**Reduction of pension**

**4.D.3.**—(1) The pension payable under Part 3 is reduced in accordance with Chapter 3.H (abatement) but with the following modifications—

- (a) relevant income includes the enhancement amount determined under regulation 2.H.4(2) (meaning of “relevant income”); and
- (b) the member’s previous earnings in respect of the member’s practitioner service are increased by the amount of the member’s previous pay in respect of the member’s officer service.
