips which are already of a distinctive colour; or
- (c) articles to be exported to purchasers outside the United Kingdom.

Restriction of sales of Part I poisons to shopkeepers

15A. It shall not be lawful to sell by way of wholesale dealing any poison included in Part I of the Poisons Schedule to a person carrying on a business of shopkeeping unless the seller—

- (a) has reasonable grounds for believing that the purchaser is an authorised seller of poisons; or
- (b) has received a statement signed by the purchaser or by a person authorised by him on his behalf to the effect that the purchaser does not intend to sell the poison on any premises used for or in connection with his retail business.

Restriction of sale of strychnine and certain other substances

16.—(1) Except in the cases mentioned in paragraphs 1, 2, 3 and 4 of Part I of Schedule 13, it shall not be lawful to sell or supply strychnine.

(2) Except in the cases mentioned in paragraphs 1, 2 and 5 of the said Part I, it shall not be lawful to sell or supply monofluoroacetic acid, any salt thereof, fluoroacetamide or fluoroacetanilide.

(3) Except in the cases mentioned in paragraphs 1, 2, 3 and 6 of the said Part I, it shall not be lawful to sell or supply sodium arsenites or potassium arsenites.

(4) Except in the cases mentioned in paragraphs 1 and 7 of the said Part I, it shall not be lawful to sell or supply lysergide, or its salts, mescaline or its salts, other derivatives of phenethylamine formed by substitution in the aromatic ring or their salts or psilocybin.

(5) Except in the cases mentioned in paragraphs 1, 2 and 8 of the said Part I, it shall not be lawful to sell or supply embutramide or mebezonium iodide.

(6) Except in the cases mentioned in paragraphs 1, 2 and 9 of the said Part I, it shall not be lawful to sell or supply fluanisone.

(7) Except in the cases mentioned in paragraphs 1, 2 and 10 of the said Part I, it shall not be lawful to sell or supply zinc phosphide.

(8) Any authority or certificate issued for the purposes of paragraph 4 or 5 of the said Part I shall be retained by the seller of the poison to which the authority or certificate relates.

SUPPLEMENTARY PROVISIONS WITH RESPECT TO LABELLING AND CONTAINERS

Manner of labelling containers

17.—(1) Subject to the provisions of these Regulations particulars with which the container of a poison is required to be labelled under section 27(1)(d) of the Act and under these Regulations must appear in a conspicuous position on the container in which the poison is sold and on every box or other covering of whatever nature enclosing the container, and the particulars must be clearly and distinctly set out and not in any way obscured or obliterated.

(2) Where the poison is contained in an ampoule, cachet or similar article, it shall not be necessary to label the article itself if every box, or other covering in which the article is enclosed, is duly labelled.

(3) Nothing in the said section 27(1)(d) or in Regulations 17 to 22 shall require the labelling of any transparent cover or any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

Labelling of name of poison

18.—(1) Subject as hereinafter provided, for the purposes of section 27(1)(d) of the Act and of Regulation 27(3)(a), the name of a poison shall be:—

(a) where the term under which a poison is included in the Poisons Schedule describes the poison specifically:—

(i) the said term; or

(ii) the name published by the General Medical Council as the approved name of the poison; or

(iii) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex, or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph;

(b) where the said term describes a group of poisons and not the poison specifically:—

(i) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex, or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the end of the monograph; and

(ii) in any other case, the accepted scientific name, the name descriptive of the true nature and origin of the poison, or the name published by the General Medical Council as the approved name of the poison.

- (2) For the purposes aforesaid it shall, in the case of
- (a) a substance which is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex, or the British Veterinary Codex, or any dilution, concentration or admixture of such a substance;
 - (b) a preparation contained in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary, or the British Veterinary Codex, or any dilution, concentration or admixture of such a preparation; or
 - (c) a surgical dressing for which a standard is prescribed in the British Pharmaceutical Codex,

be sufficient, notwithstanding anything in paragraph (1), to state the name, synonym or abbreviated name used to describe the substance, preparation or surgical dressing in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary, or the British Veterinary Codex, with the addition of the letters "B.P.", "B.P.C.", "B.N.F.", or "B.Vet.C.", as the case may be.

(3) For the purposes aforesaid it shall, in the case of a preparation containing a poison specified in the first column of the Sixth Schedule, be sufficient, notwithstanding anything in paragraph (1), to state the name of the poison or substances mentioned in the second column of that Schedule in respect of which the proportion of the poison to the total ingredients of the preparation is in accordance with the provisions of Regulation 19(2) expressed.

(4) For the purposes aforesaid it shall, in the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons Schedule, be sufficient notwithstanding anything in paragraph (1) to state the name of strychnine or morphine, as the case may be, or one of the names or abbreviated names of strychnine or morphine, as the case may be, set out at the head of the monographs in the British Pharmacopoeia, the British Pharmaceutical Codex, or the British Veterinary Codex.

Labelling of particulars as to proportion of the poison

19.—(1) For the purposes of section 27(1)(d)(ii) of the Act (which requires preparations containing poisons to be labelled with the prescribed particulars as to the proportion of poison therein) the label of the container of any preparation containing a poison as one of the ingredients shall, subject as hereinafter provided, include a statement of the proportion which the poison bears to the total ingredients of the preparation.

(2) In the case of a preparation containing a poison specified in the first column of the Sixth Schedule, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(3) In the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons Schedule, it shall be sufficient so far as those alkaloids are concerned to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(4) In the case of a substance, preparation or surgical dressing which is named in accordance with paragraph (2) of Regulation 18, it shall not be necessary to state on the label the proportion of the poison contained in the substance, preparation or surgical dressing and, in the case of any dilution, concentration or admixture of such a substance or preparation, it shall be sufficient to state the proportion which the substance or preparation bears to the total ingredients of the dilution, concentration or admixture.

(5) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules, it shall be sufficient to state on the label of the box or other covering in which the articles are enclosed the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in the last foregoing paragraph, the amount of the preparation contained in each article.

(6) Where any proportion is stated as a percentage, the statement shall indicate whether the percentage is calculated on the basis of weight in weight, weight in volume, or volume in volume.

Indication of character of the poison

20.—(1) In pursuance of section 27(1)(d)(iii) of the Act (which requires the containers of poisons to be labelled with the word “Poison” or other prescribed indication of character) the container of any article specified in the Seventh Schedule shall instead of being labelled with the word “Poison” be labelled with the words specified in the said schedule as applicable to that article.

(2) The said words specified as aforesaid or the word “Poison”, as the case may be, must not be modified in meaning by the addition of any other words or marks, and:—

- (a) in the case of a substance included in the First Schedule, must either be in red lettering or be set against a red background; and
- (b) in all cases must either be on a separate label or be surrounded by a line within which there must be no other words except words with which the container of the poison is required to be labelled under the Act or these Regulations.

Special cautions in the case of certain articles

21.—(1) It shall not be lawful to sell or supply any poison:—

- (a) in the case of a liquid other than a medicine, contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, unless the bottle is labelled with the words “Not to be taken”;
- (b) in the case of an embrocation, liniment, lotion, liquid antiseptic or other liquid medicine for external application, unless the container is labelled with the name of the article and the words “For external use only”.

(2) It shall not be lawful to sell or supply any compressed hydrocyanic acid, unless the container is labelled with the words “Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use”.

(3) This Regulations shall be in addition to the other requirements of the Act and of these Regulations with respect to labelling and shall apply to transactions exempted by section 28 of the Act, but shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom.

Name of seller and address of premises

22.—(1) The provisions of section 27(1)(d)(iv) of the Act (which requires the container of a poison to be labelled with the name of the seller and the address of the premises on which it was sold) shall not apply in the case of an article sold for the purpose of being sold again in the same container.

(2) The requirements of section 27(1)(d)(iv) shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depot, if the container of the poison is labelled with the address of the supplier's principal place of business or, in the case of a limited company, of the registered office of the company.

(3) Where any poison is sold in a container and outer covering, being the container and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(4) Where the names of more than one person or more than one address appear on any label, there must also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

Forms of containers

23.—(1) It shall not be lawful to sell, whether wholesale or retail, or supply any poison unless:—

- (a) it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport; and
- (b) in the case of a liquid contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, not being—
 - (i) a medicine made up ready for the internal treatment of human or animal ailments, or
 - (ii) a local anaesthetic for injection in the treatment of human or animal ailments, or
 - (iii) a sterile ophthalmic solution in a single dose sterile bottle enclosed in a sealed container,

the outer surface of the bottle is fluted vertically with ribs or grooves recognisable by touch.

(2) Sub-paragraph (a) of paragraph (1) shall apply to transactions exempted by section 28 of the Act, and sub-paragraph (b) shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom or the sale or supply of poisons to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education, research or analysis.

STORAGE AND TRANSPORT

Storage of poisons

24.—(1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling.

