under streets.

13. The Undertakers may alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such body or person in relation to such street or place subject to the following provisions unless otherwise agreed between the parties interested :—

(a.) One month before commencing any such alterations the Undertakers or such body or person (as the case may be) in this section referred to as the "operators" shall serve a notice upon the body or person for the time being entitled to such pipes wires electric lines or works (as the case may be) in this section referred to as the "owners" describing the proposed alterations together with a plan showing the manner in which it is intended that such alterations shall be made and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire ;

(b.) Within three weeks after the service of any such notice and plan upon any owners such owners may if they think fit serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon such question unless settled by agreement shall be settled by arbitration accordingly ;

(c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which such pipes wires electric lines or works are used so far as may be possible ;

(d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or

plan served on them as aforesaid and in such case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties ;

A.D. 1898
Kingswinford.

- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations except where they have notified to such owners that they require them to execute such alterations and such owners have refused or neglected to comply with such notification as herein-after provided ;
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of such alterations is required to be commenced serve a notification upon the owners stating the time when such alterations are required to be commenced and the manner in which such alterations are required to be made ;
- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute such alterations as required by the operators subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same may be applicable ;
- (h.) If the owners decline or for twenty-hours hours after the time when any such alterations are required to be commenced neglect to comply with such notification the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them ;
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by such operators and may be recovered summarily ;
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given ;

(k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

Laying of
electric lines
&c. near gas
or water pipes
or other
electric lines.

14. Where the Undertakers require to dig or sink any trench for laying down or constructing any new electric lines (other than service lines) or other works near to which any main pipe syphon electric line or other work belonging to any gas electric supply or water company has been lawfully placed or where any gas or water company require to dig or sink any trench for laying down or constructing any new mains or pipes (other than service pipes) or other works near to which any lines or works of the Undertakers have been lawfully placed the Undertakers or such gas or water company (as the case may be) in this section referred to as the "operators" shall unless otherwise agreed between the parties interested or in case of sudden emergency give to such gas electric supply or water company or to the Undertakers (as the case may be) in this section referred to as the "owners" not less than three days' notice before commencing to dig or sink such trench as aforesaid and such owners shall be entitled by their officer to superintend the work and the operators shall conform with such reasonable requirements as may be made by the owners or such officer for protecting from injury every such main pipe syphon electric line or work and for securing access thereto and they shall also if required to do so by the owner thereof repair any damage that may be done thereto.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support the same in position during the execution of their works and before completion provide a suitable and proper foundation for the same where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of such electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration: A.D. 1898.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding ten pounds for every such default and to a daily penalty not exceeding five pounds. Provided that the operators shall not be subject to any such penalty if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that such ignorance was not owing to any negligence on the part of the operators.

Kingswinford.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal. For protection of railway and canal companies.

16.—(1.) The Undertakers shall take all reasonable precautions in constructing laying down and placing their electric lines and other works of all descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly. For protection of telegraphic and telephonic wires.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic

or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line being injuriously affected as aforesaid.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty shillings Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court having cognizance of the case shall be of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the Undertakers were ignorant of the position of the wire or line affected thereby and that such ignorance was not owing to any negligence on the part of the Undertakers.

(4.) Nothing in this section contained shall be held to deprive any owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

17.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain the same.

(2.) In addition to the mains herein-before specified the Undertakers shall at any time after the expiration of eighteen months after the commencement

[61 & 62 VICT.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or such further time as may in any case be approved of by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not mentioned in the Third Schedule the Undertakers shall (unless the authority or person by whom such street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section thirteen of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up such street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

18. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively the Board of Trade may after considering any representations of the Undertakers either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer the same to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order. Provided that the Board of Trade shall not revoke this Order as to part of the area of supply where the Undertakers make a representation that they desire to be relieved of their liabilities as respects the rest of the area of supply and in such case the Board of Trade shall not under this section revoke this Order otherwise than as to the whole of the area of supply.

19. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street.

Every such requisition shall be signed by the persons making the same and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply on application for the same and any requisition so supplied shall be deemed valid in point of form.

20. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them serve a notice on all the

persons by whom the requisition is signed stating that they decline to be bound by such requisition unless such persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in such notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as shall be specified by the Undertakers in such notice Provided that in such notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Where such notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of such notice on all the persons signing the requisition has been effected or in case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by such persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section or unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from such persons under such agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade who after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as herein-before provided or otherwise as shall be fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement such difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

Supply.

A.D. 1898:

21. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or the Board of Trade regulations give and continue to give a supply of energy for such premises in accordance with the provisions of this Order and of the said regulations and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order subject to the conditions following (that is to say):—

Kingswinford.
Undertakers to furnish sufficient supply of energy to owners and occupiers within the area of supply.

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on such property shall if the Undertakers so require be defrayed by such owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which such supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and

Enter into a written contract with the Undertakers (if required by them so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same at the rate of charge for the time being charged by the Undertakers for the supply of energy to ordinary consumers within the area of supply shall not be less than twenty per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of such supply and give to the Undertakers (if required by them so to do) security for the payment to them of all moneys which may become due to them by such owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of such premises within seven days after the date of the service of such notice to give to them security for the payment of all moneys which may become due to them in respect of such supply in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with

[Ch. xcv.] *Electric Lighting Orders Confirmation* [61 & 62 Vict.]
(No. 14) Act, 1898.

A.D. 1898. the terms of such notice the Undertakers may if they think fit discontinue to
Kingswinford. supply energy for such premises so long as such failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to such premises so long as such user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus such difference shall be determined by arbitration.

Maximum
power.

22. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises. Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of such consumer or any fittings or apparatus of the Undertakers upon such premises consequent upon such alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section such difference shall be determined by arbitration.

Penalty for
failure to
supply.

23. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable to a penalty not exceeding forty shillings in respect of every such default for each day on which any such default occurs.

Whenever the Undertakers make default in supplying energy in accordance with the terms of the Board of Trade regulations they shall be liable to such penalties as may by the said regulations be prescribed in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognizance of the case shall be of opinion that such default was caused by inevitable accident

or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply. A.D. 1898.
Kingswinford.

Price.

24. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)— Methods of charging.

- (1.) By the actual amount of energy so supplied; or
- (2.) By the electrical quantity contained in such supply; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in such supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through such main and where the Undertakers have given any such notice they shall not be entitled to change such method of charging except after one month's notice of such change has been given by them to every consumer who is supplied by them from such main.

25. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine. Maximum prices.

26. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which such charges are to be ascertained and may charge accordingly. Other charges by agreement.

Electric Inspectors.

27. The Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order. Appointment of electric inspectors.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them;
- (b.) The certifying and examination of meters; and

Kingswinford.

(c.) Such other duties in relation to the Undertaking as may be required of him under the provisions of this Order or of the Board of Trade regulations.

The Board of Trade may prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

Remuneration
of electric
inspectors.

28. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may be determined by the Board of Trade and such remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or the Board of Trade regulations as may be settled by the Board and where any such remuneration is settled to be in substitution for fees any fees payable by any party other than the Undertakers shall in lieu of being paid to such electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate.

Notices of
accidents and
inquiries by
the Board of
Trade.

29.—(1.) The Undertakers shall send to the Board of Trade notice of any accident by explosion or fire and also of any other accident of such kind as to have caused or to be likely to have caused loss of life or personal injury which has occurred in any part of the Undertakers' works or their circuits or in connection with the same and also notice of any loss of life or personal injury occasioned by any such accident. Such notice shall be sent by the earliest practicable post after the accident occurs or as the case may be after the loss of life or personal injury becomes known to the Undertakers.

If the Undertakers fail to comply with the provisions of this subsection they shall be liable for each offence to a penalty not exceeding twenty pounds.

(2.) The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connection with the Undertakers' works whether notice of the accident has or has not been received from the Undertakers or as to the manner and extent in and to which the provisions of this Order and the principal Act and of the Board of Trade regulations so far as such provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Testing and Inspection.

Testing of
mains.

30. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and such testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by

Kingswinford.

31. An electric inspector if and when required to do so by any consumer shall on payment by such consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the Board of Trade regulations.

Testing of works and supply on consumer's premises.

32. A court of summary jurisdiction may upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court shall deem proper and sufficient for testing the supply of energy by the Undertakers through such main and thereupon the Undertakers shall establish such testing places and provide thereat such proper and suitable instruments of a pattern to be approved by the Board of Trade as the court may direct and they shall connect such stations by means of proper and sufficient electric lines with such mains and supply energy thereto for the purpose of such testing.

Undertakers to establish testing stations.

33. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved of or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Undertakers to keep instruments on their premises.

34. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of such instruments and any readings so recorded shall be receivable in evidence.

Readings of instruments to be taken.

35. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if the same are in order

Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make such testing and also to the Undertakers and such report shall be receivable in evidence.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against such report and thereupon the Board of Trade shall inquire into and decide upon the matter of any such appeal and their decision shall be final and binding on all parties.

Expenses
of electric
inspector.

39. Save as otherwise provided by this Order or by the Board of Trade regulations all fees and reasonable expenses of an electric inspector shall unless agreed be ascertained by the Board of Trade and shall be paid by the Undertakers and may be recovered summarily as a civil debt.

Provided that where the report of an electric inspector or the decision of the Board of Trade shows that any consumer was guilty of any default or negligence such fees and expenses shall on being ascertained as above mentioned be paid by such consumer or consumers as the Board of Trade having regard to such report or decision shall direct and may be recovered summarily as a civil debt.

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connection with such proceedings shall be payable by the complainant or defendant as the court may direct.

Meters.

Meters to be
used except by
agreement.

40. The amount of energy supplied by the Undertakers to any ordinary consumer under this Order or the electrical quantity contained in such supply (according to the method by which the Undertakers elect to charge) in this Order referred to as "the value of the supply" shall except as otherwise

agreed between such consumer and the Undertakers be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

A.D. 1898.

Kingswinford.

41. A meter shall be considered to be duly certified under the provisions of this Order if it be certified by an electric inspector appointed under this Order to be a correct meter and to be of some construction and pattern and to have been fixed and to have been connected with the service lines in some manner approved of by the Board of Trade and every such meter is in this Order referred to as a "certified meter" Provided that where any alteration is made in any certified meter or where any such meter is unfixed or disconnected from the service lines such meter shall cease to be a certified meter unless and until it be again certified as a certified meter under the provisions of this Order.

Meters to be certified.

42. Every electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify the same as a certified meter if he considers it entitled to be so certified.

Inspector to certify meters.

43. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required so to do by any consumer supply him with an appropriate meter and shall if required so to do fix the same upon the premises of the consumer and connect the service lines therewith and procure such meter to be duly certified under the provisions of this Order and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable times and execute all necessary works and do all necessary acts Provided that previously to supplying any such meter the Undertakers may require such consumer to pay to them a reasonable sum in respect of the price of such meter or to give security therefor or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as herein-after provided.

