*Works.*

10. Subject to the provisions of this Order and the principal Act the Undertakers may exercise all or any of the powers conferred on them by this Order and the principal Act and may break up such streets not repairable by the local authority and such railways and tramways (if any) as are specified in the Third Schedule so far as such streets railways and tramways may for the time being be included in the area of supply and be or be upon land dedicated to public use. Provided however as respects any such railway that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level.

Powers for execution of works.

Nothing in this Order shall authorise or empower the Undertakers to break up or interfere with any street or part of a street not repairable by the local authority or any railway or tramway except such streets railways or tramways (if any) or such parts thereof as are specified in the said schedule without the consent of the authority company or person by whom such street railway or tramway is repairable or of the Board of Trade under section thirteen of the Electric Lighting Act 1882 and where the Board of Trade give such consent the provisions of this Order shall apply to the street railway or tramway to which the consent relates as if it had been specified in the said schedule.

11. Subject to the provisions of this Order and the principal Act and any regulations made under this Order the Undertakers may construct in any street such boxes as may be necessary for purposes in connexion with the supply of energy including apparatus for the proper ventilation of such boxes. Provided that no such box or apparatus shall be placed above ground except with the consent of the authority body or person by whom such street is repairable.

Street boxes.

Every such box shall be for the exclusive use of the Undertakers and under their sole control except so far as the Board of Trade may otherwise order and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors or for examining testing regulating measuring directing or controlling the supply of energy or for examining or testing the condition of the mains or other portions of the works or for other like purposes connected with the undertaking and the Undertakers may place therein meters switches and any other suitable and proper apparatus for any of the above purposes.

Every such box including the upper surface or covering thereof shall be constructed of such materials and shall be constructed and maintained by the

[Ch. cxiv.] *Electric Lighting Orders Confirmation* [56 & 57 VICT.]  
(No. 4) Act, 1893.

A.D. 1893. Undertakers in such a manner as not to be a source of danger whether by reason of inequality of surface or otherwise.

*Altrincham  
and Bowdon.*

The local authority may with the approval of the Board of Trade prescribe the hours during which the Undertakers are to have access to such boxes and if the Undertakers during any hours not so prescribed remove or displace or keep removed or displaced the upper surface or covering of any box without the consent of the local authority they shall be liable to a penalty not exceeding five pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Notice of works  
with plan to be  
served on the  
Postmaster-  
General and  
local authority.

12. Where the exercise of any of the powers of the Undertakers in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in under along or across any street or public bridge the following provisions shall have effect:—

- (A) One month before commencing the execution of such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall serve a notice upon the Postmaster-General and the local authority describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and the manner in which it is intended that such street or bridge or any sewer drain or tunnel therein or thereunder is to be interfered with and shall upon being required to do so by the Postmaster-General or the local authority give him or them any such further information in relation thereto as he or they may desire In calculating the above-mentioned period of one month no part of the month of August shall be included ;
- (B) The Postmaster-General or the local authority may in his or their discretion approve of any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same and may give notice of such approval or disapproval to the Undertakers ;
- (C) Where the Postmaster-General or the local authority approve any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same ;
- (D) If the Postmaster-General or the local authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them he or they shall be deemed to have approved such works and plan ;

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(E) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the local authority or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and the principal Act;

A.D. 1893.

*Altrincham  
and Bowdon.*

(F) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General and the local authority for any loss or damage which he or they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Where in any case a street or public bridge is repairable by the county council this section shall be read and construed as if "county council" were substituted for "local authority" wherever that expression occurs.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers' works or their supply of energy.

13. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along or across any street or part of a street not repairable by the local authority or county council or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested:—

As to streets not repairable by local authority railways tramways and canals.

(A) One month before commencing the execution of any such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person liable to repair such street or part of a street or the body or person for the time being entitled to work such railway or tramway or the owners of such canal (as the case may be) in this section referred to as the "owners" describing the proposed works together with a plan of the works showing the mode and position in which such works are intended

and Bowdon.*

to be executed and placed and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.

- (B) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof.
- (C) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.
- (D) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible.
- (E) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties.
- (F) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works.
- (G) Where the repair renewal or amendment of any existing works of which the character or position is not altered will involve any interference with any railway level crossing or with any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours' notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(H) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

A.D. 1893.

*Altrincham  
and Bowdon.*

14. Any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order may if they think fit serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of such body or person and may amend or revoke any such notice by another notice similarly served Where any such body or person (in this section referred to as the "givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as such notice remains in force the following provisions shall have effect unless otherwise agreed between the parties interested :—

Street authority  
&c. may give  
notice of desire  
to break up  
streets &c. on  
behalf of  
Undertakers.

- (A) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge such powers or duties and the givers of the notice have refused or neglected to comply with such requisition as hereinafter provided or in cases of emergency ;
- (B) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged.
- (C) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable.

(No. 4) Act, 1893.

A.D. 1893.

*Altrincham  
and Bowdon.*

- (D) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.
- (E) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice.
- (F) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.
- (G) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily.
- (H) The givers of the notice may if they think fit require the Undertakers to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this section as may be determined in manner provided by this Order. If the Undertakers fail to give any such security within seven days after being required to do so or in case of difference after such difference has been determined by a court of summary jurisdiction they shall not be entitled to serve any further requisition upon such givers of the notice requiring them to exercise or discharge any powers or duties under this section until such security has been duly given.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

15. The Undertakers may alter the position of any pipes (not forming part of any sewer of the local authority) or any wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed to between the parties interested:—

A.D. 1893.  
*Altrincham  
and Bowdon.*  
As to alteration  
of pipes wires  
&c. under  
streets.

- (A) One month before commencing any such alterations the Undertakers or such body or persons (as the case may be) in this section referred to as "the operators" shall serve a notice upon the body or persons for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as the "owners" describing the proposed alterations together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.
- (B) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.
- (C) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible.
- (D) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required so to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties.
- (E) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the

operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as herein-after provided.

- (F) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made.
- (G) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable.
- (H) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.
- (I) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily.
- (J) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.
- (K) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

(No. 4) Act, 1893.

16. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any sewer drain, watercourse defence or work under the jurisdiction or control of the local authority or any main pipe syphon electric line or other work belonging to any gas electric supply or water company has been lawfully placed or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as the "operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to the local authority or to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as the "owners" not less than three days' notice before commencing to dig or sink such trench as aforesaid and such owners shall be entitled by their officer to superintend the work and the operators shall conform with such reasonable requirements as may be made by the owners or such officer for protecting from injury every such sewer drain watercourse defence pipe syphon electric line or work and for securing access thereto and they shall also if required to do so by the owners thereof repair any damage that may be done thereto.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

For protection  
of railway  
and canal  
companies.

17. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection  
of telegraphic  
and telephonic  
wires.

18.—(1.) The Undertakers shall take all reasonable precautions in constructing laying down and placing their electric lines and other works of all descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein

specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

A.D. 1893.  
*Attrincham  
and Bowdon.*

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wire or line affected thereby and that such ignorance was not owing to any negligence on the part of the Undertakers.

(4.) Nothing in this section contained shall be held to deprive any such owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

(5.) Provided always that if the Undertakers or any such owner at any future time apply to Parliament to repeal or amend the foregoing provisions in accordance with the report of a Joint Committee of both Houses of Parliament (whether such report shall or shall not be retrospective in its recommendations) such owner or the Undertakers as the case may be shall not be entitled to oppose such application except on details.

*Compulsory Works.*

19.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain the same.

Mains &c. to be laid down in streets specified in Second Schedule and in remainder of area of supply.

(2.) In addition to the mains hereinbefore specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

(No. 4) Act, 1893.

A.D. 1893.

*Altrincham  
and Bowdon.*

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section 13 of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up such street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

As to laying of  
electric line  
under special  
agreement.

20. Twenty-eight days at the least before commencing to lay in any street any electric line which is intended for supplying energy to any particular consumer and not for the purposes of general supply the Undertakers shall serve upon the local authority and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric line so to be laid a notice stating that the Undertakers intend to lay such electric line and setting forth the effect of this section and if within the said period any two or more of such owners or occupiers shall require in accordance with the provisions of this Order that a supply shall be given to their premises the necessary distributing main shall be laid by the Undertakers at the same time as the electric line intended for such particular consumer.

If Undertakers  
fail to lay down  
mains &c.  
Order to be  
revoked.

21. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively they shall be liable to a penalty not exceeding five pounds in respect of each such default for each day during which such default continues and if the Board of Trade are of opinion in any case that such default is wilful and unreasonably prolonged they may after considering any representations of the local authority either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order. Provided that the Board of Trade shall not revoke this Order as to part of the area of supply where the Undertakers make a representation that they desire to be relieved of their liabilities as respects the rest of the area of supply and in such case the Board of Trade shall not under this section revoke this Order otherwise than as to the whole of the area of supply.

Manner in  
which requisition  
is to be  
made.

22. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

street or part of a street or where the local authority has the control and management of the public lamps in such street or part of a street by the local authority.

A.D. 1893.

