8G Grounds for certification

- (1) This section applies to—
- (a) a preliminary decision under section 8F as to whether an applicant should be certified;
 - (b) a final decision under Article 3 of the Gas Regulation as to whether to certify an applicant.
- (2) The Authority may only decide that the applicant should be certified, or decide to certify the applicant, if one of the following six grounds (“the certification grounds”) applies.
- (3) The first certification ground is that the applicant meets the ownership unbundling requirement in section 8H.
- (4) The second certification ground is that the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraph (9) of Article 9 of the Gas Directive (alternative arrangements for independence), and the Authority thinks the requirements of that paragraph are met.
- (5) The third certification ground is that—
- (a) the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraphs (1) and (2) of Article 14 of the Gas Directive (independent system operator);
 - (b) the applicant has nominated an independent system operator for designation in accordance with those paragraphs; and
 - (c) the Authority—
 - (i) thinks that the requirements of those paragraphs are met, and
 - (ii) is minded to designate the nominated independent system operator.
- (6) The fourth certification ground is that—
- (a) the applicant holds a licence under section 7ZA;
 - (b) the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the ground that it meets the requirements of Chapter 4 of the Gas Directive (independent transmission operator), in accordance with Articles 9(8)(b) and 18(10) of that Directive; and
 - (c) the Authority thinks that the applicant meets the requirements of that Chapter, in accordance with those Articles.
- (7) The fifth certification ground is that—
- (a) the applicant holds a licence under section 7ZA; and
 - (b) in accordance with the conditions of that licence, the applicant has been granted an exemption from the ownership unbundling requirement in

accordance with Article 36 of the Gas Directive (new infrastructure) and remains entitled to the benefit of it.

- (8) The sixth certification ground is that—
- (a) the applicant holds a licence under section 7ZA; and
 - (b) either—
 - (i) the applicant has, in accordance with the conditions of that licence, been granted an exemption in accordance with Article 22 of Directive [2003/55/EC](#) of the European Parliament and of the Council of 26 June 2003 on common rules for the internal market in natural gas (new infrastructure) and remains entitled to the benefit of it; or
 - (ii) another person benefits from such an exemption, and the applicant is in a position which is substantially similar to the position of that person.
- (9) But, regardless of whether a certification ground applies, the Authority—
- (a) may, in particular, decide that the applicant should not be certified, or decide not to certify the applicant, if, on the basis of an opinion expressed by the European Commission under Article 11 of the Gas Directive (certification in relation to persons from countries outside the European Economic Area), the Authority thinks that the certification of the applicant would put at risk the security of gas supplies in any EEA state;
 - (b) must not decide that the applicant should be certified, and must not decide to certify the applicant, if a report prepared by the Secretary of State under section 8E states that the certification of the applicant would put at risk the security of gas supplies in the United Kingdom or any other EEA state;
 - (c) must not decide to certify the applicant on the second certification ground if the European Commission has not verified, in accordance with paragraph (10) of Article 9 of the Gas Directive (verification of independence under alternative arrangements), that the requirement in that paragraph as to arrangements for effective independence is met.

8H The ownership unbundling requirement

- (1) In section 8G(3) the ownership unbundling requirement is met by an applicant for certification if ^{F115}in relation to each of the five tests below—
- (a) the Authority thinks that it is passed, or
 - (b) it is treated as passed by virtue of subsection (7), (9) or (9A).]

 - (c) will not, on or after the relevant date, exercise shareholder rights in relation to a relevant producer or supplier.
- (3) For the purposes of subsection (2)(c), the Authority is entitled to think that the applicant will not exercise shareholder rights if the applicant has given an undertaking not to exercise those shareholder rights.