(2) It shall not be lawful to store any substance included in the First Schedule in any retail shop or premises used in connection therewith unless the substance is stored:—

- (a) in a cupboard or drawer reserved solely for the storage of poisons; or
- (b) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access; or
- (c) on a shelf reserved solely for the storage of poisons and:—
 - (i) no food is kept directly under the shelf; and
 - (ii) the container of the substance is distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises:

Provided that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substance on any shelf or in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

Transport of poisons

25. It shall not be lawful to consign any poison for transport unless it is sufficiently stoutly packed to avoid leakage arising from the ordinary risks of handling and transport.

Special provisions with respect to the transport of poisons in the Eighth Schedule

26.—(1) It shall not be lawful to consign for transport by carrier any poison included in the Eighth Schedule unless the outside of the package containing the article is labelled conspicuously with the name or description of the poison as set forth in that Schedule and a notice indicating that it is to be kept separate from food and from empty containers in which food has been contained.

(2) It shall not be lawful for any person knowingly to transport any such poison as aforesaid, either on his own behalf or for another person, in any vehicle in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the poison, or is otherwise adequately protected from the risk of contamination.

(3) This Regulation shall not apply with respect to medicines.

SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS

Supply of medicines to out-patients from certain hospitals, etc.

27.—(1) The provisions of Part III of the Act and of these Regulations, except the provisions of Regulation 21, shall not apply with respect to—

- (a) any medicine for the treatment of human ailments dispensed from a hospital, infirmary or dispensary maintained by any public authority, or out of public funds, or by a charity;
- (b) any medicines for the treatment of animals supplied from a veterinary hospital which is under the superintendence of a registered veterinary surgeon or a registered veterinary practitioner;

if the requirements contained in the following provisions of this Regulation are satisfied in relation thereto.

(2) The medicine must not be supplied except by, or on and in accordance with a prescription of a duly qualified medical practitioner for the purposes of medical treatment, or a registered dentist for the purposes of dental treatment, or a registered veterinary surgeon or a registered veterinary practitioner for the purposes of animal treatment.

(3) In a case where a substance included in the First Schedule is supplied, a record must be kept on the premises in such a way that there can readily be traced at any time during a period of two years after the date on which the substance was supplied the following particulars;—

- (a) the name and quantity of the poison supplied; and
- (b) the date on which the poison was supplied; and
- (c) the name and address of the person to whom the poison was supplied; and

- (d) the name of the person who supplied the poison or who gave the prescription upon which it was supplied:

Provided that this paragraph shall not apply to a medicine supplied on and in accordance with a prescription given by a duly qualified medical practitioner or registered dentist under and in accordance with the Health Services Act (Northern Ireland) 1948.

- (4) The container of the medicine must be labelled:—

- (a) with a designation and address sufficient to identify the hospital, infirmary, dispensary or institution from which it was supplied;
- (b) except in the case of a medicine made up ready for treatment, with the word "Poison";
- (c) in the case of a poison supplied from a veterinary hospital, with the words "For animal treatment only";

and in the case of a medicine to which Regulation 21 applies the requirements of that Regulation shall be satisfied in addition to the requirements aforesaid.

Supply of medicines for use in hospitals, etc.

28.—(1) This and the next following Regulation apply to any hospital, infirmary, dispensary, clinic, nursing home, or other institution at which human ailments are treated (hereinafter referred to as "an institution").

(2) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for that purpose, no medicine containing a poison shall be issued from that department for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this Regulation.

(3) The medicines must not be issued except upon a written order signed by a duly qualified medical practitioner, registered dentist, or by a sister or nurse in charge of a ward, theatre or other section of the institution.

Provided that in the case of emergency a medicine containing a poison may be issued, notwithstanding that no such written order is produced, on an undertaking by the person ordering the medicine to furnish such a said written order within twenty-four hours next following.

- (4) The container of the medicine must be labelled:—

- (a) with words describing its contents; and
- (b) in the case of substances included in the First Schedule, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons.

Storage of poisons in institutions

29.—(1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for the purpose, all poisons other than those issued for use within the institution must be stored in that department.

(2) In any institution to which paragraph (1) does not apply all poisons other than those issued for use within the institution must be stored:—

- (a) in charge of a person appointed for the purpose by the governing body or person in control of the institution; and

- (b) in the case of substances which are included in the First Schedule, either in a cupboard or drawer, or on a shelf, reserved solely for the storage of poisons and other dangerous substances.

In the case where a poison is stored on a shelf, the container of the poison must be rendered distinguishable by touch from the containers of articles other than poisons stored on the same premises.

(3) In every institution, every substance included in the First Schedule which is stored in the wards must be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) All places in which poisons are required by this Regulation to be stored must be inspected at regular intervals of time not exceeding three months by a pharmaceutical chemist or by some other person appointed for the purpose by the governing body or person in control of the institution.

SALE OF POISONS INCLUDED IN PART II OF THE POISONS SCHEDULE BY REGISTERED SELLERS

Form of application to a local authority for registration (Ninth Schedule)

30.—(1) Every application made to a local authority for registration in pursuance of section 30 of the Act, shall be made in the form set out in the Ninth Schedule.

(2) A person registered by a local authority shall not be entitled to sell or keep open shop for the sale of poisons, except from or on the premises specified in the form of application within the area of that authority.

Fees to be paid by registered sellers

31. The following fees shall be paid to a local authority by every person whose name is entered on the register kept by that authority:—

- (a) in respect of the entry of his name on the register, a fee of 50p;
- (b) in respect of making any alteration in the register in relation to the premises on which he is entitled to sell, a fee of 15p; and
- (c) in respect of the retention of his name on the register in any year subsequent to the year in which his name is first entered therein, a fee of 25p:

Provided that, in the case of a person whose name is entered in or retained on the list as a person entitled to sell on more than one set of premises, the fees payable shall be increased:—

- (i) in the case of the entry of his name, by the sum of 50p for each additional set of premises on which he is entitled to sell; and
- (ii) in the case of the retention of his name, by the sum of 25p for each such additional set of premises.

Form of Register (Tenth Schedule)

32. Every local authority shall keep a register in the form set out in the Tenth Schedule.

MISCELLANEOUS

Manufacture of pharmaceutical preparations

33.—(1) In all establishments in which pharmaceutical preparations containing any poison are manufactured for the purpose of the internal treatment of human ailments, the preparation must be manufactured by, or under the supervision of:—

- (a) a registered pharmaceutical chemist, chemist and druggist or druggist,
or
- (b) a person holding the degree of Bachelor of Science (Pharmaceutics),
or
- (c) a person having one of the following qualifications in chemistry,
 - (i) the Fellowship of the Royal Institute of Chemistry;
 - (ii) the Associateship of the Royal Institute of Chemistry:

Provided that this Regulation shall not apply to the manufacture by or under the supervision of a duly qualified medical practitioner of preparations containing pituitary, suprarenal or thyroid glands, the active principles of any of those glands or the salts of the active principles of thyroid gland.

(2) In all establishments in which poisons for the treatment of human ailments are sold by way of wholesale dealing and wherein the breaking of bulk, or repacking and relabelling of the poisons takes place, the department in which the poisons are stored must be in the charge of a person holding any of the qualifications set out in paragraph (1) and this person must supervise the labelling of all poisons sold or supplied.

Certificates of persons to whom poisons may be sold (Eleventh Schedule)

34.—(1) A certificate given for the purposes of section 27(2)(a) of the Act, being a certificate certifying a person to be a person to whom a poison may properly be sold, shall be in the form and shall contain the particulars set out in the Eleventh Schedule.

(2) All householders are hereby authorised to give such certificates as aforesaid:

Provided that a certificate given by a householder who is not known to the seller of the poison to be a responsible person of good character shall not be a sufficient certificate for the purposes of the said paragraph unless it is endorsed in the manner specified in the said Eleventh Schedule by a police officer in charge of a police station.

(3) On any sale of a poison upon such a certificate as aforesaid, the certificate shall be retained by the seller.

Form of record of sales (Twelfth Schedule)

35. The particulars of sales of poisons which are required by section 27(2)(b) of the Act to be entered in a book shall be entered in the form set out in the Twelfth Schedule.

Preservation of records

36. All books kept for the purposes of Part III of the Act shall be preserved on the premises on which the sales recorded therein were made for a period of two years from the date on which the last entry was made therein.

Dated this 26th day of July 1971.

Brian Faulkner,
Minister of Home Affairs.

