## 59 Adjustments of distribution of block grant.

- (1) Subject to the following provisions of this section, the Secretary of State may provide in a Rate Support Grant Report that the amount of block grant payable to a local authority for a year shall be calculated by deducting from their total expenditure, instead of the product of their grant-related poundage and the gross rateable value of their area, the product of those sums multiplied by a multiplier determined by the Secretary of State.