*Altrincham  
and Bowdon.*

Every such requisition shall be signed by the persons making the same or by the local authority (as the case may be) and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the local authority on application for the same and any requisition so supplied shall be deemed valid in point of form.

23. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as shall be specified by the Undertakers in such notice. Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Provisions on  
requisition by  
owners or  
occupiers.

Where such notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected or in the case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by such persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade who after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for

such longer period than three years and to specify such sum or per-centage whether calculated as herein-before provided or otherwise as shall be fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement such difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

Provisions on  
requisition by  
local authority.

24. Where any such requisition is made by the local authority it shall not be binding on the Undertakers unless at the time when such service is effected or within fourteen days thereafter there be tendered to the Undertakers (if required by them) an agreement executed by the local authority and binding them to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which such requisition is made as may be under their management or control.

*Supply.*

Undertakers to  
furnish suffi-  
cient supply of  
energy to  
owners and  
occupiers  
within the area  
of supply.

25. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and of all such regulations and conditions as aforesaid and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say) :—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

A.D. 1893.  
*Altrincham  
and Bowdon.*

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of such notice the Undertakers may if they think fit discontinue to supply energy for such premises so long as such failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

26. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably

Altrincham  
and Bowdon.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section such difference shall be determined by arbitration.

Supply of  
energy to  
public lamps.

27. The Undertakers upon receiving reasonable notice from the local authority requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order or any regulations and conditions subject to which they are authorized to supply energy under this Order shall give and continue to give a supply of energy to such lamps in such quantities as the local authority may require to be supplied.

Penalty for  
failure to  
supply.

28. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each such lamp and for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

*Price.*

Methods of  
charging.

29. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

(1) By the actual amount of energy so supplied; or

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(2) By the electrical quantity contained in such supply ; or

(3) By such other method as may for the time being be approved by the Board of Trade :

A.D. 1893.

Altrincham  
and Bowdon.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall give notice to the local authority by what method they propose to charge for energy supplied through such main and if the local authority become the Undertakers under this Order they shall give the like notice by public advertisement and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to the local authority and to every consumer of energy who is supplied by them from such main.

30. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved by the Board of Trade such price as the Board of Trade shall on approving such method determine.

Maximum  
prices.

Provided that if the local authority or the Undertakers shall at any time after the expiration of seven years after the commencement of this Order make a representation to the Board of Trade that the prices or methods of charge stated in the said schedule or approved by the Board of Trade ought to be altered the Board of Trade after such inquiry as they may think fit may make an order varying the prices or methods of charge stated in the said schedule or so approved as aforesaid or substituting other prices or methods of charge in lieu thereof and the prices or methods of charge so varied or substituted shall have effect on and after such day as may be mentioned in the order as if they had been stated in the said schedule Provided also that the prices and methods of charge for the time being in force may be altered in like manner at any time after the expiration of any or every period of seven years after the same were last altered.

31. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

Other charges  
by agreement.

32. The price to be charged by the Undertakers and to be paid to them for all energy supplied to the public lamps and the mode in which such charges

Altrincham  
and Bowdon.

*Electric Inspectors.*

Appointment  
of electric  
inspectors.

33. The local authority so long as they are not themselves the Undertakers for the purposes of this Order may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

If no electric inspector is appointed by the local authority or if the inspection of electric lines and works is imperfectly attended to by the local authority or if the local authority themselves become the Undertakers for the purposes of this Order the Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

- (A) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them;
- (B) The certifying and examination of meters; and
- (C) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The local authority with the approval of the Board of Trade or the Board of Trade if the inspector is appointed by them may prescribe the manner in which and the times at which any such duties are to be performed by an electric inspector and also the fees to be taken by him and such fees shall be accounted for and applied as may be directed by the local authority or the Board of Trade as the case may be.

Remuneration  
of electric  
inspectors.

34. The local authority may pay to any electric inspector appointed by them under this Order such reasonable remuneration (if any) as they determine and such remuneration may be in addition to or in substitution for any fees directed to be paid to electric inspectors in respect of their duties under this Order or any regulations of the Board of Trade made in pursuance of this Order or the principal Act according as the local authority shall determine.

Inquiry by  
Board of Trade.

35. The Board of Trade may also if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connexion with the Undertakers' works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such

provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

A.D. 1893.

*Altrincham  
and Bowdon.*

*Testing and Inspection.*

36. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of  
mains.

37. An electric inspector if and when required to do so by any consumer shall on payment by the consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Testing of  
works and  
supply on  
consumer's  
premises.

38. The Undertakers shall at such places within a reasonable distance from a distributing main establish at their own cost and keep in proper condition such reasonable number of testing stations as the local authority or where the local authority are the Undertakers as the Board of Trade shall deem proper and sufficient for testing the supply of energy by the Undertakers through such main and shall place thereat proper and suitable instruments of a pattern to be approved by the Board of Trade and shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers  
to establish  
testing  
stations.

If any dispute arises between the local authority and the Undertakers as to whether the number of such testing stations and the distance from the main at which they are established is reasonable or excessive or as to any excessive or improper use of energy for such testing or as to the performance by the Undertakers of their duties under this section such dispute shall be determined by arbitration.

Undertakers to  
keep instru-  
ments on their  
premises.

39. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved of or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Readings of  
instruments to  
be taken.

40. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of such instruments at such times and in such manner as he may be directed by the authority by whom he is appointed and any readings so recorded shall be receivable in evidence.

Electric in-  
spector may  
test Under-  
takers' instru-  
ments.

41. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Representation  
of Undertakers  
at testings.

42. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere with the testing or inspection.

Undertakers to  
give facilities  
for testing.

43. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

Report of  
results of  
testing.

44. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make such testing and to the Undertakers and such report shall be receivable in evidence.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

Expenses of  
electric in-  
spector.

45. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by a court of summary jurisdiction or (where

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]

the inspector is appointed by them) by the Board of Trade and shall be paid by the Undertakers. A.D. 1893.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above-mentioned be paid by such consumer or consumers as the court or Board having regard to such report or decision shall direct and may be recovered summarily as a civil debt. *Altrincham  
and Bowdon,*

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court shall direct.

*Meters.*

46. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order. Meters to be used except by agreement.

47. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order. Meter to be certified.

48. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the parties so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified. Inspector to certify meters.

49. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the Undertakers to supply meters if required to do so.

and Bowdon.*

price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as herein-after provided.

Meters not to be connected or disconnected without notice.

50. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty eight hours' notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Consumer to keep his meter in proper order.

51. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

Power to the Undertakers to let meters.

52. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of such meter and fittings and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers or in case of difference decided by the Board of Trade and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

Undertakers to keep meters let for hire in repair.

53. The Undertakers shall unless the agreement for hire otherwise provides at all times at their own expense keep all meters let for hire by them to any consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Differences as to correctness of meter to be settled by inspector.

54. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall

*Altrincham  
 and Bowdon.*

55. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers to pay expenses of providing new meters where method of charge altered.

56. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which such supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Undertakers may place meters to measure supply or to check measurement thereof.

*Maps.*

57. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected so as to show the then existing lines The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines The said map and sections shall be made on such scale or scales as the Board of Trade shall prescribe.

Map of area of supply to be made and deposited.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof The Undertakers may demand

Altrincham  
and Bowdon.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General or the local authority supply to them or him a copy of any such map or section and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

*Transfer of Undertaking.*

Provision for  
transfer of  
undertaking.

58. At any time after the commencement of this Order the Undertakers may with the consent of the local authority and the Board of Trade transfer this undertaking to a company duly constituted under the Companies Acts 1862 to 1891 and to be called the Altrincham Electric Supply Limited upon such terms and conditions as may be approved by the Board of Trade Subject to the said terms and conditions the said company shall from and after the date on which the transfer is appointed to take effect be the Undertakers for the purposes of this Order without prejudice however to anything done or suffered prior to such date.

*Special Provisions in case of Transfer to the Local Authority.*

Application of  
moneys re-  
ceived by local  
authority as  
Undertakers.

59. If the local authority become the Undertakers for the purposes of this Order the following provisions shall have effect:—

(a.) All moneys received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order shall be applied by them as follows:—

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking.
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the same and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being authorised to invest other than stock or securities of the Undertakers and accumulating the same at compound interest until the fund so formed amounts to one tenth of the aggregate capital expenditure on the undertaking which fund shall be applicable to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if the fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

A.D. 1893.

*Altrincham  
and Bowdon.*

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply such surplus or any part thereof to the improvement of the district for which they are the local authority or in reduction of the capital moneys borrowed for electricity purposes.

Provided always that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the local authority.

Any deficiency of income in any year when not answered out of the reserve fund shall be charged upon and payable out of the local rate.

(B.) All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order and all other capital moneys received by them in respect of the undertaking shall be applied by them as follows:—

- (1.) In the reduction of the capital moneys borrowed by them for electricity purposes;
- (2.) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

60. If the local authority become the Undertakers for the purposes of this Order the following provision shall have effect:—

Purchase and  
use of lands.

