Case 2: International means of transport

2. Any product that is on board a means of transport operating internationally that is intended for consumption by the crew and passengers and that is—

- (a) not unloaded;
- (b) transferred directly from one means of transport operating internationally to another at the same port and under customs supervision; or
- (c) destroyed as soon as it is unloaded.

Case 3: Trade samples and samples for particular study or analysis

3.—(1) Products sent as trade samples or intended for exhibitions provided that they are not intended to be marketed and have been authorised in advance for that purpose by the Scottish Ministers.

(2) Products intended for particular studies or analyses provided that such products are not intended for human consumption and have been authorised in advance for that purpose by the Scottish Ministers.

(3) When the exhibition is finished or when the particular studies or analyses have been carried out, the person in charge of the products must destroy or redispach them, in the manner specified in the import authorisation.

(4) This case does not apply in relation to any product controlled under Regulation (EC) No 1069/2009 (the rules for those products are laid down in that Regulation).

Case 4: Consignments cleared in another member State

4. Consignments of animals and products that have been presented to a border inspection post in another member State or another part of the United Kingdom and have been cleared for free circulation.

Case 5: Composite products

5.—(1) Composite products and foodstuffs listed in Annex II to Commission Decision 2007/275/EC.

(2) Composite products not containing meat or meat products, where less than half of the product is processed product of animal origin, provided that such products are—
