- 1 (1) Subject to the following provisions of this Schedule, where on the termination of the tenancy of any land the tenant has milk quota registered as his in relation to a holding consisting of or including the land, the tenant shall be entitled, on quitting the land, to obtain from his landlord a payment—
- (a) if the tenant had milk quota allocated to him in relation to land comprised in the holding (“allocated quota”), in respect of so much of the relevant quota as consists of allocated quota; and
 - (b) if the tenant had milk quota allocated to him as aforesaid or was in occupation of the land as a tenant on 2nd April 1984 (whether or not under the tenancy which is terminating), in respect of so much of the relevant quota as consists of transferred quota transferred to him by virtue of a transaction the cost of which was borne wholly or partly by him.
- (2) In sub-paragraph (1) above—
- “the relevant quota” means—
 - (a) in a case where the holding mentioned in sub-paragraph (1) above consists only of the land subject to the tenancy, the milk quota registered in relation to the holding; and
 - (b) otherwise, such part of that milk quota as falls to be apportioned to that land on the termination of the tenancy;
 - “transferred quota” means milk quota transferred to the tenant by virtue of the transfer to him of the whole or part of a holding.

Succession on death or retirement of tenant

- 2 (1) This paragraph applies where on the termination of the tenancy of any land after 2nd April 1984 a new tenancy of the land or part of the land has been granted to a different tenant (“the new tenant”) and that tenancy—
- (a) was obtained by virtue of a direction under section 39 or 53 of the ^{M1}Agricultural Holdings Act 1986 (direction for grant of tenancy to successor on death or retirement of previous tenant);

 - (b) in a case where milk quota is treated under paragraph (a) above as having been transferred to the new tenant, he shall be treated for the purposes of any claim in respect of that quota—
 - (i) as if he had paid so much of the cost of the transaction by virtue of which the milk quota was transferred as the former tenant bore (or is treated as having borne); and

PART II

AMOUNT OF COMPENSATION PAYABLE

Calculation of payment

- 5 (1) The amount of the payment to which the tenant of any land is entitled under paragraph 1 above on the termination of his tenancy shall be determined in accordance with the following provisions of this paragraph.
- (2) The amount of the payment to which the tenant is entitled under paragraph 1 above in respect of allocated quota shall be an amount equal—

Status: Point in time view as at 19/10/2006.

Changes to legislation: There are currently no known outstanding effects for the Agriculture Act 1986. (See end of Document for details)

- (a) in a case where the allocated quota exceeds the standard quota for the land, to the value of the sum of—
 - (i) the tenant’s fraction of the standard quota, and
 - (ii) the amount of the excess;
 - (b) in a case where the allocated quota is equal to the standard quota, to the value of the tenant’s fraction of the allocated quota; and
 - (c) in a case where the allocated quota is less than the standard quota, to the value of such proportion of the tenant’s fraction of the allocated quota as the allocated quota bears to the standard quota.
- (3) The amount of the payment the tenant is entitled to under paragraph 1 above in respect of transferred quota shall be an amount equal—
- (a) in a case where the tenant bore the whole of the cost of the transaction by virtue of which the transferred quota was transferred to him, to the value of the transferred quota; and
 - (b) in a case where the tenant bore only part of that cost, to the value of the corresponding part of the transferred quota.

“Standard quota”

