- (1) The council of a parish or community may enter into an agreement with any person having the necessary power in that behalf for the dedication by that person of a highway over land in the parish or community or an adjoining parish or community in any case where such a dedication would in the opinion of the council be beneficial to the inhabitants of the parish or community or any part thereof.

31 Dedication of way as highway presumed after public use for 20 years.

- (1) Where a way over any land, other than a way of such a character that use of it by the public could not give rise at common law to any presumption of dedication, has been actually enjoyed by the public as of right and without interruption for a full period of 20 years, the way is to be deemed to have been dedicated as a highway unless there is sufficient evidence that there was no intention during that period to dedicate it.

- (4) In the case of land in the possession of a tenant for a term of years, or from year to year, any person for the time being entitled in reversion to the land shall, notwithstanding the existence of the tenancy, have the right to place and maintain such a notice as is mentioned in subsection (3) above, so, however, that no injury is done thereby to the business or occupation of the tenant.
- (5) Where a notice erected as mentioned in subsection (3) above is subsequently torn down or defaced, a notice given by the owner of the land to the appropriate council that the way is not dedicated as a highway is, in the absence of proof of a contrary intention, sufficient evidence to negative the intention of the owner of the land to dedicate the way as a highway.
- (6) An owner of land may at any time deposit with the appropriate council—
 - (a) a map of the land on a scale of not less than 6 inches to 1 mile, and

169 Control of scaffolding on highways.

- (1) Subject to subsection (6) below no person shall, in connection with any building or demolition work or the alteration, repair, maintenance or cleaning of any building, erect or retain on or over a highway any scaffolding or other structure which obstructs the highway (hereafter in this section referred to as a “relevant structure”) unless he is authorised to do so by a licence in writing issued for the purposes of this section by the highway authority (hereafter in this section referred to as “a licence”) and complies with the terms of the licence; and a licence may contain such terms as the authority issuing it thinks fit.
- (2) If a person applies to a highway authority for a licence in respect of any relevant structure and furnishes the authority with such particulars in connection with the structure as the authority reasonably demand, it is the duty of the authority to issue a licence to him in respect of the structure unless the authority consider—
 - (a) that the structure would cause unreasonable obstruction of a highway; or
 - (b) that a relevant structure erected otherwise than as proposed by the applicant would cause less obstruction of a highway than the structure proposed by him and could conveniently be used for the work in question.

- (3) If on an application for a licence in connection with a highway the highway authority refuse to issue a licence or issue a licence containing terms to which the applicant objects, the applicant may appeal to a magistrates' court against the refusal or terms; and on such an appeal the court may—
- in the case of an appeal against a refusal, direct the highway authority to issue a licence in pursuance of the application;
 - in the case of an appeal against the terms of the licence, alter the terms.
- (4) Subject to subsection (6) below, it is the duty of a person to whom a licence is issued by a highway authority in respect of a relevant structure—
- to ensure that the structure is adequately lit at all times between half an hour after sunset and half an hour before sunrise;
 - to comply with any directions given to him in writing by the authority with respect to the erection and maintenance of traffic signs in connection with the structure; and
 - to do such things in connection with the structure as any statutory undertakers reasonably request him to do for the purpose of protecting or giving access to any apparatus belonging to or used or maintained by the undertakers.

In this subsection and in section 171(2) below “statutory undertakers” means any of the following, namely, any body who are statutory undertakers within the meaning provided by section 329(1) below, [F381 any universal service provider in connection with the provision of a universal postal service], F382 . . . F383 . . . [F384 any licensee under a street works licence] F385 and the operator of [F386 an electronic communications code network] F387 or a driver information [F388 network].

- (5) A person who contravenes the provisions of subsection (1) above otherwise than by failing to comply with the terms of a licence or who fails without reasonable excuse to comply with the terms of a licence or to perform a duty imposed on him by subsection (4) above, is guilty of an offence and liable to a fine not exceeding [F389 level 5 on the standard scale].
- (6) Nothing in the preceding provisions of this section applies to a relevant structure erected before 14th February 1977 or erected or retained by the British Railways Board, the British Waterways Board or [F390 Transport for London or any of its subsidiaries (within the meaning of the Greater London Authority Act 1999)] in the exercise of powers conferred on the body in question by any enactment; and nothing in paragraph (a) or (b) of subsection (4) above applies to a relevant structure if no part of it is less than 18 inches in a horizontal direction from a carriageway of the relevant highway and no part of it over a footway of the relevant highway is less than 8 feet in a vertical direction above the footway.
- (7) No civil or criminal proceedings lie in respect of any obstruction of a highway which is caused by a relevant structure if the structure is on or over the highway in accordance with a licence and the person to whom the licence is issued performs the duties imposed on him in respect of the structure by subsection (4) above; and a highway authority by whom a licence is issued do not incur any liability by reason of the issue of the licence.

