

SCHEDULE 7

Specific conditions: breeding cats

Number of breeding female cats and litters produced

3.—(1) The number of breeding female cats kept in relation to the licensable activity of breeding cats at any time on the premises specified in the licence and on which the licensable activity is carried on must not exceed the number specified by the local authority in the licence.

(2) The number of litters produced on the premises during each consecutive 12 month period commencing with the date on which the licence was granted or, as the case may be, renewed must not exceed twice the maximum number of breeding female cats specified in the licence.

Commencement Information

I1 Sch. 7 para. 3 in force at 1.9.2021, see [reg. 1](#)

Changes to legislation:

There are currently no known outstanding effects for the The Animal Welfare (Licensing of Activities Involving Animals) (Scotland) Regulations 2021, Paragraph 3.