SCHEDULES

FIRST SCHEDULE

Regulations 6, 7, 8, 10, 13, 14(1), 20(2), 24(2), 27(3), 28(3)

Substances falling within the Poisons Schedule to which special restrictions apply unless exempted by Regulation 10

Acetorphine; its salts; its esters and ethers; their salts

Acetyldihydrocodeine; its salts

Alcuronium chloride

Alkaloids, the following; their quaternary compounds; any salt, simple or complex, or any substance falling within the following:—

Aconite, alkaloids of, except substances containing less than 0.02 per cent. of the alkaloids of aconite

Atropine, except substances containing less than 0.15 per cent. of atropine or not more than one per cent. of atropine methonitrate

Belladonna, alkaloids of, except substances containing less than 0.15 per cent. of the alkaloids of belladonna, calculated as hyoscyamine

Brucine except substances containing less than 0.2 per cent. of brucine

Calabar bean, alkaloids of

Coca, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of coca

Cocaine except substances containing less than 0.1 per cent. of cocaine

Codeine; its esters and ethers; except substances containing less than 1.5 per cent. of codeine

Coniine except substances containing less than 0.1 per cent. of coniine

Cotarnine except substances containing less than 0.2 per cent. of cotarnine

Curare, alkaloids of; curare bases

Ecgonine; its esters and ethers; except substances containing less than the equivalent of 0.1 per cent. of ecgonine

Emetine except substances containing less than one per cent. of emetine

Ephedrine; its optical isomers; except when contained in liquid preparations or preparations not intended for the internal treatment of human ailments and except solid preparations containing less than ten per cent. of ephedrine or its optical isomers otherwise than in an inert diluent

Ergot, alkaloids of, whether hydrogenated or not; their homologues

Gelsemium, alkaloids of, except substances containing less than 0.1 per cent. of the alkaloids of gelsemium

Homatropine except substances containing less than 0.15 per cent. of homatropine

Hyoscine except substances containing less than 0.15 per cent. of hyoscine

Hyoscyamine except substances containing less than 0.15 per cent. of hyoscyamine

Jaborandi, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of jaborandi

Lobelia, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of lobelia

Morphine; its esters and ethers, except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine

Nicotine

Papaverine except substances containing less than one per cent. of papaverine

Pomegranate, alkaloids of, except substances containing less than 0.5 per cent. of the alkaloids of pomegranate

Quebracho, alkaloids of

Sabadilla, alkaloids of, except substances containing less than one per cent. of the alkaloids of sabadilla

Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0.15 per cent. of solanaceous alkaloids calculated as hyoscyamine

Stavesacre, alkaloids of, except substances containing less than 0.2 per cent. of the alkaloids of stavesacre

- Strychnine except substances containing less than 0.2 per cent. of strychnine
 Thebaine except substances containing less than one per cent. of thebaine
 Veratrum, alkaloids of, except substances containing less than one per cent. of the alkaloids of veratrum
 Yohimba, alkaloids of
 Allylisopropylacetylurea
 Allylprodine; its salts
 Alphameprodine; its salts
 Alphaprodine; its salts
 Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids, except substances containing less than ten per cent. of esterified amino-alcohols and except procaine when in a preparation containing any substance to which Part II of the Therapeutic Substances Act 1956(i) for the time being applies; their salts
 Anileridine; its salts
 Antimonial poisons except substances containing less than the equivalent of one per cent. of antimony trioxide
 Apiol and Oil of Parsley
 Apomorphine; its salts; except substances containing less than 0.2 per cent. of apomorphine
 Arsenical poisons except substances containing less than the equivalent of 0.01 per cent. of arsenic trioxide and except dentifrices containing less than 0.5 per cent. of acetarsol
 Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid; its salts; its derivatives; their salts, with any other substance
 Barium; salts of
 Benzethidine; its salts
 Benzoylmorphine; its salts
 Benzylmorphine; its salts
 Betameprodine; its salts
 Betaprodine; its salts
 Bezitramide; its salts
 Busulphan; its salts
 Cannabis; the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabin tannate
 Cantharidin except substances containing less than 0.01 per cent. of cantharidin
 Cantharidates except substances containing less than the equivalent of 0.01 per cent. of cantharidin
 Carbachol
 Carperidine; its salts
 Chloroform, except substances containing not more than 5 per cent. of chloroform or when in preparations not intended for the internal treatment of human ailments
 Clonitazene; its salts
 4-Cyano-2-dimethylamino-4, 4-diphenylbutane; its salts
 4-Cyano-1-methyl-4-phenylpiperidine; its salts
 Dehydroemetine; its salts
 Demecarium bromide
 Desomorphine; its salts; its esters and ethers; their salts
 Dextromethorphan; its salts; except substances containing less than 1.5 per cent. of dextromethorphan
 Dextromoramide; its salts
 Dextrophan; its salts
 Diacetylmorphine; its salts
 Diacetylnalorphine; its salts
 Diampromide; its salts
 Digitalis; glycosides and other active principles of except substances containing less than one unit of activity (as defined in the British Pharmacopœia) in two grammes of the substance
 Dihydrocodeine; its salts; its esters and ethers; their salts

- Dihydrocodeinone; its salts
 Dihydrocodeinone *O*-carboxymethyloxine; its salts; its esters; their salts
 Dihydromorphine; its salts; its esters; their salts; its ethers; their salts
 Dimenoxadole; its salts
 Dimepheptanol; its salts; its esters and ethers; their salts
 Dinitrocresols (DNOC); their compounds with a metal or a base; except winter washes containing not more than the equivalent of five per cent. of dinitrocresols
 Dinitronaphthols; dinitrophenols; dinitrothymols
 Dinosam; its compounds with a metal or a base
 Dinoseb; its compounds with a metal or a base
 Dioxaphetyl butyrate; its salts
 Diphenoxylate; its salts; except (a) pharmaceutical preparations in solid or liquid form containing not more than 2.5 milligrammes of diphenoxylate calculated as base and not less than 25 microgrammes of atropine calculated as atropine sulphate per dosage unit and containing no other substance to which any Part of the Dangerous Drugs Act 1965(j) applies and (b) liquid preparations containing 0.5 milligrammes diphenoxylate hydrochloride, 0.005 milligrammes atropine sulphate, 0.16 millilitres ethyl alcohol, 0.002 millilitres imitation cherry flavour, 0.45 millilitres glycerine, 0.4 millilitres sorbitol solution (70 per cent.), 0.01 milligrammes red dye colour index No. 14700 (F.D. 4C. Red No. 4), 0.0008 millilitres water
 Dipipanone; its salts
 Disulfiram
 Dithienylallylamines; dithienylalkylallylamines; their salts
 Dyflos
 Ecothiopate iodide
 Embutramide
 Endosulfan
 Endothal; its salts
 Endrin
 Ethylmorphine; its salts; its esters and ethers; their salts; except substances containing less than 0.2 per cent. of ethylmorphine
 Etonitazene; its salts
 Etorphine; its salts; its esters and ethers; their salts
 Etoxidine; its salts
 Fentanyl; its salts
 Fluanisone
 Fluoroacetamide; fluoroacetanilide
 Furethidine; its salts
 Gallamine; its salts; its quaternary compounds
 Guanidines, the following:—
 polymethylene diguanidines; di-*p*-anisyl-*p*-phenetylguanidine
 Hydrocyanic acid except substances containing less than 0.15 per cent. weight in weight, of hydrocyanic acid (HCN); cyanides other than ferrocyanides and ferricyanides except substances containing less than the equivalent of 0.1 per cent. weight in weight, of hydrocyanic acid (HCN)
 Hydromorphenol; its salts; its esters and ethers; their salts
 Hydromorphone; its salts; its esters; their salts; its ethers; their salts
 Hydroxycinchoninic acids; derivatives of; their salts; their esters; except substances containing less than 3 per cent. of a hydroxycinchoninic acid or a derivative thereof
 Hydroxypethidine; its salts; its esters and ethers; their salts
 Hydroxyurea
 Isomethadone (isoamidone); its salts
 Ketobemidone; its salts; its esters and ethers; their salts
 Laudexium; its salts
 Lead, compounds of, with acids from fixed oils
 Levomethorphan; its salts
 Levomoramide; its salts
 Levophenacylmorphane; its salts; its esters and ethers; their salts