- 6 (1) Subject to the following provisions of this paragraph the standard quota for any land for the purposes of this Schedule shall be calculated by multiplying the relevant number of hectares by the prescribed quota per hectare; and for the purposes of this paragraph—
- (a) “the relevant number of hectares” means the average number of hectares of the land in question used during the relevant period for the feeding of dairy cows kept on the land or, if different, the average number of hectares of the land which could reasonably be expected to have been so used (having regard to the number of grazing animals other than dairy cows kept on the land during that period); and
 - (b) “the prescribed quota per hectare” means such number of litres as the Minister may from time to time by order prescribe for the purposes of this sub-paragraph.
- (2) Where by virtue of the quality of the land in question or climatic conditions in the area the amount of milk which could reasonably be expected to have been produced from one hectare of the land during the relevant period (“the reasonable amount”) is greater or less than the prescribed average yield per hectare, then sub-paragraph (1) above shall not apply and the standard quota shall be calculated by multiplying the relevant number of hectares by such proportion of the prescribed quota per hectare as the reasonable amount bears to the prescribed average yield per hectare; and the Minister shall by order prescribe the amount of milk to be taken as the average yield per hectare for the purposes of this sub-paragraph.
- (3) Where the relevant quota of the land includes milk quota allocated in pursuance of an award of quota made by the Dairy Produce Quota Tribunal for England and Wales which has not been allocated in full, the standard quota for the land shall be reduced by the amount by which the milk quota allocated in pursuance of the award falls short of the amount awarded (or, in a case where only part of the milk quota allocated in pursuance of the award is included in the relevant quota, by the corresponding proportion of that shortfall).

Status: Point in time view as at 19/10/2006.

Changes to legislation: There are currently no known outstanding effects for the Agriculture Act 1986. (See end of Document for details)

- (4) In sub-paragraph (3) above the references to milk quota allocated in pursuance of an award of quota include references to quota allocated by virtue of the amount awarded not originally having been allocated in full.
- (5) In this paragraph—
 - (a) references to land used for the feeding of dairy cows kept on the land do not include land used for growing cereal crops for feeding to dairy cows in the form of loose grain; and
 - (b) references to dairy cows are to cows kept for milk production (other than uncalved heifers).
- (6) An order under this paragraph may make different provision for different cases.
- (7) The power to make an order under this paragraph shall be exercisable by statutory instrument and any instrument containing such an order shall be subject to annulment in pursuance of a resolution of either House of Parliament.

“Tenant’s fraction”

- 7 (1) For the purposes of this Schedule “the tenant’s fraction” means the fraction of which—
 - (a) the numerator is the annual rental value at the end of the relevant period of the tenant’s dairy improvements and fixed equipment; and
 - (b) the denominator is the sum of that value and such part of the rent payable by the tenant in respect of the relevant period as is attributable to the land used in that period for the feeding, accommodation or milking of dairy cows kept on the land.
- (2) For the purposes of sub-paragraph (1)(a) above the rental value of the tenant’s dairy improvements and fixed equipment shall be taken to be the amount which would fall to be disregarded under paragraph 2(1) of Schedule 2 to the ^{M5}Agricultural Holdings Act 1986 on a reference made in respect of the land in question under section 12 of that Act (arbitration of rent), so far as that amount is attributable to tenant’s improvements to, or tenant’s fixed equipment on, land used for the feeding, accommodation or milking of dairy cows kept on the land in question.
- (3) Where—
 - (a) the relevant period is less than or greater than 12 months; or
 - (b) rent was only payable by the tenant in respect of part of the relevant period, the average rent payable in respect of one month in the relevant period or, as the case may be, in that part shall be determined and the rent referred to in sub-paragraph (1) (b) above shall be taken to be the corresponding annual amount.
- (4) For the purposes of sub-paragraph (2) above “tenant’s improvements” and “tenant’s fixed equipment” have the same meanings as in paragraph 2 of Schedule 2 to the 1986 Act, except that—
 - (a) any allowance made or benefit given by the landlord after the end of the relevant period in consideration of the execution of improvements wholly or partly at the expense of the tenant shall be disregarded for the purposes of sub-paragraph (2)(a) of that paragraph;

Status: Point in time view as at 19/10/2006.

Changes to legislation: There are currently no known outstanding effects for the Agriculture Act 1986. (See end of Document for details)

- (b) any compensation received by the tenant after the end of the relevant period in respect of any improvement or fixed equipment shall be disregarded for the purposes of sub-paragraph (3) of that paragraph; and
- (c) where paragraph 2 above applies in respect of any land, improvements or equipment which would be regarded as tenant’s improvements or equipment on the termination of the former tenant’s tenancy (if he were entitled to a payment under this Schedule in respect of that land) shall be regarded as the new tenant’s improvements or equipment.

