

SCHEDULE 5

PART I

SAMPLING OF SEED LOTS

Definitions

1. In this Part of this Schedule—

“composite sample” means a single sample comprising all of the primary samples taken from a seed lot during a single sampling exercise to produce a submitted sample⁽¹⁾ for the seed lot; and

“primary sample” means a sample taken from a seed lot in accordance with paragraphs 13 to 18 of this Part of this Schedule.

(1) See regulation 2(1) for the definition of “submitted sample”.
