(7) If the pension is an Upper Tier IHP under regulation 92 in substitution for a Lower Tier IHP under regulation 89, the option under this regulation may only be exercised—

CHAPTER 4

Partial retirement

Election for partial retirement (members over normal minimum pension age)

83.—(1) This regulation applies to a member (M) if—

- (a) M has reached normal minimum pension age;
- (b) M continues to be employed in an employment in which M is an active member;

- (c) M is qualified for retirement benefits;
 - (d) the terms on which M holds or engages in the employment mentioned in sub-paragraph (b) change; and
 - (e) as a result of the change, M is subject to a relevant reduction.
- (2) In paragraph (1), M is subject to a relevant reduction if—
- (a) where M is neither a practitioner nor a non-GP provider, M's pensionable earnings in employment mentioned in paragraph (1)(b) are reduced to 90% or less of the amount of M's pensionable earnings during the period of 12 months ending with the election day;
 - (b) where M is a practitioner or a non-GP provider, M's engagement in the employment is reduced to 90% or less of its level during that period.
- (3) If this regulation applies M may elect to claim immediate payment of pension as specified in the election pursuant to paragraphs (a) and (b)—
- (a) M must specify the percentage of pension M claims (the specified percentage);
 - (b) M must specify whether M claims any additional pension to which M is entitled.
- (4) The election must be exercised by notice in writing to the scheme manager in such form as the scheme manager determines and must be accompanied by—
- (a) where M is neither a practitioner nor a non-GP provider, a statement in writing by the employing authority that the conditions in paragraph (1)(d) and (e) are met;
 - (b) where M is a practitioner or a non-GP provider—
 - (i) appropriate supporting evidence; and
 - (ii) a statement in writing by the contracting Health Board (or, in the case of a dentist or an ophthalmic medical practitioner, the Health Board with whom that person has an arrangement to provide general dental services or ophthalmic services) or someone appointed to act on the Health Board's behalf that the conditions in paragraph (1) (d) and (e) are met.
- (5) The specified percentage must be such that—
- (a) the amount of the pension to which M becomes entitled as a result of the election—
 - (i) is not less than 20% of the pension that would have been payable if M had ceased to be employed in all M's employments at the end of the election day; and
 - (ii) taken together with any increase to which M is entitled in consequence of the election, is not less than 0.05% of M's lifetime allowance on the election day;
 - (b) the amount of the pension in respect of which M does not require immediate payment is not less than 20% of the amount that would have been payable if M had ceased to be employed in all of M's employments at the end of the election day.
- (6) In applying paragraph (5)—
- (a) any additional pension to which M is entitled must be ignored; and
 - (b) the amount in sub-paragraph (a) is the amount of the pension disregarding the effect of an application under regulation 76.
- (7) An election under this regulation may be made on not more than two occasions and the scheme manager must take advice from the scheme actuary regarding—
- (a) any benefits to be paid after the first election (but before the second election);
 - (b) any benefits to be paid after a second election; and
 - (c) the final payment.

(8) If M was not an active member during the whole of the period of 12 months mentioned in paragraph (2)(a), that paragraph applies as if M's pensionable earnings during that period were—

$$PE \times \frac{365}{N}$$

where—

PE is M's pensionable earnings for the part of that period during which M was an active member; and

N is the number of days in that period on which M was an active member.

(9) In this regulation and regulations 84 to 88, the election day is the day before the relevant reduction takes effect.

Effect of election

84.—(1) This regulation applies if a member (M) makes an election under regulation 83.

(2) M is entitled—

- (a) if M has reached normal pension age, to immediate payment of the specified percentage of the pension to which M would be entitled by virtue of regulation 72(1) if M had ceased to be employed in one or more employments on the election day;
- (b) if M has not reached normal pension age, to immediate payment of the specified percentage of the pension to which M would be entitled by virtue of regulation 78 if M had ceased to be employed in one or more employments on the election day; and
- (c) if the election specifies that M claims immediate payment of additional pension, to the additional pension subject—
 - (i) where sub-paragraph (a) applies, to an increase of the same amount as would be made in that pension pursuant to paragraph 2 of Schedule 11 if M had ceased to be employed on the election day; and
 - (ii) where sub-paragraph (b) applies, to a reduction of the same amount as would have been made in that pension pursuant to regulation 78 if M had so ceased to be employed.