 - “local Act” includes a provisional order confirmed by Parliament and the confirming Act so far as it relates to that order;
 - “paving, metalling and flagging” includes all methods of making a carriageway or footway;

(within the meaning of the ^{M44}Welsh Church Act 1914), or which is for the time being certified as required by law as a place of religious worship;

“street works” means any works for the sewerage, levelling, paving, metalling, flagging, channelling and making good of a street, and includes the provision of proper means for lighting a street;

“street works authority” means—

- (a) as respects a street outside Greater London, the council of the county [^{F473}or metropolitan district] in which the street is situated,
 - (b) as respects a street in a London borough, the council of the borough, and

- (3) As from the date of service of the landowner’s counter-notice—
- (a) the compulsory purchase order shall, as against the landowner, cease to have effect so far as it authorises the acquisition of the right in respect of which the counter-notice was served and shall have effect instead so as to authorise the authority to acquire compulsorily the landowner’s interest in the land referred to in subsection (2) above; and

262 Assumptions to be made in assessing compensation on certain compulsory acquisitions of land for service stations etc. and lorry areas for special roads.

- (1) Where land is compulsorily acquired—

Status: Point in time view as at 04/10/2004. This version of this Act contains provisions that are not valid for this point in time.

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (a) under section 239(4)(c) above in a case where the acquisition is authorised by a compulsory purchase order which does not also authorise the acquisition of land required for the provision of the adjacent length of special road, or
- (b) in pursuance of a notice under [^{F532}section 137 of the Town and Country Planning Act 1990] (protection of owners of land affected by certain planning decisions) in a case where the Lands Tribunal is satisfied that there are proposals for using the whole or part of the relevant land for such purposes in connection with the special road as are mentioned in section 239(4)(c) above and that the amount of compensation would apart from this section be affected by the provision or proposed provision of the special road, or
- (c) in pursuance of a notice under [^{F533}section 150 or 161 of that Act] (protection of owner-occupiers in respect of planning blight) in a case where the appropriate enactment for the purposes of [^{F533}section 154 of that Act] is or includes section 239(4)(c) above,

then subsection (3) below applies for the purpose of assessing compensation in respect of the compulsory acquisition.

- (2) Where there are proposals for the provision of a lorry area on land adjoining, or in the vicinity of, a special road or proposed special road then, if that land, or any land of which that land forms part, is compulsorily acquired—

- (a) under section 240(5) above in a case where the acquisition is authorised by a compulsory purchase order which does not also authorise the acquisition of land required for the provision of the adjacent length of special road, or
- (b) in pursuance of a notice under [^{F534}section 137 of the Town and Country Planning Act 1990], in a case where the Lands Tribunal is satisfied that there are proposals for using the whole or part of the relevant land for the purpose of providing a lorry area, in connection with the special road, and that the amount of the compensation would apart from this section be affected by the provision or proposed provision of the special road, or
- (c) in pursuance of a notice under [^{F535}section 150 or 161 of that Act] in a case where the appropriate enactment for the purposes of [^{F536}section 154 of that Act] is or includes section 240(5) above,

subsection (3) below applies for the purpose of assessing compensation in respect of the compulsory acquisition.

- (3) In any such case as is mentioned in subsection (1) or (2) above the value of the relevant interest shall be ascertained—

- (a) so far as it is attributable to any relevant planning permission, on the assumption that traffic carried by the special road will not have direct or indirect access to the relevant land; and
- (b) so far as it is not attributable to any such planning permission, on the assumption that traffic carried by the special road will not have direct access to the relevant land.

- (4) In this section—

“direct access” means access otherwise than by means of a highway which is not a special road and “indirect access” means access by means of a highway which is not a special road;

“lorry area development” means development for the purpose of providing a lorry area for use in connection with a special road or proposed special road;

“relevant planning permission” means any planning permission for service area development or, as the case may be, lorry area development, which is in force on the date of service of the notice to treat, or as to the grant of which any assumption is required to be made by virtue of section 15 or 16 of the ^{M62}Land Compensation Act 1961, or the possibility of the grant of which is taken into account in assessing the compensation;

“service area development” means development of the relevant land, or of any part of it, for the purpose of providing such service stations or other buildings or facilities as are mentioned in section 239(4)(c) above or of providing any other buildings or facilities designed to cater to a significant extent for traffic carried or to be carried by the special road;

and any expression which is also used in the ^{M63}Land Compensation Act 1961 has the same meaning as in that Act.