Subject to the provisions of this Order and the principal Act the Undertakers may acquire by purchase or on lease and use any lands for the purposes of this Order and may also for such purposes use any other lands

for the time being vested in or leased by them but subject as to such last-mentioned lands to the approval of the Local Government Board and may dispose of any lands acquired by them under the provisions of this section which may not for the time being be required for the purposes of this Order Provided that the amount of land so used by them shall not at any one time exceed in the whole five acres except with the consent of the Board of Trade.

Provided also that the Undertakers shall not purchase or acquire for the purposes of this Order ten or more houses which on the fifteenth day of December last were occupied either wholly or partially by persons belonging to the labouring class as tenants or lodgers or except with the consent of the Local Government Board ten or more houses which were not so occupied on the said fifteenth day of December but have been subsequently so occupied.

For the purposes of this section the expression "labouring class" means and includes mechanics artizans labourers and others working for wages hawkers costermongers persons not working for wages but working at some trade or handicraft without employing others except members of their own family and persons other than domestic servants whose income does not exceed an average of thirty shillings a week and the families of any of such persons who may be residing with them.

Incorporation  
of sections 264  
and 265 of  
Public Health  
Act 1875.

61. If the local authority become the Undertakers for the purposes of this Order the provisions of sections 264 and 265 of the Public Health Act 1875 shall be incorporated with this Order and in the construction of the said provisions "this Act" shall mean this Order and the principal Act and the "local authority" shall mean the local authority as such Undertakers.

(No. 4) Act, 1893.

A notice order or document by this Order required or authorised to be served on the owner or occupier of any premises shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises) without further name or description.

A.D. 1893.  
—  
*Altrincham  
and Bowdon.*

A notice order or document by this Order required or authorised to be served on the owner or occupier of premises may be served by delivering the same or a true copy thereof to some person on the premises or if there is no person on the premises to whom the same can with reasonable diligence be delivered by fixing it on some conspicuous part of the premises.

Subject to the provisions of this Order as to cases of emergency where the interval of time between the service of any notice or document under the provisions of this Order and the execution of any works or the performance of any duty or act is less than seven days the following days shall not be reckoned in the computation of such time (that is to say) Sunday Christmas Day Good Friday any bank holiday under and within the meaning of the Bank Holiday Act 1871 and any Act amending that Act and any day appointed for public fast humiliation or thanksgiving.

*Revocation of Order.*

64. If at any time after the commencement of this Order the Board of Trade have reason to believe that the Undertakers have made any default in executing works or supplying energy in accordance with the terms of this Order and that such default is in consequence of the insolvency of the Undertakers and that by reason of such insolvency the Undertakers are unable fully and efficiently to discharge the duties and obligations imposed upon them by this Order the Board of Trade may after such inquiry as they may think necessary and after considering any representations of the local authority revoke this Order as to the whole or with the consent of the Undertakers as to any part of the area of supply.

Revocation of  
Order where  
Undertakers  
are insolvent.

65. If at any time after the commencement of this Order the Undertakers represent to the Board of Trade that the undertaking cannot be carried on with profit and ought to be abandoned the Board of Trade shall inquire into the truth of such representation and if upon such inquiry they are satisfied of the truth of such representation they may if in their discretion they think fit revoke this Order as to the whole or (with the consent of the Undertakers and of the local authority) as to any part of the area of supply.

Revocation of  
Order where  
Undertaking  
cannot be  
carried on with  
profit.

66. In addition to any other powers which the Board of Trade may have in that behalf they may revoke this Order at any time with the consent and concurrence of the Undertakers and the local authority upon such terms as the Board of Trade may think just.

Revocation of  
Order with  
consent.

67. If the Board of Trade at any time revoke this Order as to the whole or any part of the area of supply under any of the provisions of this Order the following provisions shall have effect:—

Provisions  
where Order  
revoked.

(A) The Board of Trade shall serve a notice of such revocation upon the Undertakers and upon the local authority and shall in such notice fix a

fit and may out of the proceeds of such sale pay and reimburse themselves the amount of the costs so specified or settled as aforesaid and of the costs of sale and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

A.D. 1893.  
—  
*Altrincham  
and Bowdon.*

(E) In case the local authority or any body or person may be entitled to compensation for any damage sustained by them by reason or in consequence of the execution of any works within such area or part thereof as aforesaid or the exercise of any powers by this Order granted to the Undertakers or for any expenses to which such local authority body or person may have been put in removing any works of the Undertakers within such area or part thereof under the provisions of this Order such compensation shall be a first charge on any money that may have been deposited or secured by the Undertakers under the provisions of this Order in respect of such area or part thereof and which may not have been repaid or released to the Undertakers and such money shall be applied rateably in satisfying such claims and in every such case the amount of compensation to be paid in respect of the various claims and the persons to whom it is to be paid shall be determined by arbitration.

*General.*

68. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade or (without such consent or approval as is required by this Order) have permitted any part of their circuits to be connected with earth or placed any electric line above ground or (b) that any electric lines or works of the Undertakers are defective so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the time being authorised to supply energy under this Order or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety or injuriously affects any telegraphic line of the Postmaster-General the Board of Trade may by order specify the matter complained of and require the Undertakers to abate or discontinue the same within such period as may be therein limited in that behalf and if the Undertakers make default in complying with such order they shall be liable to a penalty not exceeding twenty pounds for every day during which such default continues.

Remedying  
system and  
works.

The Board of Trade may also if they think fit by the same or any other order made upon any such representation as aforesaid forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with or for such time as may be so specified and if the Undertakers make use of any such electric line or work while the use thereof is so forbidden they shall be liable to a penalty not exceeding one hundred pounds for every day during which such user continues.

In any case of non-compliance with an order under this section whether a pecuniary penalty has been recovered or not the Board of Trade if in their

69. All regulations and conditions made by the Board of Trade under this Order or the principal Act affecting the undertaking and for the time being in force shall within one month after the same as made or last altered have come into force be printed at the expense of the Undertakers and a true copy thereof certified by or on behalf of the Undertakers shall be forthwith served upon the local authority and like copies shall also be kept by the Undertakers at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy.

If the Undertakers make default in complying with the provisions of this section they shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

Nature and  
amount of  
security.

70. Where any security is required under this Order to be given to or by the Undertakers such security may be by way of deposit or otherwise and of such amount as may be agreed upon between the parties or as in default of agreement may be determined on the application of either party by a court of summary jurisdiction who may also order by which of the parties the costs of the proceedings before them shall be paid and the decision of the said court shall be final and binding on all parties. Provided that where any such security is given by way of deposit the party to whom such security is given shall pay interest at the rate of four pounds per centum per annum on every sum of ten shillings so deposited for every six months during which the same remains in their hands.

Proceedings of  
Board of Trade.

71. All things required or authorised under this Order to be done by to or before the Board of Trade may be done by to or before the President or a secretary or assistant secretary of the Board. All documents purporting to be orders made by the Board of Trade and to be sealed with the seal of the Board or to be signed by a secretary or assistant secretary of the Board or by any person authorised in that behalf by the President of the Board shall be received in evidence and shall be deemed to be such orders without further proof unless the contrary is shown.

A certificate signed by the President of the Board of Trade that any order made or act done is the order or act of the Board shall be conclusive evidence of the order or act so certified.

Approval  
or consent of  
Board of Trade.

72. Where this Order provides for any consent or approval of the Board of Trade the Board may give such consent or approval subject to terms or conditions or may withhold their consent or approval as in their discretion they may think fit.

(b.) The Postmaster-General may in his discretion approve of any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same and may give notice of such approval or disapproval to the Undertakers.

(c.) Where the Postmaster-General approves any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapproves of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(d.) If the Postmaster-General fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon him he shall be deemed to have approved such works and plan.

A.D. 1893.

Barnet.

(e.) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and the principal Act.

(f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Where any street or public bridge is repairable by the county council the Undertakers shall serve a like notice and plan upon the county council in addition to those served upon the Postmaster-General and the foregoing provisions of this section shall with the necessary modifications apply to the county council in like manner as to the Postmaster-General.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertaker's works or their supply of energy.

11. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along or across any street or part of a street not repairable by the local authority or county council or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested:—

As to streets not repairable by local authority or county council railways tramways and canals.

(a.) A.D. 1893.

*Barnet.*

liable to repair such street or part of a street or the body or person for the time being entitled to work such railway or tramway or the owners of such canal (as the case may be) in this section referred to as the "owners" describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and placed and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.

- (b.) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof.
- (c.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.
- (d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible.
- (e.) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties.
- (f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works.
- (g.) Where the repair renewal or amendment of any existing works of which the character or position is not altered will involve any interference with any railway level crossing or any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours' notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may be made by the owners or such officer

as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable.

(d.) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.

(e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice.

(f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

As to alteration of pipes wires &c. under streets.

13. The Undertakers may alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested:—

(a.) One month before commencing any such alterations the Undertakers or such body or person (as the case may be) in this section referred to as

[56 & 57 Vict.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

the "operators" shall serve a notice upon the body or person for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as the "owners" describing the proposed alterations together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.

A.D. 1893.

*Barnet.*

- (b.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible.
- (d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties.
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as hereinafter provided.
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made.

- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable.
- (h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily.
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.
- (k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

Laying of  
electric lines  
&c. near gas or  
water pipes  
or other  
electric lines.

14. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any main pipe syphon electric line or other work belonging to any gas electric supply or water company has been lawfully placed or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as the "operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as the "owners" not less than three days' notice before commencing to dig or sink such trench as aforesaid

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric lines so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of

(4.) Nothing in this section contained shall be held to deprive any such owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

(5.) Provided always that if the Undertakers or any such owner at any future time apply to Parliament to repeal or amend the foregoing provisions in accordance with the report of a Joint Committee of both Houses of Parliament (whether such report shall or shall not be retrospective in its recommendations) such owner or the Undertakers as the case may be shall not be entitled to oppose such application except on details.

*Compulsory Works.*

17.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain the same.

Mains &c. to be laid down in streets specified in Second Schedule and in remainder of area of supply.

(2.) In addition to the mains hereinbefore specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section 13 of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up such street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

18. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively the Board of Trade may after considering any representations of the Undertakers either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed

If Undertakers fail to lay down mains &c. Order may be revoked.

shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order Provided that the Board of Trade shall not revoke this Order as to part of the area of supply where the Undertakers make a representation that they desire to be relieved of their liabilities as respects the rest of the area of supply and in such case the Board of Trade shall not under this section revoke this Order otherwise than as to the whole of the area of supply.

Manner in which requisition is to be made.

19. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street.

Every such requisition shall be signed by the persons making the same and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply on application for the same and any requisition so supplied shall be deemed valid in point of form.

Provisions on requisition by owners or occupiers.

20. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them ~~serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as shall be specified by the Undertakers in such notice~~ Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Where such notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected or in case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by such persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade who after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as hereinbefore provided or otherwise as shall be fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement such difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

*Supply.*

21. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and of all such regulations and conditions as aforesaid and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say):—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for

a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of such notice the Undertakers may if they think fit discontinue to supply energy for such premises so long as such failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

Maximum  
power.

22. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer or any fittings or apparatus of the Undertakers upon such premises consequent upon such alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt.

23. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Penalty for failure to supply.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

*Price.*

24. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

Methods of charging.

- (1) By the actual amount of energy so supplied; or
- (2) By the electrical quantity contained in such supply; or
- (3) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through such main and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to every consumer who is supplied by them from such main.

prices.

25. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine.

Other charges  
by agreement.

26. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

*Electric Inspectors.*

Appointment  
of electric  
inspectors.

27. The Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them;
- (b.) The certifying and examination of meters; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The Board of Trade may prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

Remuneration  
of electric  
inspector.

28. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may be determined by the Board of Trade and such remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or any regulations of the Board of Trade made in pursuance of this Order as may be settled by such Board and where any such remuneration is settled to be in substitution for fees any fees payable by any party other than the Undertakers shall in lieu of being paid to such electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate.

Inquiry by  
Board of  
Trade.

29. The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connexion with the Undertakers' works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such provisions affect the safety

*Testing and Inspection.*

30. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains. Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid.

Testing of  
mains.

Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

31. An electric inspector if and when required to do so by any consumer shall on payment by such consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Testing of  
works and  
supply on  
consumer's  
premises.

32. A court of summary jurisdiction may upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court shall deem proper and sufficient for testing the supply of energy by the Undertakers through such main and thereupon the Undertakers shall establish such testing places and provide thereat such proper and suitable instruments of a pattern to be approved by the Board of Trade as the court may direct and they shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers  
to establish  
testing  
stations.

33. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved of or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of such instruments and any readings so recorded shall be receivable in evidence.

35. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

36. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere with the testing or inspection.

37. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

38. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make such testing and also to the Undertakers and such report shall be receivable in evidence.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

39. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by the Board of Trade and shall be paid by the Undertakers and may be recovered summarily as a civil debt.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned be paid by such consumer or consumers as the Board of Trade having regard to such report or decision shall direct and may be recovered summarily as a civil debt.

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connexion with such proceedings shall be payable by the complainant or defendant as the court may direct.

(No. 4) Act, 1893.

*Meters.*

A.D. 1893.

40. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

*Barnet.*  
Meters to be used except by agreement.

41. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

Meter to be certified.

42. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Inspector to certify meters.

43. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as herein-after provided.

Undertakers to supply meters if required to do so.

44. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours' notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Meters not to be connected or disconnected without notice.

45. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper

*Barnet.*

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

Power to the Undertakers to let meters.

46. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of such meter and fittings and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers or in case of difference decided by the Board of Trade and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

Undertakers to keep meters let for hire in repair.

47. The Undertakers shall unless the agreement for hire otherwise provides at all times at their own expense keep all meters let for hire by them to any consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times. Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Differences as to correctness of meters to be settled by inspector.

48. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall be determined upon the application of either party by an electric inspector who shall also order by which of the parties the costs of and incidental to the proceedings before him shall be paid and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Undertakers to pay expenses of providing new meters where method of charge altered.

49. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

50. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which such supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply. Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

A.D. 1893.  
*Barnet.*  
Undertakers may place meters to measure supply or to check measurement thereof.

*Maps.*

51. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be on such scale or scales as the Board of Trade shall prescribe.

Map of area of supply to be made and deposited.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof.

The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map section or copy and such further fee not exceeding five shillings for each copy of the same or any part thereof taken by such applicant as they may prescribe.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General supply to them or him a copy of any such map or section and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

*Application of Moneys received.*

*Barnet.*

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking.
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital.
- (5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the same and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being authorised to invest other than stock or securities of the Undertakers and accumulating the same at compound interest until the fund so formed amounts to one tenth of the aggregate capital expenditure on the undertaking which fund shall be applicable to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply such surplus or any part thereof to the improvement of the district for which they are the local authority or in reduction of capital moneys borrowed for electricity purposes.

Provided always that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the Undertakers.

Any deficiency of income in any year not answered out of the reserve fund shall be charged upon and payable out of the local rate.

Application of  
capital moneys.

*Revocation of Order.*

*Barnet.*  
Revocation  
where works  
not executed.

56. If at any time after the commencement of this Order the Board of Trade have reason to believe that the Undertakers have made default in executing works or supplying energy in accordance with the provisions of this Order the Board of Trade may after such inquiry as they may think necessary revoke this Order as to the whole or with the consent of the Undertakers any part of the area of supply upon such terms as to the Board of Trade may seem just.

Revocation of  
Order with  
consent.

57. In addition to any powers which the Board of Trade may have in that behalf they may revoke this Order at any time with the consent and concurrence of the Undertakers upon such terms as the Board of Trade may think fit.

Provisions  
where Order  
revoked.

58. If the Board of Trade at any time revoke this Order as to the whole or any part of the area of supply any persons who may be liable to repair any street or part of a street within such area or part thereof in which any works of the Undertakers may have been placed may forthwith remove such works with all reasonable care and the Undertakers shall pay to such persons such reasonable costs of such removal as may be specified in a notice to be served on the Undertakers by such persons, or if so required by the Undertakers within one week after the service of such notice upon them as may be settled by arbitration.

If the Undertakers fail to pay such reasonable costs as aforesaid within one month after the service upon them of such notice or the delivery of the award of the arbitrator (as the case may be) such persons as aforesaid may without any previous notice to the Undertakers (but without prejudice to any other remedy which they may have for the recovery of the amount) sell and dispose of any such works as aforesaid either by public auction or private sale and for such sum or sums and to such person or persons as they may think fit and may out of the proceeds of such sale pay and reimburse themselves the amount of the costs so specified or settled as aforesaid and of the costs of sale and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

*Transfer of Powers &c.*

Transfer of  
powers &c.

59.—(1.) At any time after the commencement of this Order the Undertakers may with the consent of the Board of Trade by deed to be approved by the Board of Trade transfer their powers duties liabilities and works to any company or person subject to such exceptions and modifications (if any) and for such period and upon such terms as may be specified therein and either as to the whole or any part or parts of the area of supply and during the said period but subject to the provisions of this Order such company or person shall to the extent of the powers duties and liabilities so transferred be the Undertakers for the purposes of this Order.

(2.) One month at least before any draft deed is submitted to the Board of Trade for their approval under this section notice of the intention to make such transfer shall be published by the Undertakers by advertisement and a copy of the said draft deed shall be deposited for public inspection during office

hours at the principal office of the Undertakers within the area of supply and printed copies thereof shall be supplied to every person demanding the same at a price not exceeding sixpence for each copy.

(3.) Every such advertisement shall contain the following particulars:—

(a.) The area in respect of which the transfer is proposed to be made;

(b.) The period for which the transfer is proposed to be made;

(c.) The rent or other pecuniary consideration in respect of the transfer;

(d.) A general description of the powers duties or liabilities of the Undertakers proposed to be excepted or modified and of the terms upon which the transfer is proposed to be made; and

(e.) The address of the office at which the copy of the said draft deed is deposited for public inspection and at which printed copies of the same are on sale

and such advertisement shall be inserted once at least in each of two successive weeks in one and the same newspaper circulating within the area of supply and once at least in the London Gazette.

