
DRAFT STATUTORY INSTRUMENTS

2014 No.

The Domestic Renewable Heat
Incentive Scheme Regulations 2014

PART 2

Eligibility criteria

Eligibility criteria

3. A plant which is a biomass plant, heat pump or solar thermal plant is eligible for accreditation where it meets the requirements (“the eligibility criteria”) set out in—

- (a) regulation 4, 5, or 6 (whichever is applicable to the plant);
- (b) regulations 7 to 11;
- (c) if the plant is not the first and only plant to provide heat to a property, regulation 12; and
- (d) if regulation 13 requires that the heat generated by the plant must be metered, regulation 14.
