where—

A is the total of the amounts credited to the authority's collection fund income and expenditure account on the day in accordance with proper practices in respect of non-domestic rates payable under sections 43 and 45 of the 1988 Act (occupied and unoccupied hereditaments: liability) in respect of that hereditament;

$$E \times \left(\frac{F}{G} \right)$$

where—

E is the non-domestic rating income in respect of that hereditament;

F is the proportion of rateable value shown for the hereditament in a local non-domestic rating list that is certified by the relevant valuation officer in accordance with paragraph (2); and

G is the rateable value shown for the hereditament in a local non-domestic rating list for the day.

(2) The relevant valuation officer must, on request by the authority, certify the proportion of rateable value shown for the hereditament in a local non-domestic rating list which appears to that officer to be attributable to any part of the hereditament which is used wholly or mainly in connection with the boring for or getting of oil or natural gas from shale by hydraulic fracturing.

Certificates: general

10.—(1) The relevant valuation officer must certify the values which fall to be certified under this Part as soon as reasonably practicable after the authority has requested certification.

(2) A certificate under this Part has effect for each day beginning with the date that the circumstances which led the authority to request certification first arose.

(3) A certificate under this Part must specify the date on which the certificate takes effect in accordance with paragraph (2) or (4), as the case may be.

(4) Where the relevant valuation officer forms the opinion that a certificate under this Part is inaccurate, the relevant valuation officer must certify the value which in that officer's opinion should be substituted for that originally certified.

(5) A certificate under paragraph (4) has effect in place of the previous certificate.

(6) The relevant valuation officer certifying a value under this Part must send a copy of the certificate to the authority concerned.

(7) A certificate under this Part must be retained by the relevant valuation officer who made it.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations designate classes of hereditaments in relation to which a billing authority disregards an amount of non-domestic rating income for the purpose of certain calculations under Schedule 7B to the Local Government Act 1988 (local retention of non-domestic rates).

Part 1 provides for preliminary matters.

Part 2 sets out the designated classes of hereditaments in relation to which an amount of non-domestic rating income is to be disregarded.

Part 3 makes provision for the calculation of the amounts to be disregarded for the purpose of calculations under the rates retention scheme.

Part 4 amends the Non-Domestic Rating (Rates Retention) Regulations 2013 (“the 2013 Regulations”) to provide for payments to relevant precepting authorities of a proportion of the amount to be disregarded.

Part 5 further amends the 2013 Regulations. Regulation 12(2) inserts a requirement for reconciliation payments between billing authorities and major precepting authorities where there are changes in qualifying relief in relation to Case B hereditaments (see Schedule 2 to the 2013 Regulations). Regulation 12(3) amends the schedule of instalments by which any payment under the 2013 Regulations are made through the course of the financial year. Regulation 12(4) updates the area cost factors for calculating an authority’s costs of collection. Regulation 12(5) extends the period for which qualifying relief may be funded through a deduction from central share and adds an additional area in Derby in relation to which qualifying relief may be funded. Regulation 12(6) makes express provision in respect of the transfers between funds to be made by the Council of the Isles of Scilly.

Part 6 amends the Non-Domestic Rating (Transitional Protection Payments) Regulations 2013 to change the schedule of instalments for transitional protection payments on account.

An impact assessment has not been produced for this instrument because it amends an existing local tax regime. Publication of a full impact assessment is not necessary for such legislation.
