

SCHEDULES

SCHEDULE 5

Section 27.

CALCULATION OF AMOUNT OF RATES

- 1 For the purposes of this Act, the amount of rates for any rental period shall be taken, subject to this Schedule, to be an amount which bears to the total rates payable during the relevant rating period the same proportion as the length of the rental period bears to the length of the relevant rating period.
- 2 In this Schedule " the relevant rating period ", in relation to a rental period, means the rating period during which the rent for that rental period is payable.
- 3 The amount of the rates for any rental period which precedes the making, by the authority levying the rates, of their first demand for, or for an instalment of, the rates for the relevant rating period shall be calculated on the basis that the rates for that rating period will be the same as for the last preceding rating period.
- 4 (1) On the making, by the authority levying the rates, of their first such demand, and on the making by them of any subsequent such demand, the amount of the rates for any rental period shall if necessary be recalculated on the basis that the rates for the relevant rating period will be such as appears from the information given in the demand and any previous demands.
(2) Any such recalculation shall not affect the ascertainment of the rates for any rental period beginning more than 6 weeks before the date of the service of the demand giving rise to the recalculation.
- 5 If, as a result of the settlement of a proposal, the rates payable for the relevant rating period are decreased, the amount of the rates for a rental period shall be recalculated so as to give effect to the decrease; but any such recalculation shall not affect the ascertainment of the rates for any rental period beginning more than 6 weeks before the date of the settlement of the proposal.
- 6 In computing the rates for any rental period for the purposes of this Schedule, any discount, and any allowance made under any of the enactments relating to allowances given where rates are paid by the owner instead of by the occupier, shall be left out of account, and accordingly those rates shall be computed as if no such discount or allowance had fallen to be, or had been, allowed or made.
