- (a) a period (which need not be continuous) consisting of a total of 27 or more weeks falling within the relevant base period; or

  - (ii) consisting of a total number of weeks exceeding one half of the number of weeks in the part of the relevant base period beginning with the day on which the construction establishment started being engaged in that industry and ending with the last day of the relevant base period.

(4) An employer who on the first day of the levy period owns or otherwise has responsibility for a construction establishment is to be treated as the employer of all persons employed at or from that establishment during the relevant base period.

### **Treatment of construction establishments as one establishment**

6. The Board and an employer may agree that two or more construction establishments of that employer be treated as one construction establishment for the purposes of assessment of the amount of levy payable.

### **Assessment of the amount of levy**

7.—(1) The amount of levy to be assessed in respect of each construction establishment for each levy period is—

$$A + B$$

where

A is an amount equal to 0.35% of all emoluments (other than the relevant part of all contract payments) which have been paid or are payable by the employer to, or in respect of, persons employed by the employer at or from the construction establishment during the relevant base period; and

B is an amount equal to 1.25% of the relevant part of all contract payments made by the employer to, or in respect of, persons employed by the employer at or from the construction establishment during the relevant base period.

(4) Where an amount described as “A” or “B” is not a whole number of pounds, the amount must be rounded down to the nearest £1.

(5) Where a construction establishment ceases to be engaged in the construction industry during a levy period, the amount of levy imposed in respect of the construction establishment for that period is to be in the same proportion to the amount that would otherwise be due under this article as the number of days between the commencement of the levy period and the date of the cessation of engagement (both dates inclusive) bears to the number of days in the levy period.

### **Total amount of levy**

8.—(1) Subject to paragraph (2), the total amount of levy to be paid by an employer in respect of the relevant levy period is the aggregate amount of levy assessed as payable for all construction establishments of the employer for that period.

(2) The total amount of levy to be paid by an employer under paragraph (1) is to be reduced by 50% if the aggregate amount of—