- Levorphanol; its salts; its esters and ethers; their salts
 Mannomustine; its salts
 Mebezonium iodide
 Mercaptopurine; its salts; derivatives of mercaptopurine; their salts
 Mercuric chloride except substances containing less than one per cent. of mercuric chloride; mercuric iodide except substances containing less than two per cent. of mercury iodide; nitrates of mercury except substances containing less than the equivalent of three per cent., weight in weight, of mercury (Hg); potassium-mercuric iodides except substances containing less than the equivalent of one per cent. of mercuric iodide; organic compounds of mercury except substances, not being aerosols, containing less than the equivalent of 0.2 per cent., weight in weight, of mercury (Hg)
 Mescaline and other derivatives of phenethylamine formed by substitution in the aromatic ring; their salts
 Metazocine; its salts; its esters and ethers; their salts
 Methadone (amidone); its salts
 Methadyl acetate; its salts
 Methyldesorphine; its salts; its esters and ethers; their salts
 Methyldihydromorphine; its salts; its esters and ethers; their salts
 2-Methyl-3-morpholino-1, 1-diphenylpropanecarboxylic acid; its salts; its esters; their salts
 α -Methylphenethylamine, β -methylphenethylamine and α -ethylphenethylamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom), except ephedrine and its optical isomers, *N*-substituted derivatives, fenfluramine, hydroxyamphetamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item
 1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of; their salts
 Metopon; its salts; its esters and ethers; their salts
 Monofluoroacetic acid; its salts
 Morpheridine; its salts
 Mustine and any other *N*-substituted derivatives of di-(2-chloroethyl)amine; their salts
 Myrophine; its salts
 Nalorphine; its salts
 Nicocodine; its salts
m-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol
 Noracymethadol; its salts
 Norcodeine; its salts; its esters and ethers; their salts
 Norlevorphanol; its salts; its esters and ethers; their salts
 Normethadone; its salts
 Normorphine; its salts; its esters and ethers; their salts
 Norpipanone
 Nux Vomica except substances containing less than 0.2 per cent. of strychnine
 Opium except substances containing less than 0.2 per cent. of morphine calculated as anhydrous morphine
 Organo-tin compounds, the following:—
 Compounds of fentin
 Ouabain
 Oxycodone; its salts; its esters and ethers; their salts
 Oxymorphone; its salts; its esters and ethers; their salts
 Pennyroyal and its oil
 Phenacemide
 Phenadoxone; its salts
 Phenampromide; its salts
 Phenazocine; its salts; its esters and ethers; their salts
 Phencyclidine; its salts
 Phenomorphan; its salts; its esters and ethers; their salts
 Phenoperidine; its salts; its esters and ethers; their salts

2-Phenylcinchoninic acid; 2-salicylcinchoninic acid; their salts; their esters
 4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts
 Pholcodine; its salts; its esters and ethers; their salts; except substances containing
 less than 1.5 per cent. of pholcodine

Phosphorus compounds, the following:—

Amiton
 Azinphos-ethyl
 Azinphos-methyl
 Chlorfenvinphos except sheep dips containing not more than ten per cent.,
 weight in weight, of chlorfenvinphos
 Demeton-O
 Demeton-S
 Demeton-O-methyl
 Demeton-S-methyl
 Dichlorvos
 Diethyl 4-methyl-7-coumarinyl phosphorothionate
 Diethyl *p*-nitrophenyl phosphate
 Dimefox
 Disulfoton
 Ethion
 Ethyl-*p*-nitrophenyl phenylphosphonothionate
 Mazidox
 Mecarbam
 Mevinphos
 Mipafox
 Oxydemeton-methyl
 Parathion
 Phenkapton
 Phorate
 Phosphamidon
 Schradan
 Sulfotep
 TEPP (HETP)
 Thionazin
 Triphosphoric pentadimethylamide
 Vamidothion
 Picrotoxin
 Piminodine; its salts
 Pirithamide; its salts
 Polymethylenebis(trimethylammonium) salts
 Proheptazine; its salts
 Propoxyphene; its salts
 Racemethorphan; its salts
 Racemoramide; its salts
 Racemorphan; its salts; its esters and ethers; their salts
 Savin, oil of
 Strophanthus, glycosides of
 Thallium, salts of
 Thebacon; its salts
 2-Thiouracil; its alkyl derivatives
 Thiourea; its salts
 Tretamine; its salts
 Triaziquone
 Trimeperidine; its salts
 Zinc phosphide

SECOND SCHEDULE

Regulation 5(2)

**Poisons exempted from labelling provisions when sold or supplied
in certain circumstances**

Alkali fluorides; alkali metal bifluorides; ammonium bifluoride
Ammonia
Antimony, chlorides of; antimonates; antimonites
Chloroform
Dinitrocresols (DNOC)
Dinitronaphthols; dinitrophenols
Formaldehyde
Formic acid
Glyceryl trinitrate
Hydrochloric acid
Hydrofluoric acid; sodium silicofluoride
Lead acetates; compounds of lead with acids from fixed oils
Mercuric chloride; mercuric iodide; organic compounds of mercury
Mercury; oxides of; nitrates of mercury
Nitric acid
Nitrobenzene
m-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol
Oxalic acid; metallic oxalates
Phenols; compounds of phenol with a metal
Phosphorus, yellow
Picric acid
Potassium hydroxide
Sodium hydroxide
Sulphuric acid

THIRD SCHEDULE

Regulation 11

Articles exempted from the provisions of the Act and of these Regulations

GROUP I

GENERAL EXEMPTIONS

Adhesives; anti-fouling compositions; builders' materials; ceramics; distempers; electrical valves; enamels; explosives; fillers; fireworks; fluorescent lamps; glazes; glue; inks; lacquer solvents; loading materials; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; propellants; rubber; varnishes; vascular plants and their seeds.

GROUP II

SPECIAL EXEMPTIONS

<i>Poison</i>	<i>Substance or article in which exempted</i>
Acetanilide; alkyl acetanilides	Substances not being preparations for the treatment of human ailments
Alkaloids, the following:— Brucine	Surgical spirit containing not more than 0.015 per cent. of brucine
Emetine	Ipecacuanha; extracts and tinctures of ipecacuanha; substances containing less than 0.05 per cent. of emetine
Ephedra, alkaloids of	Substances containing less than one per cent. of the alkaloids of ephedra
Jaborandi, alkaloids of	Substances containing less than 0.025 per cent. of the alkaloids of jaborandi
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants; substances containing less than 0.1 per cent. of the alkaloids of lobelia
Nicotine	Tobacco: preparations in aerosol dispensers containing not more than 0.2 per cent. of nicotine, weight in weight; other liquid preparations, and solid preparations with a soap base, containing not more than 7.5 per cent. of nicotine, weight in weight
Pomegranate, alkaloids of	Pomegranate bark
Solanaceous alkaloids	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants
Stavesacre, alkaloids of	Soaps; ointments; lotions for external use
<i>p</i> -Aminobenzenesulphonamide; its salts; derivatives of <i>p</i> -aminobenzenesulphonamide having any of the hydrogen atoms of the <i>p</i> -amino-group or of the sulphonamide group substituted by another radical; their salts	Feeding stuffs containing not more than 0.5 per cent. of total sulphonamides; sulphaquinoxaline when contained, to a concentration not exceeding 0.5 per cent., in preparations for the destruction of rats and mice
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than five per cent., weight in weight, of ammonia (NH ₃); refrigerators; smelling bottles

Poison

Androgenic, oestrogenic and progestational substances, the following:—

Benzoestrol

Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters

Steroid compounds with androgenic or oestrogenic or progestational activity; their esters

Anti-histamine substances, the following: their salts; their molecular compounds:—

Antazoline

Bromodiphenhydramine

Buclizine

Carbinoxamine

Chlorcyclizine

Chlorpheniramine

Cinnarizine

Clemizole

Cyclizine

3-Di-*n*-butylaminomethyl-4, 5, 6-trihydroxyphthalide

Diphenhydramine

Diphenylpyraline

Doxylamine

Isothipendyl

Mebhydrolin

Meclozine

Phenindamine

Pheniramine

Phenyltoloxamine

Promethazine

Pyrrobutamine

Thenalidine

Tolpropamine

Tripolidine

Substances being tetra-*N*-substituted derivatives of ethylenediamine or propylenediamine

Antimony, chlorides of

Arsenical poisons

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance

Substance or article in which exempted

Preparations intended for external application only, except preparations containing more than four milligrammes of oestrogenic substance per hundred grammes of inert substance; feeding stuffs containing hexoestrol or stilboestrol or both and not containing any other androgenic or oestrogenic or progestational substance

Preparations intended for external application only and preparations containing not more than one per cent. of anti-histamine substances for application in the nose or eye

Polishes

Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities; poultry or pig feeding stuffs containing not more than 0.005 per cent. of 4-hydroxy-3-nitrophenylarsonic acid and not containing any other arsenical poison; animal feeding stuffs containing not more than 0.01 per cent. of arsanilic acid and not containing any other arsenical poison

Self heating preparations, in aerosol dispensers intended for external application only, containing 1,5-diethyl-2-thio-4,6-pyrimidinedione and not containing any other substance mentioned opposite here-to in the first column

