
SCOTTISH STATUTORY INSTRUMENTS

2007 No. 147

The Tuberculosis (Scotland) Order 2007

PART 6

Administration and enforcement

Isolation of *M. bovis* in a laboratory

27.—(1) Subject to paragraph (2), where the presence of the organism *M. bovis* is identified by a laboratory examination of a sample taken from any kind of mammal except man or from the carcase, products or surroundings of any such mammal, the person in charge of that laboratory shall immediately notify a laboratory approved by the Scottish Ministers to carry out further investigations.

(2) The duty to notify set out in paragraph (1) shall not apply where *M. bovis* is present in the sample as a result of its deliberate introduction as part of research involving the use of that organism.