(4.) The Undertakers may with the consent of the Board of Trade by deed to be approved in like manner renew or continue any such transfer for such period and subject to such variations or modifications (if any) as may be specified therein and the above provisions as to advertisements and particulars shall apply to such matters as are hereby required to be specified in such last-mentioned deed.

(5.) Where in relation to any powers duties or liabilities so transferred such company or person have in the opinion of the Board of Trade been guilty of any act or default in respect of which the Board of Trade are empowered to revoke this Order the Board of Trade if they think fit in lieu of revoking this Order may by order permit the Undertakers to resume the undertaking as from such day as may be fixed by the order and from and after the said day the powers duties and liabilities of the said company or person as Undertakers shall cease and determine but without prejudice to anything done or suffered during the period of transfer.

(6.) Any questions arising between the Undertakers and the said company or person respecting the resumption of the undertaking by the Undertakers shall be determined on the application of either party by the Board of Trade regard being had to the deed of transfer so far as applicable and the decision of the Board of Trade shall be final and conclusive.

(7.) As soon as practicable after any such deed is approved by the Board of Trade printed copies thereof shall be kept by the Undertakers for public inspection at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy and in case of any default herein the Undertakers shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

(8.) Nothing in this section shall affect any powers duties or liabilities of the Undertakers which shall not be transferred by any such deed and the

Remedying of  
system and  
works.

60. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade or (without such consent or approval as is required by this Order) have permitted any part of their circuits to be connected with earth or have placed any electric line above ground in contravention of this Order or (b) that any electric lines or works of the Undertakers are defective so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the time being authorised to supply energy under this Order or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety or injuriously affects any telegraphic line of the Postmaster-General the Board of Trade may by order specify the matter complained of and require the Undertakers to abate or discontinue the same within such period as may be therein limited in that behalf and if the Undertakers make default in complying with such order within the time so limited they shall be liable to a penalty not exceeding twenty pounds for every day during which such default continues.

The Board of Trade may also if they think fit by the same or any other order made upon any such representation as aforesaid forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with or for such time as may be so specified and if the Undertakers make use of any such electric line or work while the use thereof is so forbidden they shall be liable to a penalty not exceeding one hundred pounds for every day during which such user continues.

In any case of non-compliance with an order under this section whether a pecuniary penalty has been recovered or not the Board of Trade if in their opinion the public interest so requires may revoke this Order on such terms as they may think just.

Publication of  
regulations.

61. All regulations and conditions made by the Board of Trade under this Order or the principal Act affecting the undertaking and for the time being in force shall within one month after the same as made or last altered have come into force be printed at the expense of the Undertakers and true copies thereof certified by or on behalf of the Undertakers shall be kept by them at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy.

If the Undertakers make default in complying with the provisions of this section they shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

Nature and  
amount of  
security.

62. Where any security is required under this Order to be given to or by the Undertakers such security may be by way of deposit or otherwise and of such amount as may be agreed upon between the parties or as in default of agreement may be determined on the application of either party by a court

Proceedings  
of Board of  
Trade.

All documents purporting to be orders made by the Board of Trade and to be sealed with the seal of the Board or to be signed by a secretary or assistant secretary of the Board or by any person authorised in that behalf by the President of the Board shall be received in evidence and shall be deemed to be such orders without further proof unless the contrary is shown.

A certificate signed by the President of the Board of Trade that any order made or act done is the order or act of the Board shall be conclusive evidence of the order or act so certified.

64. Where this Order provides for any consent or approval of the Board of Trade the Board may give such consent or approval subject to terms or conditions or may withhold their consent or approval as in their discretion they may think fit.

As to approval  
or consent of  
Board of  
Trade.

All costs and expenses of or incident to any application for any approval consent certificate or order of the Board of Trade or of any inspector or person appointed by the Board of Trade including the cost of any inquiry or tests which may be required to be made by the Board of Trade for the purpose of determining whether the same should be given or made to such an amount as the Board of Trade shall certify to be due shall be borne and paid by the applicant or applicants therefor. Provided always that where any approval is given by the Board of Trade to any plan pattern or specification they may require such copies of the same as they may think fit to be prepared and deposited at their office at the expense of the said applicant or applicants and may as they think fit revoke any approval so given or permit such approval to be continued subject to such modifications as they may think necessary.

65. Where the Board of Trade upon the application of the Undertakers give any approval or grant any extension of any time limited for the performance of any duties by the Undertakers or revoke this Order as to the whole or any part of the area of supply notice that such approval has been given or such extension of time granted or such revocation made shall if the Board of Trade so direct be published by public advertisement once at least in each of two successive weeks in some one and the same local newspaper by the Undertakers.

or may disapprove of the same and may give notice of such approval or disapproval to the Undertakers; A.D. 1893.

—  
*Bridgend.*

- (c.) Where the Postmaster-General approves any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and may allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same ;
- (d.) If the Postmaster-General fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon him he shall be deemed to have approved of such works or plan ;
- (e.) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or to be deemed to have been approved by the Postmaster-General or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and of the principal Act ;
- (f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Where any street or public bridge is repairable by the county council the Undertakers shall serve a like notice and plan upon the county council and the foregoing provisions of this section shall apply to the county council in like manner as to the Postmaster-General.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers' works or their supply of energy.

11. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along As to streets

or across any street or part of a street not repairable by the local authority or the county council or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested:—

- (a.) One month before commencing the execution of any such works (not being the repairs renewals or amendments or existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person liable to repair such street or part of a street or the body or person for the time being entitled to work such railway or tramway or the owners of such canal as the case may be (in this section referred to as "the owners") describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and placed and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire;
- (b.) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof;
- (c.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly;
- (d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible;
- (e.) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause the works specified in such notice and plan as aforesaid to be executed and may repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties;

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works ;

A.D. 1893.

—  
*Bridgend.*

(g.) Where the repair renewal or amendment of any existing works of which the character or position is not altered will involve any interference with any railway level crossing or with any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours' notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may be made by the owners or such officer. The said notice shall be in addition to any other notice which the Undertakers may be required to give under this Order or the principal Act ;

(h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

12. Any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order may if they think fit serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of the powers or duties of the Undertakers as therein specified in relation to the breaking up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of such body or person and may amend or revoke any such notice by another notice similarly served. Where any such body or person (in this section referred to as "the givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as such notice remains in force the following provisions shall have effect unless otherwise agreed between the parties interested :—

Street authority &c. may give notice of desire to break up streets &c. on behalf of Undertakers.

(a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge such

powers or duties and the givers of the notice have refused or neglected to comply with such requisition as herein-after provided or in cases of emergency ;

- (b.) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise and discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged ;
- (c.) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable ;
- (d.) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice ;
- (e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice ;
- (f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances ;
- (g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the

13. The Undertakers may alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested:—

As to alteration of pipes wires &c. under streets

- (a.) One month before commencing any such alterations the Undertakers or such body or person (as the case may be) in this section referred to as "the operators" shall serve a notice upon the body or persons for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as "the owners" describing the proposed alterations together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners give them such further information in relation thereto as they may desire;
- (b.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly;
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purposes for which such pipes wires electric lines or works are used so far as may be possible;
- (d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties;

- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as hereinafter provided ;
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made ;
- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable ;
- (h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them ;
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily ;
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operator not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given ;
- (k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

14. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any main pipe syphon electric line or other work belonging to any gas electric supply or water company has been lawfully placed or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes other than service pipes or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as "the operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as "the owners" not less than three days' notice before commencing to dig or sink such trench as aforesaid and such owners shall be entitled by their officer to superintend the work and the operators shall conform with such reasonable requirements as may be made by the owners or such officer for protecting from injury every such main pipe syphon electric line or work and for securing access thereto and they shall also if required to do so by the owners thereof repair any damage that may be done thereto.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes or services as conductors for the purpose of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection  
of telegraphic  
and telephonic  
wires.

16.—(1.) The Undertakers shall take all reasonable precautions in constructing laying down and placing their electric lines and other works of all descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

(No. 4) Act, 1893.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration. A.D. 1893.  
Bridgend.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wire or line affected thereby and that such ignorance was not owing to any negligence on the part of the Undertakers.

(4.) Nothing in this section contained shall be held to deprive any such owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

(5.) Provided always that if the Undertakers or any such owner at any future time apply to Parliament to repeal or amend the foregoing provisions in accordance with the report of a Joint Committee of both Houses of Parliament (whether such report shall or shall not be retrospective in its recommendations) such owner or the Undertakers as the case may be shall not be entitled to oppose such application except on details.

*Compulsory Works.*

17.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain the same.

(2.) In addition to the mains herein-before specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority or person by whom such street

Mains &c. to be laid down in streets specified in Second Schedule and in remainder of area of supply.

(No. 4) Act, 1893.

A.D. 1893. is repairable consent to the breaking up thereof) forthwith apply to the  
*Bridgend.* Board of Trade under section 13 of the Electric Lighting Act 1882 for the  
written consent of the Board authorising and empowering the Undertakers to  
break up such street and the requisition shall not be binding upon them if the  
Board of Trade refuse their consent in that behalf.

