

CHAPTER cxxvii.

An Act to confer further powers on the Western Valleys (Monmouthshire) Sewerage Board to make the Bedwellty and Tredegar Urban District Councils constituent authorities and for other purposes. [9th August 1907.] A.D. 1907.

WHEREAS by the Western Valleys (Monmouthshire) Sewerage Board Act 1903 (in this Act called "the Act of 1903") a board (in this Act called "the Board") was incorporated to consist of twenty-one persons who should be members of and represent the urban district councils of Abercarn Abertillery Ebbw Vale Nantyglo and Blaina and Risca (which councils were in the Act of 1903 and are in this Act called "the constituent authorities"):

And whereas by the Act of 1903 the Board were authorised to construct certain intercepting sewers and an outfall sewer for the purpose of discharging the sewage of the districts of the constituent authorities into the sea and were given other powers for the purpose of purifying the Ebbw and Sirhowy rivers:

And whereas by the Western Valleys (Monmouthshire) Sewerage Board Act 1906 (in this Act called "the Act of 1906") the Mynyddislwyn Urban District Council was made a constituent authority and the number of members of the Board was increased and the Sirhowy portion of the Mynyddislwyn Urban District was made a constituent district and the Board were authorised to construct an intercepting sewer to connect the sewers of the Sirhowy portion of Mynyddislwyn with the sewers authorised by the Act of 1903 and certain amendments of the Act of 1903 were also made:

And whereas parts of the urban districts of Bedwellty and Tredegar are situate in the valley of the Sirhowy river (which

A.D. 1907. parts are in this Act defined and respectively called "the Sirhowy portion of Bedwellty" and "the Sirhowy portion of Tredegar") and it is expedient both for the purification of the rivers and the economical disposal of the sewage that an intercepting sewer and other works should be constructed connecting the sewers in the Sirhowy portion of Bedwellty and the Sirhowy portion of Tredegar with the sewers authorised by the Acts of 1903 and 1906 so that the sewage may be discharged into the sea by means of the outfall sewer authorised by the former Act :

And whereas the Board have agreed with the Tredegar Urban District Council to promote a Bill for the authorisation of such intercepting sewer and other works and to make Tredegar a constituent authority and to provide for contributions to the expenses of the Board in respect of the Sirhowy portion of Tredegar and it is expedient that provision should be made accordingly :

And whereas the Sirhowy portion of Bedwellty is situate between the Sirhowy portion of the Mynyddislwyn Urban District and the Sirhowy portion of Tredegar and the intercepting sewer to connect the sewers of the Sirhowy portion of Tredegar with the sewers authorised by the Acts of 1903 and 1906 must pass through the Sirhowy portion of Bedwellty and there is no proper system of sewage disposal in the Sirhowy portion of Bedwellty but nevertheless the urban district council of Bedwellty has refused to concur and agree with the Board and with the Tredegar Council and notwithstanding such refusal it is expedient in the interests of the whole of the constituent districts as defined by the Acts of 1903 and 1906 and of the Sirhowy portions of the Bedwellty and Tredegar districts and of public health that the urban district council of Bedwellty should become subject to the provisions of this Act a constituent authority as herein-after provided of the Board :

And whereas with a view of giving effect to the provisions inserted in sections 13 (For protection of Viscount Tredegar and Colonel Herbert) and 14 (For protection of Colonel Herbert) of the Act of 1906 it is expedient that deviations of the intercepting sewer authorised by that Act should be authorised :

And whereas the Board in constructing the intercepting sewer (Conduit No. 3) authorised by the Act of 1903 in the parish of Graig in the rural district of St. Mellons near Bassaleg Church have by agreement with the landowners in order to improve the

line of the said sewer deviated the said sewer outside the limits of deviation authorised by the Act of 1903 and it is expedient to constitute such deviation part of the authorised intercepting sewer (Conduit No. 3) authorised by the Act of 1903 as though the same had been authorised by that Act: A.D. 1907.

And whereas estimates have been prepared by the Board in relation to the following purposes in respect of which they are by this Act authorised to borrow money and such estimates are as follows:—

	£
For the purchase of lands and easements for and for the construction of the sewers by this Act authorised - - - - -	40400
For the enlargement of the sewer authorised by the Act of 1906 so as to enable them to carry the sewage of the Sirhowy portion of Bedwellty and the Sirhowy portion of Tredegar - - -	14000

And whereas the several works included in such estimates respectively are permanent works and it is expedient that the cost thereof should be spread over a term of years:

And whereas it is expedient to make such other provisions as are in this Act contained:

And whereas the objects of this Act cannot be attained without the authority of Parliament:

And whereas pursuant to section 93 of the Act of 1903 an absolute majority of the whole number of the Board at a meeting held on the twenty-fourth day of October one thousand nine hundred and six after ten clear days notice by public advertisement of such meeting and of the purpose thereof in the South Wales Daily Argus and the South Wales Gazette being two newspapers published or circulating in the districts of the constituent authorities such notices being in addition to the ordinary notices required for sanctioning such meeting resolved that the expense in relation to promoting the Bill for this Act should be paid out of the revenues of the Board:

And whereas at a further meeting of the Board held on the twentieth day of February one thousand nine hundred and seven in pursuance of similar notices the propriety of the promotion of the Bill for this Act was confirmed by a like absolute majority of the Board:

A.D. 1907.

And whereas plans showing the lands proposed to be acquired and the works proposed to be constructed under this Act and sections of the said works and a book of reference to such plans were duly deposited with the clerk of the peace for the county of Monmouth which plans sections and book of reference are in this Act respectively referred to as the deposited plans sections and book of reference :

May it therefore please Your Majesty that it may be enacted and be it enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the authority of the same as follows (that is to say):—