Undertakers to supply meters if required to do so.

44. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours' notice in writing of his intention so to do and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Meters not to be connected or disconnected without notice.

45. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value and in default of his so doing the Undertakers may cease to supply energy through such meter.

Consumer to keep his meter in proper order.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times Provided that all reasonable expenses of and incident to any such taking off removing

the meter be found to be not in proper order be paid by the consumer but
if the same be in proper order all expenses connected therewith shall be paid
by the Undertakers.

Power to the
Undertakers to
let meters.

46. The Undertakers may let for hire any meter for ascertaining the value
of the supply and any fittings thereto for such remuneration in money and on
such terms with respect to the repair of such meter and fittings and for
securing the safety and return to the Undertakers of such meter and fittings
as may be agreed upon between the hirer and the Undertakers or in case
of difference decided by the Board of Trade and such remuneration shall be
recoverable by the Undertakers summarily as a civil debt.

Undertakers to
keep meters

in repair.

47. The Undertakers shall unless the agreement for hire otherwise provides
at all times at their own expense keep all meters let for hire by them to any
consumer whereby the value of the supply is ascertained in proper order for
correctly registering such value and in default of their so doing the consumer
shall not be liable to pay rent for the same during such time as such default
continues The Undertakers shall for the purposes aforesaid have access to
and be at liberty to remove test inspect and replace any such meter at all
reasonable times Provided that the expenses of procuring any such meter
to be again duly certified where such re-certifying is thereby rendered
necessary shall be paid by the Undertakers.

Differences as
to correctness
of meters to be
settled by
inspector.

48. If any difference arises between any consumer and the Undertakers as
to whether any meter whereby the value of the supply is ascertained (whether
belonging to such consumer or the Undertakers) is or is not in proper order
for correctly registering such value or as to whether such value has been
correctly registered in any case by any meter such difference shall be
determined upon the application of either party by any electric inspector who
shall also order by which of the parties the costs of and incidental to the
proceedings before him shall be paid and the decision of such inspector shall
be final and binding on all parties Subject as aforesaid the register of the
meter shall be conclusive evidence in the absence of fraud of the value of the
supply.

Undertakers to
pay expenses
of providing
new meters
where method
of charge
altered.

49. Where any consumer who is supplied with energy by the Undertakers
from any distributing main is provided with a certified meter for the purpose
of ascertaining the value of the supply and the Undertakers change the
method of charging for energy supplied by them from such main the Under-
takers shall pay to such consumer the reasonable expenses to which he may
be put in providing a new meter for the purpose of ascertaining the value
of the supply according to such new method of charging and such expenses
may be recovered by the consumer from the Undertakers summarily as a
civil debt.

Undertakers

thereof.

place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer or the number of hours during which such supply is given or the maximum power taken by such consumer or any other quantity or time connected with the supply. Provided that such meter or apparatus shall be of some construction and pattern and shall be fixed and connected with the service lines in some manner approved by the Board of Trade and shall be supplied and maintained entirely at the cost of the Undertakers and shall not except by agreement be placed otherwise than between the mains of the Undertakers and the consumer's terminals.

Maps.

51. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause such map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be on such scale or scales as the Board of Trade shall prescribe.

Map of area of
supply to be
made.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and such applicants may take copies of the same or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map section or copy and such further fee not exceeding five shillings for each copy of the same or any part thereof taken by such applicant as they may prescribe.

The Undertakers shall if so required by the Board of Trade or the Postmaster-General supply to them or him a copy of any such map or section and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for every such offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

Application of Moneys received.

52. All moneys received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands required for the purposes of this Order and (c) money not of the nature of

Kingswinford. Order shall be applied by them as follows:—

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking;
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes;
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes;
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital;
- (5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the same and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being authorised to invest other than stock or securities of the Undertakers and accumulating the same at compound interest until the fund so formed amounts to one-tenth of the aggregate capital expenditure on the undertaking which fund shall be applicable to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as such reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply such surplus or any part thereof to the improvement of the district for which they are the local authority or in reduction of the capital moneys borrowed for electricity purposes.

Provided always that if the surplus in any year exceed five per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to the said maximum rate of profit but this proviso shall only apply to so much of the undertaking as shall for the time being remain in the hands of the Undertakers.

Any deficiency of income in any year not answered out of the reserve fund shall be charged upon and payable out of the local rate.

Application
of capital
moneys.

53. All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under

Revocation of Order.

Kingswinford.
Revocation
where works
not executed.

56. If at any time after the commencement of this Order the Board of Trade have reason to believe that the Undertakers have made default in executing works or supplying energy in accordance with the provisions of this Order the Board of Trade may after such inquiry as they may think necessary revoke this Order as to the whole or with the consent of the Undertakers any part of the area of supply upon such terms as to the Board of Trade may seem just.

Revocation of
Order with
consent.

57. In addition to any powers which the Board of Trade may have in that behalf they may revoke this Order at any time with the consent and concurrence of the Undertakers upon such terms as the Board of Trade may think fit.

Provisions
where Order
revoked.

58. If the Board of Trade at any time revoke this Order as to the whole or any part of the area of supply any persons who may be liable to repair any street or part of a street within such area or part thereof in which any works of the Undertakers may have been placed may forthwith remove such works with all reasonable care and the Undertakers shall pay to such persons such reasonable costs of such removal as may be specified in a notice to be served on the Undertakers by such persons or if so required by the Undertakers within one week after the service of such notice upon them as may be settled by arbitration.

If the Undertakers fail to pay such reasonable costs as aforesaid within one month after the service upon them of such notice or the delivery of the award of the arbitrator (as the case may be) such persons as aforesaid may without any previous notice to the Undertakers (but without prejudice to any other remedy which they may have for the recovery of the amount) sell and dispose of any such works as aforesaid either by public auction or private sale and for such sum or sums and to such person or persons as they may think fit and may out of the proceeds of such sale pay and reimburse themselves the amount of the costs so specified or settled as aforesaid and of the costs of sale and the balance (if any) of the proceeds of the sale shall be paid over by them to the Undertakers.

Transfer of Powers &c.

Transfer of
powers &c.

59.—(1.) At any time after the commencement of this Order the Undertakers may with the consent of the Board of Trade by deed to be approved by the Board of Trade transfer their powers duties liabilities and works to any company or person subject to such exceptions and modifications (if any) and for such period and upon such terms as may be specified therein and either as to the whole or any part or parts of the area of supply and during the said period but subject to the provisions of this Order such company or person shall to the extent of the powers duties and liabilities so transferred be the Undertakers for the purposes of this Order.

(2.) One month at least before any draft deed is submitted to the Board of Trade for their approval under this section notice of the intention to make

[61 & 62 VICT.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

such transfer shall be published by the Undertakers by advertisement and a copy of the said draft deed shall be deposited for public inspection during office hours at the principal office of the Undertakers within the area of supply and printed copies thereof shall be supplied to every person demanding the same at a price not exceeding sixpence for each copy. A.D. 1898.
Kingswinford.

- (3.) Every such advertisement shall contain the following particulars:—
- (a.) The area in respect of which the transfer is proposed to be made;
 - (b.) The period for which the transfer is proposed to be made;
 - (c.) The rent or other pecuniary consideration in respect of the transfer;
 - (d.) A general description of the powers duties or liabilities of the Undertakers proposed to be excepted or modified and of the terms upon which the transfer is proposed to be made; and
 - (e.) The address of the office at which the copy of the said draft deed is deposited for public inspection and at which printed copies of the same are on sale:

And such advertisement shall be inserted once at least in each of two successive weeks in one and the same newspaper circulating within the area of supply and once at least in the London Gazette.

(4.) The Undertakers may with the consent of the Board of Trade by deed to be approved in like manner renew or continue any such transfer for such period and subject to such variations or modifications (if any) as may be specified therein and the above provisions as to advertisements and particulars shall apply to such matters as are hereby required to be specified in such last-mentioned deed.

(5.) Where in relation to any powers duties or liabilities so transferred such company or person have in the opinion of the Board of Trade been guilty of any act or default in respect of which the Board of Trade are empowered to revoke this Order the Board of Trade if they think fit in lieu of revoking this Order may by order permit the Undertakers to resume the undertaking as from such day as may be fixed by the order and from and after the said day the powers duties and liabilities of the said company or person as Undertakers shall cease and determine but without prejudice to anything done or suffered during the period of transfer.

(6.) Any questions arising between the Undertakers and the said company or person respecting the resumption of the undertaking by the Undertakers shall be determined on the application of either party by the Board of Trade regard being had to the deed of transfer so far as applicable and the decision of the Board of Trade shall be final and conclusive.

(7.) As soon as practicable after any such deed is approved by the Board of Trade printed copies thereof shall be kept by the Undertakers for public inspection at their principal office within the area of supply and supplied to any person demanding the same at a price not exceeding sixpence for each copy and in case of any default herein the Undertakers shall be liable to a penalty not exceeding five pounds and to a daily penalty not exceeding five pounds.

Undertakers shall continue to have and be subject to such powers duties and
liabilities if any.

General.

Remedying of
system and
works.

60. If at any time it is established to the satisfaction of the Board of
Trade (a) that the Undertakers are supplying energy otherwise than by
means of a system which has been approved by the Board of Trade or (except
in accordance with the provisions of this Order) have permitted any part of
their circuits to be connected with earth or placed any electric line above
ground or (b) that any electric lines or works of the Undertakers are
defective so as not to be in accordance with the provisions of this Order or
the Board of Trade regulations or (c) that any work of the Undertakers or
their supply of energy is attended with danger to the public safety or
injuriously affects any telegraphic line of the Postmaster-General the Board
of Trade may by order specify the matter complained of and require the
Undertakers to abate or discontinue the same within such period as may
be therein limited in that behalf and if the Undertakers make default in
complying with such order they shall be liable to a penalty not exceeding
twenty pounds for every day during which such default continues.

The Board of Trade may also if they think fit by the same or any other
order forbid the use of any electric line or work as from such date as may be
specified in that behalf until the order is complied with or for such time as
may be so specified and if the Undertakers make use of any such electric
line or work while the use thereof is so forbidden they shall be liable to a
penalty not exceeding one hundred pounds for every day during which such
user continues.

In any case of non-compliance with an order under this section whether a
pecuniary penalty has been recovered or not the Board of Trade if in their
opinion the public interest so requires may revoke this Order on such terms
as they may think just.

Publication of
regulations.

61. The Board of Trade regulations for the time being in force shall
within one month after the same as made or last altered have come into
force be printed at the expense of the Undertakers and true copies thereof
certified by or on behalf of the Undertakers shall be kept by them at their
principal office within the area of supply and supplied to any person
demanding the same at a price not exceeding sixpence for each copy.