(3) For the purposes of this Part—

- (a) M is a pensioner member as respects—
 - (i) the pension to which M is immediately entitled as a result of making the election; and
 - (ii) the specified percentage of the pensionable service that pension represents, as respects which M is an active member on the election day;
- (b) if M continues in pensionable service after the election day, M is an active member as respects—
 - (i) the pensionable service after that day in which M continues; and
 - (ii) so much of the pensionable service in respect of which M is an active member as is not within sub-paragraph (a) (the unspecified service); and
- (c) if M does not continue in pensionable service after the election day, M is a deferred member as respects the unspecified service.

Terms of employment improve after election

85.—(1) This regulation applies if—

- (a) a member (M) has made an election under regulation 83(3);
- (b) during the period of 12 months beginning with the day following the election day the terms on which M holds the employment (or employments) mentioned in regulation 83(1)(b) change again; and
- (c) as a result M is subject to a relevant increase.

(2) In paragraph (1), M is subject to a relevant increase if—

- (a) where M is neither a practitioner nor a non-GP provider, M's pensionable earnings in the employment (or employments) is increased to more than 90% of M's pensionable earnings during the period of 12 months ending with the election day;
- (b) where M is a practitioner or a non-GP provider, the level of M's engagement in the employment is increased to more than 90% of M's pre-change level.

(3) The amount of M's pension mentioned in regulation 84(2) is abated to zero from the first pension day following the day on which the relevant increase occurred.

(4) If, during the period of 12 months beginning with the day following the election day, M enters further employment in which M is an active member—

- (a) the terms on which M holds the employment in respect of which the election was made (the election employment) are treated as having changed again; and
- (b) for the purpose of determining whether M is subject to a relevant increase—
 - (i) where M is a practitioner or a non-GP provider, M's level of engagement in the further employment is treated as engagement in the election employment; and
 - (ii) where M is neither a practitioner nor a non-GP provider, M's pensionable earnings in the further employment are treated as pensionable earnings from the election employment.

(5) Paragraph (3) does not apply if—

- (a) the only change to M's terms as mentioned in paragraph (1)(b) is to M's pensionable earnings;
- (b) the scheme manager thinks that the annual rate of M's pensionable earnings at the time of the change would have exceeded the annual rate mentioned in paragraph (2)(a).

(6) If M was not an active member during the whole of the period of 12 months mentioned in paragraph (1)(b), that paragraph applies as if M's pensionable earnings during that period were—

$$PE \times \frac{365}{N}$$

where—

PE is M's pensionable earnings for the part of the period during which M was an active member; and

N is the number of days in the period on which M was an active member.

(7) In paragraph (2)(b), the pre-change level is the level of M's engagement in the employment during the period of 12 months ending on the election day.

Member becomes subject to reduction following abatement

86.—(1) This regulation applies if—

- (a) regulation 85 applies to a member (M) such that M's pension is abated to zero pursuant to paragraph (3) of that regulation; and
- (b) M again becomes subject to a relevant reduction (within the meaning of regulation 83(2)).

(2) The scheme manager must restore the payment of M's pension with effect from the first pension day immediately following the day on which M became subject to the relevant reduction as mentioned in paragraph (1)(b).

(3) The scheme manager must not act under paragraph (2) unless the scheme manager obtains and has regard to advice of the scheme actuary as to whether the amount of the pension should be adjusted in view of the length of time during which it was abated to zero.

Payment of pension after abatement

87.—(1) This regulation applies if—

- (a) a member's (M) pension is abated pursuant to regulation 85(3); and
- (b) M's pensionable earnings are not reduced in consequence of M again becoming subject to a relevant reduction as mentioned in regulation 86(2).

(2) M's pension is payable by the scheme manager—

- (a) when M partially retires or retires again from pensionable employment; or
- (b) M attains the age of 75.

(3) For the purposes of paragraph (2), the scheme manager must—

- (a) have regard to any pension already paid, including any lump sum paid as a result of M making an application under regulation 76 (conversion or part of pension into lump sum); and
- (b) obtain advice from the scheme actuary.

