[^{F247}(2) In this section “carbon emissions reduction target” means a target for the promotion of any of the following—

(a) measures for improving energy efficiency, that is to say, efficiency in the use by consumers of electricity, gas conveyed through pipes or any other source of energy which is specified in the order;

(b) if the order so provides—

(i) measures for increasing the amount of electricity generated, or heat produced, by microgeneration;

(ii) any other measures of a description specified in the order for increasing the amount of electricity generated, or heat produced, using low-emissions sources or technologies;

(iii) measures for reducing the consumption of such energy as is mentioned in paragraph (a).]

(3) An order under this section may specify criteria by reference to which the Authority is to determine [^{F248}carbon emissions reduction targets] for the [^{F249}electricity generators,] electricity distributors or electricity suppliers on whom obligations are imposed by the order.

(4) The Secretary of State and the Authority shall carry out their respective functions under this section in the manner he or it considers is best calculated to ensure that [^{F250}—

(a) no electricity generator is unduly disadvantaged in competing with other electricity generators,

(b) no electricity distributor is unduly disadvantaged in competing with other electricity distributors, and

(c) no electricity supplier is unduly disadvantaged in competing with other electricity suppliers.]