If the Undertakers make default in complying with the provisions of this
section they shall be liable to a penalty not exceeding five pounds and to a
daily penalty not exceeding five pounds.

Nature and
amount of
security.

62. Where any security is required under this Order to be given to or by
the Undertakers such security may be by way of deposit or otherwise and of
such amount as may be agreed upon between the parties or as in default of
agreement may be determined on the application of either party by a court
of summary jurisdiction who may also order by which of the parties the costs

of the proceedings before them shall be paid and the decision of the said court shall be final and binding on all parties Provided that where any such security is given by way of deposit the party to whom such security is given shall pay interest at the rate of four per centum per annum on every sum of ten shillings so deposited for every six months during which the same remains in their hands.

A.D. 1898.
Kingswinford.

63. All things required or authorised under this Order to be done by to or before the Board of Trade may be done by to or before the President or a secretary or an assistant secretary of the Board.

Proceedings of
Board of
Trade.

All documents purporting to be orders made by the Board of Trade and to be sealed with the seal of the Board or to be signed by a secretary or assistant secretary of the Board or by any person authorised in that behalf by the President of the Board shall be received in evidence and shall be deemed to be such orders without further proof unless the contrary is shown.

A certificate signed by the President of the Board of Trade that any order made or act done is the order or act of the Board shall be conclusive evidence of the order or act so certified.

64. Where this Order provides for any consent or approval of the Board of Trade the Board may give such consent or approval subject to terms or conditions or may withhold their consent or approval as in their discretion they may think fit.

As to approval
or consent of
Board of
Trade.

All costs and expenses of or incident to any approval consent certificate or order of the Board of Trade or of any inspector or person appointed by the Board of Trade including the cost of any inquiry or tests which may be required to be made by the Board of Trade for the purpose of determining whether the same should be given or made to such an amount as the Board of Trade shall certify to be due shall be borne and paid by the applicant or applicants therefor Provided always that where any approval is given by the Board of Trade to any plan pattern or specification they may require such copies of the same as they may think fit to be prepared and deposited at their office at the expense of the said applicant or applicants and may as they think fit revoke any approval so given or permit such approval to be continued subject to such modifications as they may think necessary.

65. Where the Board of Trade upon the application of the Undertakers give any approval or grant any extension of any time limited for the performance of any duties by the Undertakers or revoke this Order as to the whole or any part of the area of supply notice that such approval has been given or such extension of time granted or such revocation made shall if the Board of Trade so direct be published by public advertisement once at least in each of two successive weeks in some one and the same local newspaper by the Undertakers.

Commence-
ment of
Order.

3. This Order shall come into force and have effect upon the day when the Act confirming this Order is passed which date is in this Order referred to as "the commencement of this Order."

Address and Description of the Undertakers.

Address and
description of
Undertakers.

4. The Undertakers for the purposes of this Order are the Penarth Electric Lighting Company Limited being a company registered under the Companies Acts 1862 to 1894 with limited liability and having its registered offices at Vienna Chambers Bute Street Cardiff in the county of Glamorgan.

Provided that if the undertaking or any part thereof is at any time purchased by the local authority in accordance with the provisions of this Order or of the principal Act that local authority shall from the date of such purchase be the Undertakers in relation to the undertaking or part thereof for the purposes of this Order in lieu of the Company above mentioned.

[61 & 62 Vict.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

The Undertakers shall not purchase or acquire the undertaking of or associate themselves with any other company or person supplying energy under any licence provisional order or special Act unless the Undertakers are authorised by Parliament to do so.

A.D. 1898.

Penarth.

If in contravention of this section the Undertakers purchase or acquire any such undertaking or associate themselves with any such other company or person the Board of Trade may if they think fit revoke this Order upon such terms as they think just.

Area of Supply.

5. Subject to the provisions of this Order the area of supply shall be the whole of the area which is included in the First Schedule and is more particularly delineated upon the deposited map and thereon coloured red.

Area of supply.

6. The Undertakers shall not at any time after the commencement of this Order supply energy or (except for the purposes of this Order) erect or lay down any electric lines or works beyond the area of supply otherwise than under the authority of Parliament or under a licence granted by the Board of Trade under the principal Act.

Prohibition of supply beyond area of supply.

If the Undertakers supply energy or erect or lay down electric lines or works in contravention of this section the Board of Trade may if they think fit revoke this Order on such terms as they think just.

Security and Accounts.

7. The Undertakers within a period of six months after the commencement of this Order and before exercising any of the powers conferred by this Order on them in relation to the execution of works shall show to the satisfaction of the Board of Trade that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this Order throughout the area of supply.

Security for execution of works.

The Undertakers shall also within six months after the commencement of this Order or within such extended period as may be approved by the Board of Trade and before exercising any of the powers conferred on them in relation to the execution of works deposit or secure to the satisfaction of the Board of Trade a sum of five hundred pounds.

If the Undertakers fail to show to the satisfaction of the Board of Trade within any such period as aforesaid that they are in such a position as above mentioned or fail to deposit or secure such sum as aforesaid the Board of Trade may after considering any representations which the local authority may make revoke this Order as to the whole or with the consent of the Undertakers any part of the area of supply upon such terms as they think just.

The said sum deposited or secured by the Undertakers under the provisions of this section shall be repaid or released to them in equal moieties when and so soon as it may be certified by an inspector (to be appointed by the Board

Audit of
Undertakers'
accounts.

8. The annual statement of accounts of the undertaking before being published as provided by section nine of the Electric Lighting Act 1882 shall so long as the local authority are not the Undertakers be examined and audited by such competent and impartial person as the Board of Trade appoint and the remuneration of the auditor shall be such as the Board of Trade direct and that remuneration and all expenses incurred by him in or about the execution of his duties to such an amount as the Board of Trade approve shall be paid by the Undertakers on demand and shall be recoverable summarily as a civil debt.

The Undertakers shall give to the auditor his clerks and assistants access to such of the books and documents relating to the undertaking as are necessary for the purposes of the audit and shall when required furnish to him and them all vouchers and information requisite for that purpose and shall afford to him and them all facilities for the proper execution of his and their duty.

The Board of Trade may make and vary regulations prescribing the times at and the mode in which the audit shall be made and conducted or otherwise for the purpose of giving effect to the provisions of this section.

Any report made by the auditor or such portion thereof as the Board of Trade direct shall be appended to the annual statement of accounts and shall form part thereof for the purposes of the said section nine.

Nature and Mode of Supply.

Systems and
mode of
supply.

9. Subject to the provisions of this Order and the principal Act the Undertakers may supply energy within the area of supply for all public and private purposes as defined by the said Act provided as follows:—

- (1.) The energy shall be supplied only by means of some system approved in writing by the Board of Trade and subject to the Board of Trade regulations; and
- (2.) The Undertakers shall not without the express consent of the Board of Trade and the local authority place any electric line above ground except within premises in the sole occupation or control of the Undertakers and except so much of any service line as is necessarily so placed for the purpose of supply; and
- (3.) The Undertakers shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the provisions of the Board of Trade regulations unless the connection is for the time being approved of by the Board of Trade with the concurrence of the Postmaster-General and is made in accordance with the conditions if any of that approval.

Powers for
execution of
works.

10. Subject to the provisions of this Order and the principal Act the Undertakers may exercise all or any of the powers conferred on them by this Order and the principal Act and may break up such streets not repairable by the local authority and such railways and tramways (if any) as are specified in the Third Schedule so far as those streets railways and tramways may for the time being be included in the area of supply and be or be upon land dedicated to public use Provided however as respects any such railway that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level.

Nothing in this Order shall authorise or empower the undertakers to break up or interfere with any street or part of a street not repairable by the local authority or any railway or tramway except such streets railways or tramways (if any) or such parts thereof as are specified in the said schedule without the consent of the authority company or person by whom that street railway or tramway is repairable or of the Board of Trade under section thirteen of the Electric Lighting Act 1882 and where the Board of Trade give that consent the provisions of this Order shall apply to the street railway or tramway to which the consent relates as if it had been specified in the said schedule.

11. Subject to the provisions of this Order and the principal Act and the Board of Trade regulations the Undertakers may construct in any street such boxes as may be necessary for purposes in connection with the supply of energy including apparatus for the proper ventilation of those boxes Provided that no such box or apparatus shall be placed above ground except with the consent of the authority body or person by whom the street is repairable.

Street boxes.

Every such box shall be for the exclusive use of the Undertakers and under their sole control except so far as the Board of Trade otherwise order and shall be used by the Undertakers only for the purpose of leading off service lines and other distributing conductors or for examining testing regulating measuring directing or controlling the supply of energy or for examining or testing the condition of the mains or other portions of the works or for other like purposes connected with the undertaking and the Undertakers may place therein meters switches and any other suitable and proper apparatus for any of the above purposes.

Every such box including the upper surface or covering thereof shall be constructed of such materials and shall be constructed and maintained by the Undertakers in such manner as not to be a source of danger whether by reason of inequality of surface or otherwise.

The local authority may with the approval of the Board of Trade prescribe the hours during which the Undertakers are to have access to the boxes and if the Undertakers during any hours not so prescribed remove or displace or keep removed or displaced the upper surface or covering of any box without the consent of the local authority they shall be liable for each offence to a penalty not exceeding five pounds and to a daily penalty not exceeding five

Notice of works with plan to be served on the Postmaster-General and local authority.

12. Where the exercise of any of the powers of the Undertakers in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in under along or across any street or public bridge the following provisions shall have effect:—

- (a.) One month before commencing the execution of the works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall serve a notice upon the Postmaster-General and the local authority describing the proposed works together with a plan of the works showing the mode and position in which the works are intended to be executed and the manner in which it is intended that the street or bridge or any sewer drain or tunnel therein or thereunder is to be interfered with and shall upon being required to do so by the Postmaster-General or the local authority give him or them any such further information in relation thereto as he or they desire. In calculating the above-mentioned period of one month no part of the month of August shall be included;
- (b.) The Postmaster-General or the local authority may in his or their discretion approve any such works or plan subject to such amendments or conditions as seem fit or may disapprove them and may give notice of that approval or disapproval to the Undertakers;
- (c.) Where the Postmaster-General or the local authority approve any such works or plan subject to any amendments or conditions with which the Undertakers are dissatisfied or disapprove any such works or plan the Undertakers may appeal to the Board of Trade and the Board of Trade may inquire into the matter and allow or disallow the appeal and approve any such works or plan subject to such amendments or conditions as seem fit or may disapprove them;
- (d.) If the Postmaster-General or the local authority fail to give any such notice of approval or disapproval to the Undertakers within one month after the service of the notice upon them he or they shall be deemed to have approved the works and plan;
- (e.) Notwithstanding anything in this Order or the principal Act the Undertakers shall not be entitled to execute any such works as above specified except so far as they may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General and the local authority or by the Board of Trade as above mentioned but where any such works description and plan are so approved or to be deemed to be approved the Undertakers may cause those works to be executed in accordance with the description and plan subject in all respects to the provisions of this Order and the principal Act;

 Penarth.