Application of regulations 83 to 87: concurrent employments

88.—(1) This regulation applies if a person (M) is an active member in two or more employments held concurrently on the election day.

(2) Regulations 83 to 87 apply in relation to each of the employments as if it were the only employment held by M on that day, subject to the following modifications.

(3) In regulation 83—

(a) for paragraph (2)(a) substitute—

“(a) where M is neither a practitioner nor a non-GP provider, if the sum of the annual rate of M's pensionable earnings in that employment and every other employment held by M on the election day is reduced to 90% or less of the sum of—

- (i) M's pensionable earnings in the employment during the period of 12 months ending with the election day; and
- (ii) M's pensionable pay during that period in every other employment held by M on that day.”; and

(b) in paragraph (8), after “paragraph (2)(a)” insert “ in respect of any of the employments held by M ”.

(4) In regulation 85, for paragraph (2)(a) substitute—

- “(a) where M is neither a practitioner nor a non-GP provider, the annual rate of M's pensionable earnings in the employment is increased to more than 90% of the sum of—
- (i) M's pensionable earnings in the employment during the period of 12 months ending with the election day; and
 - (ii) M's pensionable earnings during that period in every other employment held by M on that day.”.

(5) In the case of a practitioner or non-GP provider, a reference to M's employment is a reference to M's pensionable service as a practitioner together with any concurrent NHS employment, and “terms of employment” must be construed accordingly.

“appropriate medical treatment” means such medical treatment as it would be normal to receive in respect of the infirmity, but does not include any treatment that the scheme manager considers—

 - (a) that it would be reasonable for M to refuse;
 - (b) would provide no benefit to restoring M's capacity for—
 - (i) discharging the duties of M's employment efficiently for the purposes of paragraph (2)(c) of regulation 89 [^{F2}before M reaches prospective normal pension age]; or
 - (ii) engaging in regular employment of like duration for the purposes of paragraph (3) (b) of that regulation [^{F3}before M reaches prospective normal pension age; or];

CHAPTER 7

Abatement on re-employment

Application of Chapter

- 100.**—(1) This Chapter applies if—
- (a) a person who is a pensioner member of this scheme is employed in NHS employment;
 - (b) the pensioner member's employment is not employment to which the pensioner member was transferred as a result of a transfer of an undertaking to the pensioner member's employer;
 - (c) the pensioner member's pension is a pension under—
 - (i) regulation 89;
 - (ii) regulation 93; or
 - (iii) regulation 80; and
 - (d) the pensioner member has not reached normal pension age.
- (2) In this Part “NHS employment” includes—
- (a) employment in which a person of a category or description listed in Schedule 6 is engaged if the scheme manager has made a determination under section 25(5) of the 2013 Act in respect of the person; and
 - (b) employment to which a corresponding health service scheme applies.
- (3) In this Chapter—
- (a) a person to whom this Chapter applies is referred to as an “employed pensioner”;
 - (b) the pension to which the employed pensioner is entitled is referred to as the “old service pension”;
 - (c) the employment in respect of which the pension is payable is referred to as the “old employment”;

(d) the employment in which the employed pensioner is employed is referred to as the “new employment”.

(4) For the purposes of this Chapter it is immaterial whether or not the employed pensioner is an active member of this scheme in the new employment.

Information

101.—(1) A person who becomes an employed pensioner must—

- (a) inform the person's employer in the new employment and any other specified person that the old service pension is payable; and
- (b) where requested, provide specified information about the employed pensioner's relevant income in the new employment to the scheme manager or a specified person.

(2) A person who ceases to be an employed pensioner in one new employment and becomes an employed pensioner in another new employment must—

- (a) inform the person's employer in the other new employment and any specified person that the old service pension is payable;
- (b) where requested, provide specified information about the employed pensioner's relevant income in the other new employment to the scheme manager or a specified person.

(3) In this regulation, “specified” means specified by the scheme manager.

(4) Relevant income must be construed in accordance with regulation 103.

Reduction of pension

102.—(1) If the condition in paragraph (2) is met, the amount of the old service pension for a scheme year is reduced.

(2) The condition is that the employed pensioner's relevant income for the scheme year exceeds the employed person's previous earnings.