If Undertakers  
fail to lay  
down mains  
&c. Order may  
be revoked.

18. If the Undertakers make default in laying down any distributing mains  
in accordance with the provisions of this Order within the periods prescribed in  
that behalf respectively the Board of Trade may after considering any repre-  
sentation of the Undertakers either revoke this Order as to the whole or any  
part of the area of supply or if the Undertakers so desire suffer the same to  
remain in force as to such area or part thereof subject to such conditions as  
they may think fit to impose and any conditions so imposed shall be binding on  
and observed by the Undertakers and shall be of the like force and effect in  
every respect as though they were contained in this Order. Provided that the  
Board of Trade shall not revoke this Order as to part of the area of supply  
where the Undertakers make a representation that they desire to be relieved of  
their liabilities as respects the rest of the area of supply and in such case the  
Board of Trade shall not under this section revoke this Order otherwise than  
as to the whole of the area of supply.

Manner in  
which re-  
quisition is  
to be made.

19. Any requisition requiring the Undertakers to lay down distributing  
mains for the purposes of general supply throughout any street or part of a  
street may be made by six or more owners or occupiers of premises along  
such street or part of a street.

Every such requisition shall be signed by the persons making the same  
and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and  
a copy shall be supplied free of charge to any owner or occupier of premises  
within the area of supply on application for the same and any requisition so  
supplied shall be deemed valid in point of form.

Provisions on  
requisition by  
owners or  
occupiers.

20. Where any such requisition is made by any such owners or occupiers  
as aforesaid the Undertakers (if they think fit) may within fourteen days  
after the service of the requisition upon them serve a notice on all the persons  
by whom the requisition is signed stating that they decline to be bound by  
such requisition unless such persons or some of them will bind themselves to  
take or will guarantee that there shall be taken a supply of energy for three  
years of such amount in the aggregate (to be specified by the Undertakers in  
such notice) as will at the rates of charge for the time being charged by the  
Undertakers for a supply of energy from distributing mains to ordinary con-  
sumers within the area of supply produce annually such reasonable sum as  
shall be specified by the Undertakers in such notice) Provided that in such  
notice the Undertakers shall not without the authority of the Board of Trade  
specify any sum exceeding twenty per centum upon the expense of providing  
and erecting or laying down the required distributing mains and any other  
mains or additions to existing mains which may be necessary for the purpose of  
connecting such distributing mains with the nearest available source of supply.

Where such notice is served the requisition shall not be binding on the  
Undertakers unless within fourteen days after the service of such notice on all

(No. 4) Act, 1893.

the persons signing the requisition has been effected or in the case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by such persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified in the notice or determined by arbitration under this section nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

A.D. 1893.

—  
*Bridgend.*

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade who after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as hereinbefore provided or otherwise as shall be fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement such difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

*Supply.*

21. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and of all such regulations and conditions as aforesaid and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say) :—

Undertakers  
to furnish sufficient supply of  
energy to  
owners and  
occupiers  
within the  
area of supply.

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric line

*Bridgend.*

as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence ; and

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may (after they have given a supply of energy for any premises) by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of such notice the Undertakers may if they think fit discontinue to supply energy for such premises so long as such failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by any other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

22. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises. Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer or any fittings or apparatus of the Undertakers upon such premises consequent upon such alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt.

*Bridgend.*

Maximum  
power.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section such difference shall be determined by arbitration.

23. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Penalty for  
failure to  
supply.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

*Price.*

24. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

Methods of  
charging.

- (1.) By the actual amount of energy so supplied; or
- (2.) By the electrical quantity contained in such supply; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers

[Ch. cxiv.] *Electric Lighting Orders Confirmation* [56 & 57 VICT.]  
(No. 4) Act, 1893.

A.D. 1893. shall not except with the consumer's consent charge him by any other method.

*Bridgend.*

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through such main and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to every consumer who is supplied by them from such main.

Maximum prices.

25. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine.

Other charges by agreement.

26. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to ~~some one or other~~ of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

*Electric Inspectors.*

Appointment of electric inspectors.

27. The Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

(a.) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them.

(b.) The certifying and examination of meters; and

(c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The Board of Trade may prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

Remuneration of electric inspector.

28. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may be determined by the Board of Trade and such remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or any regulations of the Board of Trade made in pursuance of this Order as may be settled by such Board and where any such remuneration is settled to be in substitution for fees payable by any party other than the Undertakers shall in lieu of being paid to such electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

29. The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connexion with the Undertakers' works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

A.D. 1893.

*Bridgend.*

Inquiry by  
Board of  
Trade.

*Testing and Inspection.*

30. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains. Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid. Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of  
mains.

31. An electric inspector if and when required to do so by any consumer shall on payment by such consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection or testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and regulations and conditions subject to which they are for the time being authorised to supply energy.

Testing of  
works and  
supply on  
consumer's  
premises.

32. A court of summary jurisdiction may upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court shall deem proper and sufficient for testing the supply of energy by the Undertakers through such main and thereupon the Undertakers shall establish such testing places and provide thereat such proper and suitable instruments of a pattern to be approved by the Board of Trade as the court may direct and they shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers to  
establish test-  
ing stations.

33. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper

their premises.

instruments of such pattern and construction as may be approved of or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Readings of  
instruments to  
be taken.

34. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of such instruments and any readings so recorded shall be receivable in evidence.

Electric  
inspector may  
test Under-  
takers' instru-  
ments.

35. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

Representation  
of Undertakers  
at testings.

36. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere with the testing or inspection.

Undertakers to  
give facilities  
for testing.

37. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspections of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

Report of  
results of  
testing.

38. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make such testing and also to the Undertakers and such report shall be receivable in evidence.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

Expenses of  
electric  
inspector.

39. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by the Board of Trade and shall be paid by the Undertakers and may be recovered summarily as a civil debt.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

be paid by such consumer or consumers as the Board of Trade having regard to such report or decision shall direct and may be recovered summarily as a civil debt.

A.D. 1893.  
          
*Bridgend.*

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connection with such proceedings shall be payable by the complainant or defendant as the court may direct.

*Meters.*

40. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method of which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

Meters to be used except by agreement.

41. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

Meter to be certified.

42. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Inspector to certify meters.

43. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and to do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as hereinafter provided.

Undertakers to supply meters if required to do so.

44. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less

Meters not to be connected or disconnected without notice.

(No. 4) Act, 1893.

A.D. 1893. than forty-eight hours' notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

*Bridgend.*

Consumer to keep his meter in proper order.

45. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply of energy is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

Power to the Undertakers to let meters.

46. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of such meter and fittings and for securing the safety and return to the Undertakers of such meter and fittings as may be agreed upon between the hirer and the Undertakers or in the case of difference decided by the Board of Trade and such remuneration shall be recoverable by the Undertakers summarily as a civil debt.

Undertakers to keep meters let for hire in repair.

47. The Undertakers shall unless the agreement for hire otherwise provides at all times at their own expense keep all meters let for hire by them to any consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times. Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Differences as to correctness of meters to be settled by inspector.

48. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall be determined upon the application of either party by an electric inspector who shall also order by which of the parties the costs of and incidental to the proceedings before him shall be paid and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Undertakers to pay expenses of providing new meters

49. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of supply and the Undertakers change the method

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
 (No. 4) Act, 1893.

of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

A.D. 1893.

*Bridgend.*  
 where method  
 of charge  
 altered.

50. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which such supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply. Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Undertakers  
 may place  
 meters to  
 measure  
 supply or  
 to check  
 measurement  
 thereof.

*Maps.*

51. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains services lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be on such scale or scales as the Board of Trade shall prescribe.

Map of area  
 of supply to  
 be made and  
 deposited.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map section or copy and such further fee not exceeding five shillings for each copy of the same or any part thereof taken by such applicant as they may prescribe.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General supply to them or him a copy of any such map or section and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

Street boxes.

9. Subject to the provisions of this Order and the principal Act and any regulations made under this Order the Undertakers may construct in any street such boxes as may be necessary for purposes in connection with the supply of energy including apparatus for the proper ventilation of such boxes but no such box or apparatus shall be placed above ground without the borough of Taunton except with the consent of the rural authority.

Every such box shall be for the exclusive use of the Undertakers and under their sole control except so far as the Board of Trade may otherwise order and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors or for examining testing regulating measuring directing or controlling the supply of energy or for examining or for testing the condition of the mains or other portions of the works or for other like purposes connected with the undertaking and the Undertakers may place therein meters switches and any other suitable and proper apparatus for any of the above purposes.

Every such box including the upper surface or covering thereof shall be constructed of such materials and shall be constructed and maintained by the Undertakers in such manner as not to be a source of danger whether by reason of inequality of surface or otherwise.

The rural authority may with the approval of the Board of Trade prescribe the hours during which the Undertakers are to have access to such of the said boxes as are within the district of that authority and the Undertakers shall not during any hours not so prescribed remove or displace or keep removed or displaced the upper surface or covering of any box except with the consent of the rural authority or in case of emergency.

