

SCHEDULE 8

RADIOACTIVE SUBSTANCES ACTIVITIES

PART 2

Amendments to common framework provisions

Authorisation conditions: monitoring

22.—(1) SEPA must ensure that a permit or registration for a radioactive substances activity to which sub-paragraph (3) applies includes such conditions as it considers appropriate to ensure—

- (a) the authorised person carries out appropriate monitoring and evaluation of radioactive discharges into the environment in normal operation of the activity; and
- (b) the results of the monitoring and evaluation are reported to SEPA.

(2) For the purposes of sub-paragraph (1), where the radioactive substances activity is carried on a nuclear site, the permit or registration conditions imposed must require the monitoring of radioactive discharges and reporting to SEPA of such information on radioactive discharges as the Scottish Ministers direct.

(3) This sub-paragraph applies to radioactive substances activities which involve either or both the—

- (a) disposal of radioactive waste; or
- (b) introduction of radioactive material to the environment.

Changes to legislation:

There are currently no known outstanding effects for the The Environmental Authorisations (Scotland) Regulations 2018, Paragraph 22.