(3) The amount of the reduction under paragraph (1)—

- (a) is equal to the excess; but
- (b) must not exceed the enhancement amount.

(4) Relevant income and the enhancement amount must be construed in accordance with regulation 103.

(5) Previous earnings must be construed in accordance with regulations 104 and 105.

(6) For the purpose of calculating the reduction to be made under paragraph (1) in respect of any part of a scheme year, the amount of the employed pensioner's previous earnings must be reduced proportionately.

(7) If the employed pensioner has a guaranteed minimum under section 14 of the 1993 Act in relation to the old service pension, nothing in this regulation requires the reduction of that pension below the amount of the guaranteed minimum.

Relevant income and enhancement amount

103.—(1) An employed pensioner's relevant income for a scheme year is the aggregate of—

- (a) the amount of earnings received by the employed person during the year from the new employment; and
- (b) the enhancement amount.

(2) The enhancement amount is the difference between—

- (a) the amount of the old service pension for that scheme year; and
 - (b) the amount the pension would have been had it been payable under regulation 78 (early retirement).
- (3) If the old service pension is payable under regulation 89 or 93 (ill-health pensions) to an employed pensioner who had not attained normal minimum pension age at the time when entitlement to the pension arose, for the purposes of paragraph (2)(b)—
- (a) the fact that entitlement to a pension under regulation 78 depends on reaching that age is ignored; but
 - (b) the employed pensioner's actual age at the relevant time is taken into account in determining the reduction to be made under Part 3 of Schedule 11.
- (4) If the old service pension is an ill-health pension at Upper Tier level, for the purposes of paragraph (2)(b) only the employed pensioner's actual pensionable service at the time when entitlement to the pension arose is taken into account in determining the amount that would have been payable under regulation 78.
- (5) If the employed pensioner exercised the option under regulation 76 (conversion of part of pension lump sum) in relation to the old service pension, the resulting reduction in the pension is ignored for the purposes of this regulation.
- (6) If the employed pensioner exercised the option under regulation 50 (election to allocate of pension) in relation to the old service pension, the resulting reduction is taken into account for the purpose of this regulation.
- (7) References to the amount of a pension for a scheme year are to its amount for that year after any increases payable in respect of the pension under the Pensions (Increase) Act 1971, including increases that would have been payable in respect of an amount not paid because of a reduction ignored under paragraph (5).
- (8) For the purposes of paragraph (1)(a), the employed pensioner is assumed to be an active member of this scheme in the new employment.

Previous earnings: general

- 104.**—(1) For the purposes of this Chapter, an employed pensioner's previous earnings is construed in accordance with this regulation.
- (2) If the employed pensioner's old employment was neither as a practitioner nor as a non-GP provider, the previous earnings is the greater of—
- (a) the optimum re-valued pensionable earnings in the old employment; and
 - (b) the annual rate of pay for the old employment at the time it ceased.
- (3) If the employed pensioner's old employment was as a practitioner or non-GP provider the previous earnings is the average of the annual amounts of the person's re-valued pensionable earnings in respect of practitioner service.
- (4) The optimum re-valued pensionable earnings is the re-valued pensionable earnings for the scheme year in the earnings reference period for which the employed pensioner has the greatest amount of re-valued pensionable earnings.
- (5) The annual rate of pay is the sum of—
- (a) the annual rate of so much of the employed pensioner's pensionable earnings immediately before the old service pension became payable as consisted of salary, wages, or other regular payments of a fixed nature; and
 - (b) so much of any fees and other regular payments not of a fixed nature as—