Poison	Substance or article in which exempted
Barium, salts of	Witherite other than finely ground witherite, barium carbonate bonded to charcoal for case hardening; fire extinguishers containing barium chloride
Carbarsonc	Poultry feeding stuffs containing not more than 0.0375 per cent. of carbarsonc
Chloroform	Substances containing less than one per cent. of chloroform; solid preparations; toothpaste
Creosote obtained from wood	Substances containing less than fifty per cent. of creosote obtained from wood
Diamines, the following; their salts:— phenylene diamines; tolylene diamines; other alkylated benzene diamines	Substances other than preparations for the dyeing of hair
Dinitrocresols (DNOC); their compounds with a metal or a base	Substances being neither preparations for the treatment of human ailments nor preparations for use in agriculture or horticulture
Dinitrophenols	Substances not being preparations for the treatment of human ailments
Dinosam; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Diperodon; its salts	Preparations intended for external application only, containing not more than one per cent. of diperodon, calculated as anhydrous base
Disulfiram	Substances not being preparations for the treatment of human ailments
Formaldehyde	Substances containing less than five per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions
Formic acid	Substances containing less than five per cent., weight in weight, of formic acid (H.COOH)
Hydrochloric acid	Substances containing less than nine per cent., weight in weight, of hydrochloric acid (HCl)
Hydrocyanic acid	Preparations of wild cherry; in reagent kits supplied for medical or veterinary purposes, substances containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN)
Lead acetate	Substances containing less than four per cent. of lead acetate
Lead, compounds of	Machine-spread plasters
Mercuric chloride	Batteries
Mercuric chloride; mercuric iodide; organic compounds of mercury	Dressings on seeds or bulbs
Mercury, oxides of	Canker and wound paints (for trees) containing not more than three per cent., weight in weight, of yellow mercuric oxide

<i>Poison</i>	<i>Substance or article in which exempted</i>
Mescaline; its salts	Living plants
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid (HNO ₃)
Nitrobenzene	Substances containing less than 0.1 per cent. of nitrobenzene; soaps containing less than one per cent. of nitrobenzene; polishes
<i>p</i> -Nitrobenzyl cyanide	Photographic solutions containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN)
Organo-tin compounds, the following:— Compounds of fentin	Substances other than preparations for use in agriculture or horticulture
Oxalic acid; metallic oxalates	Laundry blue; polishes; cleaning powders or scouring products containing the equivalent of not more than ten per cent. of oxalic acid dihydrate
Paraquat; its salts	Preparations in pellet form containing not more than 5 per cent. of salts of paraquat calculated as paraquat ion
Phenols	Butylated hydroxytoluene; carvacrol; creosote, obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than one per cent. of phenols; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments or suppositories containing less than 2.5 per cent. of phenols; in reagent kits supplied for medical or veterinary purposes; smelling bottles; soaps for washing; solid substances, other than pastilles, lozenges, capsules, pessaries, ointments and suppositories, containing less than sixty per cent. of phenols; tar (coal or wood), crude or refined; <i>p</i> -tertiary amyphenol; tertiary butylcresol; <i>p</i> -tertiary butylphenol; <i>p</i> -(1, 1, 3, 3-tetramethylbutyl) phenol; thymol
Phenyl mercuric salts	Toilet, cosmetic and therapeutic preparations containing not more than 0.01 per cent., of phenyl mercuric salts as a preservative; antiseptic dressings on toothbrushes; in textiles containing not more than 0.01 per cent. of phenyl mercuric salts as a bacteriostat and fungicide

Poison	Substance or article in which exempted
Phosphoric acid	Fluids containing phosphoric acid, not being descaling preparations containing more than fifty per cent., weight in weight, of orthophosphoric acid
Phosphorus compounds, the following:—	
Amiton Azinphos-ethyl Azinphos-methyl	Substances other than preparations for use in agriculture or horticulture
Chlorfenvinphos	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Demeton-O Demeton-S	Substances other than preparations for use in agriculture or horticulture
Dichlorvos	Substances other than preparations for use in agriculture or horticulture, not being preparations in— (a) impregnated materials containing not more than twenty per cent., weight in weight, of dichlorvos in a resinous or plastic base, or (b) aerosols containing not more than one per cent., weight in weight, of dichlorvos, or (c) thermal vaporisers containing not more than thirty per cent., weight in weight, of dichlorvos in an impregnated, fixed, rigid and porous base
Diethyl 4-methyl-7-coumarinyl phosphorothionate Diethyl <i>p</i> -nitrophenyl phosphate Dimefox	Substances other than preparations for use in agriculture or horticulture
Disulfoton	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Ethion Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate Mazidox Mecarbam Mevinphos Mipafox	Substances other than preparations for use in agriculture or horticulture
Oxydemeton-methyl	Substances other than preparations for use in agriculture or, except in aerosol canisters containing not more than 0.25 per cent., weight in weight, of oxydemeton-methyl, for use in horticulture
Parathion	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture

Poison	Substance or article in which exempted
Phenkapton	Substances other than preparations for use in agriculture or horticulture
Phorate	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Phosphamidon Schradan Sulfotep TEPP (HETP)	Substances other than preparations for use in agriculture or horticulture
Thionazin	Substances other than preparations, not being granular preparations, for use in agriculture or horticulture
Triphosphoric penta- dimethylamide Vomidothion	Substances other than preparations for use in agriculture or horticulture
Picric acid	Substances containing less than five per cent. of picric acid
Podophyllum resin	Preparations containing not more than 1.5 per cent., weight in weight, of podophyllum resin
Potassium hydroxide	Substances containing the equivalent of less than 17 per cent. of total caustic alkalinity expressed as potassium hydroxide; accumulators; batteries
Procaine	Feeding stuffs containing any substance to which Part II of the Therapeutic Substances Act 1956 for the time being applies
Quinine; its salts	Preparations containing not more than one per cent. of quinine or its salts; soft drinks, wines or tonic wines; preparations containing not more than 15 per cent. of quinine or its salts for use in the manufacture of soft drinks, wines, tonic wines or confectionery
Sodium ethyl mercurithiosalicylate	Therapeutic substances containing less than 0.1 per cent. of sodium ethyl mercurithiosalicylate as a preservative
Sodium fluoride	Substances containing less than three per cent. of sodium fluoride as a preservative; dentifrices containing not more than 0.3 per cent. of sodium fluoride; mouth wash tablets containing not more than 0.3 per cent. of sodium fluoride and liquid mouth washes containing not more than 0.05 per cent. thereof
Sodium hydroxide	Substances containing the equivalent of less than twelve per cent. of total caustic alkalinity expressed as sodium hydroxide

Sodium nitrite : Substances other than preparations containing more than 0.1 per cent. of sodium nitrite for the destruction of rats or mice

Sodium silicofluoride : Substances containing less than three per cent. of sodium silicofluoride as a preservative

Sulphuric acid : Substances containing less than nine per cent., weight in weight, of sulphuric acid (H_2SO_4); accumulators; batteries and sealed containers in which sulphuric acid is packed together with car batteries for use in those batteries; fire extinguishers

In Group II in this Schedule the expression "granular preparation" in relation to a poison means a preparation—

- (a) which consists of absorbent mineral or synthetic solid particles impregnated with the poison, the size of the particles being such that not more than four per cent., weight in weight, of the preparation is capable of passing a sieve with a mesh of 250 microns, and not more than one per cent. a sieve with a mesh of 150 microns;
- (b) which has an apparent density of not less than 0.4 grammes per millilitre if compacted without pressure; and
- (c) not more than 12 per cent. of which, weight in weight, consists of the poison.

FOURTH SCHEDULE

Regulations 5(3) and 12

Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner

PART A

Alcuronium chloride
 Allylisopropylacetylurea
 Apiol and Oil of Parsley
 Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
 Busulphan; its salts
 Demecarium bromide
 Dinitrocresols (DNOC); their compounds with a metal or a base, except preparations for use in agriculture or horticulture
 Dinitronaphthols; dinitrophenols; dinitrothymols
 Disulfiram
 Dithienylallylamines; dithienylalkylallylamines; their salts; except diethylthiambutene, dimethylthiambutene and ethylmethylthiambutene
 Gallamine; its salts; its quaternary compounds
 Hydroxyurea
 Mannomustine; its salts
 Mercaptopurine; its salts; derivatives of mercaptopurine; their salts
 Mustine and any other *N*-substituted derivatives of di-(2-chloroethyl)amine; their salts
 Pennyroyal and its oil
 Phenacemide
 Phencyclidine; its salts
 2-Phenylcinchoninic acid; 2-salicylcinchoninic acid; their salts; their esters
 Polymethylenebis(trimethylammonium salts
 Savin and its oil
 Tretamine; its salts
 2-Thiouracil; its alkyl derivatives
 Thiourea; its salts
 Triaziquone

PART B

Acetanilide; alkyl acetanilide
 Acetohexamide
 Acetylcarbromal
 Amidopyrine; its salts; amidopyrine sulphonates; their salts
p-Aminobenzenesulphonamide; its salts; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical; their salts; except when contained in ointments or surgical dressings or in preparations for the prevention and treatment of diseases in poultry
 Aminorex; its salts
 Amitriptyline; its salts
 Androgenic, oestrogenic and progestational substances, the following:—
 Benzoestrol
 Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters
 Steroid compounds with androgenic or oestrogenic or progestational activity; their esters
 Azacyclonol; its salts
 Benactyzine; its salts
 Benzhexol; its salts
 Benztropine and its homologues; their salts
 Bromvalerone
 Captodiamine; its salts