10. Where the exercise of any of the powers of the Undertakers in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in or under along or across any street or public bridge the following provisions shall have effect:—

- (a.) One month before commencing the execution of such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall serve a notice upon the Postmaster-General and the rural authority describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and the manner in which it is intended that such street or bridge is to be interfered with and shall upon being required to do so by the Postmaster-General or the rural authority give him or them any such further information in relation thereto as he or they may desire.
- (b.) The Postmaster-General or the rural authority may in his or their discretion approve of any such works or plan subject to such amendments or conditions as may seem fit or may disapprove of the same and may give notice of such approval or disapproval to the Undertakers.
- (c.) Where the Postmaster-General or the rural authority approve any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove of any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow such appeal and approve any such works or plan subject to such amendments or conditions as may seem fit or may disapprove the same.
- (d.) If the Postmaster-General or the rural authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them he or they shall be deemed to have approved such works and plan.
- (e.) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the rural authority or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause such works to be executed in accordance with such description and plan subject in all respects to the provisions of this Order and of the principal Act.
- (f.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the Postmaster-General and the rural authority for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be

subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Where any street or public bridge is repairable by the county council or any highway authority the Undertakers shall serve a like notice and plan upon the county council or such highway authority in addition to those served under the foregoing provisions of this section and those provisions shall with the necessary modifications apply to the county council and such highway authority in like manner as to the Postmaster-General and the rural authority.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers' works or their supply of energy.

As to streets  
not repairable  
by local  
authority or  
county council  
railways  
tramways and  
canals.

11. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in under along or across any street or part of a street not repairable by the local authority or county council or any highway authority or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested :—

(a.) One month before commencing the execution of any such works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person liable to repair such street or part of a street or the body or person for the time being entitled to work such railway or tramway or the owners of such canal (as the case may be) in this section referred to as the "owners" describing the proposed works together with a plan of the works showing the mode and position in which such works are intended to be executed and placed and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.

(b.) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof.

(c.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to such works or to compensation in respect thereof and any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.

(d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(e.) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may repair renew and amend the same (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties.

Taunton.

(f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners who shall have the right to be present during the execution of such works.

(g.) Where the repair renewal or amendment of any existing works of which the character or position is not altered will involve any interference with any railway level crossing or any tramway over or under which such works have been placed the Undertakers shall unless otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours' notice before commencing to effect such repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may be made by the owners or such officer. The said notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act.

(h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

12. Any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers may be empowered to break up for the purposes of this Order may if they think fit serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of such body or person and may amend or revoke any such notice by another notice similarly served. Where any such body or person (in this section referred to as the "givers of the notice")

Street authority &c. may give notice of desire to break up streets &c. on behalf of Undertakers.

have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as such notice remains in force the following provisions shall have effect unless otherwise agreed between the parties interested:—

- (a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge such powers or duties and the givers of the notice have refused or neglected to comply with such requisition as hereinafter provided or in cases of emergency.
- (b.) In addition to any other notices which they may be required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged.
- (c.) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions as the Undertakers would themselves be subject to in such exercise or discharge so far as the same may be applicable.
- (d.) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with such requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice.
- (e.) In any case of emergency the Undertakers may themselves proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in such case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice.
- (f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable to a penalty not exceeding ten pounds for every such offence and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

13. The Undertakers may alter the position of any pipes (not forming part of any sewers of the rural authority) or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested:—

As to alteration of pipes wires &c. under streets.

(a.) One month before commencing any such alterations the Undertakers or such body or person (as the case may be) in this section referred to as the "operators" shall serve a notice upon the body or person for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as "the owners" describing the proposed alterations together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire.

(b.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly.

(c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible.

(d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but

subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned or as may be agreed upon between the parties.

- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as hereinafter provided.
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made.
- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable.
- (h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily.
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.
- (k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalties

14. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any sewer drain watercourse defence or work under the jurisdiction or control of the rural authority or any main pipe syphon electric line or other work belonging to any gas electric supply or water company has been lawfully placed or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as the "operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to the rural authority or to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as the "owners" not less than three days' notice before commencing to dig or sink such trench as aforesaid and such owners shall be entitled by their officer to superintend the work and the operators shall conform with such reasonable requirements as may be made by the owners or such officer for protecting from injury every such main pipe syphon electric line or work and for securing access thereto and they shall also if required to do so by the owner thereof repair any damage that may be done thereto.

Laying of  
electric lines  
&c. near  
gas or water  
pipes or other  
electric lines.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the

requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

For protection  
of railway  
and canal  
companies.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection  
of telegraphic  
and telephonic  
wires.

16.—(1.) The Undertakers shall take all reasonable precautions in constructing laying down and placing their electric lines and other works of all descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

A.D. 1893.  
Taunton.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wire or line affected thereby and that such ignorance was not owing to any negligence on the part of the Undertakers.

(4.) Nothing in this section contained shall be held to deprive any such owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

(5.) Provided always that if the Undertakers or any such owner at any future time apply to Parliament to repeal or amend the foregoing provisions in accordance with the report of a Joint Committee of both Houses of Parliament (whether such report shall or shall not be retrospective in its recommendations) such owner or the Undertakers as the case may be shall not be entitled to oppose such application except on details.

*Compulsory Works.*

17.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain the same.

Mains &c.  
to be laid down  
in streets  
specified in  
Second  
Schedule and  
in remainder of  
area of supply.

(2.) In addition to the mains hereinbefore specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section thirteen of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up such street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

As to laying of electric line under special agreement.

18. Twenty-eight days at the least before commencing to lay in any street any electric line which is intended for supplying energy to any particular consumer in the district of the rural authority and not for the purposes of general supply the Undertakers shall serve upon the rural authority and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric line so to be laid a notice stating that the Undertakers intend to lay such electric line and setting forth the effect of this section and if within the said period any two or more of such owners or occupiers shall require in accordance with the provisions of this Order that a supply shall be given to their premises the necessary distributing main shall be laid by the Undertakers at the same time as the electric line intended for such particular consumer.

If Undertakers fail to lay down mains &c. Order may be revoked.

19. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively the Board of Trade may after considering any representations of the Undertakers either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order. Provided that the Board of Trade shall not revoke this Order as to part of the area of supply where the Undertakers make a representation that they desire to be relieved of their liabilities as respects the rest of the area of supply and in such case the Board of Trade shall not under this section revoke this Order otherwise than as to the whole of the area of supply.

Manner in which requisition is to be made.

20. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street or where the rural authority has the control and management of the public lamps in such street or part of a street by the rural authority.

Every such requisition shall be signed by the persons making the same or on behalf of the rural authority (as the case may be) and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the rural authority on application for the same and any requisition so supplied shall be deemed valid in point of form.

Provisions on requisition by owners or occupiers.

21. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the

service of the requisition upon them serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as shall be specified by the Undertakers in such notice Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Where such notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected or in case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by such persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade who after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as hereinbefore provided or otherwise as shall be fixed or directed by the Order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement such difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

22. Where any such requisition is made by the rural authority it shall not be binding on the Undertakers unless at the time when such service is effected or within fourteen days thereafter there be tendered to the Undertakers (if required by them) an agreement executed by the rural authority and binding

them to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which such requisition is made as may be under their management or control.

*Supply.*

Undertakers  
to furnish  
sufficient  
supply of  
energy to  
owners and  
occupiers  
within the area  
of supply.

23. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and of all such regulations and conditions as aforesaid and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say):—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric line as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty pounds per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of such notice the Undertakers may if they think fit discontinue to supply energy for such premises so long as such failure continues.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues.

A.D. 1893.

Taunton.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

24. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer or any fittings or apparatus of the Undertakers upon such premises consequent upon such alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt.

Maximum  
power.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section such difference shall be determined by arbitration.

25. The Undertakers upon receiving reasonable notice from the rural authority requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order or any regulations and conditions subject to which they are authorised to supply energy under this Order shall give and continue to give a supply of energy to such lamps in such quantities as the rural authority may require to be supplied.

Supply of  
energy to  
public lamps.

26. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day upon which any such default occurs.

Penalty for  
failure to  
supply.

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each such lamp and for each day on which any such default occurs.

(No. 4) Act, 1893.

A.D. 1893.  
Taunton.

Whenever the Undertakers make default in supplying energy in accordance with the terms of any regulations and conditions subject to which they are authorised to supply energy under this Order they shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

*Price.*

Methods of  
charging.

27. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

- (1.) By the actual amount of energy so supplied ; or
- (2.) By the electrical quantity contained in such supply ; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through such main and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to every consumer who is supplied by them from such main.

Maximum  
prices.

28. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine.

Other charges  
by agreement.

29. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly.

*Electric Inspectors.*

31. The Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

Appointment  
of electric  
inspectors.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them ;
- (b.) The certifying and examination of meters ; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of any regulations under this Order.