- (i) was payable to the employed pensioner during the period of 12 months ending with the day the old employment ceased, and
 - (ii) formed part of the employed pensioner's pensionable earnings.
- (6) The amount to be taken as the employed pensioner's previous earnings must be adjusted in each scheme year by increasing it by the same amount as that by which an annual pension equal to that amount would have been increased under the Pensions (Increase) Act 1971 at 6th April in that scheme year if—
- (a) the pension was eligible to be so increased; and
 - (b) the beginning date for the pension were the same as the beginning date for the old service pension.
- (7) In this regulation and regulation 105—
- “re-valued pensionable earnings” means in relation to each scheme year in the earnings reference period, the pensionable earnings for that year increased up to the beginning date for the old service pension by the rate of change in prices specified by the Treasury by order under section 9 of the 2013 Act;
- “the earnings reference period” is the period ending on the last day of the scheme year immediately preceding the scheme year in which the employed pensioner left the old employment and starting on the later of—
- (a) the first day of the scheme year in which the employed pensioner first joined this scheme; and
 - (b) the first day of the tenth scheme year preceding the scheme year in which the employed pensioner left the old employment.
- (8) In paragraph (6) the beginning date, in relation to a pension, is the date on which it is deemed to begin for the purposes of the Pensions (Increase) Act 1971 (see section 8(2) of that Act).

Previous earnings: continuing and concurrent employments

- 105.**—(1) This regulation applies if an employed pensioner has held one or more other NHS employments at the same time as the old employment.
- (2) If the employed pensioner's old employment was neither as a practitioner nor as a non-GP provider, the previous earnings is the amount determined regulation 104 increased as follows—
- (a) if the person holds a continuing non-practitioner employment on becoming entitled to the old service pension, the increase is the annual rate of earnings in respect of the continuing employment;
 - (b) if the person holds a continuing practitioner employment on becoming entitled to the old service pension, the increase is the average of the annual amounts of the person's re-valued pensionable earnings in respect of practitioner employment.
- (3) If the employed pensioner's old employment was as a practitioner, the previous earnings is the amount determined under regulation 104 increased as follows—
- (a) if the person becomes entitled to receive simultaneously a pension in respect of rights accrued from non-practitioner employment, the increase is the amount of previous earnings in respect of the non-practitioner employment;
 - (b) if the person holds a continuing non-practitioner employment on becoming entitled to the old service pension, the increase is the annual rate of earnings of the continuing employment.
- (4) Paragraph (5) applies if—

 - (c) the employment mentioned in paragraph (b) terminated before the old service pension becomes payable.
- (5) The employed pensioner's previous earnings are increased by—
- (a) the annual rate of earnings in respect of the concurrent part-time pensionable employment; or
 - (b) if higher, that part of the pensionable earnings for the employment which is attributable to any part of the period of 12 months mentioned in paragraph (4)(b).
- (6) Paragraph (7) applies if—
- (a) in the period of 12 months before the date on which the old service pension becomes payable the employed pensioner was in pensionable employment as a practitioner; and
 - (b) the pensionable employment terminated before the old service pension became payable.
- (7) The previous earnings are increased by the average of the annual amounts of the person's re-valued pensionable earnings in respect of the employment mentioned in paragraph (6).
- (8) Paragraph (9) applies if—
- (a) a practitioner becomes entitled to payment of a pension under this scheme;
 - (b) in the 12 months before the entitlement arises the practitioner held concurrent pensionable non-practitioner employment; and
 - (c) the employment is terminated before the pension becomes payable.
- (9) The previous earnings are increased by—
- (a) the annual rate of earnings in respect of the employment mentioned in paragraph (8); or
 - (b) if higher, that part of the pensionable earnings for the employment which is attributable to any part of the period of 12 months mentioned in paragraph (8)(b).
- (10) Non-practitioner employment is employment which is neither as a practitioner nor as a non-GP provider, and references to practitioner employment must be construed accordingly.

(2) In regulation 102, for paragraphs (1) and (2) substitute—

“(1) If the condition in paragraph (2) is met, the amount of the old service pensions for a scheme year is reduced.

(2) The condition is that the employed pensioner's relevant income for the scheme year exceeds the employed person's previous earnings for all old employments.

(2A) The amount of the reduction under paragraph (1) in the case of each of the pensions is equal to the same proportion of the excess as the amount of the pension for the scheme year before the reduction bears to the sum of the pensions for that year before the reduction.”.

- (3) In regulation 103—
- (a) for paragraph (2) substitute—
- “(2) The enhancement amount is the difference between—
- (a) the aggregate amount of all old service pensions for that scheme year; and
- (b) the aggregate amount all of those pensions would have been if they had each been payable under regulation 78 (early payment of pension with actuarial reduction).”;
- (b) subsequent references to the old service pension must be taken as references to every old service pension to which the substituted paragraph (2) applies.
- (4) Regulation 107 applies as if references to an old service pension were references to every such pension.

