2015 No. 181

**The Town and Country Planning (Hazardous
Substances) (Scotland) Regulations 2015**

PART 3

Applications

Applications for removal of conditions

7.—(1) An application to a planning authority for hazardous substances consent under section 11 of the principal Act (applications for removal of conditions attached to a hazardous substances consent) is to be made in accordance with this regulation.

(2) The application must contain—

- (a) the name and address of the applicant;
- (b) the name and address of any agent acting on behalf of the applicant and whether any notice or other correspondence which is required by these Regulations to be sent to the applicant should be sent to the agent instead of the applicant;
- (c) the postal address of the land to which the application relates or, if the land in question has no postal address, a description of the location of the land;
- (d) a description of each condition previously imposed on the relevant consent which—
 - (i) should no longer be imposed on the consent; or
 - (ii) should be imposed in a modified form;
- (e) for any condition to which paragraph (d)(i) applies, the reasons why it should no longer be imposed;
- (f) for any condition to which paragraph (d)(ii) applies—
 - (i) a description of the proposed modification; and
 - (ii) the reasons why the condition should be imposed in a modified form; and
- (g) information about any relevant changes in circumstances since the relevant consent was granted.

(3) The application must be accompanied by—

- (a) a copy of the relevant consent;
- (b) where any condition which is the subject of the application restricts the location of a hazardous substance, a change of location plan;
- (c) the certificate completed in accordance with regulation 5(2) (notice to owner by applicant); and
- (d) the fee payable under regulation 55.

(4) For the purposes of paragraph (3)(b) a change of location plan is a plan of the land to which the application relates, drawn to a scale of not less than 1 to 2,500, which identifies—

- (a) the location of each hazardous substance to which the application relates, at the date of the application; and
- (b) the proposed location of the hazardous substance.