- Caramiphen; its salts; except tablets containing not more than the equivalent of 7.5 milligrammes of caramiphen base, and liquid preparations containing not more than the equivalent of 0.1 per cent. of caramiphen base
- Carbromal
- Carisoprodol
- Chloral; its addition and its condensation products; their molecular compounds; except when contained, in the form of chloral hydrate, in preparations intended for external application only and in preparations containing 4 per cent. or less, weight in weight, of alphachloralose for indoor use for the destruction of rats and mice
- Chlordiazepoxide; its salts
- Chlormethiazole; its salts
- Chlorothiazide and other derivatives of benzo-1, 2, 4-thiadiazine-7-sulphonamide 1, 1-dioxide, whether hydrogenated or not
- Chlorphenoxamine; its salts
- Chlorphentermine; its salts
- Chlorpropamide; its salts
- Chlorprothixene and other derivatives of 9-methylenethioxanthene; their salts
- Chlorthalidone and other derivatives of *o*-chlorobenzene sulphonamide
- Clorexolone
- Clorprenaline; its salts; when contained in aerosol dispensers
- Colchicum, alkaloids of; their salts
- Corticotrophins, natural and synthetic
- Cyclarbamate
- Cycrimine; its salts
- Desipramine; its salts
- Diazepam and other compounds containing the chemical structure of dihydro-1, 4-benzodiazepine substituted to any degree; their salts
- 3-(3, 4-Dihydroxyphenyl)alanine; its salts
- Diphenoxylate and its salts contained in (a) pharmaceutical preparations in solid or liquid form containing not more than 2.5 milligrammes of diphenoxylate calculated as base and not less than 25 microgrammes of atropine calculated as atropine sulphate per dosage unit and containing no other substance to which any Part of the Dangerous Drugs Act 1965 applies or (b) liquid preparations containing 0.5 milligrammes diphenoxylate hydrochloride, 0.005 milligrammes atropine sulphate, 0.16 millilitres ethyl alcohol, 0.002 millilitres imitation cherry flavour, 0.45 millilitres glycerine, 0.4 millilitres sorbitol solution (70 per cent.), 0.01 milligrammes red dye colour index No. 14700 (F.D. 4C. Red No. 4), 0.0008 millilitres water
- Dothiepin; its salts
- Ectylurea
- Emylcamate
- Ethacrynic acid; its salts
- Ethchlorvynol
- Ethinamate
- Ethionamide
- Ethoheptazine; its salts
- Ethylnoradrenaline, its salts; when contained in aerosol dispensers
- Fenfluramine; its salts
- Flufenamic acid; its salts; its esters; their salts
- Glutethimide; its salts
- Glymidine
- Haloperidol and other 4-substituted derivatives of *N*-(3-*p*-fluoro-benzoylpropyl) piperidine
- Hexapropymate
- Hydrazines, benzyl phenethyl or phenoxyethyl; their α -methyl derivatives; acyl derivatives of any of the foregoing substances comprised in this item; salts of any compounds comprised in this item
- Hydroxy-*N*, *N*-dimethyltryptamines; their esters or ethers; any salt of any substance falling within this item
- Hydroxyzine; its salts
- Imipramine; its salts

- Indomethacin; its salts
- Iprindole; its salts
- Isoaminile; its salts
- Isoetharine; its salts; when contained in aerosol dispensers
- Isoprenaline; its salts; when contained in aerosol dispensers
- Mebutamate
- Meclofenoxate; its salts
- Mefenamic acid; its salts; its esters; their salts
- Mephenesin, its esters
- Meprobamate
- Metaxalone
- Metformin; its salts
- Methaqualone; its salts
- Methixene; its salts
- Methocarbamol
- Methoxsalen
- Methoxyphenamine; its salts; when contained in aerosol dispensers
- Methylaminoheptane; its salts; when contained in aerosol dispensers
- Methylpentynol; its esters and other derivatives
- α -Methylphenethylamine, β -methylphenethylamine and α -ethylphenethylamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution in the aromatic ring (with or without substitution at the nitrogen atom), except ephedrine, its optical isomers and *N*-substituted derivatives, fenfluramine, hydroxyamphetamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of any substance falling within this item
- Methyprylone
- Metoclopramide; its salts
- Mitopodozide; its salts
- Nortryptiline; its salts
- Orciprenaline; its salts; when contained in aerosol dispensers
- Orphenadrine; its salts
- Oxethazaine
- Oxyphenbutazone
- Oxytocins, natural and synthetic
- Paraldehyde
- Paramethadione
- Pargyline; its salts
- Pemoline; its salts
- Pentazocine; its salts
- Phenaglycodol
- Phenbutrazate
- Phenetidylphenacetin
- Phenformin; its salts
- Phenothiazine; derivatives of; their salts; except dimethoxanate; its salts and promethazine; its salts and molecular compounds
- Phenylbutazone; its salts
- 5-Phenylhydantoin; its alkyl and aryl derivatives; their salts
- Pituitary gland, the active principles of, other than corticotrophine, oxytocine and vasopressins; except when contained in inhalants or in preparations intended for external application only
- Procainamide; its salts
- Procarbazine; its salts
- Procyclidine; its salts
- Promoxolan
- Propylhexedrine; its salts; except when contained in inhalers
- Prothionamide
- Prothipendyl; its salts
- Quinethazone
- Quinine; its salts; except in preparations containing less than ten per cent. of quinine or its salts

Rauwolfia, alkaloids of; their salts; derivatives of the alkaloids of rauwolfia; their salts

Salbutamol; its salts

Styramate

Sulphinpyrazone

Sulphonal; alkyl sulphonals

Suprarenal gland medulla, the active principles of; their salts; except when contained in preparations intended for external application only or in inhalants (other than inhalants in aerosol dispensers containing adrenaline or its salts), rectal preparations or preparations intended for use in the eye

Syrosingopine

Tetrabenazine; its salts

Thalidomide; its salts

Thiocarlide; its salts

Thyroid gland, the active principles of, their salts

Tolbutamide

Tribromethyl alcohol

2, 2, 2-Trichloroethyl alcohol, esters of; their salts

Trimipramine; its salts

Troxidone

Tybamate

Vasopressins, natural and synthetic

Verapamil; its salts

Zoxazolamine; its salts

PART C

The following substances and their preparations, to be sold only on the prescription of a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner, and on the order of a certified midwife

Ergot, alkaloids of, whether hydrogenated or not; their homologues

FIFTH SCHEDULE

Regulation 14(2)

PART A

Form to which the substances specified are restricted when sold by registered sellers of Part II poisons

<i>Poison</i>	<i>Form to which sale is restricted</i>
Antimony trichloride	Solutions containing 28% W/V antimony trichloride in collodion for dehorning cattle
Arsenical substances—	
Arsenious oxide	Sheep dips, sheep washes
Arsenic sulphides	Sheep dips, sheep washes
Calcium arsenites	Agricultural and horticultural insecticides or fungicides
Copper acetoarsenite	Agricultural and horticultural insecticides or fungicides
Copper arsenates	Agricultural and horticultural insecticides or fungicides
Copper arsenites	Agricultural and horticultural insecticides or fungicides
Lead arsenates	Agricultural and horticultural insecticides or fungicides
Sodium arsenates	Sheep dips, sheep washes
Sodium thioarsenates	Sheep dips, sheep washes
Barium carbonate	Preparations for the destruction of rats or mice
Dinitrocresols (DNOC); their compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinosam; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Endosulfan	Preparations for use in agriculture or horticulture
Endothal; its salts	Preparations for use in agriculture or horticulture
Endrin	Preparations for use in agriculture or horticulture
Mercurial substances—	
Mercuric chloride	Agricultural and horticultural fungicides, seed and bulb dressings, insecticides
Mercuric iodide	Agricultural and horticultural fungicides, seed and bulb dressings
Organic compounds of mercury	Agricultural and horticultural fungicides, seed and bulb dressings, solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths
Nitrobenzene	Agricultural and horticultural insecticides; substances for the treatment of bee disease; ointments for the treatment of animals
Organo-tin compounds, the following:—	
Compounds of fentin	Preparations for use in agriculture or horticulture
Paraquat; its salts	Preparations for use in agriculture or horticulture

<i>Poison</i>	<i>Form to which sale is restricted</i>
Phosphorus compounds, the following:—	
Amiton	Preparations for use in agriculture or horticulture
Azinphos-ethyl	
Azinphos-methyl	
Chlorfenvinphos	
Demeton-O	
Demeton-S	
Dichlorvos	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl <i>p</i> -nitrophenyl phosphate	
Dimefox	
Disulfoton	
Ethion	
Ethyl <i>p</i> -nitrophenyl phenylphosphonothionate	
Mazidox	
Mecarbam	
Mevinphos	
Mipafox	
Oxydemeton-methyl	
Parathion	
Phenkapton	
Phorate	
Phosphamidon	
Schradan	
Sulfotep	
TEPP (HETP)	
Thionazin	
Triphosphoric pentadimethylamide	
Vamidothion	
Zinc phosphide	Preparations for the destruction of rats or mice

