EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Plant Health (Import Inspection Fees) (Scotland) Regulations 2005 ("the principal Regulations"). The principal Regulations implement Article 13d of Council Directive 2000/29/EC (O.J. L 169, 10.7.2000, p.1) ("the Council Directive") which requires Member States to charge fees to cover costs occasioned by the documentary checks, identity checks and plant health checks of certain imports of plants, plant products and other objects from third countries.

The Council Directive contains a procedure (Articles 13a(2), 13d(2) and 18(2)) for setting reduced rates of inspection for imports of certain plants and plant products and for charging fees at a proportionately reduced rate.

Schedule 1 to the principal Regulations sets out the standard fees for plant health checks. Schedule 2 to the principal Regulations sets out the fees for reduced rate inspections.

These Regulations substitute Schedule 2 to the principal Regulations in light of the Notification of Reduced Plant Health Checks for Certain Products of 25th June 2010, published by the Commission under Article 2(2) of Commission Regulation (EC) 1756/2004 (O.J. L 313, 12.10.2004, p.6) ("the Commission Regulation"). The Commission Regulation makes provision for the publication of a list of products for which plant health checks may be carried out at a reduced frequency, and specifies the level of the reduced frequency.

The changes to the fees made by these Regulations, which are set at a direct proportion of the standard fee (described in Schedule 1 to the principal Regulations) corresponding to the rate of inspection, are based on the agreed inspection rates set out in the table below:
