13 Duty of approved social workers to make applications for admission or guardianship.

- (1) It shall be the duty of an approved social worker to make an application for admission to hospital or a guardianship application in respect of a patient within the area of the local social services authority by which that officer is appointed in any case where he is satisfied that such an application ought to be made and is of the opinion, having regard to any wishes expressed by relatives of the patient or any other relevant circumstances, that it is necessary or proper for the application to be made by him.
- (2) Before making an application for the admission of a patient to hospital an approved social worker shall interview the patient in a suitable manner and satisfy himself that detention in a hospital is in all the circumstances of the case the most appropriate way of providing the care and medical treatment of which the patient stands in need.
- (3) An application under this section by an approved social worker may be made outside the area of the local social services authority by which he is appointed.
- (4) It shall be the duty of a local social services authority, if so required by the nearest relative of a patient residing in their area, to direct an approved social worker as soon as practicable to take the patient's case into consideration under subsection (1) above with a view to making an application for his admission to hospital; and if in any such case that approved social worker decides not to make an application he shall inform the nearest relative of his reasons in writing.
- (5) Nothing in this section shall be construed as authorising or requiring an application to be made by an approved social worker in contravention of the provisions of section 11(4) above, or as restricting the power of an approved social worker to make any application under this Act.

Where a patient is admitted to a hospital in pursuance of an application (other than an emergency application) made under this Part of this Act by his nearest relative, the managers of the hospital shall as soon as practicable give notice of that fact to the local social services authority for the area in which the patient resided immediately before his admission; and that authority shall as soon as practicable arrange for a social worker of their social services department to interview the patient and provide the managers with a report on his social circumstances.

- (2) Without prejudice to subsection (1) above, if within the period mentioned in that subsection it appears to the managers of the hospital that one of the two medical recommendations on which an application for the admission of a patient is founded is insufficient to warrant the detention of the patient in pursuance of the application, they may, within that period, give notice in writing to that effect to the applicant; and where any such notice is given in respect of a medical recommendation, that recommendation shall be disregarded, but the application shall be, and shall be deemed always to have been, sufficient if—

16 Reclassification of patients.

- (1) If in the case of a patient who is for the time being detained in a hospital in pursuance of an application for admission for treatment, or subject to guardianship in pursuance of a guardianship application, it appears to the appropriate medical officer that the patient is suffering from a form of mental disorder other than the form or forms specified in the application, he may furnish to the managers of the hospital, or to the guardian, as the case may be, a report to that effect; and where a report is so furnished, the application shall have effect as if that other form of mental disorder were specified in it.
- (2) Where a report under subsection (1) above in respect of a patient detained in a hospital is to the effect that he is suffering from psychopathic disorder or mental impairment but not from mental illness or severe mental impairment the appropriate medical officer shall include in the report a statement of his opinion whether further medical treatment in hospital is likely to alleviate or prevent a deterioration of the patient's condition; and if he states that in his opinion such treatment is not likely to have that effect the authority of the managers to detain the patient shall cease.

- (3) Where it appears to the responsible medical officer that it is necessary so to do in the interests of the patient or for the protection of other persons, he may, upon granting leave of absence under this section, direct that the patient remain in custody during his absence; and where leave of absence is so granted the patient may be kept in the custody of any officer on the staff of the hospital, or of any other person authorised in writing by the managers of the hospital or, if the patient is required in accordance with conditions imposed on the grant of leave of absence to reside in another hospital, of any officer on the staff of that other hospital.
- (4) In any case where a patient is absent from a hospital in pursuance of leave of absence granted under this section, and it appears to the responsible medical officer that it is necessary so to do in the interests of the patient's health or safety or for the protection of other persons, that officer may, subject to subsection (5) below, by notice in writing given to the patient or to the person for the time being in charge of the patient, revoke the leave of absence and recall the patient to the hospital.
- (5) A patient to whom leave of absence is granted under this section shall not be recalled under subsection (4) above after he has ceased to be liable to be detained under this Part of this Act; and without prejudice to any other provision of this Part of this Act any such patient shall cease to be so liable at the expiration of the period of six months beginning with the first day of his absence on leave unless either—

- (1) The responsible clinician may by order in writing discharge a detained patient from hospital subject to his being liable to recall in accordance with section 17E below.
- (2) A detained patient is a patient who is liable to be detained in a hospital in pursuance of an application for admission for treatment.
- (3) An order under subsection (1) above is referred to in this Act as a “community treatment order”.
- (4) The responsible clinician may not make a community treatment order unless—
 - (a) in his opinion, the relevant criteria are met; and
 - (b) an approved mental health professional states in writing—
 - (i) that he agrees with that opinion; and
 - (ii) that it is appropriate to make the order.
- (5) The relevant criteria are—
 - (a) the patient is suffering from mental disorder of a nature or degree which makes it appropriate for him to receive medical treatment;
 - (b) it is necessary for his health or safety or for the protection of other persons that he should receive such treatment;
 - (c) subject to his being liable to be recalled as mentioned in paragraph (d) below, such treatment can be provided without his continuing to be detained in a hospital;
 - (d) it is necessary that the responsible clinician should be able to exercise the power under section 17E(1) below to recall the patient to hospital; and
 - (e) appropriate medical treatment is available for him.
- (6) In determining whether the criterion in subsection (5)(d) above is met, the responsible clinician shall, in particular, consider, having regard to the patient's history of mental disorder and any other relevant factors, what risk there would be of a deterioration of the patient's condition if he were not detained in a hospital (as a result, for example, of his refusing or neglecting to receive the medical treatment he requires for his mental disorder).
- (7) In this Act—
 - “community patient” means a patient in respect of whom a community treatment order is in force;
 - “the community treatment order”, in relation to such a patient, means the community treatment order in force in respect of him; and