Where in any case a street or public bridge is repairable by the county council this section shall be read and construed as if "county council" were substituted for "local authority" wherever that expression occurs.

Nothing in this section shall exempt the Undertakers from any penalty or obligation to which they may be liable under this Order or otherwise by law in the event of any telegraphic line of the Postmaster-General being at any time injuriously affected by the Undertakers' works or their supply of energy.

13. Where the exercise of the powers of the Undertakers in relation to the execution of any works will involve the placing of any works in, under, along or across any street or part of a street not repairable by the local authority or county council or over or under any railway tramway or canal the following provisions shall have effect unless otherwise agreed between the parties interested:—

As to streets not repairable by local authority railways tramways and canals.

(a.) One month before commencing the execution of the works (not being the repairs renewals or amendments of existing works of which the character and position are not altered) the Undertakers shall in addition to any other notices which they may be required to give under this Order or the principal Act serve a notice upon the body or person liable to repair the street or part of a street or the body or person for the time being entitled to work the railway or tramway or the owners of the canal (as the case may be) in this section referred to as the "owners" describing the proposed works together with a plan of the works showing the mode and position in which the works are intended to be executed and placed and shall upon being required to do so by any such owners give them any such further information in relation thereto as they desire;

(b.) Every such notice shall contain a reference to this section and direct the attention of the owners to whom it is given to the provisions thereof;

(c.) Within three weeks after the service of any such notice and plan upon any owners those owners may if they think fit serve a requisition upon the Undertakers requiring that any question in relation to the works or to compensation in respect thereof and any other question arising upon the notice or plan shall be settled by arbitration and thereupon that

question unless settled by agreement shall be settled by arbitration accordingly;

- (d.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of the street railway tramway or canal and may if he thinks fit require the Undertakers to execute any temporary or other works so as to avoid any interference with any traffic so far as may be possible;
- (e.) Where no such requisition as in this section mentioned is served upon the Undertakers or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the Undertakers may upon paying or securing any compensation which they may be required to pay or secure cause to be executed the works specified in such notice and plan as aforesaid and may repair renew and amend them (provided that their character and position are not altered) but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties;
- (f.) All works to be executed by the Undertakers under this section shall be carried out to the reasonable satisfaction of the owners and those owners shall have the right to be present during the execution of the works;
- (g.) Where the repair renewal or amendment of any existing works of which the character or position is not altered will involve any interference with any railway level crossing or with any tramway over or under which those works have been placed the Undertakers shall unless it is otherwise agreed between the parties or in cases of emergency give to the owners not less than twenty-four hours' notice before commencing to effect the repair renewal or amendment and the owners shall be entitled by their officer to superintend the work and the Undertakers shall conform to such reasonable requirements as may be made by the owners or that officer. The notice shall be in addition to any other notices which the Undertakers may be required to give under this Order or the principal Act;
- (h.) If the Undertakers make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof and in addition thereto they shall be liable for each default to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds. Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court are of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances.

14. Any body or person for the time being liable to repair any street or part of a street or entitled to work any railway or tramway which the Undertakers are empowered to break up for the purposes of this Order may if they think fit serve a notice upon the Undertakers stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Undertakers as therein specified in relation to the breaking-up filling in reinstating or making good any streets bridges sewers drains tunnels or other works vested in or under the control or management of that body or person and may amend or revoke any such notice by another notice similarly served Where any such body or person (in this section referred to as the "givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Undertakers then so long as that notice remains in force the following provisions shall have effect unless otherwise it is agreed between the parties interested:—

Street authority &c. may give notice of desire to break up streets &c. on behalf of Undertakers.

- (a.) The Undertakers shall not be entitled to proceed themselves to exercise or discharge any such specified powers or duties as aforesaid except where they have required the givers of the notice to exercise or discharge those powers or duties and the givers of the notice have refused or neglected to comply with that requisition as herein-after provided or in cases of emergency;
- (b.) In addition to any other notices which they are required to give under the provisions of this Order or the principal Act the Undertakers shall not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced serve a requisition upon the givers of the notice stating the time when that exercise or discharge is required to be commenced and the manner in which any such powers or duties are required to be exercised or discharged;
- (c.) Upon receipt of any such requisition as last aforesaid the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Undertakers subject to the like restrictions and conditions so far as they are applicable as the Undertakers would themselves be subject to in that exercise or discharge;
- (d.) If the givers of the notice decline or for twenty-four hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced neglect to comply with the requisition the Undertakers may themselves proceed to exercise or discharge the powers or duties therein specified in like manner as they might have done if such notice as aforesaid had not been given to them by the givers of the notice;
- (e.) In any case of emergency the Undertakers may themselves proceed at once to exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in that case the Undertakers shall within twelve hours after they begin to exercise

or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice ;

(f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable for each offence to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court are of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances ;

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily ;

(h.) The givers of the notice may if they think fit require the Undertakers to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this section as may be determined in manner provided by this Order If the Undertakers fail to give any such security within seven days after being required to do so or in case of difference after the difference has been determined by a court of summary jurisdiction they shall not be entitled to serve any further requisition upon the givers of the notice requiring them to exercise or discharge any powers or duties under this section until the security has been duly given :

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

As to alteration
of pipes wires
&c. under
streets.

15. The Undertakers may alter the position of any pipes (not forming part of any sewer of the local authority) or any wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in that body or person in relation to that street or place subject to the following provisions unless it is otherwise agreed between the parties interested :—

(a.) One month before commencing any such alterations the Undertakers or the body or person (as the case may be) in this section referred to as the "operators" shall serve a notice upon the body or person for the time being entitled to the pipes wires electric lines or works (as the case may be) in this section referred to as the "owners" describing the proposed alterations together with a plan showing the manner in

- (b.) Within three weeks after the service of any such notice and plan upon any owners those owners may if they think fit serve a requisition upon the operators requiring that any question in relation to the works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon that question unless settled by agreement shall be settled by arbitration accordingly ;
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of the pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which the pipes wires electric lines or works are used so far as possible ;
- (d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in that case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties ;
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute the alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute the alterations except where they have notified to the owners that they require them to execute the alterations and the owners have refused or neglected to comply with the notification as herein-after provided ;
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of the alterations is required to be commenced serve a notification upon the owners stating the time when the alterations are required to be commenced and the manner in which the alterations are required to be made ;
- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute the alterations as required by the operators subject to the like restrictions and conditions so far as they are applicable

as the operators would themselves be subject to in executing the alterations ;

- (h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with the notification the operators may themselves proceed to execute the alterations in like manner as they might have done if no such statement as aforesaid had been served upon them ;
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by the operators and may be recovered summarily ;
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute the alterations until the security has been duly given ;
- (k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable for each default to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalties as aforesaid if the court are of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

Laying of
electric lines
&c. near
sewers &c.

Where the operators find it necessary to undermine but not alter the position of any pipe electric line or work they shall temporarily support it in position during the execution of their works and before completion provide a suitable and proper foundation for it where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes lines or services belonging to any gas electric supply or water company the conducting portion of the electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes lines or services or except with the like consent employ any such mains pipes lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall be liable for each default to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court are of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the sewer drain watercourse defence main pipe syphon electric line or work affected thereby and that that ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

17. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not exceeding forty

(4.) Nothing in this section contained shall be held to deprive any owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

Compulsory Works.

19.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain those mains.

Mains, &c. to be laid down in streets specified in Second Schedule and in remainder of area of supply.

(2.) In addition to the mains herein-before specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner provided by this Order.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or within such further time as may in any case be approved by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not specified in the Third Schedule the Undertakers shall (unless the authority or person by whom that street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section thirteen of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up that street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

20. Twenty-eight days at the least before commencing to lay in any street any electric line which is intended for supplying energy to any particular consumer and not for the purposes of general supply the Undertakers shall serve upon the local authority and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric line so to be laid a notice stating that the Undertakers intend to lay the electric line and setting forth the effect of this section and if within that period any two or more of those owners or occupiers require in accordance with the provisions of this Order that a supply shall

If Undertakers fail to lay down mains &c. Order may be revoked.

21. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively they shall be liable in respect of each default to a penalty not exceeding five pounds for each day during which the default continues and if the Board of Trade are of opinion in any case that the default is wilful and unreasonably prolonged they may after considering any representations of the local authority either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer it to remain in force as to that area or part thereof subject to such conditions as they think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like force and effect in every respect as though they were contained in this Order. Provided that the Board of Trade shall not revoke this Order as to part of the area of supply where the Undertakers make a representation that they desire to be relieved of their liabilities as respects the rest of the area of supply and in that case the Board of Trade shall not under this section revoke this Order otherwise than as to the whole of the area of supply.

Manner in which requisition is to be made.

22. Any requisition requiring the Undertakers to lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along that street or part of a street or where the local authority has the control and management of the public lamps in that street or part of a street by the local authority.

Every such requisition shall be signed by the persons making it or by the local authority (as the case may be) and shall be served upon the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a copy shall on application be supplied free of charge to any owner or occupier of premises within the area of supply and to the local authority and any requisition so supplied shall be deemed valid in point of form.

Provisions on requisition by owners or occupiers.

23. Where any such requisition is made by any such owners or occupiers as aforesaid the Undertakers (if they think fit) may within fourteen days after the service of the requisition upon them serve a notice on all the persons by whom the requisition is signed stating that they decline to be bound by the requisition unless those persons or some of them will bind themselves to take or will guarantee that there shall be taken a supply of energy for three years of such amount in the aggregate (to be specified by the Undertakers in the notice) as will at the rates of charge for the time being charged by the Undertakers for a supply of energy from distributing mains to ordinary consumers within the area of supply produce annually such reasonable sum as is specified by the Undertakers in the notice. Provided that in the notice the Undertakers shall not without the authority of the Board of Trade specify any sum exceeding twenty per centum upon

Where such a notice is served the requisition shall not be binding on the Undertakers unless within fourteen days after the service of the notice on all the persons signing the requisition has been effected or in case of difference the delivery of the arbitrator's award there be tendered to the Undertakers an agreement severally executed by those persons or some of them binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate at the rates of charge above specified produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this section nor unless sufficient security for the payment to the Undertakers of all moneys which may become due to them from those persons under the agreement is offered to the Undertakers (if required by them by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade and that Board after such inquiry if any as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as herein-before provided or otherwise as is fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement that difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

24. Where any such requisition is made by the local authority it shall not be binding on the Undertakers unless at the time when the service is effected or within fourteen days thereafter there be tendered to the Undertakers (if required by them) an agreement executed by the local authority and binding them to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which the requisition is made as may be under their management or control.

area of supply.

25. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or the Board of Trade regulations give and continue to give a supply of energy for those premises in accordance with the provisions of this Order and of the said regulations and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier is entitled to be supplied under this Order subject to the conditions following (that is to say):—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of that owner or in the possession of that occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on that property shall if the Undertakers so require be defrayed by that owner or occupier :

Every owner or occupier of premises requiring a supply of energy shall—

Serve a notice upon the Undertakers specifying the premises in respect of which the supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of the notice) upon which the supply is required to commence ; and

If required by the Undertakers enter into a written contract with them to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the supply at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of the supply and if required by the Undertakers give to them security for the payment to them of all moneys which may become due to them by the owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of those premises within seven days after the date of the service of the notice to give to them security for the payment of all moneys which may become due to them in respect of the supply in case the owner or occupier has not already given that security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with

the terms of the notice the Undertakers may if they think fit discontinue to supply energy for the premises so long as the failure continues. A.D. 1898.

Penarth.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to interfere unduly or improperly with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to those premises so long as that user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus that difference shall be determined by arbitration.

26. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises. Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of that consumer or any fittings or apparatus of the Undertakers upon those premises consequent upon the alteration shall be paid by him to the Undertakers and may be recovered summarily as a civil debt. Maximum power.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section that difference shall be determined by arbitration.

27. The Undertakers upon receiving reasonable notice from the local authority requiring them to supply energy to any public lamps within the distance of seventy-five yards from any distributing main of the Undertakers in which they are for the time being required to maintain a current of energy for the purposes of general supply under this Order or the Board of Trade regulations shall give and continue to give a supply of energy to those lamps in such quantities as the local authority may require to be supplied. Supply of energy to public lamps.

28. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable in respect of each default to a penalty not exceeding forty shillings for each day on which the default occurs. Penalty for failure to supply.

Whenever the Undertakers make default in supplying energy to the public lamps to which they may be and are required to supply energy under this

Penarth.

Whenever the Undertakers make default in supplying energy in accordance with the terms of the Board of Trade regulations they shall be liable to such penalties as are prescribed by the regulations in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court are of opinion that the default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

Price.

Methods of charging.

29. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)—

- (1.) By the actual amount of energy so supplied ; or
- (2.) By the electrical quantity contained in the supply ; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in the supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall give notice to the local authority by what method they propose to charge for energy supplied through that main and if the local authority become the Undertakers under this Order they shall give the like notice by public advertisement and where the Undertakers have given any such notice they shall not be entitled to change that method of charging except after one month's notice of the change has been given by them to the local authority and to every consumer of energy who is supplied by them from the main.

Maximum prices.

30. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in the first and second sections thereof respectively or in the case of a method of charge approved by the Board of Trade such price as the Board of Trade determine on approving the method.

Provided that if the local authority or the Undertakers at any time after the expiration of seven years after the commencement of this Order make a representation to the Board of Trade that the prices or methods of charge stated in the said schedule or approved by the Board of Trade ought to be

31. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which those charges are to be ascertained and may charge accordingly.

Other charges
by agreement.

32. The price to be charged by the Undertakers and to be paid to them for all energy supplied to the public lamps and the mode in which those charges are to be ascertained shall be settled by agreement between the local authority and the Undertakers and in case of difference by arbitration regard being had to the circumstances of the case and the distributing or other mains (if any) which may have to be laid for the purpose and the prices charged to ordinary consumers in the district.

Electric Inspectors.

33. The local authority so long as they are not themselves the Undertakers for the purposes of this Order may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

Appointment
of electric
inspectors.

If no electric inspector is appointed by the local authority or if the inspection of electric lines and works is imperfectly attended to by the local authority or if the local authority themselves become the Undertakers for the purposes of this Order the Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows :—

- (a.) The inspection and testing periodically and in special cases of the Undertakers' electric lines and works and the supply of energy given by them ;
- (b.) The certifying and examination of meters ; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of the Board of Trade regulations.

The local authority with the approval of the Board of Trade or the Board of Trade if the inspector is appointed by them may prescribe the manner in which and the times at which any such duties are to be performed by an

Remuneration
of electric
inspectors.

34. The local authority may pay to any electric inspector appointed by them under this Order such reasonable remuneration (if any) as they may determine and that remuneration may be in addition to or in substitution for any fees directed to be paid to electric inspectors in respect of their duties under this Order or the Board of Trade regulations according as the local authority determine.

Notice of
accidents and
inquiries by
Board of
Trade.

35.—(1.) The Undertakers shall send to the Board of Trade notice of any accident by explosion or fire and also of any other accident of such kind as to have caused or to be likely to have caused loss of life or personal injury which has occurred in any part of the Undertakers' works or their circuits or in connection with those works or circuits and also notice of any loss of life or personal injury occasioned by any such accident. The notice shall be sent by the earliest practicable post after the accident occurs or as the case may be after the loss of life or personal injury becomes known to the Undertakers.

If the Undertakers fail to comply with the provisions of this sub-section they shall be liable for each offence to a penalty not exceeding twenty pounds.

(2.) The Board of Trade may also if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connection with the Undertakers' works whether notice of the accident has or has not been received from the Undertakers or as to the manner and extent in and to which the provisions of this Order and the principal Act and of the Board of Trade regulations so far as those provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Testing and Inspection.

Testing of
mains.

36. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and the testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector thinks expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains. Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by the inspector for the

37. An electric inspector if and when required to do so by any consumer shall on payment by the consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the Board of Trade regulations.

Testing of works and supply on consumer's premises.

38. The Undertakers shall at such places within a reasonable distance from a distributing main establish at their own cost and keep in proper condition such reasonable number of testing stations as the local authority or where the local authority are the Undertakers as the Board of Trade think proper and sufficient for testing the supply of energy by the Undertakers through the main and shall place thereat proper and suitable instruments of a pattern to be approved by the Board of Trade and shall connect those stations by means of proper and sufficient electric lines with the mains and supply energy thereto for the purpose of the testing.

Undertakers to establish testing stations.

If any dispute arises between the local authority and the Undertakers as to whether the number of the testing stations and the distance from the main at which they are established is reasonable or excessive or as to any excessive or improper use of energy for the testing or as to the performance by the Undertakers of their duties under this section that dispute shall be determined by arbitration.

39. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Undertakers to keep instruments on their premises.

40. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of those instruments at such times and in such manner as he may be directed by the authority by whom he is appointed and any readings so recorded shall be receivable in evidence.

Readings of instruments to be taken.

41. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if they are in order and in case they are not in order he may require the Undertakers forthwith to have them put in order.

43. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

Report of
results of
testing.

44. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or person by whom he was required to make the testing and to the Undertakers and that report shall be receivable in evidence.

If the Undertakers or any such authority or person are or is dissatisfied with the report of any electric inspector they or he may appeal to the Board of Trade against the report and thereupon the Board of Trade shall inquire into and decide upon the matter of the appeal and their decision shall be final and binding on all parties.

Expenses of

 Penarth.

48. An electric inspector on being required to do so by the Undertakers or by any consumer and on payment of the prescribed fee by the party so requiring him shall examine any meter intended for ascertaining the value of the supply and shall certify it as a certified meter if he considers it entitled to be so certified.

Inspector to certify meters.

49. Where the value of the supply is under this Order required to be ascertained by means of an appropriate meter the Undertakers shall if required by any consumer supply him with an appropriate meter and shall if required fix it upon the premises of the consumer and connect the service lines therewith and procure the meter to be duly certified under the provisions of this Order and for those purposes may authorise and empower any officer or person to enter upon the premises at all reasonable times and execute all necessary works and do all necessary acts provided that previously to supplying any such meter the Undertakers may require the consumer to pay to them a reasonable sum in respect of the price of the meter or to give security therefor or (if he desires to hire the meter) may require him to enter into an agreement for the hire of the meter as herein-after provided.

Undertakers to supply meters if required to do so.

50. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Undertakers or disconnect any such meter from any such electric line unless he has given to the Undertakers not less than forty-eight hours' notice in writing of his intention to do so and if any person acts in contravention of this section he shall be liable for each offence to a penalty not exceeding forty shillings.

Meters not to be connected or disconnected without notice.

51. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering that value and in default of his so doing the Undertakers may cease to supply energy through the meter.

Consumer to keep his meter in proper order.

The Undertakers shall have access to and be at liberty to take off remove test inspect and replace any such meter at all reasonable times Provided that all reasonable expenses of and incident to any such taking off removing testing inspecting and replacing and the procuring the meter to be again duly certified where the re-certifying is thereby rendered necessary shall if the meter is found to be not in proper order be paid by the consumer but if it is found to be in proper order all expenses connected therewith shall be paid by the Undertakers.

Power to the
Undertakers
to let meters.

52. The Undertakers may let for hire any meter for ascertaining the value of the supply and any fittings thereto for such remuneration in money and on such terms with respect to the repair of the meter and fittings and for securing the safety and return to the Undertakers of the meter and fittings as may be agreed upon between the hirer and the Undertakers or in case of difference decided by the Board of Trade and that remuneration shall be recoverable by the Undertakers summarily as a civil debt.

Undertakers
to keep
meters let
for hire in
repair.

53. The Undertakers shall unless the agreement for hire otherwise provides at all times at their own expense keep all meters let for hire by them to any consumer whereby the value of the supply is ascertained in proper order for correctly registering that value and in default of their doing so the consumer shall not be liable to pay rent for the meters during such time as the default continues. The Undertakers shall for the purposes aforesaid have access to and be at liberty to remove test inspect and replace any such meter at all reasonable times. Provided that the expenses of procuring any such meter to be again duly certified where that re-certifying is thereby rendered necessary shall be paid by the Undertakers.

Differences
as to correct-
ness of meter
to be settled
by inspector.

54. If any difference arises between any consumer and the Undertakers as to whether any meter whereby the value of the supply is ascertained (whether belonging to the consumer or to the Undertakers) is or is not in proper order for correctly registering that value or as to whether that value has been correctly registered in any case by any meter that difference shall be determined upon the application of either party by an electric inspector or where the local authority are the consumers by an inspector to be appointed by the Board of Trade and that inspector shall also order by which of the parties the costs of and incidental to the proceedings before him shall be paid and the decision of the inspector shall be final and binding on all parties. Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply.

Undertakers
to pay
expenses of
providing new
meters where
method of
charge altered.

55. Where any consumer who is supplied with energy by the Undertakers from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Undertakers change the method of charging for energy supplied by them from the main the Undertakers shall pay to that consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to the new method of charging and those expenses may be recovered by the consumer from the Undertakers summarily as a civil debt.

Undertakers
may place
meters to
measure supply
or to check
measurement.

56. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply the Undertakers may place upon his premises such meter or other apparatus as they may desire for the purpose of ascertaining or regulating either the amount of energy supplied to the consumer or the number of hours during which the supply is given or the maximum power taken by the consumer or any other quantity or time connected with the supply. Provided that the meter or apparatus shall be of

Maps.

57. The Undertakers shall forthwith after commencing to supply energy under this Order cause a map to be made of the area of supply and shall cause to be marked thereon the line and the depth below the surface of all their then existing mains service lines and other underground works and street boxes and shall once in every year cause that map to be duly corrected so as to show the then existing lines. The Undertakers shall also if so required by the Board of Trade or the Postmaster-General cause to be made sections showing the level of all their existing mains and underground works other than service lines. The said map and sections shall be made on such scale or scales as the Board of Trade prescribe.

Map of area of supply to be made.

Every map and section so made or corrected or a copy thereof marked with the date when it was so made or last corrected shall be kept by the Undertakers at their principal office within the area of supply and shall at all reasonable times be open to the inspection of all applicants and those applicants may take copies of it or any part thereof. The Undertakers may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of the map section or copy and such further fee not exceeding five shillings for each copy of it or any part thereof taken by the applicant as they prescribe.

The Undertakers shall if required by the Board of Trade or the Postmaster-General or the local authority supply to them or him a copy of any such map or section and cause that copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Undertakers.

If the Undertakers fail to comply with any of the requirements of this section they shall for each offence be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding two pounds.

Purchase by Local Authority.

58. The local authority may at any time after the expiration of fifteen years from the commencement of this Order by notice in writing require the Undertakers to sell their undertaking to them and the Undertakers shall sell their undertaking to them accordingly upon the terms and subject to the provisions specified in section 2 of the Electric Lighting Act 1888.

Purchase by local authority.

Provided that if the notice requiring the sale under this section is given before the expiration of twenty-eight years from the commencement of this Order the local authority shall pay to the Undertakers in addition to the

Special Provisions in case of Transfer.

Application
of moneys
received by
local authority
as Under-
takers.

59. If the local authority become the Undertakers for the purposes of this Order the following provisions shall have effect:—

(a.) All moneys received by the Undertakers in respect of the undertaking except (a) borrowed money (b) money arising from the disposal of lands acquired for the purposes of this Order and (c) money not of the nature of rent received by them in respect of any transfer under the provisions of this Order shall be applied by them as follows:—

- (1.) In payment of the working and establishment expenses and cost of maintenance of the undertaking including all costs expenses penalties and damages incurred or payable by the Undertakers consequent upon any proceedings by or against the Undertakers their officers or servants in relation to the undertaking;
- (2.) In payment of the interest or dividend on any mortgages stock or other securities granted and issued by the Undertakers in respect of money borrowed for electricity purposes;
- (3.) In providing any instalments or sinking fund required to be provided in respect of moneys borrowed for electricity purposes;
- (4.) In payment of all other their expenses of executing this Order not being expenses properly chargeable to capital;
- (5.) In providing a reserve fund if they think fit by setting aside such money as they may from time to time think reasonable and investing the money and the resulting income thereof in Government securities or in any other securities in which trustees are by law for the time being authorised to invest other than stock or securities of the Undertakers and accumulating it at compound interest until the fund so formed amounts to one-tenth of the aggregate capital expenditure on the undertaking. The fund shall be applicable to answer any deficiency at any time happening in the income of the Undertakers from the undertaking or to meet any extraordinary claim or demand at any time arising against the Undertakers in respect of the undertaking and so that if that fund is at any time reduced it may thereafter be again restored to the prescribed limit and so from time to time as often as the reduction happens.

The Undertakers shall carry the net surplus remaining in any year and the annual proceeds of the reserve fund when amounting to the prescribed limit to the credit of the local rate as defined by the principal Act or at their option shall apply that surplus or any part thereof to the improvement of the district for which they are the local authority or in reduction of the capital moneys borrowed for electricity purposes.

[61 & 62 Vict.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

Provided always that if the surplus in any year exceed five pounds per centum per annum upon the aggregate capital expenditure on the undertaking the Undertakers shall make such a rateable reduction in the charge for the supply of energy as in their judgment will reduce the surplus to that maximum rate of profit but this proviso shall only apply to so much of the undertaking as for the time being remains in the hands of the local authority.

A.D. 1898.

Penarth.

Any deficiency of income in any year when not answered out of the reserve fund shall be charged upon and payable out of the local rate.

(b.) All moneys arising from the disposal of lands acquired by the Undertakers for the purposes of this Order and all moneys not of the nature of rent received by them in respect of any transfer of the undertaking under the provisions of this Order and all other capital moneys received by them in respect of the undertaking shall be applied by them as follows:—

- (1.) In the reduction of the capital moneys borrowed by them for electricity purposes;
- (2.) In the reduction of the capital moneys borrowed by them for other than electricity purposes.

60. If the local authority become the Undertakers for the purposes of this Order the following provisions shall have effect:—

Purchase and use of lands.

Subject to the provisions of this Order and the principal Act the Undertakers may acquire by purchase or on lease and use any lands for the purposes of this Order and may also for those purposes use any other lands for the time being vested in or leased by them but subject as to the last-mentioned lands to the approval of the Local Government Board and may dispose of any lands acquired by them under the provisions of this section which may not for the time being be required for the purposes of this Order. Provided that the amount of land so used by them shall not at any one time exceed in the whole five acres except with the consent of the Board of Trade.

Provided also that the Undertakers shall not purchase or acquire for the purposes of this Order ten or more houses which on the fifteenth day of December last before the transfer of the undertaking to the local authority were occupied either wholly or partially by persons belonging to the labouring class as tenants or lodgers or except with the consent of the Local Government Board ten or more houses which were not so occupied on the said fifteenth day of December but have been or shall be subsequently so occupied.

For the purposes of this section the expression "labouring class" means mechanics artisans labourers and others working for wages hawkers costermongers persons not working for wages but working at some trade or handicraft without employing others except members of their own family and persons other than domestic servants whose income does not exceed an average of thirty shillings a week and the families of any of those persons who may be residing with them.

65. If at any time after the commencement of this Order the Undertakers represent to the Board of Trade that the undertaking cannot be carried on with profit and ought to be abandoned the Board of Trade shall inquire into the truth of the representation and if upon that inquiry they are satisfied of the truth of the representation they may if in their discretion they think fit revoke this Order as to the whole or (with the consent of the Undertakers and of the local authority) as to any part of the area of supply.

Revocation of Order where undertaking cannot be carried on with profit.

66. In addition to any other powers which the Board of Trade may have in that behalf they may revoke this Order at any time with the consent and concurrence of the Undertakers and the local authority upon such terms as the Board of Trade think just.

Revocation of Order with consent.

67. If the Board of Trade at any time revoke this Order as to the whole or any part of the area of supply under any of the provisions of this Order the following provisions shall have effect:—

Provisions where Order revoked.

(a.) The Board of Trade shall serve a notice of the revocation upon the Undertakers and upon the local authority and shall in that notice fix a date at which the revocation shall take effect and from and after that date all the powers and liabilities of the Undertakers under this Order for the supply of energy within such area or part thereof as aforesaid shall absolutely cease and determine;

(b.) Within two months after the service of the notice by the Board of Trade upon the local authority the local authority if they think fit may by notice in writing require the Undertakers to sell and thereupon the Undertakers shall sell to them so much of the undertaking or such part thereof as aforesaid as is within the district of the local authority upon terms of paying the then value of all land buildings works materials and plant of the Undertakers suitable to and used by them for the purposes of the undertaking or such part thereof as aforesaid that value being agreed or estimated in manner directed by the Electric Lighting Act 1888 in the case of purchases effected by the local authority under section two of that Act;

(c.) Where any purchase is so effected the undertaking or part thereof so purchased shall vest in the local authority freed from any debts mortgages or similar obligations of the Undertakers or attaching to the undertaking and the revocation of this Order as to the whole of the area of supply or such part thereof as aforesaid shall extend only to the revocation of the rights powers authorities duties and obligations of the

(e.) In any case of emergency the Undertakers may themselves proceed at once to exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice but in that case the Undertakers shall within twelve hours after they begin to exercise or discharge such powers or duties as aforesaid give information thereof in writing to the givers of the notice ;

(f.) If the Undertakers exercise or discharge any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this section they shall be liable for each offence to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the Undertakers shall not be subject to any such penalties as aforesaid if the court are of opinion that the case was one of emergency and that the Undertakers complied with the requirements of this section so far as was reasonable under the circumstances ;

(g.) All expenses properly incurred by the givers of the notice in complying with any requisition of the Undertakers under this section shall be repaid to them by the Undertakers and may be recovered summarily :

Provided that nothing in this section shall in any way affect the rights of the Undertakers to exercise or discharge any powers or duties conferred or imposed upon them by this Order or the principal Act in relation to the execution of any works beyond the actual breaking up filling-in reinstating or making good any such street or part of a street or any such bridges sewers drains tunnels or other works or railway or tramway as in this section mentioned.

13. The Undertakers may alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under the principal Act or this Order and any body or person may in like manner alter the position of any electric lines or works of the Undertakers being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in that body or person in relation to that street or place subject to the following provisions unless it is otherwise agreed between the parties interested :—

As to alteration of pipes wires &c. under streets.

(a.) One month before commencing any such alterations the Undertakers or the body or person (as the case may be) in this section referred to as the "operators" shall serve a notice upon the body or person for the time being entitled to the pipes wires electric lines or works (as the case may be) in this section referred to as the "owners" describing the proposed alterations together with a plan showing the manner in which

- it is intended that those alterations shall be made and shall upon being required to do so by any such owners give them any such further information in relation thereto as they may desire ;
- (b.) Within three weeks after the service of any such notice and plan upon any owners those owners may if they think fit serve a requisition upon the operators requiring that any question in relation to the works or to compensation in respect thereof or any other question arising upon such notice or plan as aforesaid shall be settled by arbitration and thereupon that question unless settled by agreement shall be settled by arbitration accordingly ;
- (c.) In settling any question under this section an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of the pipes wires electric lines or works and may if he thinks fit require the operators to execute any temporary or other works so as to avoid interference with any purpose for which the pipes wires electric lines or works are used so far as possible ;
- (d.) Where no such requisition as in this section mentioned is served upon the operators the owners shall be held to have agreed to the notice or plan served on them as aforesaid and in that case or where after any such requisition has been served upon them any question required to be settled by arbitration has been so settled the operators upon paying or securing any compensation which they may be required to pay or secure may cause the alterations specified in such notice and plan as aforesaid to be made but subject in all respects to the provisions of this Order and the principal Act and only in accordance with the notice and plan so served by them as aforesaid or such modifications thereof respectively as may have been settled by arbitration as herein-before mentioned or as may be agreed upon between the parties ;
- (e.) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute the alterations themselves and where any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute the alterations except where they have notified to the owners that they require them to execute the alterations and the owners have refused or neglected to comply with the notification as herein-after provided ;
- (f.) Where any such statement as last aforesaid has been served upon the operators they shall not more than forty-eight hours and not less than twenty-four hours before the execution of the alterations is required to be commenced serve a notification upon the owners stating the time when the alterations are required to be commenced and the manner in which the alterations are required to be made ;
- (g.) Upon receipt of any such notification as last aforesaid the owners may proceed to execute the alterations as required by the operators subject to the like restrictions and conditions so far as they are applicable as the operators would themselves be subject to in executing the alterations ;

[61 & 62 VICT.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

- (h.) If the owners decline or for twenty-four hours after the time when any such alterations are required to be commenced neglect to comply with the notification the operators may themselves proceed to execute the alterations in like manner as they might have done if no such statement as aforesaid had been served upon them ;
- (i.) All expenses properly incurred by any owners in complying with any notification of any operators under this section shall be repaid to them by the operators and may be recovered summarily ;
- (j.) Any owners may if they think fit by any statement served by them under this section upon any operators not being a local authority require the operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order and where any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute the alterations until the security has been duly given ;
- (k.) If the operators make default in complying with any of the requirements or restrictions of this section they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the principal Act) make full compensation to the owners affected thereby for any loss damage or penalty which they may incur by reason thereof and in addition thereto they shall be liable for each default to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalties as aforesaid if the court are of opinion that the case was one of emergency and that the operators complied with the requirements of this section so far as was reasonable under the circumstances.

pillar electric line or work and for securing access thereto and they shall also if required by the owner thereof repair any damage that may be done thereto.

