EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (Charges for Drugs and Appliances) (Scotland) Regulations 2001 (“the principal Regulations”) which provide for the making and recovery of charges for drugs, medicines and appliances supplied by chemists providing pharmaceutical services, doctors providing services under a general medical services contract or section 17C arrangements, or by Health Boards to out-patients.

These Regulations make changes to the principal Regulations as a consequence of new arrangements for the independent prescribing of drugs, medicines and appliances by nurses. Independent nurse prescribers, unless they are community practitioner nurse prescribers, will no longer be limited to prescribing from a particular formulary.

Regulation 2(a) substitutes a new definition of “independent nurse prescriber”.

Regulation 2(b) substitutes a new definition of the “Nursing and Midwifery Register” in place of the existing definition of “nurses and midwives professional register”.

Regulation 2(c) substitutes a new definition of “supplementary prescriber”.