“Relevant period”

- 8 In this Schedule “the relevant period” means—
- (a) the period in relation to which the allocated quota was determined; or
 - (b) where it was determined in relation to more than one period, the period in relation to which the majority was determined or, if equal amounts were determined in relation to different periods, the later of those periods.

Valuation of milk quota

- 9 The value of milk quota to be taken into account for the purposes of paragraph 5 above is the value of the milk quota at the time of the termination of the tenancy in question and in determining that value at that time there shall be taken into account such evidence as is available, including evidence as to the sums being paid for interests in land—
- (a) in cases where milk quota is registered in relation to the land; and
 - (b) in cases where no milk quota is so registered.

PART III

SUPPLEMENTAL PROVISIONS

Sub-tenants

- 4 In the case of a tenancy which is sub-let, if the sub-tenant quits the tenancy—
- (a) paragraph 2 above shall apply so as to entitle the sub-tenant to obtain payment from the head tenant, and for that purpose, references to the landlord and the tenant in this Schedule shall be respectively construed as references to the head tenant and the sub-tenant; and
 - (b) for the purposes of the application of paragraph 2 above as between the original landlord and the head tenant—
 - (i) the head tenant shall be deemed to have had the relevant quota allocated to him, and to have been in occupation of the tenancy as a tenant on 2nd April 1984; and
 - (ii) if the head tenant does not take up occupation of the tenancy when the sub-tenant quits, the head tenant shall be treated as if he had quitted the tenancy when the sub-tenant quitted it.

Calculation of payment

- 5 (1) The amount of the payment to which a tenant is entitled under paragraph 2 above on the termination of the lease shall be determined in accordance with this paragraph.
- (2) The amount of the payment in respect of allocated quota shall be equal to the value of—

 - (i) the tenant's fraction of so much of the allocated quota as does not exceed the standard quota; together with
 - (ii) the amount of the excess;
 - (b) where the allocated quota is equal to the standard quota, the tenant's fraction of the allocated quota;

Changes to legislation: There are currently no known outstanding effects for the Agriculture Act 1986. (See end of Document for details)

- (3) The amount of the payment in respect of transferred quota shall be equal to the value of—

 - (b) where the tenant bore only part of that cost, the corresponding part of the transferred quota.

Standard quota

- 6 (1) Subject to this paragraph, the “standard quota” for any tenancy for the purposes of this Schedule shall be calculated by multiplying the relevant number of hectares by the standard yield per hectare.
- (2) Where by virtue of the quality of the land in question or of climatic conditions in the area the amount of milk which could reasonably be expected to have been produced from one hectare of the tenancy during the relevant period (“the reasonable amount”) is greater or less than the average yield per hectare then sub-paragraph (1) above shall not apply and the standard quota shall be calculated by multiplying the relevant number of hectares by such proportion of the standard yield per hectare as the reasonable amount bears to the average yield per hectare; and the Secretary of State shall by order prescribe the amount of milk to be taken as the average yield per hectare for the purposes of this sub-paragraph.
- (3) Where the relevant quota includes milk quota allocated in pursuance of an award of quota made by the Dairy Produce Quota Tribunal for Scotland which has not been allocated in full, the standard quota shall be reduced by the amount by which the milk quota allocated in pursuance of the award falls short of the amount awarded (or, in the case where only part of the milk quota allocated in pursuance of the award is included in the relevant quota, by the corresponding proportion of that shortfall).
- (4) In sub-paragraph (3) above the references to milk quota allocated in pursuance of an award of quota include references to quota allocated by virtue of the amount awarded not originally having been allocated in full.
- (5) For the purposes of this paragraph—
- (a) “the relevant number of hectares” means the average number of hectares of the tenancy used during the relevant period for the feeding of dairy cows kept on the tenancy or, if different, the average number of hectares of the tenancy which could reasonably be expected to have been so used (having regard to the number of grazing animals other than dairy cows kept on the tenancy during that period); and
 - (b) “the standard yield per hectare” means such number of litres as the Secretary of State may from time to time by order prescribe for the purposes of this sub-paragraph.
- (6) In this and in paragraph 7 below—
- (a) references to the area of a tenancy used for the feeding of dairy cows kept on the tenancy do not include references to land used for growing cereal crops for feeding to dairy cows in the form of loose grain; and