Where the operators find it necessary to undermine but not alter the position of any pipe pillar electric line or work they shall temporarily support it in position during the execution of their works and before completion provide a suitable and proper foundation for it where so undermined.

Where the operators (being the Undertakers) lay any electric line crossing or liable to touch any mains pipes pillars lines or services belonging to any gas electric supply or water company the conducting portion of the electric line shall be effectively insulated in a manner approved by the Board of Trade and the Undertakers shall not except with the consent of the gas electric supply or water company as the case may be and of the Board of Trade lay their electric lines so as to come into contact with any such mains pipes pillars lines or services or except with the like consent employ any such mains pipes pillars lines or services as conductors for the purposes of their supply of energy.

Any question or difference which may arise under this section shall be determined by arbitration.

If the operators make default in complying with any of the requirements or restrictions of this section they shall make full compensation to all owners affected thereby for any loss damage penalty or costs which they may incur by reason thereof and in addition thereto they shall for each default be liable to a penalty not exceeding ten pounds and to a daily penalty not exceeding five pounds Provided that the operators shall not be subject to any such penalty if the court are of opinion that the case was one of emergency and that the operators complied with the requirements and restrictions of this section so far as was reasonable under the circumstances or that the default in question was due to the fact that the operators were ignorant of the position of the main pipe syphon electric line or work affected thereby and that that ignorance was not owing to any negligence on the part of the operators.

For the purposes of this section the expression "gas company" shall mean any body or person lawfully supplying gas the expression "water company" shall mean any body or person lawfully supplying water or water power and the expression "electric supply company" shall mean any body or person supplying energy under the principal Act but not under this Order.

companies.

15. In the exercise of any of the powers of this Order relating to the execution of works the Undertakers shall not in any way injure the railways tunnels arches works or conveniences belonging to any railway or canal company nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection
of telegraphic
and telephonic
wires.

16.—(1.) The Undertakers shall take all reasonable precautions in constructing laying down and placing their electric lines and other works of

all descriptions and in working their undertaking so as not injuriously to affect whether by induction or otherwise the working of any wire or line from time to time used for the purpose of telegraphic telephonic or electric signalling communication or the currents in such wire or line whether such wire or line be or be not in existence at the time of the laying down or placing of such electric lines or other works. If any question arises between the Undertakers and the owner of any such wire or line as to whether the Undertakers have constructed laid down or placed their electric lines or other works or worked their undertaking in contravention of this sub-section and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby such question shall be determined by arbitration and the arbitrator (unless he is of opinion that such wire or line not having been so in existence at such time as aforesaid has been placed in unreasonable proximity to the electric lines or works of the Undertakers) may direct the Undertakers to make any alterations in or additions to their system so as to comply with the provisions of this section and the Undertakers shall make such alterations or additions accordingly.

(2.) Seven days before commencing to lay down or place any electric line or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected the Undertakers shall unless otherwise agreed between the parties interested give to the owner of such wire or line notice in writing specifying the course nature and gauge of such electric line and the manner in which such electric line is intended to be used and the amount and nature of the currents intended to be transmitted thereby and the extent to and manner in which (if at all) earth returns are proposed to be used and any owner entitled to receive such notice may from time to time serve a requisition on the Undertakers requiring them to adopt such precautions as may be therein specified in regard to the laying placing or user of such electric line for the purpose of preventing such injurious affection and the Undertakers shall conform with such reasonable requirements as may be made by such owner for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

If any difference arises between any such owner and the Undertakers with respect to the reasonableness of any requirements so made such difference shall be determined by arbitration.

Provided that nothing in this sub-section shall apply to repairs or renewals of any electric line so long as the course nature and gauge of such electric line and the amount and nature of the current transmitted thereby are not altered.

(3.) If in any case the Undertakers make default in complying with the requirements of this section they shall make full compensation to every such owner as aforesaid for any loss or damage which he may incur by reason thereof and in addition thereto they shall be liable to a penalty not exceeding five pounds for every such default and to a daily penalty not

(4.) Nothing in this section contained shall be held to deprive any owner of any existing rights to proceed against the Undertakers by indictment action or otherwise in relation to any of the matters aforesaid.

Compulsory Works.

Mains &c. to be laid down in streets specified in Second Schedule and in remainder of area of supply.

17.—(1.) The Undertakers shall within a period of two years after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule and shall thereafter maintain those mains.

(2.) In addition to the mains herein-before specified the Undertakers shall at any time after the expiration of eighteen months after the commencement of this Order lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply upon being required to do so in manner provided by this Order.

All such mains as last above mentioned (unless already laid down) shall be laid down by the Undertakers within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon them or within such further time as may in any case be approved by the Board of Trade.

(3.) When any such requisition is made in respect of any street not repairable by the local authority which is not specified in the Third Schedule the Undertakers shall (unless the authority or person by whom that street is repairable consent to the breaking up thereof) forthwith apply to the Board of Trade under section thirteen of the Electric Lighting Act 1882 for the written consent of the Board authorising and empowering the Undertakers to break up that street and the requisition shall not be binding upon them if the Board of Trade refuse their consent in that behalf.

If Undertakers fail to lay down mains &c. Order may be revoked.

18. If the Undertakers make default in laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively the Board of Trade may after considering any representations of the Undertakers either revoke this Order as to the whole or any part of the area of supply or if the Undertakers so desire suffer it to remain in force as to such area or part thereof subject to such conditions as they may think fit to impose and any conditions so imposed shall be binding on and observed by the Undertakers and shall be of the like

Provided that the Board of Trade shall not revoke this Order as to part of
the area of supply where the Undertakers make a representation that they
desire to be relieved of their liabilities as respects the rest of the area of
supply and in that case the Board of Trade shall not under this section revoke
this Order otherwise than as to the whole of the area of supply.

Shrewsbury.

19. Any requisition requiring the Undertakers to lay down distributing
mains for the purposes of general supply throughout any street or part of a
street may be made by six or more owners or occupiers of premises along
that street or part of a street.

Manner in
which requisition is to be
made.

Every such requisition shall be signed by the persons making it and shall
be served on the Undertakers.

Forms of requisition shall be kept by the Undertakers at their office and a
copy shall be supplied on application free of charge to any owner or occupier
of premises within the area of supply and any requisition so supplied shall be
deemed valid in point of form.

20. Where any such requisition is made by any such owners or occupiers
as aforesaid the Undertakers (if they think fit) may within fourteen days
after the service of the requisition upon them serve a notice on all the persons
by whom the requisition is signed stating that they decline to be bound by
the requisition unless those persons or some of them will bind themselves to
take or will guarantee that there shall be taken a supply of energy for three
years of such amount in the aggregate (to be specified by the Undertakers in
the notice) as will at the rates of charge for the time being charged by the
Undertakers for a supply of energy from distributing mains to ordinary
consumers within the area of supply produce annually such reasonable sum
as is specified by the Undertakers in the notice Provided that in the notice
the Undertakers shall not without the authority of the Board of Trade specify
any sum exceeding twenty per centum upon the expense of providing and
laying down the required distributing mains and any other mains or additions
to existing mains which may be necessary for the purpose of connecting those
distributing mains with the nearest available source of supply.

Provisions on
requisitions by
owners or
occupiers.

Where such a notice is served the requisition shall not be binding on the
Undertakers unless within fourteen days after the service of the notice on all
the persons signing the requisition has been effected or in case of difference
the delivery of the arbitrator's award there be tendered to the Undertakers
an agreement severally executed by those persons or some of them binding
them to take or guaranteeing that there shall be taken for a period of three
years at the least such specified amounts of energy respectively as will in the
aggregate at the rates of charge above specified produce an annual sum
amounting to the sum specified in the notice or determined by arbitration
under this section nor unless sufficient security for the payment to the
Undertakers of all moneys which may become due to them from these persons
under the agreement is offered to the Undertakers (if required by them by
such notice as aforesaid) within the period limited for the tender of the
agreement as aforesaid.

A.D. 1898.
Shrewsbury.

If the Undertakers consider that the requisition is unreasonable or that under the circumstances of the case the provisions of this section ought to be varied they may within fourteen days after the service of the requisition upon them appeal to the Board of Trade and that Board after such inquiry (if any) as they shall think fit may by order either determine that the requisition is unreasonable and shall not be binding upon the Undertakers or may authorise the Undertakers by their notice to require a supply of energy to be taken for such longer period than three years and to specify such sum or percentage whether calculated as herein-before provided or otherwise as is fixed or directed by the order and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Board of Trade any notice by the Undertakers under this section may be served by them within fourteen days after the decision of the Board of Trade.

If any difference arises between the Undertakers and any persons signing any such requisition as to any such notice or agreement that difference shall subject to the provisions of this section and to the decision of the Board of Trade upon any such appeal as aforesaid be determined by arbitration.

Supply.

Undertakers
to furnish
sufficient
supply of
energy to
owners and
occupiers
within the area
of supply.

21. The Undertakers shall upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Undertakers in which they are for the time being required to maintain or are maintaining a supply of energy for the purposes of general supply to private consumers under this Order or the Board of Trade regulations give and continue to give a supply of energy for those premises in accordance with the provisions of this Order and of the said regulations and they shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier is entitled to be supplied under this Order subject to the conditions following (that is to say) :—

The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of that owner or in the possession of that occupier and of so much of any such electric lines as it may be necessary to lay for a greater distance than sixty feet from any distributing main of the Undertakers although not on that property shall if the Undertakers so require be defrayed by that owner or occupier.