Adjustment of reductions

107.—(1) If the old service pension for a scheme year is being reduced under this Chapter, the scheme manager must review the amount of the reduction—

- (a) at the end of the scheme year; and
- (b) at any time during the scheme year if it appears to the scheme manager that—
- (i) the amount of the reduction made for the year is, or may become, incorrect,
- (ii) no reduction should be made.

(2) If at any time during the scheme year it appears to the scheme manager as mentioned in paragraph (1)(b), the scheme manager must make such adjustments as appear to be required, whether by—

- (a) altering the amount of the reduction; or
- (b) repaying to the employed pensioner any amount that should not have been deducted from the pension.

(3) If at the end of the scheme year it is apparent that—

- (a) the reduction in the old service pension for the year was excessive; or
- (b) no such reduction should have been made,

the scheme manager must repay the amount due to the employed pensioner.

(4) If at the end of the scheme year it is apparent that the old service pension paid for the year exceeded the amount due because the reduction in the old service pension required under regulation 102 was not made, the employed pensioner must repay the excess to the scheme manager.

(5) Paragraph (4) does not affect the right of the scheme manager has to recover a payment or overpayment which is due.

CHAPTER 8

Serious ill health option

Option for members in serious ill health to exchange pension for lump sum

108.—(1) An active member, a deferred member or a pension credit member may opt to exchange a relevant pension for a lump sum if the scheme manager is satisfied that the conditions for the lump sum to be a serious ill-health lump sum for the purposes of the 2004 Act will be met (see paragraph 4 of Schedule 29 to that Act).

- (2) For the purposes of paragraph (1), a “relevant pension” is a pension payable to that member under regulation 72, 75, 89 or 93.
- (3) The option may only be exercised—
- (a) in the case of a pension payable under regulation 72 or 75, before or at the time when the pension becomes payable;
 - (b) in the case of a pension payable under regulation 89 or 93, before the pension becomes payable to the member.
- (4) An active member who has reached normal pension age who exercises the option is to be paid, as soon as is reasonably practicable, an amount equal to the sum of—
- (a) the maximum lump sum to which the member could have become entitled on exercising the option under regulation 76 if at the appropriate time the member had become entitled to a pension under regulation 72; and
 - (b) the annual rate of the pension to which the member would have been entitled under regulation 72 after exercising that option, multiplied by 5.
- (5) An active member entitled to a pension under regulation 89 who exercises the option is to be paid, as soon as is reasonably practicable, an amount equal to the sum of—
- (a) the maximum lump sum to which the member could have become entitled on exercising the option under regulation 76 at the appropriate time; and
 - (b) the annual rate of the pension to which the member is entitled under regulation 89 after exercising that option, multiplied by 5.
- (6) A pension credit member entitled to a pension under regulation 75 who exercises the option is to be paid as soon as reasonably practicable an amount equal to the sum of—
- (a) the maximum lump sum (if any) to which the pension credit member could have become entitled on exercising the option under regulation 76 at the appropriate time; and
 - (b) the total annual amount of the pension to which the pension credit member is entitled under regulation 75 after exercising the option multiplied by 5.
- (7) A deferred member entitled to a pension under regulation 93 who exercises the option is to be paid, as soon as is reasonably practicable, an amount equal to the sum of—
- (a) the maximum lump sum to which the member could have become entitled on exercising the option under regulation 76 at the appropriate time; and
 - (b) the annual rate of the pension to which the member is entitled under regulation 93 after exercising that option, multiplied by 5.
- (8) “The appropriate time” means—
- (a) for the purposes of paragraph (4) and (6), the time when the option under this regulation is exercised; and
 - (b) for the purposes of paragraphs (5) and (7), the time payment of the pension under regulation 89 or, as the case may be, 93 would otherwise first be due.
- (9) References to the annual rate of a pension are to the amount of the annual pension to which the member would be entitled, together with any increases payable under the Pensions (Increase) Act 1971, calculated as at the appropriate time.
- (10) The option under this regulation may only be exercised by notice in writing to the scheme manager in such form as the scheme manager requires.

