PART I

VALUATION

Preliminary

- 1 This Part of this Schedule has effect in cases where the market value of an asset or any part of it at a time before the commencement of this Act is material to the computation of a gain under this Act, and in those cases—
- (a) section 150 of this Act (which is the same as paragraph 2 below with the amendments in paragraph 4) shall not apply,
 - (b) section 152 of this Act shall only apply to the extent specified in paragraphs 5 to 8 below,
- (but sections 151 and 153 of this Act shall apply in those cases as in later cases).

Original rules

- 2
- (1) “Market value” in relation to any assets means the price which those assets might reasonably be expected to fetch on a sale in the open market.
 - (2) In estimating the market value of any assets no reduction shall be made in the estimate on account of the estimate being made on the assumption that the whole of the assets is to be placed on the market at one and the same time:
Provided that where capital gains tax is chargeable, or an allowable loss accrues, in consequence of a death before 31st March 1971 and the market value of any property on the date of death taken into account for the purposes of that tax or loss has been depreciated by reason of the death the estimate of the market value shall take that depreciation into account.
 - (3) The market value of shares or securities quoted on the London Stock Exchange shall, except where in consequence of special circumstances prices so quoted are by themselves not a proper measure of market value, be as follows—
 - (a) the lower of the two prices shown in the quotations for the shares or securities in the Stock Exchange Official Daily List on the relevant date plus one-quarter of the difference between those two figures, or
 - (b) halfway between the highest and lowest prices at which bargains, other than bargains done at special prices, were recorded in the shares or securities for the relevant date,

Provided that—

- (i) this sub-paragraph shall not apply to shares or securities for which some other stock exchange in the United Kingdom affords a more active market, and
 - (ii) if the London Stock Exchange is closed on the relevant date the market value shall be ascertained by reference to the latest previous date or earliest subsequent date on which it is open, whichever affords the lower market value.
- (4) “Market value” in relation to any rights of unit holders in any unit trust scheme the buying and selling prices of which are published regularly by the managers of the scheme shall mean an amount equal to the buying price (that is the lower price) so published on the relevant date, or if none were published on that date, on the latest date before.
- (5) In relation to an asset of a kind the sale of which is subject to restrictions imposed under the ^{M1}Exchange Control Act 1947 such that part of what is paid by the purchaser is not retainable by the seller the market value, as arrived at under sub-paragraph (1), (3) or (4) above, shall be subject to such adjustment as is appropriate having regard to the difference between the amount payable by a purchaser and the amount receivable by a seller.
- (6) This paragraph has effect subject to the following provisions of this Part of this Schedule.

 - (3) Sub-paragraph (4) of that paragraph shall have effect as if for the reference to an amount equal to the buying price there were substituted a reference to an amount halfway between the buying and selling prices.
 - (4) Where the market value of any shares or securities not within the said sub-paragraph (3) falls to be ascertained by reference to a pair of prices quoted on a stock exchange, an adjustment shall be made so as to increase the market value by an amount corresponding to that by which any market value is increased under sub-paragraph (2) above.