PART B

Poisons which may be sold by registered sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business

Arsenical poisons other than lead arsenates and copper acetoarsenite
Dinitrocresols (DNOC); their compounds with a metal or a base; except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Mercuric chlorides; mercuric iodides; organic compounds of mercury; except solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths

Organo-tin compounds, the following:—

Compounds of fentin

Paraquat; its salts

Phosphoric compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Disulfoton

Ethion

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

Mecarbam

Mevinphos

Mipafox, except in the form of a cap on a stick or wire

Oxydemeton-methyl

Parathion

Phenkapton

Phorate

Phosphamidon

Schradan

Sulfotep

Thionazin

Triphosphoric pentadimethylamide

Vamidothion

SIXTH SCHEDULE Regulations 18(3) and 19(2)

Statement of particulars as to proportions of the poison in certain cases

Poison	Particulars
Alkaloids	The proportion of any one alkaloid of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid
Aconite, alkaloids of	
Belladonna, alkaloids of	
Calabar bean, alkaloids of	
Coca, alkaloids of	
Colchicum, alkaloids of	
Ephedra, alkaloids of	
Ergot, alkaloids of	
Gelsemium, alkaloids of	
Jaborandi, alkaloids of	
Lobelia, alkaloids of	
Pomegranate, alkaloids of	
Quebracho, alkaloids of, other than the alkaloids of red quebracho	The same as above, with the substitution for the reference to aconite of a reference to belladonna, calabar bean or such other of the said poisons as the case may require
Sabadilla, alkaloids of Solanaceous alkaloids not otherwise included in the Poisons Schedule	
Stavesacre, alkaloids of	
Veratrum, alkaloids of	
Yohimba, alkaloids of	
Antimonial poisons	The proportion of antimony trioxide (Sb_2O_3) or antimony pentoxide (Sb_2O_5) that the preparation would be calculated to contain on the assumption that the antimony (Sb) in the poison had been wholly converted into antimony trioxide or antimony pentoxide as the case may be
Arsenical poisons	The proportion of arsenic trioxide (As_2O_3) or arsenic pentoxide (As_2O_5) that the preparation would be calculated to contain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pentoxide as the case may be
Barium, salts of	The proportion of one particular barium salt which the preparation would be calculated to contain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt
Digitalis, glycosides of; other active principles of digitalis	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation
Hydrocyanic acid; cyanides other than ferrocyanides and ferricyanides	The proportion of hydrocyanic acid (HCN) that the preparation would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid

Poison	Particulars
Insulin	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation
Lead, compounds of, with acids from fixed oils	The proportion of lead oxide (PbO) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide
Mercury, organic compounds of	The proportion of organically-combined mercury (Hg) contained in the preparation
Nux Vomica	The proportion of strychnine contained in the preparation
Opium	The proportion of morphine contained in the preparation
Phenols	The proportion of phenols (added together) contained in the preparation
Compounds of a phenol with a metal	The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols
Pituitary gland, the active principles of	Either— <ul style="list-style-type: none"> <li data-bbox="687 937 1023 1059">(a) the number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation; or <li data-bbox="687 1068 1023 1207">(b) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or <li data-bbox="687 1216 1023 1453">(c) the amount of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance.
Potassium hydroxide	The proportion of potassium monoxide (K ₂ O) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide

<i>Poison</i>	<i>Particulars</i>
Sodium hydroxide.	The proportion of sodium monoxide (Na_2O) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide
Strophanthus, glycosides of	The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia 1948 which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia
Suprarenal gland medulla, the active principles of; their salts	Either— (a) the proportion of suprarenal gland or of the medulla of the gland, as the case may be, contained in the preparation; or (b) the amount of suprarenal gland or of the medulla of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance
Thyroid gland, the active principles of; their salts	Either— (a) the proportion of thyroid gland contained in the preparation; or (b) the amount of thyroid gland from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland

SEVENTH SCHEDULE

Regulation 20

Indication of character of article prescribed for the purposes of section 27(1)(d)(iii) of the Act

1. To be labelled with the words "Caution. It is dangerous to take this preparation except under medical supervision":—

Medicines made up ready for the internal treatment of human ailments and containing insulin.

2. To be labelled with the words "Caution. It is dangerous to exceed the stated dose":—

Medicines (other than medicines containing insulin and medicines mentioned in paragraph 9 of this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in the First Schedule.

3. To be labelled with the words "Poison. For animal treatment only":—

Medicines made up ready for the treatment of animals.

4. To be labelled with the words "Caution. This preparation may cause serious inflammation of the skin in certain persons and should be used only in accordance with expert advice":—

Preparations for dyeing of hair containing phenylene diamines, tolylene diamines or other alkylated-benzene diamines or their salts.

5. To be labelled with the words "Caution. This substance is caustic":—

Potassium hydroxide, sodium hydroxide, and articles containing either of those substances.

6. To be labelled with the words "Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing":—

Dinitrocresols (DNOC); their compounds with a metal or a base; except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of five per cent. of dinitrocresols.

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Endosulfan

Endothal; its salts

Endrin

Fluoroacetamide; fluoroacetanilide

Organic compounds of mercury in aerosols

Organo-tin compounds, the following:—

Compounds of fentin

Phosphorus compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Dichlorvos

Diethyl 4-methyl-7-coumarnyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate

Dimefox

Disulfoton

Ethion

Ethyl-*p*-nitrophenyl phenylphosphonothionate

Mazidox

Mecarbam

Mevinphos

Mipafox

Oxydemeton-methyl

Parathion
 Phenkapton
 Phorate
 Phosphamidon
 Schradan
 Sulfotep
 TEPP (HETP)
 Thionazin
 Triphosphoric pentadimethylamide
 Vamidothion

7. To be labelled with the words "Caution. This preparation should be administered only under medical supervision. The vapour is dangerous":—

Medicines made up ready for the internal or external treatment of human ailments and containing dyflos.

8. To be labelled with the words "Caution. This substance is poisonous. Inhalation of the powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing":—

Monofluoroacetic acid; its salts.

9. To be labelled with the words "Caution. This may cause drowsiness. If affected, do not drive or operate machinery":—

Medicines made up ready for the internal treatment of human ailments if the poison is one of the following:—

Anti-histamine substances, the following; their salts; their molecular compounds—

Antazoline
 Bromodiphenhydramine
 Buclizine
 Carbinoxamine
 Chlorcyclizine
 Chlorpheniramine
 Cinnarizine
 Clemizole
 Cyclizine
 Cyproheptadine
 3-Di-*n*-butylaminomethyl-4, 5, 6-trihydroxyphthalide
 Diphenhydramine
 Diphenylpyraline
 Doxylamine
 Isothipendyl
 Mebhydrolin
 Meclozine
 Phenindamine
 Pheniramine
 Phenyltoloxamine
 Promethazine
 Pyrrobutamine
 Thenalidine
 Tolpropamine
 Triprolidine

Substances being tetra-*N*-substituted derivatives of ethylenediamine or propylenediamine

10. To be labelled with the words "Caution. This substance is poisonous. The inhalation of its mist or spray may have harmful consequences and it may be dangerous to let it come into contact with the skin or clothing":—

Paraquat; its salts.

EIGHTH SCHEDULE

Regulation 26

Poisons required to be specially labelled for transport

Arsenical poisons

Barium, salts of

Dinitrocresols (DNOC); their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols.

Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture.

Dinoseb, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture.

Endosulfan

Endothal; its salts

Endrin

Fluoroacetamide; fluoroacetanilide

Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides, except preparations containing less than the equivalent of 0.1 per cent., weight in weight, of hydrocyanic acid (HCN).

Monofluoroacetic acid; its salts

Nicotine, except in solid preparations containing less than four per cent. of nicotine.

Organo-tin compounds, the following:—

Compounds of fentin

Paraquat; its salts

Phosphorus compounds, the following:—

Amiton

Azinphos-ethyl

Azinphos-methyl

Chlorfenvinphos

Demeton-O

Demeton-S

Demeton-O-methyl

Demeton-S-methyl

Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate

Diethyl *p*-nitrophenyl phosphate.

Dimefox

Disulfoton

Ethion

Ethyl *p*-nitrophenyl phenylphosphonothionate

Mazidox

Mecarbam

Mevinphos

Mipafox

Oxydemeton-methyl

Parathion

Phenkapton

Phorate

Phosphamidon

Schradan

Sulfotep

TEPP (HETP)

Thionazin

Triphosphoric pentadimethylamide

Vamidothion

Strychnine

Thallium, salts of

THIRTEENTH SCHEDULE

Regulation 16

Restriction of sale and supply of strychnine and certain other substances

PART I

Cases of sale or supply to which the provisions of Regulation 16 do not apply

1. The provisions of Regulation 16 shall not apply in the case of the sale of a substance—

- (a) to be exported to purchasers outside the United Kingdom, or
- (b) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

2. The provisions of Regulation 16, other than those of paragraph (4) (lysergide, mexaline, etc.), shall not apply in the case of the sale of a substance by way of wholesale dealing.