Every owner or occupier of premises requiring a supply of energy shall—
Serve a notice upon the Undertakers specifying the premises in respect of which the supply is required and the maximum power required to be supplied and the day (not being an earlier day than a reasonable time after the date of the service of the notice) upon which the supply is required to commence; and

[61 & 62 VICT.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
(No. 14) Act, 1898.

If required by the Undertakers enter into a written contract with them to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the supply at the rate of charge for the time being charged by the Undertakers for a supply of energy to ordinary consumers within the area of supply shall not be less than twenty per centum per annum on the outlay incurred by the Undertakers in providing any electric lines required under this section to be provided by them for the purpose of the supply and if required by the Undertakers give to them security for the payment to them of all moneys which may become due to them by the owner or occupier in respect of any electric lines to be furnished by the Undertakers and in respect of energy to be supplied by them.

A.D. 1898.
Shrewsbury.

Provided always that the Undertakers may after they have given a supply of energy for any premises by notice in writing require the owner or occupier of those premises within seven days after the date of the service of the notice to give to them security for the payment of all moneys which may become due to them in respect of the supply in case the owner or occupier has not already given that security or in case any security given has become invalid or is insufficient and in case any such owner or occupier fail to comply with the terms of the notice the Undertakers may if they think fit discontinue to supply energy for the premises so long as the failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner or uses the energy supplied to him by the Undertakers for any purposes or deals with it in any manner so as to interfere unduly or improperly with the efficient supply of energy to any other body or person by the Undertakers the Undertakers may if they think fit discontinue to supply energy to those premises so long as that user continues.

Provided also that the Undertakers shall not be compelled to give a supply of energy to any premises unless they are reasonably satisfied that the electric lines fittings and apparatus therein are in good order and condition and not calculated to affect injuriously the use of energy by the Undertakers or by other persons.

If any difference arises under this section as to any improper use of energy or as to any alleged defect in any electric lines fittings or apparatus that difference shall be determined by arbitration.

22. The maximum power with which any consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with not exceeding what may be reasonably anticipated as the maximum consumption on his premises Provided that where any consumer has required the Undertakers to supply him with a maximum power of any specified amount he shall not be entitled to alter that maximum except upon one month's notice to the Undertakers and any expenses reasonably incurred by the Undertakers in respect of the service lines by which energy is supplied to the premises of

Shrewsbury.

If any difference arises between any such owner or occupier and the Undertakers as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this section that difference shall be determined by arbitration.

Penalty for failure to supply.

23. Whenever the Undertakers make default in supplying energy to any owner or occupier of premises to whom they may be and are required to supply energy under this Order they shall be liable in respect of each default to a penalty not exceeding forty shillings for each day on which the default occurs.

Whenever the Undertakers make default in supplying energy in accordance with the terms of the Board of Trade regulations they shall be liable to such penalties as are prescribed by the regulations in that behalf.

Provided that the penalties to be inflicted on the Undertakers under this section shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Undertakers for any one day and provided also that in no case shall any penalty be inflicted in respect of any default if the court are of opinion that the default was caused by inevitable accident or force majeure or was of so slight or unimportant a character as not materially to affect the value of the supply.

Price.

Methods of charging.

24. The Undertakers may charge for energy supplied by them to any ordinary consumer (otherwise than by agreement)--

- (1.) By the actual amount of energy so supplied; or
- (2.) By the electrical quantity contained in the supply; or
- (3.) By such other method as may for the time being be approved by the Board of Trade.

Provided that where the Undertakers charge by any method so approved by the Board of Trade any consumer who objects to that method may by one month's notice in writing require the Undertakers to charge him at their option by the actual amount of energy supplied to him or by the electrical quantity contained in the supply and thereafter the Undertakers shall not except with the consumer's consent charge him by any other method.

Provided also that before commencing to supply energy through any distributing main for the purposes of general supply the Undertakers shall by public advertisement give notice by what method they propose to charge for energy supplied through that main and where the Undertakers have given any such notice they shall not be entitled to change that method of charging except after one month's notice of the change has been given by them to every consumer who is supplied by them from the main.

Maximum prices.

25. The prices to be charged by the Undertakers for energy supplied by them shall not exceed those stated in that behalf in the Fourth Schedule in

[61 & 62 VICT.] *Electric Lighting Orders Confirmation* [Ch. xcv.]
 (No. 14) Act, 1898.

the first and second sections thereof respectively or in the case of a method of charge approved of by the Board of Trade such price as the Board shall on approving such method determine. A.D. 1898.
Shrewsbury.

26. Subject to the provisions of this Order and of the principal Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned the Undertakers may make any agreement with a consumer as to the price to be charged for energy and the mode in which those charges are to be ascertained and may charge accordingly. Other charges by agreement.

Electric Inspectors.

27. The Board of Trade on the application of any consumer or of the Undertakers may appoint and keep appointed one or more competent and impartial person or persons to be electric inspectors under this Order. Appointment of electric inspectors.

The duties of an electric inspector under this Order shall be as follows:—

- (a.) The inspection and testing periodically and in special cases of the Undertakers electric lines and works and the supply of energy given by them ;
- (b.) The certifying and examination of meters ; and
- (c.) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or of the Board of Trade regulations.

The Board of Trade may prescribe the fees to be taken by an electric inspector and the manner in which and the times at which his duties are to be performed.

28. The Undertakers shall pay to every electric inspector appointed under this Order such reasonable remuneration (if any) as may be determined by the Board of Trade and that remuneration may be in addition to or in substitution for any fees which are directed to be paid to electric inspectors for services rendered by them under this Order or the Board of Trade regulations as may be settled by that Board and where any such remuneration is settled to be in substitution for fees any fees payable by any party other than the Undertakers shall in lieu of being paid to the electric inspector for his own use be due and paid to him on behalf and for the use of the Undertakers and shall be carried by them to the credit of the local rate. Remuneration of electric inspector.

29.—(1.) The Undertakers shall send to the Board of Trade notice of any accident by explosion or fire and also of any other accident of such kind as to have caused or to be likely to have caused loss of life or personal injury which has occurred in any part of the Undertakers works or their circuits or in connection with those works and circuits and also notice of any loss of life or personal injury occasioned by any such accident. The notice shall be sent by the earliest practicable post after the accident occurs or as the case may be after the loss of life or personal injury becomes known to the Undertakers. Notice of accidents and inquiries by Board of Trade.

(No. 14) Act, 1898.

A.D. 1898. If the Undertakers fail to comply with the provisions of this sub-section they shall be liable for each offence to a penalty not exceeding twenty pounds.
Shrewsbury.

(2.) The Board of Trade may if they deem it necessary appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public which may have been occasioned by or in connection with the Undertakers works whether notice of the accident has or has not been received from the Undertakers or as to the manner and extent in and to which the provisions of this Order and the principal Act and of the Board of Trade regulations so far as those provisions affect the safety of the public have been complied with by the Undertakers and any person appointed under this section not being an electric inspector shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

Testing and Inspection.

Testing of
mains.

30. On the occasion of the testing of any main of the Undertakers reasonable notice thereof shall be given to the Undertakers by the electric inspector and the testing shall be carried out at such suitable hours as in the opinion of the inspector will least interfere with the supply of energy by the Undertakers and in such manner as the inspector thinks expedient but except under the provisions of a special order in that behalf made by the Board of Trade he shall not be entitled to have access to or interfere with the mains of the Undertakers at any points other than those at which the Undertakers have reserved for themselves access to the said mains. Provided that the Undertakers shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by the inspector for the purpose of any such testing as aforesaid. Provided also that the testings shall not be made in regard to any particular portion of a main oftener than once in any three months unless in pursuance of a special order made in that behalf by the Board of Trade.

Testing of
works and
supply on
consumer's
premises.

31. An electric inspector if and when required to do so by any consumer shall on payment by the consumer of the prescribed fee test the variation of electric pressure at the consumer's terminals or make such other inspection and testing of the service lines apparatus and works of the Undertakers upon the consumer's premises as may be necessary for the purpose of determining whether the Undertakers have complied with the provisions of this Order and the Board of Trade regulations.

Undertakers
to establish
testing
stations.

32. A court of summary jurisdiction may upon the application of any ten consumers direct the Undertakers at their own cost to establish at such places within a reasonable distance from a distributing main and keep in proper condition such reasonable number of testing stations as the court think proper and sufficient for testing the supply of energy by the Undertakers through the main and thereupon the Undertakers shall establish such testing places and provide thereat such proper and suitable instruments of a pattern to be

[61 & 62 Vict.] *Electric Lighting Orders Confirmation* [Ch. xcvi.]
 (No. 14) Act, 1898.

approved by the Board of Trade as the court direct and they shall connect those stations by means of proper and sufficient electric lines with the mains and supply energy thereto for the purpose of the testing.

A.D. 1898.
 ———
 Shrewsbury.

33. The Undertakers shall set up and keep upon all premises from which they supply energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved or prescribed by the Board of Trade and shall take and record and keep recorded such observations as the Board of Trade may prescribe and any observations so recorded shall be receivable in evidence.

Undertakers to keep instruments on their premises.

34. The Undertakers shall keep in efficient working order all instruments which they are required by or under this Order to place set up or keep at any testing station or on their own premises and any electric inspector appointed under this Order may examine and record the readings of those instruments and any readings so recorded shall be receivable in evidence.

Readings of instruments to be taken.

35. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Undertakers for the purpose of testing the electric lines and instruments of the Undertakers and ascertaining if they are in order and in case they are not in order he may require the Undertakers forthwith to have them put in order.

Electric inspector may test Undertakers instruments.

36. The Undertakers may if they think fit on each occasion of the testing of any main or service line or the testing or inspection of any instruments of the Undertakers by any electric inspector be represented by some officer or other agent but that officer or agent shall not interfere with the testing or inspection.

Representation of Undertakers at testings.

37. The Undertakers shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments and shall comply with all the requirements of or under this Order in that behalf and in case the Undertakers make default in complying with any of the provisions of this section they shall be liable in respect of each default to a penalty not exceeding five pounds and to a daily penalty not exceeding one pound.

Undertakers to give facilities for testing.

38. Every electric inspector shall on the day immediately following that on which any testing has been completed by him under this Order make and deliver a report of the results of his testing to the authority or persons by whom he was required to make the testing and also to the Undertakers and that report shall be receivable in evidence.

Report of results of testing.

If the Undertakers or any such authority or person are or is dissatisfied with any report of any electric inspector they or he may appeal to the Board of Trade against the report and thereupon the Board of Trade shall inquire into and decide upon the matter of the appeal and their decision shall be final and binding on all parties.