- (a) the numerator is the annual rental value at the end of the relevant period of the tenant’s dairy improvements and fixed equipment; and
 - (b) the denominator is the sum of that value and such part of the rent payable by the tenant in respect of the relevant period as is attributable to the land used in that period for the feeding, accommodation or milking of dairy cows kept on the tenancy.
- (2) For the purposes of sub-paragraph (1)(a) above, in the case of an agricultural holding within the meaning of [^{F10}the 1991 Act], the annual rental value of the tenant’s dairy improvements and fixed equipment shall be taken to be the amount which would be disregarded, on a reference to [^{F11} the Scottish Land Court] made in respect of the tenancy under [^{F10}section 13 of the 1991 Act] (variation of rent), as being—
- (a) an increase in annual rental value due to dairy improvements at the tenant’s expense (in terms of subsection (2)(a) of that section); or
 - (b) the value of tenant’s fixed equipment and therefore not relevant to the fixing of rent under that section,
- so far as that amount is attributable to tenant’s dairy improvements and fixed equipment which are relevant to the feeding, accommodation or milking of dairy cows kept on the tenancy.
- (3) Where—
- (a) the relevant period is less than or greater than 12 months; or
 - (b) rent was payable by the tenant in respect of only part of the relevant period,
- the average rent payable in respect of one month in the relevant period or, as the case may be, in that part shall be determined and the rent referred to in sub-paragraph (1) (b) above shall be taken to be the corresponding annual amount.
- (4) For the purposes of this paragraph—
- (a) “dairy improvement”—
 - (i) in the case of an agricultural holding or a statutory small tenancy, means a “new improvement” or an “old improvement” within the meaning of [^{F12}section 85 of the 1991 Act];
 - (ii) in the case of a croft, means a “permanent improvement” within the meaning of section 37 of the 1955 Act;
 - (iii) in the case of a holding under the 1911 Act to which [^{F13}the 1991 Act] does not apply, means a “permanent improvement” within the meaning of section 34 of the 1886 Act,so far as relevant to the feeding, accommodation or milking of dairy cows kept on the tenancy;
 - (b) “fixed equipment” means fixed equipment, within the meaning of [^{F14}section 85 of the 1991 Act], so far as relevant to the feeding, accommodation or milking of dairy cows kept on the tenancy;

Status: Point in time view as at 19/10/2006.

Changes to legislation: There are currently no known outstanding effects for the Agriculture Act 1986. (See end of Document for details)

- (c) all dairy improvements and fixed equipment provided by the tenant shall be taken into account for the purposes of sub-paragraph (1)(a) above, except for such improvements and fixed equipment in respect of which he has, before the end of the relevant period, received full compensation directly related to their value.
- (5) For the purposes of this paragraph—
- (a) any allowance made or benefit given by the landlord after the end of the relevant period in consideration of the execution of dairy improvements or fixed equipment wholly or partly at the expense of the tenant shall be disregarded;
- (b) any compensation received by the tenant after the end of the relevant period in respect of any dairy improvement or fixed equipment shall be disregarded; and
- (c) where paragraph 3 above applies, dairy improvements or fixed equipment which would be regarded as tenant’s dairy improvements or fixed equipment on the termination of a former tenant’s lease (if he were entitled to a payment under this Schedule in respect of the land) shall be regarded as the new tenant’s dairy improvements or fixed equipment.