3. The following provisions of Regulation 16, namely paragraph (1) (strychnine) and paragraph (3) (sodium and potassium arsenites), shall not apply in the case of—

- (a) the sale or supply of a substance as an ingredient in a medicine, or
- (b) the sale of a substance for the purpose of being compounded in medicines prescribed or administered by a duly qualified medical practitioner, registered veterinary surgeon or registered veterinary practitioner.

4. The following provision of Regulation 16, namely paragraph (1) (strychnine), shall not apply in the case of the sale of strychnine to a person producing a written authority in the form set out in Part II of this Schedule issued by the County Agricultural Executive Officer or by a person duly authorised by the Minister of Agriculture authorising the purchase of strychnine for the purpose of killing foxes, so, however, that the authority in question has been issued within the preceding three months and the quantity sold does not exceed the quantity, not being more than one ounce, specified therein.

5.—(1) The following provision of Regulation 16, namely paragraph (2) (mono-fluoroacetic acid, etc.), shall not apply in the case of the sale of a substance—

- (a) to a person producing a certificate in form "A" of the forms set out in Part III of this Schedule issued by the Medical Officer of Health of a health authority certifying that the substance is required for use as a rodenticide by employees of that health authority being such use—
 - (i) in ships or sewers in such places as are identified in the certificate, or
 - (ii) in such drains as are identified in the certificate, being drains which are situated in restricted areas and wholly enclosed and to which all means of access are, when not in actual use, kept closed, or
 - (iii) in such warehouses as are identified in the certificate, being warehouses which are situated in restricted dock areas and to which all means of access are, when not in actual use, kept securely locked or barred, or
- (b) to a person producing a certificate in form "B" of the said forms issued by the Medical Officer of Health of a health authority certifying that the substance is required for use as a rodenticide by such person or by the employees of such body of persons, carrying on a business of pest control, as is named in the certificate, being such use as is mentioned in sub-paragraph (1)(a)(i) or (ii) of this paragraph, or
- (c) to a person producing a certificate in form "B" of the said forms issued by a person duly authorised by the Minister of Agriculture or by the County Agricultural Executive Officer, certifying that the substance is required for use as a rodenticide by officers of the Ministry of Agriculture, being such use as is mentioned in sub-paragraph (1)(a)(i) or (ii) of this paragraph:

so, however, that the certificate has been issued within the preceding three months and the quantity sold does not exceed the quantity specified therein.

(2) In this paragraph the following expressions have the meanings hereby respectively assigned to them, that is to say—

“dock area” means an area in the vicinity of a dock as defined in Section 38(1) of the Harbours Act (Northern Ireland) 1970(k)

“drain” and “sewer” have the meanings respectively assigned to them by Section 2 of the Public Health (Ireland) Act 1878(l)

“health authority” means a health authority as defined in Section 26 of the Public Health and Local Government (Administrative Provisions) Act (Northern Ireland) 1946(m)

“restricted”, in relation to any area, means controlled in such manner that access to the area by unauthorised persons is in normal circumstances prevented.

6. The following provision of Regulation 16, namely paragraph (3) (sodium and potassium arsenites), shall not apply in the case of the sale or supply of a substance as an ingredient in a sheep-dip or sheep-wash in a container clearly labelled with a notice of the special purpose for which the substance is intended and a warning that it is only to be used for that purpose, such labelling being additional to any labelling required by the Act or any other provision of these Regulations.

7. The following provision of Regulation 16, namely paragraph (4) (lysergide, mescaline, etc.), shall not apply in the case of the sale of a substance to a duly qualified medical practitioner for the purpose of his profession as such.

8. The following provision of Regulation 16, namely paragraph (5) (embutramide and mebezonium iodide), shall not apply in the case of the sale of a substance to a registered veterinary surgeon or registered veterinary practitioner for the purpose of killing animals or birds in the course of his profession as such.

9. The following provision of Regulation 16, namely paragraph (6) (fluanisone), shall not apply in the case of the sale of a substance to a registered veterinary surgeon or registered veterinary practitioner for the purpose of his profession as such.

10.—(1) The following provision of Regulation 16, namely paragraph (7) (zinc phosphide), shall not apply in the case of the sale of a substance—

(a) to a health authority for the purposes of the exercise of its statutory powers, or

(b) to a government department or an officer of the Crown, for the purposes of the public service, or

(c) to a person, or body of persons, carrying on a trade or business, for the purposes of that trade or business.

(2) In this paragraph the expression “health authority” has the meaning assigned to it by paragraph 5(2) of this Part of this Schedule.

(k) 1970. c. 1 (N.I.).

(l) 41 & 42 Vict. c. 52.

(m) 1946. c. 19.

PART II

Form of Authority for Purchasing Strychnine for Killing Foxes

For the purposes of Regulation 16(1) of the Poisons Regulations 1971 and of paragraph 4 of Part I of Schedule 13 thereto I hereby authorise of

to purchase within 3 months of the date hereof ounce of strychnine for the purpose of killing foxes.

Date Signature

[County Agricultural Executive Officer for the County of a person duly authorised by the Minister of Agriculture.]

NOTE: This Authority is valid for one purchase only and must be retained by the authorised seller of poisons.

PART III

Forms of certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide

FORM A

Certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetanilide as a rodenticide for use by employees of a health authority

For the purposes of Regulation 16(2) of the Poisons Regulations (Northern Ireland) 1971 and paragraph 5 of Part I of Thirteenth Schedule thereto, I hereby certify that

of is required for use by employees of as a rodenticide in [ships] [sewers] situated at [the following warehouses] viz

..... situated in the restricted dock area at being warehouses to which all means of access are, when not in actual use, kept securely locked or barred.

[the following drains] viz situated in the restricted area at

..... being drains which are wholly enclosed and to which all means of access are, when not in actual use, kept closed.

Signature Medical Officer of Health of

Date

FORM B

Certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide by persons carrying on, or by the employees of a body of persons carrying on, a business of pest control or for use by officers of the Ministry of Agriculture

For the purpose of Regulation 16(2) of the Poisons Regulations (Northern Ireland) 1971 and paragraph 5 of Part I of the Thirteenth Schedule thereto, I hereby

certify that

of is required

for use by [.....] [Employees of

.....]

[officers of the Ministry of Agriculture] as a rodenticide in—

[ships] [sewers] situated at

[the following drains] viz

situated in the restricted areas at

being drains which are wholly enclosed and to which all means of access are, when not in actual use, kept closed.

SIXTEENTH SCHEDULE

Regulation 4

Substances which may be sold by licensed hatcheries and the purpose for which they may be sold

Para-aminobenzenesulphonamide; its salts; derivatives of para-aminobenzenesulphonamide having any of the hydrogen atoms of the para-amino group or of the sulphonamide group substituted by another radical; their salts	For the treatment of coccidiosis in poultry.
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations revoke and reproduce with amendments the Poisons Regulations (Northern Ireland) 1969. The principal changes are described below.

The Poisons List Order (Northern Ireland) 1971 (S.R. & O. 1971, No. 228) adds various substances to, and makes certain other alterations in the Poisons Schedule; related changes are made in Regulation 2(1) and in Schedules 1 to 5.

Regulation 3(2) provides that equivalent quantities in the metric and imperial systems are to be determined in accordance with the Weights and Measures (Equivalents for dealings with drugs) Regulations (Northern Ireland) 1970 (S.R. & O. 1970, No. 346) instead of in accordance with the Tables of Equivalents in the British Pharmacopoeia and the British Pharmaceutical Codex and the British Veterinary Codex.

Regulation 11(b) provides that nothing in Part III of the Medicines, Pharmacy and Poisons Act (Northern Ireland) 1945 or in the Regulations shall apply to poisons specified in Group II of the Third Schedule when contained in articles or substances so specified. The specified poisons include alkaloids (in particular, nicotine), arsenical poisons, hydrocyanic acid, phenols, phosphorus compounds (in particular, thionazin), potassium hydroxide and sodium hydroxide. Changes are made in the list of articles and substances containing these poisons which are exempted from the provisions referred to above; these changes are additional to those referred to in the second paragraph of this Note.

Regulation 16 and the Thirteenth Schedule contain provisions restricting the sale and supply of strychnine and certain other substances. Changes are made in these provisions so far as they relate to the sale of monofluoroacetic acid, etc., for use as a rodenticide and they are extended to an additional substance, namely, zinc phosphide.

Regulation 31(b) increases the fee payable for alteration of the register of sellers of poisons in Part II of the Poisons Schedule to 15p.