- (a) controls a gas undertaking which is a relevant producer or supplier; or

- (5) The third test is that, where the applicant is a company, partnership or other business, none of its senior officers is also a senior officer of a gas undertaking which is a relevant producer or supplier.
- (6) The fourth test is that the applicant is not controlled by a person who controls a relevant producer or supplier.
- (7) But even where the fourth test is not passed, the Authority may treat it as passed if—
 - (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
 - (b) the control over the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.
- (8) The fifth test is that the applicant is not controlled by a person who has a majority shareholding in a relevant producer or supplier.
- (9) But even where the fifth test is not passed, the Authority may treat it as passed if—
 - (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
 - (b) the majority shareholding in the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.
- [The Authority may treat one or more of the five tests in this section as passed if—
 - ^{F116}(9A) (a) the test or tests are not passed in relation to a relevant producer or supplier,
 - (b) the applicant has demonstrated to the Authority’s satisfaction that the applicant does not have a relationship with the relevant producer or supplier which might lead the applicant to discriminate in favour of the relevant producer or supplier, and

8R Independence of storage facilities

- (1) This section applies to a storage facility unless a minor facility exemption is in force in respect of that facility under section 8S.
- (2) The owner of a storage facility to which this section applies must, notwithstanding any licence held by the owner, refrain from producing gas in an EEA state.
- (3) The owner must also, notwithstanding any licence held by the owner, refrain from carrying out any of the following activities in an EEA state except to the extent that the activity is necessary for the efficient operation of the storage facility or of another facility used by the owner to store gas—
 - (a) the supply to any premises of gas which has been conveyed to those premises through pipes;
 - (b) the making of an arrangement with a gas transporter for gas to be introduced into, conveyed by means of or taken out of a pipe-line system operated by that gas transporter;
 - (c) any other sale of gas.
- (4) If an affiliate of the owner carries out in an EEA state an activity which, under subsection (2) or (3), the owner must refrain from carrying out, the owner must operate the storage facility independently of the interests of that affiliate and must, in particular, ensure that—
 - (a) no senior officer or manager of the owner is a senior officer or manager of the affiliate;

 - (b) breach any of the owner’s obligations under section 11C regarding the disclosure or use of information.
- (7) The owner must—
 - (a) ensure that compliance with the independence programme is monitored; and

- (8) For the purposes of this section a person produces gas if the person—
- (a) gets natural gas from its natural condition in strata otherwise than as an unintended consequence of the storage of gas, and requires a licence under section 3 of the Petroleum Act 1998 (licences to search and bore for and get petroleum) to do so or would require such a licence if getting the gas in Great Britain; or
 - (b) produces any other gas, including in particular biomethane, which is suitable for conveyance through pipes to premises in accordance with a licence under section 7.

- (2) The Authority must give a minor facility exemption in respect of a facility where it is satisfied that use of the facility by other persons is not technically or economically necessary for the operation of an efficient gas market.
- (3) A minor facility exemption—
- (a) must be in writing;
 - (b) may be given—
 - (i) for an indefinite period or for a period determined under the exemption;
 - (ii) unconditionally or subject to such conditions as the Authority considers appropriate.

[^{F249} 19D] Duty to allow others to use LNG import or export facilities: exemptions in relation to take-or-pay commitments

- (1) The owner of an LNG import or export facility may apply to the Authority for an exemption under this section with respect to the facility if the owner—
 - (a) receives an application under section 19D(4) with respect to the facility; and
 - (b) considers that allowing the application would cause the owner serious financial difficulties because of take-or-pay commitments of the owner under one or more gas-purchase contracts.
- (2) The owner of an LNG import or export facility must apply to the Authority for an exemption under this section with respect to the facility if—
 - (a) the owner refuses an application under section 19D(4) with respect to the facility; and
 - (b) the reason, or one of the reasons, given under section 19D(7) for the refusal is the consideration mentioned in subsection (1)(b).
- (3) An application made by virtue of subsection (2) must be made before the end of the 7 days beginning with the day of the refusal.
- (4) An application for an exemption under this section must enclose all relevant information, including in particular information in respect of—
 - (a) the nature and extent of the difficulties mentioned in subsection (1)(b) which the owner considers would arise (the “difficulties”);
 - (b) any steps taken by the owner to prevent the difficulties from arising; and
 - (c) the period over which the owner considers the difficulties would arise.
- (5) The Authority may give an exemption under this section if it considers that—
 - (a) having regard to any steps taken by the owner to prevent the difficulties from arising, the only reasonably available means of prevention is an exemption under this section; and
 - (b) an exemption ought to be given, having regard to—
 - (i) the objective of achieving a competitive gas market;
 - (ii) the need for the owner to comply with any relevant public service obligation, within the meaning of paragraph (2) of Article 3 of the Gas Directive, which is imposed on the owner pursuant to that paragraph;

Status: Point in time view as at 01/12/2017.