The Board of Trade may prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

32. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may be determined by the Board of Trade and such remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or any regulations of the Board of Trade made in pursuance of this Order as may be settled by such Board and where any such remuneration is settled to be in substitution for fees any fees payable by any party other than the Undertakers shall in lieu of being paid to such electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate.

Remuneration  
of electric  
inspector.

33. The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connection with the Undertakers' works or as to the manner and extent in and to which the provisions of this Order and the principal Act and of any regulations under this Order so far as such provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

*Testing and Inspection.*

*Taunton.*  
Testing of  
mains.

34. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector may think expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains. Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid. Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order in that behalf made by the Board of Trade.

Testing of  
works and  
supply on  
consumer's  
premises.

35. An electric inspector if and when required to do so by any consumer shall on payment by such consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the regulations and conditions subject to which they are for the time being authorised to supply energy.

Undertakers  
to establish  
testing stations.

36. A court of summary jurisdiction may upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court shall deem proper and sufficient for testing the supply of energy by the Undertakers through such main and thereupon the Undertakers shall establish such testing places and provide thereat such proper and suitable instruments of a pattern to be approved by the Board of Trade as the court may direct and they shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers to  
keep instru-  
ments on their  
premises.

37. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved of or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Readings of  
instruments to  
be taken.

38. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of such instruments and any readings so recorded shall be receivable in evidence.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

39. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order and in case the same are not in order he may require the Undertakers forthwith to have the same put in order.

A.D. 1893.

*Taunton.*

Electric inspector may test Undertakers' instruments.

40. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but such officer or agent shall not interfere with the testing or inspection.

Representation of Undertakers at testings.

41. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

Undertakers to give facilities for testing.

42. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make such testing and also to the Undertakers and such report shall be receivable in evidence.

Report of results of testing.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

43. Save as otherwise provided by this Order or by any regulations under this Order all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by the Board of Trade and shall be paid by the Undertakers and may be recovered summarily as a civil debt.

Expenses of electric inspector.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned be paid by such consumer or consumers as the Board of Trade having regard to such report or decision shall direct and may be recovered summarily as a civil debt.

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connection with such proceedings shall be payable by the complainant or defendant as the court may direct.

*Meters.*

44. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise agreed

between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

45. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter". Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

Inspector to  
certify meters.

46. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Undertakers  
to supply  
meters if  
required to  
do so.

47. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as hereinafter provided.

Meters not to  
be connected  
or disconnected  
without notice.

48. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours' notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Consumer to  
keep his meter  
in proper  
order.

49. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring such meter to be again duly certified where such re-certifying is thereby rendered necessary shall if the meter be found to be not in proper order be paid by the consumer but if the same be in proper order all expenses connected therewith shall be paid by the Undertakers.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]

Power to the Undertakers to let meters.

51. The Undertakers shall (unless the agreement for hire otherwise provides) at all times at their own expense keep all meters let for hire by them to any consumer whereby the value of the supply is ascertained in proper order for correctly registering such value and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times Provided that the expenses of procuring any such meter to be again duly certified where such re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Undertakers to keep meters let for hire in repair.

52. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to such consumer or the Undertakers) is or is not in proper order for correctly registering such value or as to whether such value has been correctly registered in any case by any meter such difference shall be determined upon the application of either party by an electric inspector who shall also order by which of the parties the costs of and incidental to the proceedings before him shall be paid and the decision of such inspector shall be final and binding on all parties Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Differences as to correctness of meters to be settled by inspector.

53. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from such main the Undertakers shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging and such expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers to pay expenses of providing new meters where method of charge altered.

54. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which such supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Undertakers may place meters to measure supply or to check measurement thereof.

*Maps.*

*Taunton.*  
Map of area  
of supply to  
be made and  
deposited.

55. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and other underground works other than service lines. The said map and sections shall be on such scale or scales as the Board of Trade shall prescribe.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map section or copy and such further fee not exceeding five shillings for each copy of the same or any part thereof taken by such applicant as they may prescribe.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General or the rural authority supply to them or him a copy of any such map or section and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

*Application of Moneys received.*

Application  
of revenue.

56. All moneys received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order shall be applied by them as follows:—

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking.
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes.
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes.
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital.

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

(5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the same and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being authorised to invest other than stock or securities of the Undertakers and accumulating the same at compound interest until the fund so formed amounts to one-tenth of the aggregate capital expenditure on the undertaking which fund shall be applicable to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

A.D. 1893.  
Taunton.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply such surplus or any part thereof to the improvement of the district for which they are the local authority or in reduction of the capital moneys borrowed for electricity purposes.

Provided always that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the Undertakers.

Any deficiency of income in any year not answered out of the reserve fund shall be charged upon and payable out of the local rate.

57. All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order and all other capital moneys received by them in respect of the undertaking shall be applied by them as follows :—

Application of capital moneys.

- (1) In the reduction of the capital moneys borrowed by them for electricity purposes.
- (2) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

the amount of the costs so specified or settled as aforesaid and of the costs of sale and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

*Transfer of Powers &c.*

Transfer of  
powers &c.

63.—(1.) At any time after the commencement of this Order the Undertakers may with the consent of the Board of Trade (given after consideration of any representations which the rural authority may make) by deed to be approved by the Board of Trade transfer all or any part of their powers duties liabilities and works to any company or person subject to such exceptions and modifications (if any) and for such period and upon such terms as may be specified therein and either as to the whole or any part or parts of the area of supply and during the said period but subject to the provisions of this Order such company or person shall to the extent of the powers duties and liabilities so transferred be the Undertakers for the purposes of this Order.

(2.) One month at least before any draft deed is submitted to the Board of Trade for their approval under this section notice of the intention to make such transfer shall be published by the Undertakers by advertisement and a copy of the said draft deed shall be deposited for public inspection during office hours at the principal office of the Undertakers within the area of supply and printed copies thereof shall be supplied to every person demanding the same at a price not exceeding sixpence for each copy.

(3.) Every such advertisement shall contain the following particulars:

(a.) The area in respect of which the transfer is proposed to be made.

(b.) The period for which the transfer is proposed to be made.

(c.) The rent or other pecuniary consideration in respect of the transfer.

(d.) A general description of the powers duties or liabilities of the Undertakers proposed to be excepted or modified and of the terms upon which the transfer is proposed to be made; and

(e.) The address of the office at which the copy of the said draft deed is deposited for public inspection and at which printed copies of the same are on sale;

and such advertisement shall be inserted once at least in each of two successive weeks in one and the same newspaper circulating within the area of supply and once at least in the London Gazette.

(4.) The Undertakers may with the consent of the Board of Trade (given after consideration of any representations which the rural authority may make) by deed to be approved in like manner renew or continue any such transfer for such period and subject to such variations or modifications (if any) as may be specified therein and the above provisions as to advertisements and particulars shall apply to such matters as are hereby required to be specified in such last-mentioned deed.

(5.) Where in relation to any powers duties or liabilities so transferred such company or person have in the opinion of the Board of Trade been guilty of any act or default in respect of which the Board of Trade are empowered to revoke

[56 & 57 VICT.] *Electric Lighting Orders Confirmation* [Ch. cxiv.]  
(No. 4) Act, 1893.

this Order the Board of Trade if they think fit in lieu of revoking this Order may by order permit the Undertakers to resume the undertaking as from such day as may be fixed by the Order and from and after the said day the powers duties and liabilities of the said company or persons as Undertakers shall cease and determine but without prejudice to anything done or suffered during the period of transfer.

A.D. 1893.

Taunton.

(6.) Any questions arising between the Undertakers and the said company or persons respecting the resumption of the undertaking by the Undertakers shall be determined on the application of either party by the Board of Trade regard being had to the deed of transfer so far as applicable and the decision of the Board of Trade shall be final and conclusive.

(7.) As soon as practicable after any such deed is approved by the Board of Trade printed copies thereof shall be kept by the Undertakers for public inspection at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy and in case of any default herein the Undertakers shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

(8.) Nothing in this section shall affect any powers duties or liabilities of the Undertakers which shall not be transferred by any such deed and the Undertakers shall continue to have and be subject to such powers duties and liabilities if any.

*General.*

64. If at any time it is represented to the Board of Trade (a) that the Undertakers are supplying energy otherwise than by means of a system which has been approved by the Board of Trade or (without such consent or approval as is required by this Order) have permitted any part of their circuits to be connected with earth or have placed any electric line above ground or (b) that any electric lines or works of the Undertakers are defective so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Undertakers are for the time being authorised to supply energy under this Order or (c) that any work of the Undertakers or their supply of energy is attended with danger to the public safety or injuriously affects any telegraphic line of the Postmaster-General the Board of Trade may by order specify the matter complained of and require the Undertakers to abate or discontinue the same within such period as may be therein limited in that behalf and if the Undertakers make default in complying with such order they shall be liable to a penalty not exceeding twenty pounds for every day during which such default continues.

Remedying of  
system and  
works.

The Board of Trade may also if they think fit by the same or any other order made upon any such representation as aforesaid forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with or for such time as may be so specified and if the Undertakers make use of any such electric line or work while the use thereof is so forbidden they shall be liable to a penalty not exceeding one hundred pounds for every day during which such user continues.