CHAPTER 9

Contracting out obligations

Guaranteed minimum pension etc

109.—(1) If a member (M) has a guaranteed minimum under section 14 of the 1993 Act in relation to benefits under this scheme, nothing in these Regulations—

- (a) permits or requires anything that would cause requirements made by or under that Act in relation to M and M's rights under this scheme not to be met in the case of M; or
 - (b) prevents anything from being done which is necessary or expedient for the purposes of meeting such requirements in the case of M.
- (2) Paragraph (3) applies if apart from this regulation—
- (a) no pension would be payable to M under this scheme; or
 - (b) the weekly rate of the pensions payable would be less than the guaranteed minimum.
- (3) Where this paragraph applies—
- (a) a pension at a weekly rate equal to the guaranteed minimum is payable to M for life from the date on which M reaches State pension age or, as the case may be;
 - (b) pensions, the aggregate weekly rate of which is equal to the guaranteed minimum, are so payable.
- (4) If—
- (a) on reaching State pension age M is still in employment (whether or not it is scheme employment); and
 - (b) if it is not scheme employment, M consents to a postponement of M's entitlement under paragraph (3),

paragraph (3) does not apply until M leaves employment.

(5) If M continues in employment for a further 5 years after reaching State pension age and does not then leave employment, M is entitled from the end of that period to so much of the member's pension under this Part as equals M's guaranteed minimum (or, as the case may be, to so much of M's pensions under this Part as together have a weekly rate equal to M's guaranteed minimum), unless M consents to a further postponement of the entitlement.

(6) If paragraph (4) or (5) applies, the amount of the guaranteed minimum to which M is entitled under this regulation is increased in accordance with section 15 of the 1993 Act.

- (7) If—
- (a) before State pension age M becomes entitled to the immediate payment of a pension; and
 - (b) M has a guaranteed minimum under section 14 of the 1993 Act in relation to the whole or part of the pension,

the weekly rate of the pension, so far as attributable to that service, must not be less than that guaranteed minimum, multiplied by such factor as is indicated in tables provided by the scheme actuary for a person of M's age and sex at the date on which the pension becomes payable.

(8) This paragraph applies if a person has ceased to be in employment that is contracted-out by reference to this scheme, and either—

- (a) all the person's rights to benefits under this scheme, except the person's rights in respect of the person's guaranteed minimum or rights under section 9(2B) of the 1993 Act (“the person's contracting-out rights”), have been transferred under Part 7 (transfers); or

(b) the person has no rights to benefits under this scheme apart from the person's contracting-out rights.

(9) If paragraph (8) applies—

- (a) from the date on which the person reaches State pension age, the person is entitled to a pension payable for life at a weekly rate equal to the person's guaranteed minimum, if any; and
- (b) from the date on which the person reaches pension age, the person is entitled to a pension in respect of rights under section 9(2B) of the 1993 Act,

but a person falling within paragraph (8) is not to be regarded as a pensioner for the purposes of Part 6 (survivor benefits).

(10) Paragraphs (2) to (9) do not apply to—

- (a) a pension that is forfeited—
 - (i) as a result of a conviction for treason; or
 - (ii) in a case where an offence within 12(2)(b) of Schedule 3 (Official Secrets Acts offences) is committed,
- (b) a pension that is commuted under regulation 108 (option for members in serious ill- health to exchange whole pension for lump sum); or
- (c) a pension that is commuted under paragraph 6 of Schedule 3 (commutation of small pensions) where the conditions in ^{F7} regulation 25 of the Occupational Pension Schemes (Schemes that were Contracted-out) (No. 2) Regulations 2015] are met,

but if any other provision of this scheme is inconsistent with this regulation, this regulation prevails.

(11) In this regulation—

- (a) “scheme employment”, in relation to a member, means employment in the employment by virtue of which the member is eligible for membership of this scheme; and
- (b) references to the amount of a pension are to its amount—
 - (i) disregarding any additional pension,
 - (ii) after the subtraction of any amount exchanged under regulation 76 (option to exchange part of pension for lump sum), and
 - (iii) before the subtraction of any amount allocated under regulation 50 (election to allocate pension).