Changes to legislation: Gas Act 1986 is up to date with all changes known to be in force on or before 29 July 2024. There are changes that may be brought into force at a future date. - (iii) the need to ensure security of the supply of gas;
 - (iv) the position of the owner of the facility in the gas market and the level of competition in the market;
 - (v) the level of seriousness of the difficulties;
 - (vi) the time when the gas-purchase contract was entered into, and the extent to which the owner could reasonably have foreseen at that time that the difficulties were likely to arise;
 - (vii) the terms of the gas-purchase contract, including the extent to which the contract allows for market changes;
 - (viii) the significance of the facility to the gas market; and
 - (ix) the overall effect of the exemption on the operation of an economically efficient gas market.
- (6) An exemption under this section must be given for a limited period and in writing and must specify—
- (a) the period of the exemption; and
 - (b) any conditions the Authority considers necessary in order to ensure that the owner takes all reasonably practicable steps to ensure that, by the time the exemption expires, the difficulties would no longer arise.
- (7) If the Authority has given an exemption under this section it must send to the European Commission as soon as is reasonably practicable—
- (a) a copy of its decision to give the exemption, including the terms on which the exemption was given; and
 - (b) any other information the Authority considers relevant to the exemption or to the terms on which the exemption was given.
- (8) An exemption under this section may be modified or revoked by the Authority—
- (a) in accordance with its provisions;
 - (b) at any other time, if the Authority considers that an exemption under this section is no longer required.
- (9) The Authority must modify or revoke an exemption given under this section if required to do so by the European Commission in accordance with Article 48(2) of the Gas Directive.

 - (b) under section 19C(2), in respect of all or part of the capacity of an LNG import or export facility.
- (2) The application must specify the criteria that will be used to determine—
 - (a) who is to be granted rights to use the facility, or the part of the capacity of the facility, to which the application relates (the “exempt infrastructure”); and
 - (b) the way in which those rights may be exercised,

 - (a) the intention to grant a right to use the exempt infrastructure must be published in a way that the Authority considers appropriate for the purpose of bringing it to the attention of persons likely to be interested in using the infrastructure; and
 - (b) such persons must be able to register an interest in using the exempt infrastructure.
- (6) The second condition is that the mechanism must require that any unused capacity in the exempt infrastructure be made available to other users or potential users.
- (7) The third condition is that the mechanism must not prevent, and must not be capable of being used to prevent, subsequent trading of rights to use the exempt infrastructure.
- (8) The Authority may only approve the capacity allocation mechanism under subsection (3)(b) if it considers that the mechanism will meet those three conditions once the modifications on which the approval is conditional have been made.]

[^{F466}33BC] Scottish Ministers' promotion of reductions in carbon emissions: gas suppliers

- (1) Where the Secretary of State under section 33BC imposes on gas suppliers obligations to achieve a target within a specified period, the power to make orders under that section is exercisable by the Scottish Ministers for the purposes of those obligations imposed in relation to Scotland and not, except as provided by subsections (9) and (10), by the Secretary of State.
- (2) An obligation is imposed in relation to Scotland to the extent that measures to meet that obligation may be carried out in Scotland (disregarding any power to elect under section 103 of the Utilities Act 2000).
- (3) For the purposes of the exercise by the Scottish Ministers of the power to make an order under section 33BC, that section applies with the following modifications—
 - (a) for subsection (1) there is substituted a power by order to specify how gas suppliers may meet their obligations to achieve the carbon emissions reduction target through measures carried out in Scotland;
 - (b) subsections (1A), (3), (5)(a), (7)(a) and (10A) are omitted;
 - (c) in subsection (2A) at the beginning of paragraph (b) there is inserted “where the Secretary of State has apportioned the overall carbon emissions reduction target under section 103(2A) of the Utilities Act 2000, and”;
 - (d) in subsection (11) “Citizens Advice” and “gas transporters” are omitted;
 - (e) in subsection (12), for the words from “shall not be made” to the end is substituted “ is subject to the affirmative procedure ”;
 - (f) in subsection (12A) for the words from “shall be subject to” to the end is substituted “ is subject to the negative procedure ”;
 - (g) for “Secretary of State” in each place is substituted “ Scottish Ministers ”.
- (4) The power of the Scottish Ministers under section 33BC does not include power to make provision in relation to the subject-matter of sections 88 to 90 of the Energy Act 2008 (smart meters).
- (5) Where an overall carbon emissions reduction target has been apportioned under section 103(2A) of the Utilities Act 2000, the Scottish Ministers must—
 - (a) when making any order under section 33BC, comply with the duty in subsection (6), and
 - (b) if the Secretary of State amends any order under that section, make any provision they think necessary, in consequence of the amendment, to comply with that duty.
- (6) The duty of the Scottish Ministers where subsection (5)(a) or (b) applies is to exercise their powers under section 33BC (subject to subsection (8)) in the way they think most likely to secure that the proportion of compliance costs that is represented by costs relating to Scotland is no greater than the proportion of the overall carbon emissions reduction target that is represented by the part of it apportioned to measures carried out in Scotland.
- (7) In subsection (6)—
 - (a) “compliance costs” means the total costs to gas suppliers of complying with carbon emissions reduction obligations that, in relation to any period, are imposed by order under section 33BC, and

