EXPLANATORY NOTE

(This note is not part of the Regulations, but is intended to indicate their general purport.)

These regulations make the necessary arrangements to take advantage of the right conferred on Member States of the European Economic Community by Commission Decision of 29th December 1972(g) authorising the grant of a subsidy to allow certain persons to buy butter at a reduced price (the cost of the subsidy being recouped from Community funds).

The regulations provide for the issue by the Ministry of butter tokens to enable certain persons to purchase 2 one half pounds of butter a month at a price of 5 pence a half pound below that at which it would otherwise have been sold. The persons are those who at any time during the period 1st July to 31st December 1973 are in receipt of Family Income Supplement, Supplementary Benefit paid by order book and certain other persons in receipt of Supplementary Benefit, and in each case the dependants of such persons.

Provision is made for the Ministry to reimburse the supplier for tokens which he accepts in accordance with the regulations, and for incidental matters.
