## SCHEDULES

### SCHEDULE 11

#### TRANSITIONAL PROVISIONS AND SAVINGS

##### *Products and equipment used etc. before 1st December 1980*

- 14 (1) Weighing equipment (including weights) which weighs wholly or partly in grains, stones, quarters, hundredweights or tons may continue to be used for trade if, in the case of equipment prescribed for the purposes of section 11 of this Act, it was first passed as fit for use for trade and where necessary stamped in accordance with the 1963 Act before 1st December 1980 or if, in the case of equipment not so prescribed, it was placed on the market and used before that date.
- (2) Measuring equipment measuring in square inches, cubic inches or cubic feet may continue to be used for trade if it was placed on the market and used before 1st December 1980.
- (3) Nothing in sub-paragraph (1) above shall be taken as authoris-ing the continued use for trade of the grain, stone, quarter, hundredweight or ton except in so far as the weight of the goods in those units or partly in those units is treated as having been made known to a prospective buyer by virtue of sections 45(1)(a) and 46 of this Act.

**Status:**

Point in time view as at 01/02/1991.

**Changes to legislation:**

There are currently no known outstanding effects for the Weights and Measures Act 1985, Paragraph 14.