- (b) “costs relating to Scotland” means the total costs to gas suppliers of complying with obligations that, in relation to the same period, are imposed in relation to Scotland.
- (8) The Scottish Ministers may not make an order under section 33BC unless—
- (a) they have consulted the Secretary of State about the proposed order, and
 - (b) the Secretary of State has agreed to the order being made.
- (9) Subsection (1) does not prevent the Secretary of State from making provision under—
- (a) section 33BC(1A), (3), (5)(a) or (7)(a), or
 - (b) section 33BC(2A) where an overall carbon emissions reduction target has not been apportioned under section 103(2A) of the Utilities Act 2000.
- (10) Subsection (1) does not prevent the Secretary of State from making any other provision under section 33BC or from varying or revoking an order made by the Scottish Ministers under that section—
- (a) with the agreement of the Scottish Ministers, or
 - (b) without their agreement, if subsection (11) applies.

- (2) The statutory reserve may only be applied by the successor company in paying up unissued shares of the company to be allotted to members of the company as fully paid bonus shares.
- (3) Notwithstanding subsection (2) above, the statutory reserve shall not count as an undistributable reserve of the successor company for the purposes of [F685section 831(4)(d) of the Companies Act 2006]; but for the purpose of determining under that section whether the successor company may make a distribution at any time any amount for the time being standing to the credit of the statutory reserve shall be treated for the purposes of [F686section 831(4)(c)] as if it were unrealised profits of the company.
- (4) For the purposes of any statutory accounts of the successor company—
 - (a) the vesting effected by virtue of section 49 above shall be taken to have been a vesting of all the property, rights and liabilities to which the Corporation was entitled or subject immediately before the end of the last complete financial year of the Corporation ending before the transfer date (other than any rights and liabilities which vest in the Treasury by virtue of section 50 above) and to have been effected immediately after the end of that year; and
 - (b) the value of any asset and the amount of any liability of the Corporation taken to have been vested in the successor company by virtue of paragraph (a) above shall be taken to have been the value or (as the case may be) the amount assigned to that asset or liability for the purposes of the corresponding statement of accounts prepared by the Corporation in respect of that year.
- (5) For the purposes of any statutory accounts of the successor company the amount to be included in respect of any item shall be determined as if anything done by the Corporation (whether by way of acquiring, revaluing or disposing of any asset or incurring, revaluing or discharging any liability, or by carrying any amount to any provision or reserve, or otherwise) had been done by the successor company.

Accordingly (but without prejudice to the generality of the preceding provision) the amount to be included from time to time in any reserves of the successor company as representing its accumulated realised profits shall be determined as if any profits realised and retained by the Corporation had been realised and retained by the successor company.

- (6) References in this section to the statutory accounts of the successor company are references to any accounts prepared by the successor company for the purposes of any provision of the ^{M18}Companies Act 1985 (including group accounts); and in this section “complete financial year ” means a financial year ending with 31st March.
